SPOKANE-SALT LAKE FIRST GAME TODAY

Local Ball Tossers Will Have to Ginger Up Some to Win.

REILLY'S INDIANS ARE FAST.

At the Conclusion of This Week's Series, Salt Lake Will Go Away For Three Long Weeks.

The Redskins are here. They are scheduled to mix up with Gimlin's palefaces at Walker's enclosure this afternoon at 3:30, and the doings promise to be interesting. The Indians came in last evening, looking well and ready for the fray. They declare that, when they leave here, their belts will be adorned with numerous scalps, and judging from their past performances, they are cruel enough to do almost anything.

At present they are pretty near to the top of the column, and they hope when they leave here to hold the proud position of leaders. But there is some hope in another quarter. Father Gimlin and his men hope to pound the Indians down and build themselves up on their opponents' ruin. They realize they will have to go some to accomplish this, for the Indians are about as fast a bunch of ball tossers as you see in these parts.

The local team is showing much improvement, however, and we ought to at least break even with Spokane on the present series. We need a little more snappy work in the field. The hitting is all right. The home crowd is getting better every game in that respect, and will continue to do so. It certainly takes hitting and judicious base running to win bases. An error or two don't count so much if there are a few double baggers at critical times. We have a valuable acquisition in Dad Clark, formerly one of the leading Lobster's. Dad's regular position is first base, but Gimlin will take Ward from center and give that position to Clark. He will undoubtedly make good. Besides being a fine fielder, Dad knows how to wallop out two and three baggers, and he is a dangerous man at bat at critical stages.

The fans should get a pretty good fill of baseball this week, because after the series Salt Lake goes to Boise, Spokane and Butte for a week in each place. The team will be gone three weeks, and will open here again with Boise.

WHAT CAUSES DANDRUFF.

Greatest European Authority on Skin Diseases, Says It's a Germ.

The old idea that dandruff is scales of skin thrown off, through a feverish condition of the scalp is exploded. Prof. Unna, Hamburg, Germany, European authority on skin diseases, says dandruff is a germ disease. The germ burrows under the scalp, throwing up little scales of cuticle, and sapping the vitality of the hair at the root. The only hair preparation that kills dandruff germs is Newbro's Herpicide. "Destroy the cause, you remove the effect." Not only cures dandruff, but stops falling hair and permits a luxuriant growth. Delightful hair dressing. Sold by leading druggists. LAWSON VS KRAMER.

Salt Lake Rider Will Soon be After Frank's Championship Crown.

The New York World says:

Frank Kramer's crown is safe until May 22, and then the patrons of the Vailsburg cycle races may see the champion dethroned, for Iver Lawson's suspension expires on May 18, and he will enter the lists determined to wrest the laureis from Kramer. Last year Lawson led Kramer for a long time in the championship race, yielding only toward the close of the year.

During the winter the clever Swede repeatedly defeated Major Taylor in Australia, and he is now said to be greatly improved and an opponent that Kramer must consider in his fourth consecutive year for the American championship. Lawson was suspended for three months in Australia, and the suspension was carried to this country through the international agreement.

The reported alteration of the suspension to a fine of $25 was not authentic, or at least the authorities of the antipodes did not notify President Batchelder of the N. C. A. of any such action having been taken.

SAUCER BIKE RACES.

Some of the Riders Who Will Compete For Prizes This Summer.

Manager Heagren of the Salt Palace bicycle track has announced the names of some of the riders he has secured to race on the saucer this summer. Heagren says that there will be no trouble between management and riders, as the winners each night will be paid immediately after the races.

Among the riders who have agreed to race here are: N. C. Hopper, Hardy Downing, Orlando Stevens, Fisher, Williams, Frank Hofman, Eddie Smith, J. P. Gunn, Clem Turville and Manager Heagren is making an effort to secure Nat Butler and Charley Turville. The latter are at Atlanta, and have intimated their willingness to come. There will be at least six fast motors on the track this year.

ROSS-UNFRIED MATCH.

Former Says He Will Defeat German Strong Boy Friday Night.

The wrestling match Friday night between Charley Ross, Utah's unbeaten wrestler, and Frank Unfried, known as the "German Strong Boy," is creating no little interest in Salt Lake. Unfried realizes that he is going up against a hard proposition, and he is training carefully every day for the contest. Ross is in excellent shape, and is confident he can beat Unfried. He says he will quit the game for all time to come if he fails to win over the German.

The contest takes place at the Salt Palace theater, and the price of admission will be 50 and 75 cents. There will be three falls, and the winner of two will take the purse of $200 as a side bet, and 75 per cent of the gate receipts. Prof. Frank S. Lewis, who arranged the match, says he looks for a large crowd to witness the contest.

