LOCAL AND OTHER MATTERS.

Engross—The Bear Lake Democrat will shortly doff its patent outside, and make its matter of home made or home selection. Good.

Musical.—Mr. Evan Stevens, of Brigham City, a young gentleman who has gained considerable local reputation as a musician, for which he has an excellent natural talent, is in the city for the purpose of going through a thorough course of instruction at the conservatory. While he remains he will assist with the Tabernacle choir at rehearsals and public exercises.

Colored Minstrels Coming.—Calder's Colored Minstrels, the great original company newly organized and re-instructed who are now en route to San Francisco, for an extended engagement in that city, will soon visit this city. No expense has been spared in perfecting this organization. There will be two distinct brass bands, a double parade, and novelties never before introduced in Minstrelsy. The company will comprise the best colored artists.

Association Reports.—The officers of the Y. M. C. A. Association of the Salt Lake Stake are requested to make up their reports for the year ending March 31, 1883, and return them immediately to Joseph H. Felt, at Z. C. M. I.

TROUBLE AT THE GERMANIA.

A BAND OF STRIKERS THREATEN VIOLENCE AGAINST REMAINING EMPLOYEES.

There is trouble at the Germania smelting and refining works a few miles south of this city. A large number of the hands struck work for a reduction of time, a few days since. A portion of the workmen refused to take similar action, and the strikers have been threatening violence against those who refused to join with them, and to prevent them going to work. Matters assumed such a serious shape this morning that the superintendent, Major Hill, came to the city, when writs were obtained for the apprehension of the leading belligerents. Three officers of this city, Wm. G. Phillips, Andrew Smith and Heleman Pratt—accompanied Major Hill to the works this morning, for the purpose of preventing a breach of the peace and making whatever arrests might be necessary.

The strike, although it only directly affects a portion of the employees, causes the works to be at a standstill, the strikers having threatened to kill the others with slag should they begin work to-day.

While there is nothing in the laws of this country to prevent men from striking for any cause they may deem proper, they have no right to compel others to do the same, and where workmen take such an arbitrary and tyrannical course, they should be promptly and vigorously dealt with. We hope the trouble will blow over without physical injury to anybody.

Later—Since the above was written the posse which went to the Germania has returned. Besides the city officers named, it was composed of deputy Marshal Arthur Pratt, who had charge of it, Mr. G. A. Back, Mr. C. Crow and another officer.

When the posse reached the works about 150 men were on the banks, but no actual disturbance had occurred. Two men named respectively Jones and Stout, appeared to be the ringleaders in making the alleged threats against parties who were willing to go to work, and they were arrested and brought to the city.

When the arrests were made the men informed Major Hill that if they were released they would all go to work on the old terms. The superintendent would not, however, consent to this arrangement at present.

It appears that the strike took place yesterday, and was for a reduction of time from 12 hour to 8 hour shifts without any diminution of pay. When the men left work the metal was left in the crucibles, necessitating its being cut out with chisels. Major Hill says that it will cost at least \$5,000 to place the works in the condition they were in before the strike, showing what great mischief can be wrought by an affair of this kind in a very brief time.

The superintendent informed the men to-day that he could not entertain their demand for so sweeping a reduction of hours, but if they made a request simply for an addition of pay, he would give it favorable consideration.

The present prospect favors an amicable settlement of the difficulty, and a return, within a few hours, of all the striking employees to work.

Delays are Dangerous.—We learn from the *Utahian* that over two weeks ago a man named Smith, living in the neighborhood of Circle Valley, was accidentally thrown from his horse and dragged a considerable distance by having his foot caught in the stirrup of the saddle; when rescued from the frightened horse, it was found that he had his leg badly fractured just above the ankle, the bones protruding through the flesh. The injured man was taken into Beaver and placed under the surgical care of Dr. Christian, but the delay in taking the man to Beaver, together with the severe nature of the fracture, prevented the saving of the limb, and it was accordingly amputated by Dr. Strong, post surgeon at Fort Cameron, assisted by Dr. Christian, on Tuesday last.

Suspected Burglars.—The party who bought the overcoat that was stolen by the man Johnson, who is suspected of having been connected with the late burglaries, delivered the article at the City Hall this morning. He paid \$6 for it. Johnson is now in the city jail, having been brought down from Ogden to answer to the coat-stealing charge.

A man named Wilcox, who was in the city jail for stealing a portion of a fish from the front of Durst & Trimble's store some time since, is also under arrest on suspicion of having been connected with the burglary business. His apprehension is based on certain circumstances which have transpired between him and Johnson, of whom he is an associate.

See Keepers' Convention.—We are requested to publish the following: "A convention of the bee keepers of Utah will be held in this city 6th of April, 7 p. m., 1883, in the Council House. All organized conventions and all leading bee keepers who cannot be present will please report by letter, the present condition and number of swarms, with their losses during the past six months, and if any foul brood exists in their various colonies. We should be very pleased to hear from our Utah Dixie bee keepers the general manner of wintering, etc. Address Edward Stevenson, P. O. Box 846.

A. M. MURPHY, President, EDWARD STEVENSON, Secretary.

From the North.—President Badge, of Bear Lake Stake, reached the city yesterday. As appears to be the case throughout this entire region, the season is very late in Bear Lake Valley, snow is ten inches deep in the vicinity of Park, and is still deeper farther north. Fifty miles of the journey to Evanston has to be done by sleigh and the balance by wagon. The weather is excessively cold in that section.

President Badge left for home this afternoon.

Death of Mrs. Emily Smoot.

By dispatch to Brother George Crimmon, we learn that Mrs. Emily Smoot, wife of President A. O. Smoot, of Provo, died at that place at 10 a. m. to-day. The funeral will take place at 2 p. m. on Wednesday.

Periodicals.—From Mr. James Dwyer's popular establishment we have received *Harper's Magazine* and *Popular Monthly* for April; also *Harper's Weekly* for March 18th, and *Puck* for March 15th, all of which can be had at the place from which we obtained them. *Puck* is rich as usual. The chief cartoon represents Conkling as a white elephant, and President Arthur as puzzling his brain about how to dispose of him.

Morgan Earp Assassinated.—A Tombstone dispatch states that Morgan Earp was assassinated while playing a game of billiard in a saloon last night. The shot was fired through a glass door. His brother Wyatt, who was sitting near, was also shot at but not hit. The assassin escaped. Earp died at midnight. There is great excitement over the tragedy, which was not unexpected, as since the fight between the Earp Brothers and the cowboys, last November, threats of assassination had been constant and some attempts had been made.

Shooting Affair.—A Denver dispatch says that information has reached there of a shooting affray at Caracas, Colorado, resulting in the killing of one Mexican and the dangerously wounding of another, by F. H. Mowbray, an employee of the Denver and Rio Grande Railway. Mowbray owed the Mexican four dollars and offered to pay, but the latter claimed eight dollars. A dispute resulted in the Mexican beating Mowbray, who shot in self-defense. The high position of the Mexican has created bitter feeling among this element, who were about to lynch Mowbray. He was taken to Chama jail for safety, from whence he has escaped.
