

LOCAL AND OTHER MATTERS.

THEATRICAL.—There was a moderate house last night to witness the new play "A Bird in the Hand Worth Two in the Bush." The performance went off very well. Messrs. McKenzie, Graham, Thorne, Mackintosh and Mesdames Kikadden and Romney seemed to play with more than their usual zest. The play will bear many repetitions. It will be again played on Saturday night when the performance will conclude with the laughable farce "Did you ever send your wife to Lake Side."

EMIGRATION.—Elder Wm. C. Staines, who has been acting as Agent for the Church in the emigration business the past season, has been again appointed to repair to New York to look after those interests and to meet a company which will start from England in about two or three weeks. Parties who wish to correspond with him upon this subject, or who wish him to attend to business connected with emigration, will do well to send their letters or make their arrangements with him before the first of November, as he intends to take his departure for the East about that date. His post office address at New York City will be Post Office Box 3957. He does not expect to remain in New York more than two weeks.

NEARLY A FIRE.—The Ogden Junction, of the 19th, says that there was an alarm of fire at the C. P. R. freight warehouse. The flames, however, were extinguished before much damage had been done.

IN TOWN.—Mr. Charles R. Thatcher, a vocalist of some celebrity, is in town, en route from Australia and New Zealand to his old home in England, from which he has been absent eighteen years. He was originally from Brighton and is a townsman and old acquaintance of our fellow-citizens John and Henry Malben and Charles Colebrook. Mr. Thatcher writes his own songs upon local subjects, and adapts them to popular airs; he has written some five thousand songs of this kind; and that they are popular is apparent from the fact that since going to Australia he has never had the least difficulty in securing audiences, and has not been under the necessity of going elsewhere for patronage.

REDUCTIONS.—The Deseret Telegraph Company have made a reduction in the rates of transmitting messages between here and Ogden.

SUGAR.—Laird, the plantation on the Sandwich Islands, is likely now to supply, if not all, at least a large portion of the sugar that is needed for the use of the people of this Territory. We understand that a considerable quantity of the new crop has just been received here by Bro. George Nebeker, which he offers for sale at very low rates, and he expects to receive hereafter monthly shipments in such quantities as to supply the demand. This sugar, for very many purposes, is all that can be desired, and at the rate at which it is sold, there need be no lack of sweetening in any family. It is with more than ordinary pleasure that we record the fact that Laird produces an article of this kind that we can consume here. For some time after that plantation passed into the hands of our people, its success in the market was exceedingly problematical. One crop and another had failed until it almost seemed that nothing could be raised upon it that would pay for cultivation. But the planting of sugar-cane changed all this. It was the crop for which the soil was adapted, for which a tolerably profitable market could be obtained. So Laird has now become a sugar plantation, and the native Saints can obtain employment there.

NEW SUPERINTENDENT.—General T. E. Sickles, the new Superintendent of the Union Pacific Railroad, enters upon the performance of his duties this morning. Mr. Sickles was in the office a short time yesterday, and was warmly congratulated by Mr. Mead and his associates. Mr. Hammond performed his last official act last evening. He leaves for Chicago this afternoon. —Omaha Herald, Oct. 13.

WESTERN UNION TEL. CO.—A considerable reduction has lately been made in the tariff of this Company for sending dispatches to places west of this city. The prices of single messages to the principal towns and cities are as follows: Corinne 25 cents, Elko 25 cents, Marysville 75 cents, Ogden 75 cents, Reno 75 cents, San Francisco 75 cents, Sacramento 75 cents, Toano 50 cents, Virginia City, Nev., 50 cents and to all other places west from here, proportionately low. The office in this city is in direct communication with the San Francisco, Sacramento and the other principal western offices.

TEACHERS' ASSOCIATION.—A meeting of teachers was held Tuesday evening in the University for the purpose of forming themselves into an association.

The meeting was organized by electing J. R. Park, President, and M. H. Hardy, Secretary.

The objects of the Association were stated to be the cultivating a better acquaintance among teachers, that they might act more in union and harmony; to consider the feasibility of establishing a system of uniformly graded schools throughout the city, the discussion of general school questions, and principles and the practical illustration of the various methods of instruction.