ARTICLES RETURNED.

Sieloff and Billy Gee Now on Their Way To Salt Lake.

Billy Gee, manager for Otto Sieloff, has wired Manager Kelley of the Shamrock club that they were on their way here, and that Sieloff would finish his preparations here for his contest with Jerry McCarthy on the 24th. In addition to the teelgram, the management received the articles of agreement sent to Sieloff to sign. The terms were entirely satisfactory to Gee and Sieloff, and both affixed their signatures to the contract. It is expressly stated in the contract that, in the event of an unsatisfactory contest, the boxers forfeit not less than $100 each, and if either party "fake," they forfeit the amount and also all claim to box office receipts.

A FEW SPORTING NOTES.

In today's ball game, Loucks will pitch for Spokane, and Essick for Salt Lake.

A number of interesting preliminaries are announced for the wrestling match Friday night between Ross and Unfried.

At Butte tomorrow night, Louie Long and Aurelio Herrera will meet in their second twenty-round engagement. Both are said to be in great shape, and each declares that the other is the easiest man in the world to whip.

By a score of 13 to 6, the Grocers ball team defeated the Troy Laundry nine. The teams lined up as follows:

Grocers.		Troy Laundry.

Cameron	3b	Drew
Duncan	S.S.	Dunn

Walt Naylor	C. F.	Wilson
Lige Norris	R. F.	Gallifant

Manager, J. D. Mansfield of the Grocers announces a game with A. H. C. team for next Sunday forenoon.

Final arrangements for the much-talked-of match between Charlie Neary and Benny Yanger have been completed and the boys will meet at the Panorama building under the auspices of the Badger Athletic club May 20, and not May 13, as first stated. The terms of the match are that Neary shall weigh in at 130 pounds at 6 o'clock on the day of the contest. The purse is the biggest ever offered for two little fellows in this city or any other city in the west outside of the McGovern match at Tattersall's, Chicago, some years ago. The bout takes place in Milwaukee.

The best baseball news to reach us in two weeks is the dispatch which tells us that Wilmot has secured two new pitchers, Quick and Drinkwater. When Quick is himself there is no better slab artist in the northwest. He was dissatisfied with the management of the Mormon team and jumped at the opportunity to join the Miners. This is Quick's second season in the Pacific National league, and towards the end of last season he finished with the New York Americans. Drinkwater was with Spokane a couple of years back, and last season was with the Los Angeles club in the coast league. Of the two pitchers, Quick has the better batting average.—Butte Evening News.

The German "Strong Boy."

The above is a picture of Frank Unfried, the "German Strong Boy," who will wrestle Charley Ross, the local champion and favorite, at the Salt Palace theater on Friday evening next. The match is for a purse and side bet of $200.

End of Bitter Fight.

"Two physicians had a long and stubborn fight with an abcess on my right lung," writes J. F. Hughes of Du Pont, Ga., "and gave me up. Everybody thought my time had come. As a last resort I tried Dr. King's New Discovery for Consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely regained my health." Amusements

Prof. Pederson and his Utah State band have achieved marvels in bringing their organization up to its present degree of excellence, but they are now finding out that they have only accomplished half their battle. The biggest task of all, to awaken public interest and secure the support, without which no organization however artistic can survive, is still before them. The excellent impression the band scored at the Tabernacle, it was hoped, would fill the house last night on the occasion of its appearance at the Theater, but it was only half an audience that greeted them when the curtain rose. It is to be hoped the band will not be discouraged, but that it will realize that in order to attract the public there must be a big amount of advance subscription work done. Nothing else will attract a house for a concert in Salt Lake, despite our boast of being the musical center of the west.

The program last night was an admirable one, and Mr. Pederson pushed it through with a promptness and decision, very gratifying to the audience. There were seven numbers by the band, and two vocal numbers by Miss Sigrid Pederson. Both of the latter were heartily encored, especially that in which Miss Pederson was accompanied by her brother, Arthur Pederson, on the violin. The young lady, whose best notes are her lowest ones, sings with taste and accuracy. The band was heard to excellent advantage, its best work being the unfinished symphony by Schubert, the waltz movement in the "Faust" number, and several parts of the National Fantasia. Everything, however, bespoke rigid training and careful execution. The date of the band's next appearance is as yet unannounced.

The Orpheus club, assisted by the Chaminade trio of Denver, appears at the Salt Lake Theater Thursday night.

