Schenck's Pulmonic Syrup for the cure of Consumption, Coughs and Croup. The great virtue of this medicine is that it cleanses the matter and throws it out of the system, purifies the blood, and thus effects a cure.

Schenck's Sore Throat Tonic, for the Cure of Dyspepsia, Indigestion, &c. The Tonic produces a healthy action of the stomach, creating an appetite, turning chyle, and curing the most obstinate cases of indigestion.

Schenck's Mandrake Pills, for the Cure of Liver Complaint, &c. These Pills are alternative, and produce a healthy action of the liver, without the least danger, as they are free from calomel, and yet more efficacious in restoring a healthy action of the liver.

These medicines are a certain cure for Consumption, as the Pulmonic Syrup ripens the matter and purifies the blood. The Mandrake Pills cleanse the liver, create a healthy bile, and remove all diseases of the liver, either a cause of consumption. The Sore Throat Tonic gives tone and strength to the stomach, makes a good digestion, and enables the organs to form good blood, and thus creates a healthy circulation of healthy blood. The combined action of these medicines, as thus explained, will cure every case of consumption, if taken in time, and the use of the medicines persevered in.

Dr. Schenck is professionally at his principal office, corner Sixth and Arch Sts., every Monday, where all letters for advice must be addressed.

EVENING NEWS.

Wednesday - November 29, 1877.

PRICE OF GOLD.

Corrected daily by Deseret National Bank. SALT LAKE CITY, November 29, 1877. Buying at \$100. Selling at \$100.50.

LOCAL AND OTHER MATTERS.

Thermometer 41 degrees F. in the shade at 1 p.m. to-day. Clear.

Messages.—There are messages at the Western Union Telegraph office for W. F. James and J. G. Spaeth.

Steam Boiler.—The new steam boiler manufactured by Mr. Thos. Pierpont, for the new tannery, was being placed in position to-day.

Concrete.—Concrete sidewalk is being laid on the north side of Second South Street, between Commercial Street and the Idaho corner.

Postponed.—We are requested to announce that the meeting of the Central Committee of the Y. M. C. A. Associations, which was to take place on Friday, November 30th, has been postponed for one week.

The Coal Business.—We believe the coal business in this part is now entirely in the hands of the Union Pacific Railroad Company, the negotiations between the latter and the owners of the Weber mines have been concluded some time since.

Stolen Goods.—A quantity of blankets and other goods, recently stolen from Camp Douglas, were found last night, by the police, in a Second South Street second hand store. The proprietor of the store will be requested to explain from whence he obtained those articles.

Information Wanted.—Mrs. Burnside (maiden name Brighton), of Glasgow, would be pleased to hear from her brother, W. S. Brighton, believed to reside in this city, or some other part of the Territory. Address care of Alexander Rankin, 536, Dobbies' Loan, Cow Caddies, Glasgow, Scotland.

Sixth Ward.—A Thanksgiving party will be given in the Sixth Ward School-house, to-morrow evening, commencing at seven o'clock p.m., the proceeds to be devoted to meeting-house improvements. The committee are Messrs. J. C. Poulton, D. E. Fullmer and J. H. Coulton.

Ingenuity.—Mr. Joseph J. Daynes is an excellent musician, but his talents are by no means confined to that line. He has a small private printing office, he has made several ingenious improvements in music stools and stands, he has mastered the art of making wax flowers, he has made a peculiar musical instrument, constructed wholly of a number of pieces of hard wood, he colors photographs after a recently adopted method, and has lately turned photographer, taking very good pictures. His mind appears to be of the versatile order.

Troops Gone.—About one hundred men and a number of officers of the Fourth Infantry, stationed at Camp Douglas this morning for the region of Fort Hall, Idaho, Indian agency. The reason of their going there is in consequence of another Indian outbreak being anticipated. It will be remembered that some time last summer an Indian, in a state of drunken excitement, shot a couple of freighters, near Ross Fork, Idaho. He was not arrested until a few days since, when he was handed over to the Sheriff of Oneida County, who took him to a store in Malad City. While he was there another Indian entered the premises and shot and killed a white man from revenge, and fled.

