GILBERTS LAUNDRY, CAUTION! Soap is the cheapest, as it takes less.

When the Lips of Beauty are parted in a smile, they disclose a row of pearls rivaling in purity those which the diver brings up from the bottom of the Persian Sea. What will best preserve these gems of the mouth? SOZODONT, the celebrated beautifier and preservative of the teeth.

A Feature of Importance: The superiority of WHITE'S FRANKLIN FLOWER for diseases of the Stomach, Liver and Blood consists in its soothing harmonizing with the gastric juices, strengthening and enabling it at once to dissolve the food. If the gastric juice is weak the food ferments, giving rise to our stomach, sick headache, burning in the pit of the stomach, the patient also suffering from insufficient nutrition. It aids the Liver, over which it has a specific power, in filtering impurities from the blood. Its action on the kidneys is likewise salutary, increasing the secretions. As a blood purifier, by enriching the chyle, it is without a peer, curing some of the most obstinate and long-standing cases on record. It is pronounced by one and all The Great Blood and Liver Purifier. Price 25 cts. and 75 cts.

For sale, wholesale and retail, by the Z. C. M. I. Drug Department and Moore Allen & Co., Salt Lake City. d230 w23

WHY SUFFER TO THE DISCOMFORT and humiliation entailed by a local disease, of the skin, when GLENN'S SULPHUR SOAP will rid you of it with certainty and dispatch? It is a remedy which never fails to relieve itching, discharges, and as a means of banishing disease of the complexion, it is equally reliable. The benefits arising from the use of Sulphur Baths, in cases of skin disease, and of rheumatism, and gout, are well known; but the cost is too heavy to be incurred by many persons who would otherwise take advantage of them. GLENN'S SULPHUR SOAP answers the same purpose, and is both inexpensive and convenient. No one need sit abroad in search of a sulphur bath who has this admirable means of providing one in doors. It is incomparably the best deodorizer and cleanser of clothing and bed linen in use, and prevents disease of an obnoxious nature caused by contact. Sore, ulcers, boils, scalds, cuts and sores are promptly remedied by it; with its healthy, healing, and soothing properties constitute it a far more desirable remedy for scrofulous ailments than treatments of any description, since such greasy compounds soil the clothing, often aggravate, and very rarely indeed do any permanent good. Sold by all druggists.

City Council.—Meeting of the City Council, Tuesday evening, August 27th, 1896, Alderman A. H. Raleigh, presiding. The committee to whom was referred the petition of Edward Snellgrove, asking the privilege of continuing improvements commenced on a building not exactly fireproof, recommended that he be granted the privilege under certain restrictions, which will make the building as near fireproof as possible. The committee to consult with the city attorney and ascertain if the recommendations contained in the report would infringe on any of the provisions of the ordinance in relation to fire limits.

The committee to whom was referred the petition of Mr. A. H. Benson, applying for the privilege of taking water from the 15th Ward water ditch, through pipes, to his residence, recommended that, as it appeared to be the intention of the petitioner to use the water for irrigation purposes, the privilege be not granted, only so far as it is customary to grant the use of water for culinary purposes, and that the privilege be extended during the pleasure of the Council. Report adopted.

On motion the watermaster was instructed to ascertain what persons were exceeding their privileges by using water for irrigation purposes when their grants only allow them to use it for household purposes.

The matter of repairing and making passable the street along which the Utah Western Railway track runs was brought up. The marshal was instructed to request the manager of the Utah Western to make the street complained of as good as before the building of the road was commenced.

A petition was received from 30 citizens setting forth that they reside on Fourth West Street, between South Temple and First South Streets, on which is an engine house and switches, belonging to the Utah Western Railway, which are complained of as a nuisance. The petition also sets forth that some years ago, a removal of the engine house was requested, which received favorable notice from the council, but the instructions of the council have never been carried out.

The present petition asks that the previous order of the council be now executed, as the engine house and switches still remain. The petition was referred to a special committee of three.

A communication was received from the city sexton, asking that the council order the publication on postal cards of the death rate of the city, monthly, that he might be enabled to communicate with medical persons in other cities, who desired him to do so. Referred to the committee on cemetery.

An appropriation of \$2,000 for a contingent fund for the artesian well, was made.

An appropriation of \$500 was made to the mayor's contingent fund; also an appropriation of \$300 to pay interest on borrowed money.

A communication was received from A. H. Raleigh, late inspector of public buildings, setting forth the duties he had performed, covering a period of some 13 months, for which he had received no compensation, and asking an appropriation of \$150 to pay him for his labors. The petition was referred to committee on claims.

That portion of the report of the joint committee on streets and alleys and city prison which related to the matter of prisoners' meals, was referred to a special committee of five, with a view to receiving propositions thereon and regulating the price of the same.

It was proposed that the sense of the Council be that no member of the body, officer of the city or employee thereof, be permitted to receive compensation from the public works at the public expense. The subject was referred to the committee on streets and alleys, with instructions to report at the next sitting of the Council.

Council adjourned till 7 o'clock next Tuesday evening.