The final week of the Ellefords in Salt Lake, opened auspiciously at the Grand last night in the stirring comedy-drama, "Shenandoah." The appearance of a company of National guardsmen added materially to the military realism of the occasion, though the effectiveness of the big battle scene would be increased if some of the youthful veterans recently from the Carbon county campaign did not fire so deliberately at the stars. To see American soldiers shooting straight into the upper deep instead of in the direction of the enemy that was crowding them from position to position, is somewhat incongruous if not amusing. However, the boys did very well, and aside from their aimless firing, their orders were executed with soldierly precision. The story of the play is a familiar one to Salt Lakers, as the production has been seen here many times. Nevertheless, it was as thoroughly appreciated last evening, as though it were a premiere performance, and southern sympathizers and northern loyalists throughout the audience were equally interested and pleased, for "Shenandoah" wounds no one and stings not. Mr. Corrigan had the part of Gen. Buckthorn and Mr. Boardman the role of Col. Ellingham, while the spy and villain was capably done by Mr. Wyman. Miss Elliott was cast as Gertrude Ellingham and did excellently. Nina Maitland was Mrs. Haverill, Myrtle Selwyn, Jenny Buckthorn, and Miss Ida Due, a Salt Lake girl, was Madeline West, and right well did she acquit herself.

"Shenandoah" runs for the remainder of the week. Tomorrow night the boxes will be occupied by the officers from Fort Douglas and Friday night it is expected will witness a large attendance of the National Guard.

APPRECIATE GOOD MUSIC.

The public of Salt Lake have shown that they do appreciate Band Music by the patronage at the Sunday concerts given by Held's Big Band. Crowded houses on every occasion for six months is a record for any band to be proud of. Next Sunday the Band will present Miss Mulvey, Mandolin soloist, also Prof. Schettler's club comprised of six young ladies, in attractive numbers, led by Prof. Schettler, celebrated guitarist. A. S. ARE JEALOUS OF THE HAM SHOW.

Local Literary Lights Take Umbrage at Anything Bordering On Burlesque.

FREDERICK WARDE'S ADVICE.

Wants Hamlet Played Seriously—City Council Waxes Facetious and Assails Individual Characters.

Jealous Thespians, members of the Amalgamated Brotherhood of Allied Anvil Smiters, are bringing pressure to bear upon individual members of the Ham Show to eliminate the star features of the big production, which will be staged at the Salt Lake theater on Monday and Tuesday nights. Persons who shall be nameless insist that Hamlet shall be played seriously. They may dismiss their fears; it is a most serious affair from the time that the curtain rises—for the actors. Passing up the scurrulous sentiments expressed by that heavyweight comedian from the Fifth precinct before the city council last night, the wives of the prospective elevators of the stage are telling strange stories regarding star chamber sessions of the members of the Ladies' Literary club who, so says rumor, are preparing a vigorous protest against anything bordering on a burlesque of the great tragedy. The Shakespeare section of the Ladies' club meets tomorrow, when it is expected that action will be taken.

Frederick Warde, the Shakespearean actor, who is an honorary member of the Press Club of Salt Lake, writing from Pensacola, Fla., under date of May 5, sends an open letter to the club, which has been duly posted on the bulletin board.

It reads as follows:

My Dear Brothers—I have just learned through the Associated Press dispatches that you contemplate an early production, in burlesque, of the immortal bard's great tragedy, "Hamlet."

Bear with me a moment. Take my advice—do not burlesque this great masterpiece of stage literature. Play it seriously. Your aim will be doubly accomplished.

Regards to Fisher Harris, the dramatic critics and your press agent.

FREDERICK WARDE.

The local Press boys will do anything for Mr. Warde in reason, but in this they feel that they have been misunderstood. The committee in charge of the affair asserts that the new version of "Hamlet" is a distinctive improvement on the old one. The expurgated version to be presented simplifies the plot of the otherwise intricate tragedy and one need not be a professor of English to thoroughly enjoy the beauty of the revised lines.

In the face of much opposition the caste is happy. Indications point to crowded houses, several charming young society belles have volunteered to hand out programs and opera glasses, box parties are being organized, while family parties have been made up for the second circle, "just for the fun of the thing." The bidding for the boxes, stalls and lodges which starts at 11 a. m. tomorrow promises to be a spirited affair. The sale of seats in the other parts of the house opens on Friday morning.

COUNCILMEN GET FUNNY.

The petition of the Press club of Salt Lake City to the city council "asking for several things," which was published in full in last evening's "News," was granted after the most strenuous efforts on the part of the friends of the club, who, by their eloquence, overcame most of the objections to the petition and secured its passage, reserving, however, a number of restrictions.