In consequence of this killing, United States Indian agent W. H. Danahon, of the Fort Hall agency, became alarmed and telegraphed for troops, the detachment from Camp Douglas having been sent in answer to his request.

Veteran Departed.—Sickness—Dull.—Discovery.—Our Kanab correspondent forwards the following, under date of November 16th: "On the 13th inst., at 5 p.m., an old and respected citizen, Philip B. Lewis, breathed his last. He was seventy-four years old, died from the effects of an attack of bilious fever; was active and energetic as a young man, and made the remark two weeks before his death that he was good for twenty years yet. He leaves a wife and child. He was one of the noblest works of God—an honest man. For the last six months he had been preparing to go to the Temple to work for his kindred, but did not have the time granted to accomplish it. He died firm in the faith, loved and respected by all who knew him. He was a patriarch in the Church, and a man of faith and good works. He joined the Church forty years ago, was well acquainted with the Prophet Joseph, and had labored with him. In the early days of the Church he was chosen as one of the Council of Fifty, and has held many other positions of honor. He was buried on the 15th inst.

"There is much sickness in our midst, mostly among the adult portion of the community. In the western part of the county, at Rockville and Grafton, the people are afflicted with ague and fever, nearly half of the inhabitants of these settlements being sick with the malarial. The cold weather coming on seems to have a beneficial influence over the complaint. "Times in this country are very dull. We have plenty to do so we have no time for outside issues. The coming and going of our Arizona missionaries gives us a little change in our daily routine. "Our weather is exceedingly fine and dry, but very cold and clear at night. The Fall crops are all in. "Reports from the different wards in this Stake show that the Stake organization has done much good. "The people at Orderville have discovered an extensive vein of Fuller's Earth of excellent quality. I understand this article is imported from the east. There is no more need of this importation as it is being discovered and a good road to ship it on."

For Washington.—This morning Hon. George Q. Cannon, Delegate to Congress from Utah, left for Washington, for the purpose of attending the regular session of the National Legislature, which opens on Monday, December 3d.

District Court.—Wednesday, Nov. 29th.—Walker Bros. vs. Chas. Pepper, motion for a new trial overruled; plaintiffs, by their attorney, excepted. J. E. Bamberg, et al; vs. Geo. Ebel et al; case dismissed on plaintiff's motion.

Theaters.—The lovers of good acting will be pleased with the fact that Mrs. D. P. Bowers will appear in the Theatre to-morrow night in the thrilling drama of "Camilla," and in the title role of course, supported by Mr. J. C. McCollom, as "Armand Duval," and by the Company.

Little more need be said, as the transcendent ability of the lady is everywhere known and acknowledged.

Thanksgiving Day.—To-morrow, November 29th, will be Thanksgiving Day. Z. C. M. L. and probably most of the other leading business houses of the city will be closed. The day will be observed by all hands at this office; consequently the News will not be issued again till Friday afternoon.

United.—This morning a Mill Creek couple, late of New York, George Holt and Elizabeth M. Shaw, were united in wedlock by Justice Pyper. The pair appeared to belong to the humbler walks of life, but the bride, a buxom young woman, appeared as smiling and happy as if surrounded by all the "pomp and circumstance" of a "marriage in high life."

Frozen to Death.—SILVER CITY, Nov. 28th, 1877. An old man, apparently fifty years of age, was frozen to death near Silver City, last night. He was thinly clothed and is supposed to have been under the influence of liquor, as a bottle was found by his side. He has not yet been identified.

Re-modelling.—The Twelfth Ward School-house is being re-modelled. The basement is being fixed up to be used for school purposes. The main hall of that portion will be 36 feet square, and there will also be a class room 36 by 18 feet. The basement is excellently ventilated, new floors are being put down, and it is expected to be ready for school operations about Christmas.

