Then comes another pre-cession of the people with animals, &c., some climbing the mountains, and great plains, with the wild an-imals viewing them with wonder; by the position of the setting sun World Exhibition. 1876. "C. J. Johnson, superintendent of the Read and Benson mine, just down from Alta, says the Alta folks were all right at 9.30 this morning, on the waters they are traveling eastward. Next comes a large river with trees on each side. Here, for the first time, we see houses and mounds, some of them round and CABINET some of them with square base, and some of them with square base, and in form of pyramid; cattle and sheep are feeding on the plain, and this means settlement. Now comes another battle, but no chariots; they seem to be fighting a large and dark race of men, who have ORCANS Our Country Contemporaries assigned the Beaver Enterprise, March 6-The County Court is in session and has decided to have a Court House and jail, which are good feathers in their heads and down the back, and are armed mostly with spears, and nearly naked. The next is another procession, traveling toward the setting sun, and they are followed by the feaththings to have. vened yesterday morning. A num-ber of motions were heard and the grand jury partly impanelled. ered warriors. There were several other pictures I could not explain. That these people are the degener-ate descendants of a once powerful race, who once occupied the conti-nent, cannot be denied. REQUISITES SEVERAL Of such Instruments! Indian Territory.
Meshal Sara, chief of the Ponca tribe of Indians in Dakota Territory they have beel are and interpret these pictures, they are a history of this peculiar people, and the meaning is quite plain. There is some written language connected with the pictures that is connected with the pictures at the OENTEN- NIAL EXCHEDING Soft and are the ONLY INSTRUMENTS OF THIS GENERAL CLASS AWARDED THIS more than the first own country — probably and left for their home in Dakotah in the afternoon, as we learn from the Council Bluffs, Sunday morning, and left for their home in Dakotah in the afternoon, as we learn from the Council Bluffs are the in their own country — probably Eastern Asia—and they were defeated and driven out, and the first of recognition; so thus it will be reasen of is their families and their flexing with they have been down into the inter and it for their families and their flexing with they have been down into the government proposes to settle severate they travel through some part of India or Arabia, where the full they have excelled at the more clyillzed The MALON & HAMLIN ORGAN CO Indian Territory. destroyed by observing the follow-ing rules, which all fruit growers bands of Indians. Meshal Sara part of India or Arabla, where the turbaned people are, and the leading men are treating for a pas-sage through the country. The next people are the Chinese, with whom they treat for land or ships, whot the whips leave the coast of says he don't like the country-it is too stony, and game is too scarce; whom they treat for land or ships, and the ships leave the coast of China, and take a course northeast, that will bring them into the cold northwest, and they sail southward to a warm climate, and the land is on (Signed by all the Judges.) the Pacific, where they leave their ships. They then travel in procession as before, over the mountains and plains, and come to some of our large Western rivers, where they

MOUND-BUILDERS.

I see by copies of your paper that much interest is manifested in regard to the prehistoric people of this continent, known as the Mound-Builders. After spending several years on the frontier of Colorado, New Mexico, and Arizona, in search of precious metals, I have Elder David McKenzie in the my travels relating to the peculiar again through the day. Last Feb-ruary was the mildest we have vening. evening. Elder George Teasdale in the 7th Ward in the evening. Elder Joseph F. Simmons in the Set in this valley since we began to live in it. We only had about two cloudy days in the month. Our dramatic association gave us a good entertainment on the 2nd of this month, playing the "Serious Family" and "Sketches in India." Though it was raining all day, there was a very good house. We are having lectures once a tally unlike either the Indians or Mexicans. They have feast days, and worship the Sun, but not s deity, but as the central power of a deity for distribution of divine fourse, in the afternoon. A Pleasant Country. - Elder Joseph McRae, son of Bishop Mc-Rae, of this City, with the D. W. Jones missionary party, writes to
A present for the country of the

period, all of which is very strange and wonderful, and I take pleasure in giving to the public, as near as I can, a description of the figures and some signs made by a principal chief among them, but the pictures speak rather plain. five feet, the walls of which had The first picture represents the fallen excepting about three feet people armed with bow and arrow