The petition caused some very heated arguments during which the members of that organization which will present Hamlet (more commonly known as the "Ham Show") at the Salt Lake theater on next Monday and Tuesday, May 16 and 17, were referred to as a "lawless gang of hoboes, cut-throats, horse-thieves and disreputable citizens." The use of such language in referring to the gifted Thespians who will take part in the show was hotly resented by some members of the council and a riot was narrowly averted.

The petition asked that the party who impersonates Sherlock Holmes be permitted to smoke on the stage of the theater; that the show be permitted to parade the streets of the city; that a special platoon of policemen be detailed to protect the city treasurer and city recorder, who play leading roles in the show, and that the city recorder be given a night off next Monday night. The petition was granted with the restrictions that each of the councilmen be furnished with 100 free tickets, a total of 1,500; that the name of the show be changed to the "Ham and Bacon show" and that 100 special policemen be employed at $2.50 per day each to protect the two city officials in the cast, the expense of the same to be borne by those two officials.

After the petition was read Barnes moved that it be granted provided the councilmen were each furnished with 100 free tickets. Newhausen said that, inasmuch as a number of Shakespeare's plays had been credited to Lord Bacon, he thought the name should be changed to the "Ham and Bacon show." With that change he would favor the petition.

Fernstrom was suspecious that it is neither a "ham" or "bacon" show but that it would prove to be a leg show. If it is a leg show he said he could see the reason why they want police protection. Hartenstein objected to it being called a leg show for the reason that two of the city officials are in it and neither ever laid claims to having legs that would stand the glare of the footlights.

Black was bitterly opposed to the petition for the reason that he was informed that the aggregation consisted of a lawless gang of hoboes, cut-throats horse thieves and disreputable citizens that are not wanted in the city. A. J. Davis said that the only reputable citizens in the whole thing were the city treasurer and city recorder. He favored the petition provided 100 special police be employed at $2.50 per day each for the two days the show is in town, the expense of which is to be borne by the two city officials in the show. Hartenstein had the last word and moved that the petition be granted and that the council attend the performance in a body. President Hewlett brought matters to a close by declaring that the petition would be granted with all the restrictions mentioned by the councilmen, and it was so ordered.

25 MEN GUARD WENTZ'S BODY.

It Lies in Mountains Near Kelley View Just Where it Was Found.

IT HAS NOT BEEN DISTURBED.

Place Where it is Has Recently Been Burned Over and His Hair Is Scorched.

Bristol, Va., May 9.—The body of E. L. Wentz, discovered in the mountains near Kelley View, Wise county, Virginia, Sunday afternoon, by a miner employed at Blackwood, Va., while hunting a lost cow, lies tonight identically as it was first seen, and around is stands a guard of 25 men, under the command of the superintendent of the Osaka plant of the Virginia Coal & Iron company. The body has not been disturbed in any way and will not be until tomorrow, when D. B. Wentz and J. L. Wentz, brothers of the dead man, arrive on the scene. They are en route tonight in a special train from Philadelphia. No inquest has been held.

As to the amount of the reward, it is generally believed that the man who discovered the body will receive $5,000. However, no one has as yet spoken with authority on this subject. This amount was offered by the Virginia Iron & Coal company as a substitute for a similar amount at first offered by the Wentz family. As no examination of the body has been made, little so far has been learned as to the cause of death. All seem to agree that he was shot, but whether it was suicide or murder is the question. Two of his front teeth are gone, presumably shot out, and holes thought to be bullet holes are found through the coat and vest just below the ribs on the left side.

The place in which the body lies has been recently burned off by forest fires, and the dead man's hair and clothing are scorched. The body is lying about 30 feet from the mountain path and is now easily seen for 100 feet. Last fall, when the searching party was out, the spot was hidden by underbushes and leaves. The color of the clothing is so much like that of the log on which the head rests that the searchers failed to find Wentz last fall, although they passed within 20 feet of him. Numbers of men have passed near the spot recently without discovering the body, though from all appearances it has lain there all the time.

Skilled Workmen Strike.

Niagara Falls, N. Y., May 10.—A strike affecting between 300 and 400 skilled men in the employment of the Canadian power works contractors has been inaugurated at the works of the Ontario Power company and the Canadian Niagara Power company on the Canadian side of the river. The strike practically ties up the contract work on the two plants inasmuch as the men out are the hoist engineers, the channel drillers and the tripod drillers. Some weeks ago they presented a request to their employers that they be given $3 a day instead of $2.50. Their requests were not granted and the strike was called.
