### LOCAL NEWS.

FROM TUESDAY'S DAILY, AUG. 12.

**Wedding Bells.**—Our best wishes go out to our young friends, Joseph G. Cutler and Miss Minnie Felt, who were to-day united in holy matrimony. The bride is the daughter of Elder N. H. Felt, and the young husband the son of Elder John Cutler, all of this city. A reception will be held at the residence of the bride's parents this evening, at which members and friends of both families will pay their respects to the newly wedded and happy pair. May joy and prosperity be theirs.

**In Town.**—Our old friend, John Lytle, is up from St. George, and is visiting among friends in the 11th Ward, of which Ward he was the first ordained Bishop. Though within a few days of 81 years of age he is still enjoying a fair share of mental and bodily strength. He is an old Nauvoo veteran, and will be remembered by many of the early Latter-day Saints, who are still living. He purposes returning in time to resume his work in the St. George Temple. The News wishes him a pleasant visit.

**Thrown From a Buggy.**—Mrs. Fanny Phillips, wife of Bishop Ishmael Phillips, of Union, informs us that last Thursday morning, as her daughter was coming to town with her husband, in a buggy, she met with a severe accident by being thrown from the vehicle, with an infant in her arms, through the sudden shying of the horse at some broken buggies half-hidden in the sunflowers at the side of the road. The lady, Mrs. Richards, was picked up insensible and carried into a neighboring house, where she remained all day, while her husband, whose hand was severely hurt, took their vehicle which had been broken in the accident, to have it repaired. The baby luckily escaped unhurt. The horse broke loose from the buggy or there might have been a more serious consequence. The objects, our informant says, at which the horse took fright, are not noticeable until one is right upon them, and she thinks they ought to be removed before more serious mishaps are the result. She knows of other accidents from the same cause.

**The Railway Receivership.**—The question of the appointment of a receiver for the D. & R. G. Western Railway, a motion to which effect was argued and submitted yesterday in the District Court, came up to-day and was decided in the affirmative by Chief Justice Hunter. In a written decision of some length, he set forth the salient features in the history of the case entitled the D. & R. G. W. Railway Co. et al, vs. the D. & R. G. W. Railway Co. et al, and held that owing to the manifest intention of the defendant company—for whom a receiver had already been appointed by a Denver court—to repudiate the terms of the lease under which the plaintiff company are operating, thereby ignoring the rights and jeopardizing the property of said plaintiff company, etc., the receiver asked for should be appointed, and the court therefore granted the motion made to that end. To this the defendants excepted. The plaintiffs then, under the ruling, asked for the appointment of D. C. Dodge, receiver. But it was here shown that, under the law, Mr. Dodge, being a party in the litigation, was disqualified from acting in the capacity of receiver without the written consent of both parties filed with the clerk of the Court. Whereupon, the defendants suggested the name of Edmund Wilkes for receiver. The Court, having in view the amicable settlement of the matter between the parties, then announced that time would be given them till 2 o'clock this afternoon, to consult and, if possible, come to an agreement.

At the appointed hour proceedings were resumed, when, by consent and

recommendation of both parties, Wm. H. Bancroft, the present superintendent of the D. & R. G. Western Company, was appointed receiver for the road, with bond fixed at \$50,000.

### DOWN THE SHAFT.

MARTIN SCHWEIGERT FALLS SIXTY FEET WITHOUT BREAKING A BONE.

A very distressing accident, which is, however, miraculous in the slightness of the injuries received, befel Martin Schweigert, a miner, in Mr. John Beck's mine in Eureka, Tintic, last Thursday morning. The unfortunate man was going down the shaft to resume his work, when the cage, just after starting, became obstructed in its descent by some means, and overturned, hurling its occupant over sixty feet into the darkness below. He fell head first, at least he started that way, though he has no recollection as to whether he alighted on his head or not, and was precipitated from side to side, bruising and cutting himself badly about the head and arms in his frightful descent. When he was found he was lying across a large rock and was of course supposed to be dead. A brief investigation, however, sufficed to show that there was a good deal of life left in him still, and a closer investigation showed that not a single bone had been broken. He was brought to the Deseret Hospital in this city for medical treatment, where he now lies, and where a reporter visited him this afternoon. His injuries as reported by the hospital physician, Dr. Mattie Paul Hughes, consist of a severe contusion of the right ankle joint, a scalp wound and internal injuries. He also complains of acute pain in his left arm when he attempts to turn it, and of a dull aching about one eye, which is discolored from a bruise. Altogether his condition is favorable and his speedy restoration to complete soundness may be expected.

