"TINNED" FOODS.

Great Increase in Their Consumption At Home and Abroad.

Washington, Nov. 15.-The increasing use of "tinned" food at home and abroad is made the subject of comment by the bureau of statistics of the department of bureau of statistics of the department of commerce and labor, based on the total exports for the fiscal year 1906, just end-ed. In that year the United States ex-ported over \$18,000,000 worth of canned foods, which is an increase of 60 per cent over the exports of 1896. More than a third of this trade was in canned beef; a sixth of the total, was canned submon, an eighth fruit. The other items included canned milk, port, vegetables and caviar. The increasing demand is noticeable in the tropics and in the orient, although the United Kingdom is still by far the larg-eat customer in all canned articles. In addition to the totals given, Hawait, Porto Rico and Alaska, together bought 1,250,000 worth of canned goods from the United States.

TERRIFIC STORM IS RAGING IN IDAHO.

General Manager Cutler of the Western Idaho Sugar company received a dispatch from the factory at Nampa this morning stating that the severest wind storm in the history of that section of Idaho visited Nampa at 9 o'clock this morning. From all accounts it must have been just such a twister as Salt Lake and Ogden experienced a few weeks ago. The dispatch stated that the storm reached its heighth at 10 o'clock, after which its fury seemed to be spent. Both ends of the sugar warehouse were blown in and a part of the roof went off. Threemen were slightly hurt, but their names were not forwarded. The main factory was not damaged, and none of the

sugar in the warehouse was hurt. The Associated Press was unable to reach any part of southern Idaho up to the time the "News" went to press, but Mr. Cutler was informed by telephone that at 1 o'clock the storm was raging in the Snake River valley, though with what effect was not stated.