Primary Mutual Improvement.—By courtesy of Mrs. E. B. Wells, we have been permitted to read a letter from Mrs. Aurelia Rogers, of Farmington, one of the inaugurators of the primary movement, containing an account of the actions taken, so far, in its establishment in that place. On Sunday, August 10th, Bishop Hens had ordained and set apart three ladies, to preside over the association in Farmington. These were Aurelia Rogers, president; Lucian Haight and Helen M. Miller, counselors. Nearly every house in the ward had been visited by the officers and the names of 115 boys and 160 girls between the ages of 5 and 14 years, registered as eligible members. The people generally had entered into the spirit of the movement, with an interest that predicted its success. The first meeting was held on Sunday, the 10th inst., at which time classes were organized, the boys taking precedence according to their ages, to the eldest at the head of the class, to act as monitor, and the girls similarly arranged in separate classes. The children were instructed regarding the meaning of improvement and the purposes for which they had been called together, after which the meeting adjourned until Saturday, September 12th. It is the intention to hold the meetings weekly.

This is a movement, which, if successfully carried out, will be of incalculable benefit, and redound to the honor and credit of all who engage in it. The primary school is one of the most important responsibilities devolving upon the fathers and mothers of this people, and He who said, "suffer little children to come unto me," will bless and reward every effort put forth for the accomplishment of his divine behest.

Primary School Excursion.—The combined Sunday School of the 20th and 21st Wards, with their numerous friends, are going to spend next Monday, at Lake Side. The gentlemen having the excursion in charge are John E. Squires, William Salmon, Charles French, and Hyrum Barton, from the 20th Ward, and William D. Owen, John H. Barrows, George Dent, and Thomas Goodman, from the 21st Ward. The fact that such a committee of arrangements has been selected is a guarantee that all who participate will have a delightful time. Fare for the excursion, adults 50 cents; children under 12, 25 cents.

That Railing.—The foot-bridge over the aqueduct, at the southeast corner of the Temple Block, has been repaired. A good substantial railing has been placed along the walk, so that the danger of an accident is no longer imminent.

**NOTICE.**

Z. C. M. I. will be closed tomorrow, Thursday, August 29th, for stocktaking. The patrons of the Institution will therefore please govern themselves accordingly.

Accident.—This morning a boy working for Mr. Petersen, the butcher, was thrown from a horse in front of the meat market, when the horse kicked him over the left eye, inflicting a severe wound. Dr. Hamilton is attending on the injured boy.

Keep the Good Work Going.—A fine class job of grading is being done on Second South Street, just west of the White House corner. The street superior appears to be alive to the necessity of spreading gravel now, so that when the inevitable mud comes a vehicle can find bottom.

Firemen's Excursion.—The firemen's party of excursionists will leave Salt Lake for Ogden tomorrow morning at 8 o'clock. All persons having tickets should not forget the time of departure, and everybody who have not yet purchased tickets, but have two or three days to spend in enjoyment, should prepare to accompany the party.

An Octogenarian's Walk.—The Beaver Square Dealer says that Father Moses Harris, residing at Leeds, Washington County, Utah, and who is 88 years and 1 month old, walked, on the 19th inst., from Washington to Leeds, a distance of 14 miles, in a little over six hours. The old gentleman says he rested only a few minutes on the way, and did not appear the least exhausted, though the day was very warm. At 6 p.m., the Square Dealer's correspondent found Mr. Harris sitting on his porch, reading the newspaper. He is perhaps the best preserved man in Utah, of his age, and he attributes his condition to his strict habits of temperance.

Suicide.—In South Cottonwood, Salt Lake County, at 6 o'clock this morning, Richard Litton, a young man about 27 years of age, committed suicide by hanging himself to a tree. Deceased was an exemplary young man, and bore a good reputation among his friends. He took his own life while in a state of insanity, caused by a long and severe illness. His body was discovered by his startled mother. A coroner's jury was called and a verdict rendered as follows:

"An inquisition holden at the house of Frances Litton, in South Cottonwood, precinct, Salt Lake County, on the 24th day of August, 1896, before Silas Richards, Justice of the Peace of Union Precinct in said county, upon the body of Richard Litton, there lying dead, by the jurors who were hereunto subscribed, the said jurors on their oaths do say, that the deceased came to his death by committing suicide, by hanging himself to a tree with a rope while laboring under a fit of insanity."

**DIED.**

In Corvallis District, Cache County, at 4 p.m., Tuesday, August 26th, from the effects of severe illness received, both internal and external, by the fall and rolling of a horse, WILLIAM FREDERICK, son of Mark and the late Ellen Conah Price.

Deceased was born at Knappa, Cassia County, Idaho, March 2nd, 1870. He was a member of the Young Men's Association, please copy.

**OBITUARY.**

At Alpine City, Utah County, Utah Territory, on Saturday morning, August 21, 1896, of heart disease, MARY D. A. wife of Bishop Thomas J. Hays, of Alpine, aged 72 years and 10 months.

Sister McCullough had been more or less afflicted for five or six years past, a portion of that time suffering intensely and for the last few months her sufferings have increased until it has been almost impossible for her to bear it, although every attention and care that could be given by both family and friends for her relief.

The funeral services were held at Alpine meeting-house on Sunday, when very excellent remarks were made by Bishop L. B. Harrington of American Fork, Elder W. H. Sney of Springville, and W. J. Strong of Alpine. The singing of the combined choir of American Fork and Alpine, was both beautiful and appropriate. The services, in memory of Alfred, as well as many from Alpine and the neighboring settlements showed their great respect for the deceased and bore witness by their presence and expressions of sympathy. The services were concluded at the cemetery by a delightful prayer by Father Rebekah O'Brien of Spanish Fork. The sympathy for Sister McCullough and her family is shared by all who know her.
