IN CONVENTION HALL.

The convention hall was packed to overflowing tonight at 7:55, when the twice postponed second session of the convention was called to order. It was realized that this was the crucial meeting of the convention, when the plat-form was to be adopted, the candidates named and the most bitter convention

fight the Democratic party of New York state has ever known brought at least to a temporary conclusion. The enthusiasm which was lacking yesterday was rampant tonight. The committee on contested seats of the Democratic state convention found itself divided, 26 to 21, regarding the 21 contests involving 62 seats in the con-vention. The majority report was regarded as a Hearst victory.

MURPHY DEFEATS MCCLELLAN.

The 15 Murphy contestants in the five New York county districts were given the place of the McClellan delegation. The Hearst men in Queens county were given seats, and the Hearst contestants from upstate also found favor in the eyes of a majority of the committee

State Eogineer and Survey of the transformed to the state by John B. Stanchfield, who said he was opposed to Hearst, but declared that if Hearst had come to the conven-

showed Senator McCarren opposed to Hearst Leader Murphy of Tammany cast 93 "No." The motion was lost by a vote of 244

to 142. This forecasted the nomination of Hearst, and there\* was a storm of cheers. The majority report was then adopted viva voce. William Nixon adopted viva voce. William Nixon was elected unanimously as permanent chairman, and he at once called upon Congressman W. Bourke Cockran to submit the report of the committee on resolutions and platform.

THE RESOLUTIONS. Following is an abstract of the re-'At this time, when the authority of

Democracy is invoked to defend plun-der of the masses by a few rich men. through partial laws on one hand, on the other to justify many extravagant and revolutionary proposals which, if adopted, must inevitably produce worse disasters than the abuses they seek to cure, we deem it eminently fitting to declare that the whole Democratic principle is embraced in the injunction laid on the first man-that in the sweat of their brows he and all his posterity

must eat their bread. "We affirm it to be as much the supreme duty of government to prevent any man from taking by violence, fraudulent device or legislative favor one dollar or its equivalent produced by the labor of another mail, as it is to protect every man in the enjoyment of all property, however extensive, pro-duced by his own labor.

"We therefore denounce Republican high protection, which enables a fow to plunder the whole body of their fei-low cltizens by charging extortionate prices for the necessaries of life and the essentials of industry.

"We deplore, as the most sinister consequence of the corruption and graft which degrade our political and industrial life, the widespread distrust and discredit of Republican rule which they had produced and which have led many men of undoubted probity and ardent patriotism to listen patiently. if not approvingly, to proposals dis-tinctly socialistic, which, if adopted, must inevitably break the foundation of republican government and render the fabric of Christian civilization.

### SOCIALISM NO CURE.

We hold that the cure for these abuses is not in Socialism, which by enormously extending the power of government must aggravate them, but in Democracy, which by excluding gov-ernment from any interference whatever with private industry must cure them.

"Every proposal that a municipality essume operation of all public utilities and reduce rates to persons using them regardless of what the service may actually cost is an attempt to force some men to bear the expense of others, because where the outlay for operation exceeds earnings the deficit must be made up by taxation, and this would be socialistic and therefore hostile to justice and subversive of democratic government

"It is the duty of government, there-fore, to ascertain the actual cost of operation of all public service corpora-tions and to fix from time to time reasonable rates for the service they per-

form. "We denounce as a crome against morais and decency the refusal of the Republican administration to permit an investigation of the different de-partments, especially the banking de-partment. If entrusted with the administration of the state government we promise that there shad be an impartial and public investigation of ev-ery department of the state.

INSURANCE INVESTIGATION.

"The recent investigation of insurance companies affords but a faint idea of the gross corruption which has gov-erned their administration for a long period. It is a scandal of unparalleleddimensions that these shocking exposires have resulte charge of a few officers whose mein-

ciency was established by the fact

The delegates had become restless to-ward the close of Mr. Cooke's speech, and his last words were so drowned in the hum of voices that the name of Mr. Hearst was barely heard.

### SULZER'S NAME PRESENTED.

Allegheny county seconded Mr. Hearst and Broome county named Con-gressman William Sulzer, sending George Raines of Monroe to the stage to make the nominating speech. Sulzer's name was given a great ovation, which lasted many minutes.

Senator McCarrea of Brooklyn per-sonally led the demonstration.

sonally led the demonstration. Mr. Raines next referred to the candi-dacy of Mr. Hearst, and at the mention of the name the delegates began to cheer, the demonstration being far greater than when Mr. Hearst was act-ually named ually named.

Mr. Raines charged Hearst with infi-delity to every Democratic trust reposed in him and to every Democratic princi-ple contained in the platform the con-vention had adopted. The friends of Hearst and those of

Sulzer were constantly arrayed against each other in the counter demonstra-tions. The speaker charged Hearst with sending salaried agents throughout the state to form an organization to nominate him for governor. He referred to Mr. Hearst as a "driver of men with

brutal lash." Mr. Raines said that no arraignment he could make of Mr. Hearst would compare to the denunciatory speech hurled at that same gentleman by Bourke Cockran at a mass meeting in New York held under the auspices o Tammany Hall during the mayoralty contest last fall.

The party, he declared, was to be sold out body and soul.

PROTEST AGAINST HEARST.

A telegram was read by Mr. Raines A telegram was read by alt, Rames from Timothy Spellissey, Democratic state chairman of California, addressed to Mr. Stanchfield, in which Mr. Spellis-sey said it seemed incredible to the Democrats of California that the New York convention should out forward for York convention should put forward for governor a man who at the present time is using every influence at his command to defeat the Democrati's state ticket in California.

Loud cheering followed the reading of te telegram, but there were calls of "Hearst, Hearst," to combat the hostile demonstration.

Mr. Raines bitterly declared that Hearst's nomination would be wreath-ed in the anarchism socialism and com-munism of the Hearst newspapers.

Thomas M. Osborne of Cayuga county, one of the originators of the Albany conference of anti-Hearst Democrats, took the platform at 12:20 a. m. and placed in nomination John A. Dix of Washington county, a nephew of the late Gov, Dix of New York. "You can sell the Democratic name.

its emblem and its organization," said Mr. Osborne, "but you cannot sell the Democratic voters. Out of the trail of your dishonor will rise a new Democracy in which you will have no part. Mr. Osborne concluded in a perfect storm of interruptions, hoots and applause

Frank H. Mott of Chautauqua seconded the nomination of Hearst amid great enthusiasm. Mr. Mott referred to Mr. Hearst's support of William J. Bryan in both his campaigns, and this,

too, called for great cheering. John B. Stanchfield second nomination of Mr. Sulzer. seconded the WARNED AGAINST HEARST.

Mr. Hearst was nominated with 209 wits, of which only 226 were neces-say for a choice. Congressman Wil-iam Suizer received for governor 124 bats and John A. Dix of Washington testing the complimentary vote of I delegates, making 450 in all.

BITTER OPPOSITION.

GRADY FOR HEARST.

Senator Thomas F. Grady presented the majority report, indulging in a general defense of Tammany. He closed with an appeal for the nomination of William R. Hearst, and there was great cheering.

Senator Grady was loudly applauded when he said in closing:

"I love my country; I love her institutions; I desire to see the one sur-vive and overcome every danget and the others established upon so firm foundation that they may ever remain with this people. "And I believe that the continuance,

the perpetuation and the triumphast success of the Democratic party is necessary for this, and in this action I believe that for the triumph of the Democratic party is necessary the nomination for governor of William Randolph Hearst.' On

the question of substituting the minority report for that of the majori-ty, a roll call was demanded by Mr. Stanchfield.
