An exciting runaway occurred on State street late yesterday afternoon and had it not been for the prompt action of James Stevenson there would probably have been a bad smash up. Stevenson was driving a heavy team of the black horses attached to a lumber wagon belonging to M. H. Walker, when

it became frightened and tore south on State. The young man could only keep the excited horses in the middle of the street and at Third South it became impossible to steer clear of the many vehicles on the street. In front of Smelter's store the heavy team swung into the curb, running down the delivery horse belonging to Smelter, and throwing Stevenson out of the wagon. In an instant, however, he was at the heads of the horses and thus prevented more serious consequences. As it was he was considerably bruised and the two wagons and horses were much damaged.

CORNER STONE LAID.

Impressive Exercises at Lehi on Saturday Afternoon.

Special Correspondence.

Lehi, Utah, Sept. 16.—The laying of the corner stone in the Lehi new tabernacle Saturday afternoon last will be an event long to be remembered by the good people of Lehi. The services were conducted by Bishop Thomas R. Cutler. A stand was arranged right on the foundation of the tower, and seated thereon were the Bishop and his counselors. The Stake Presidency, the committee, Mr. Lelei Snow of Salt Lake City, and Mr. Ford of Ohio. After the regular opening exercises Bishop Thomas R. Cutler had the honor of laying the corner stone which was witnessed by over 2,000 people, then came the most interesting part of the program, that of placing the following records, etc., in the cavity of the stone:

Lehi City municipal records, The ward Church records, High Priest Quorum records, The Twenty-Seventh quorum records, Elder's records, Priest and Deacons' records, Relief Society records, Y. M. C. A. records, Y. L. M. I. A. records, Primary Association records, Statistical reports of Utah, After foregoing records were placed in the box any person in the audience had the privilege of sending up some little thing to be placed in the stone, and numerous coins of various kinds together with small books, cards, photos, etc., were handed in and all placed in the box. The little box after all the articles had been placed in, weighed 13 pounds 9 ounces and was sealed at 6:30 p. m. While the little articles were being sent in a short program was rendered consisting of speeches, songs, etc. The choir was in attendance as well as the orchestra, and the Lehi Silver Band.

The funeral services over the remains of Sister Inger Bone were held in the Lehi ward meeting house at 3:30 p. m. yesterday. The deceased was 73 years old and was an old resident of Lehi. The cause of her death was general debility.

HUSBAND AND WIFE FIGHT.

Bloody Quarrel in the Home of Thos. Morehead.

It was reported at police headquarters last night that Thomas Morehead and his wife, who live at 371 North Sixth West street, were battling each other up in such a reckless manner that something serious if not fatal might result. Officers Armstrong and Jackson hurried to the place to find that the field was held by Mrs. Morehead alone and the attacking party had withdrawn to unknown quarters. Not before doing some damage, however, for Mrs. Morehead's face was covered with blood which flowed from her nose and from cuts on her forehead. But she seemed triumphant and told the policemen confidentially that Mr. Morehead looked several degrees worse than she did.

MUNICIPAL MATTERS.

Last night the council committee on public grounds granted the conveyance of the city's sand and gravel beds near the Warm Springs for a consideration of \$250. Probably from 4,000 to 6,000 wagon loads will be used.

The sewer committee of the council last night decided to defer the work temporarily on the sewer on First between L and M streets in deference to the wishes of property holders who say they cannot stand the tax.

Came Near Being a Crime.

Josh Westphaler, of Longmont, Ind., is a poor man, but he says he would not be without Chamberlain's Pain Balm if it cost five dollars a bottle, for it saved him from being a cripple. No external application is equal to this liniment for stiff and swollen joints, contracted muscles, stiff neck, sprains and rheumatic and muscular pains. It has also cured numerous cases of paralytic paralysis.

THE COMING STATE FAIR.

Activity by Executive Officers and in All Departments.

The approaching Utah state fair will in all probability be the most complete and the most successful in the history of the Desert Agricultural and Manufacturing society. Secretary Sears and the supervisors of the various departments are doing their utmost to make the fair this year a record breaker. The buildings and grounds have been cheerfully arranged. As a result the list of entries is already greatly in excess of previous years and is growing every day.

The space in the buildings has been carefully awarded and is nearly all taken up. Fine exhibits of Utah manufactured goods are assured and the educational exhibit will be the most complete ever gotten together in Utah. Then there will be excellent art, mineral, and women's work exhibits.

Perhaps the exhibit that will most surprise and delight Utah farmers will be that of live stock, cattle, sheep and horses. Mr. John H. White has supervised the cattle department and he said today that the exhibit of livestock will be the largest ever got together in Utah and that every stall and corral in the grounds will be occupied, not only occupied by cattle, sheep and horses, but by the finest in Utah. There will also be several exhibits of short-horn cattle from other states, as there is a premium to be given for a class of short-horn and out of the state cattle in competition. Mr. White believes that Utah cattle will hold their own with any in the country.

Altogether the outlook for a magnificent fair is good. There are many and generous premiums offered to competitors and the management has done everything possible to secure large and fine exhibits. The fair will be held the first week in October.

FOR \$20,000 DAMAGES.