Brother Schweigert is a Bavarian who came from the old Fatherland with the company which reached this city in June last. He is unable to speak English, and has a wife and four small children in Germany, whose emigration he has been striving to effect. He is a steady, industrious man and general sympathy will be felt for him.

### \$20,000. Gone.

San Francisco, Cal.—The Chronicle publishes in substance the following marvel. Captain W. F. Swasey, the oldest pioneer of the coast, makes a statement of the intense suffering of his friend Colonel D. J. Williamson, an Army officer of distinction, and an Ex-U. S. Consul, who was attacked in the winter of 1861-2 with violent rheumatism. So great was his agony in after years, he became a helpless cripple, and after trying numberless remedies, the baths of other countries and spending a fortune of \$20,000, the disease seemed to assume a more virulent type. Finally, he was persuaded to try St. Jacobs Oil the great conqueror of pain. It worked a miracle of cure. In a letter to the Chronicle he confirms Capt. Swasey's statement and adds: "I cheerfully give my unqualified attestation to the truthfulness of the statement, because I feel perfectly certain that a knowledge of my cure by St. Jacobs Oil, will prove the means of relieving hundreds of sufferers."

## AYER'S Hair Vigor

restores, with the gloss and freshness of youth, faded or gray hair to a natural, rich brown color, or deep black, as may be desired. By its use light or red hair may be darkened, thin hair thickened, and baldness often, though not always, cured.

It checks falling of the hair, and stimulates a weak and sickly growth to vigor. It prevents and cures scurf and dandruff, and heals nearly every disease peculiar to the scalp. As a Ladies' Hair Dressing, the Vigor is unequalled; it contains neither oil nor dye, renders the hair soft, glossy, and silken in appearance, and imparts a delicate, agreeable, and lasting perfume.

Mr. C. P. BRIGHER writes from Kirby, O. July 3, 1882: "Last fall my hair commenced falling out, and in a short time I became nearly bald. I used part of a bottle of AYER'S HAIR VIGOR, which stopped the falling of the hair, and started a new growth. I have now a full head of hair growing vigorously, and am convinced that but for the use of your preparation I should have been entirely bald."

J. W. BOWEN, proprietor of the *Medford (Ohio) Enquirer*, says: "AYER'S HAIR VIGOR is a most excellent preparation for the hair. I speak of it from my own experience. It promotes the growth of new hair, and makes it glossy and soft. The Vigor is also a sure cure for dandruff. Not within my knowledge has the preparation ever failed to give entire satisfaction."

Mr. ANGUS FAIRBAIRN, leader of the celebrated "Fairbairn Family" of Scottish Vocalists, writes from Boston, Mass., Feb. 6, 1880: "Ever since my hair began to give every evidence of the change which foreshadowed the approach of old age, I have used AYER'S HAIR VIGOR, and so have been able to maintain the appearance of youthfulness—a matter of considerable consequence to ministers, actors, and in fact every one who lives in the eyes of the public."

Mrs. O. A. PRESCOTT, writing from 18 Elm St., Charleston, Mass., April 14, 1882, says: "Two years ago about two-thirds of my hair came off. It thinned very rapidly, and I was fast growing bald. On using AYER'S HAIR VIGOR the falling stopped and a new growth commenced, and in about a month my head was completely covered with short hair. It has continued to grow, and is now as good as before it fell. I regularly used but one bottle of the Vigor, but now use it occasionally as a dressing."

We have hundreds of similar testimonials to the efficacy of AYER'S HAIR VIGOR. It needs but a trial to convince the most skeptical of its value.