The association will meet in the University regularly on Tuesday evening of each week at 7 o'clock p. m.

THOMAS DERRIDEN.—In answer to an enquiry for this person in the News of Tuesday last, we are informed, by a lady resident of the Twentieth Ward, that he resides at Springville, Utah County.

NOT INTENTIONAL.—Charles Moore, Esq., called this morning and reminded us that we had omitted to mention his name in connection with the musical exercises at the late Conference. The omission was entirely unintentional, and we hasten to state that if Charles had not performed his part well the other performer at the organ would have been placed in a very awkward predicament. "It is an ill wind that blows nobody good," is an old and true saying. The wind supplied by Charles accomplished wonders in the way of producing good music.

FIRE EXTINGUISHER.—We have received a pamphlet record of the Babcock Fire Extinguisher, published by the Northwestern Fire Extinguisher Company, of Chicago. It contains many illustrations of the efficacy of the new little portable engine of the above title. It is not so noted as a means of extinguishing large conflagrations as checking them in their incipency.

INFORMATION WANTED.—Frederick Palmer, late of Hedingly, Nottinghamshire, England, would be glad to hear of the whereabouts of his brother John Palmer. Address Helena, Montana.

MR. JOHN N. NEELS, of the firm of Benedict, Hall & Co., the famous Boot and Shoe Manufacturers and Dealers of New York, whose name and kind offices are so familiar to, and so well known by, all our business men who have visited New York, is in town, having just arrived accompanied by Mrs. Neels. Being the dull season in New York, Mr. Neels has taken the opportunity of visiting the Territory, and thinks of remaining here a week or ten days. We trust his stay will be pleasant to himself and lady, and that the cold from which he is suffering will disappear under the influence of our delightful weather.

STEELE.—The Oakland Transcript in alluding to the late Conference held here, gets off, in its issue of the 17th, some very spiteful remarks about Brigham Young and the "Mormons." One of two things is evident, the editor's education in good manners has been sadly neglected or he is laboring under a fit of bilious colic or some other disorder, so that everything appears to him yellow and green. We would advise him to take an emetic and cleanse his stomach and a little soothing syrup to calm his nerves before he again takes up any subject connected with "Mormonism." The most ludicrous part of the article alluded to is a miserable effort to be funny in an attempt to get off some stale puns on President Young's name. We presume the writer must have borrowed the puns for the occasion as we have seen them several times before they got into the Transcript. It is very evident that satire never designed the Transcript man for a wit.

THE EQUITABLE

Life Assurance Society,

OF THE UNITED STATES.

ASSETS, - - - \$12,000,000.00.

The Leading Insurance Company of the World.

IN 1869 the EQUITABLE was the 9th Company in new business for the year; in 1861, it was the 8th; in 1862 and 1863, the 7th; in 1864 and 1865, the 6th; in 1866, the 4th; in 1867, the 3d; in 1868, the 2d, and

The volume of new business for the past year exceeded that of the 24 Company (Mutual Life, of New York), by over Thirteen Million Dollars and was greater in amount than that of any other Company in the world.

Sum Assured, New Business, 1869:

\$51,021,141.00.

The distinctive features of the EQUITABLE and its successful manner of doing business, which have rendered it the choice of all thinking business men, will be fully explained to any who contemplate insuring either by endorsement for the benefit of themselves, or in Life Policies for the assured independence of their families, by

CHARLES S. HAMMER, Agent,

SALT LAKE CITY.

THE FOLLOWING STATEMENT made by the FIRST purchasers of FLORENCE SEWING MACHINE, on the Pacific Coast, including ALL who bought in 1868, whose present residence is known, is conclusive evidence of the great superiority and unrivaled excellence of the FLORENCE, and is the best testimonial ever given in favor of any Sewing Machine.

Statement made May, 1870:

"Our Machines are as well now, and are as good for use as they were when purchased nearly seven years ago, and they HAVE NEVER COST US ANYTHING FOR REPAIRS. We recommend the Florence as being without exception the very best, most reliable and best completed Sewing Machine in use."