Thomas McDonald Wants That For Being Ejected From a Train.

Thomas McDonald has commenced a \$20,000 damage suit against the Rio Grande Western Railway company for ejecting him from a train on January 25th last. McDonald claims that he was on his way from Murray to Bingham Junction, where he was going to work as a furnace man for the Bingham Copper and Gold Mining company. He says that he was unfamiliar with Bingham Junction and that the conductor did not let him know when he arrived there, but instead carried him ten miles beyond, and put him off the train about one mile south of Riverton, or ten miles beyond his destination. It was night time and very cold, and a snow storm was raging. Consequently McDonald lost his way and wandered around for three days, without food, finally falling into the hands of a band of robbers. When picked up he was delirious and his feet, legs, face and hands were badly frozen. He says he was taken to the infirmary at Provo, where he had to have all his limbs amputated. He was confined to the hospital till August, and lost the job he was going to Bingham to fill as well. He now claims to be permanently disabled and unable to work at his trade, and has brought this suit to recover damages in the amount of \$20,000, with costs.

Dean has brought suit against Maria Moeck and Sarah Hepworth, executors of the estate of Frances Amelia Hepworth for \$229.93, claimed to be due on a contract for repairing the building occupied by the Western Union Telegraph company, and \$115 for extras. Probate Matters.

Maria Hansen, daughter of John Peterson, who died last year, has applied for letters of administration of the estate of her late father which she values at \$2,000. There are twelve heirs. A petition for the appointment of Joseph S. Johnson, of Decatur, was filed some time ago, so the case will probably be transferred to the trial calendar after a hearing on Sept. 27th.

J. L. Rawlins has petitioned for letters of guardianship of Orson Whitcomb, a minor. The lad has been in the hands of his mother, Mary Rawlins, widow of J. L. Rawlins. Hearing will be on Sept. 27th.

DEMISE OF MRS. KIDDER.

Well Known Salt Lake Woman Passes Away in Nebraska.

The sad intelligence has reached the city of the death of Mrs. Hannah Kidder, which occurred at Wahoo, Nebraska, last Friday night. She was of the firm of Mason & Kidder, the coal dealers and was the widow of Russell W. Kidder, the lumberman who met death accidentally at Park City six years ago.

Deceased had four sons and a daughter in Utah. Her sons, Edwin and Ralph of this city, Samuel and Ray of Park City, and the sons were in attendance at the funeral which was held yesterday at the old homestead in Fredericksburg, Iowa. Mrs. Kidder also had a daughter in Nebraska, at Union Township, near Council Bluffs, Iowa. She had been afflicted with heart disease and suffered much. She hoped that she would find relief in a lower altitude, so went to the home of her daughter, but the heart trouble was not found, and her condition continued to grow worse until the end came.

ONLY HAD A NICKEL.

an Who Profited by Advice of His Sister.

August Nelson of South Dakota, is in Salt Lake visiting his sister. There is nothing very remarkable about that, but through taking the good advice of his sister he was saved from being robbed by a footpad last Sunday night. The case was not reported to the police but the facts were too good to keep and leaked out last evening. Mr. Nelson's sister, who lives at 172 South Main street, and when he left her place Sunday evening to accompany a lady home his sister advised him to leave her door unlocked, and that if he was footpads abroad, he should take a five cent piece with him.

After taking the lady home he retraced his steps and when reaching a point on Second between Second and Third South, a man suddenly confronted him with a big revolver and the command "Stop, up your hands." Up went Mr. Nelson's hands and an robber searched him quickly. Finding only a five cent piece he handed it back, saying "if you are so poor as all that, I don't want your money." The robber disappeared with a chuckle. Mr. Nelson went home congratulating himself that he did not have his valuable gold watch with him.

COLORFUL MEN FIGHT.

Pocket Knife and Brass Knuckles Used in the Fight.

Late yesterday afternoon a bloody fight occurred on State and Third South streets, opposite the Knutsford hotel in which Tom Williams and Archie Williams, two waiters, were severely cut and bruised. Frames is the head waiter at the Knutsford, and Williams has been working at the hotel, but it is said was discharged recently.

It is claimed that yesterday the two men met and became involved in a wordy war over some trifling matter, and soon came to blows. Both men were under the influence of liquor, and the fight was a severe one. Williams pulled out a knife and slashed Frames in the hip with it. The latter then drew a pocket knife and slashed Williams several blows on the head inflicting a few ugly cuts. Frames was removed to his home on Franklin avenue, and Dr. Pinkerton summoned to dress the wound in his hip.

Williams called on Prosecutor Schuler of the police court for the purpose of obtaining a warrant against Frames, but when the prosecutor learned of the facts in the case he refused to issue the warrant and no arrests were made.

Nothing But Oil.

"In dealing with man, remember that a spoonful of oil will go farther than a gallon of vinegar." The same may be said of children. There is nothing so good for children as the old fashioned castor oil. However, much they may object to it, it is the best medicine for disorders of the bowels, and the severe cases of diarrhoea and dysentery, however, Chamberlain's Colic, Cholera and Diarrhoea Remedy should be given after the oil operation, and a quick cure is sure to follow.