The interior of the upper or principal part of the building is also being renovated and improved. Mr. Joshua Midgley has been at work calculating the ceiling and walls, and laying the cornice in delicate shades of color. He has made a very fine job of it.

Sentenced to be Shot.—The following special came by telegraph: PROVO, Nov. 28. Deseret News: Salt Lake. At one o'clock this day, Wallace Wilkerson was sentenced to be shot on December 14th, next, between the hours of ten a.m. and three p.m., in this District. The sentence was pronounced by Judge H. H. Hooper, President of the District Court, after a trial which received by the prisoner, William N. Miller, in self-defense, and that his life was sworn away by thieves who were afraid he would tell their secrets. He asked for further time that distant friends might see him before execution.

City Council.—The Council met last evening, Mayor Little presiding. A petition was presented from James McKnight, accompanied by a bill for tools and supplies used in connection with the gasoline lamps, amounting to \$62.20. The petition being disrespectful was laid upon the table and the bill referred to the committee on claims.

Barratt Bros' petition for auctioneer's license for one year from November 1st, was granted. Mrs. Elizabeth Prector, a widow with a large family depending upon her for support, was granted a free license to keep a small store in the Tenth Ward.

The committee on public grounds submitted the following: Your committee, to whom was referred the communication of Solomon Barratt in relation to the Hot Spring Lake, setting forth that they had occasionally resorted to the lake for the purpose of hunting and boating for pleasure and recreation, and that the Mayor had forbidden them going on to the lake unless they paid him fifty cents a day for the privilege; that said Macdonald had posted notices around the lake as follows: "No boating, hunting, fishing or trespassing allowed on these premises. Any person found doing so will be prosecuted according to law."

Report that the Hot Spring Lake is within the corporate limits of Salt Lake City, and held by the corporation in trust for the use and benefit of the inhabitants thereof; that the corporation has never ceded, granted or conveyed to any person, any title to said lake or any part thereof; that it has always been held as a place of public resort for pleasure and recreation—sitting, boating, hunting and fishing, free of charge (except so far as temporary privileges have been granted to individuals, to clean off the snow for skating purposes, for which they charge a small fee to skaters).

Your committee recommend that the Hot Spring Lake be held, and the rights of the people defended by the corporation of Salt Lake City for the free use and benefit of the inhabitants thereof, for the purpose of pleasure, recreation and amusement. And for the better protection of the rights of the public, and for the convenience of ingress and egress to and from the lake, they also recommend that the City Surveyor be instructed to survey forthwith a street eight rods in width running north and south, as nearly as practicable, the west line of said street to be on the east margin of the lake, and that the Mayor be authorized to secure the legal title to said street, as provided for by section 76 of the city charter.

The report was accepted, the recommendations adopted and the City Surveyor instructed accordingly. Council adjourned till Tuesday evening, December 4th, at 6.30 p.m.

Entertainment.—A full house greeted the first of the concert entertainments in the 20th Ward School-house last evening. The affair was in every way a success. Many of the productions were worthy of commendation, there being a large variety, but we make special mention of the evidences of home talent, in the very beautiful song composed by C. W. Stayner, and sung with great taste by Miss Emily Stayner; also a veritable Dutch character song, the words by the same author, and music by Mr. Joseph Daynes. Mr. French's make up and singing in this character were excellent, and when he put in the Dutch Waltz at the close he "brought the house," who insisted on an encore. Another original song by these gentlemen, and sung by Miss Kate Miller, possessed considerable merit. The 20th Ward is fortunate in being able to present such an entertainment as that given last evening, principally by talent residing in the Ward. Mr. W. D. Owen, from the 21st Ward, sang a fine descriptive song, which, with the artistic accompaniment of Mr. Jos. J. Daynes, produced a telling effect. The dialogues, &c., were all good. To-night the main features of the programme will be repeated, with some changes. The proceeds, this evening, are to be used to purchase music for the Ward Choir.
