

GUARDS WERE HIGHHANDED.

Strikers and Agitators Address
Letter to Governor Wells Claim-
ing They Are Abused.

INTENSE COLD AT THE FRONT.

General Cannon Moves Headquarters to
Castle Gate Prior to Firing
Of Coke Ovens.

Early morning advices from the various coal camps of the Utah Fuel company are to the effect that all is quiet. The weather, however, is intensely cold, last night being the coldest of the season at Scofield and Clear Creek. Under these circumstances the members of the national guard who two weeks ago were working in steam heated offices and stores are sighing for the comforts of city life.

According to all accounts, the striking coal miners who have had eviction notices served on them, do not seem to lay much stress on the situation, and have no care for the morning. They appear to live for the day only, utterly heedless of what may come.

NATIONAL GUARD AT THE FRONT.

The accompanying photograph shows the quarters of Company B, N. G. U., at Clear Creek. The troops have the use of the cars and the tents. As the tents are furnished with a stove they are more popular than the coaches as dormitories.

Adversity and uncertainty have no terrors for these thoughtless scions of southern Italy. Even the Plums have caught the don't care fever, and the belief prevails in the families of strikers that they will win their point and all return to work shortly.

Gen. Cannon has removed his headquarters to Castle Gate, and the Fuel company will endeavor under the protection of the soldiers to resume coke oven operations. Many coal miners are leaving the camps with their blankets rolled over their backs, taking the pass to the mineral mining camps to look for work.

DEMOLLI PROTESTS.

Governor Wells received this morning the following letter from Scofield:

Scofield, Utah, Dec. 3.

To His Excellency the Governor of Utah:

In the name of justice and humanity I appeal to you for protection and for the just enforcement of the law in Carbon county, free from intimidation and molestation by armed men of the Utah Fuel company. While peacefully going to the justice court in Clear Creek to defend Charles Demolli, with two bonds-men and three witnesses, I was held up by a force of armed men, hired by the Utah Fuel company, and the witnesses and bondsmen with me were forced back at the point of rifles and prevented from attending at the court. These armed men also followed me into the court room and surrounded me and the court while there. American citizens are stopped on the public highway and insulted by those armed men while quietly and peaceably pursuing their duties. Law and right are trampled to earth.

(Signed) A. B. EDLER, Attorney for the United Mine Workers of America.

We join Mr. Edler in making the above appeal.

(Signed) CHARLES DEMOLLI, WILLIAM PRICE, AND 150 OTHERS.

Advices received from Scofield this morning are to the effect that Mr. Edler and witnesses in behalf of Demolli were held up at Clear Creek, and prevented by the company's guards from alighting. The witnesses were forced back into the cars, and notwithstanding Mr. Edler's protests, and it is claimed he was later assaulted and interfered with in his efforts to secure change of venue. County Attorney Frye said subsequently that he would prosecute the officers, if the charge against them was true. Sheriff Wilcox said the Italian witnesses had been drinking heavily on the road and driven back into the cars on

MRS. MARY GREGOVITCH.

Of Philipsburg, Montana, Tells How She Was Cured of Dandruff.

Mrs. Mary Gregovich, of Philipsburg, Montana, under date of Nov. 28, 1899, writes: "I had typhoid fever this summer, consequently was losing my hair terribly, and my head in places was perfectly bald. Newbro's Herpicide had just come into use in Philipsburg, and the doctor strongly recommended it to me. After 3 or 4 applications my hair stopped falling out, and is coming in again thick. I used to be troubled greatly with dandruff, of which I am now quite cured." Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. For sale by Z. C. M. I. Drug Dept.

account of their being drunk and disorderly. Demolli was released on \$100 bond, and his case is being heard today.

NORTH SHORE R. R. GOES TO SANTA FE

Read Wanted as a Connecting
Link for New Line to
Eureka, Cal.

TO PLACE STOCK IN ESCROW.

Brokers Have Already Deposited \$1,200,000 Forfeit Money as a Guarantee Of Good Faith.

San Francisco, Dec. 4.—The Chronicle says that the North Shore railroad, running from Sausalito to Cazadero, is about to pass into the hands of the Santa Fe railroad, the information having been given out semi-officially by President John Martin. It is said that the North Shore shareholders will receive \$100 a share for their stock. The details of the deal so far made public provide for the placing of all outstanding stock in escrow, payment to be made to the depositing stockholders when all of their stock has been delivered. As a guarantee of good faith on the part of the Santa Fe, the brokers who represent that company have, it is said, deposited with the escrow holders, the sum of \$1,200,000, equal to \$20 a share for each of the 60,000 outstanding shares.

The contract for the grading work has been let to Corey Bros. Construction company and will aggregate 140,000 cubic yards of fill. The terminal will be a first-class, modern yard, up to date in every particular, and will be completed with all possible haste. The distance from Ogden to the new terminal via the Lake route will be 120 miles.

It has repeatedly been stated that the rails and ties on the old road would be removed as soon as practicable. Such statements are without the slightest foundation in fact. The old road will remain undisturbed and nothing will be removed.

Cleveland Will Not Foreclose.

New York, Dec. 4.—Former President Cleveland denies the report that he is about to foreclose on a Pennsylvania railroad sixteen miles in length of the defaulting interest payments on bonds which he holds.

The Bradford, Bordell and Klizen railroad, he said, is a narrow gauge road in the oil region. Nearly 10 years ago some of its stock came to me, partly for professional services. I deposited my stock with a committee and five or six years ago the committee sent me \$8,000 worth of bonds which were to pay interest only in case the road proved profitable. Several payments were made but two years ago payment was refused when the coupons were sent, and my bonds were again solicited by a committee which was to act as it thought best in the matter. Since then I have heard nothing from the committee.

COMFORTABLE HOMES

Can Be Built in California Cheaper and Easier than Elsewhere.

There is no part of the world better adapted by all that nature can do for comfortable rural homes than California. It is sometimes said that to live in California one must be wealthy. On the contrary, there is no other place where a family of moderate means can make a living more easily, or where they can enjoy one-half the luxuries that are within their reach in California. It certainly is not wise for a family to land there with nothing ahead. One who has not been thrifty enough to accumulate a little in other places would hardly succeed there. But little capital, however, is required. A small tract of land, ten or twenty acres, is ample; a few acres in vineyard and a few in orchard, both carefully cultivated, in regard to soil, climate, and in from three to five years there is assured an annual income of \$1,500 to \$2,000. The work should, and can, be done all within the family, and this income will therefore be nearly all net. Expensive buildings are not necessary, as the weather is always mild, life in the open air being entirely agreeable for ten months of the year.

During the time the orchard is coming into bearing, enough can be raised between the trees to furnish a family with subsistence, and as there is no fruit crop to harvest, the home place, there is time, as there is always opportunity, for those who choose, to find pleasant and remunerative labor upon trees already in bearing, and this may add materially to the income.

For illustrative literature descriptive of California, address D. R. Gray, G. A. Southern Pacific company, 201 Main street, Salt Lake City, Utah.

MORETON GUILTY.

Jury Finds that He Resisted an Officer as Charged.

The jury which heard the evidence in the case of the State of Utah vs. William Moreton in Judge Morse's court yesterday has returned a verdict of guilty of resisting a public officer, as charged in the information. The maximum penalty for the offense is a fine of \$1,000 or one year in the county jail, or both such fine and imprisonment. Moreton will be sentenced tomorrow morning at 10 o'clock. Moreton resisted arrest at the hands of Deputy Sheriff Sharp, Stevens and Edwards at Calder's park on June 13.

CAN "GO" NOW

Was formerly Robbed of her Energy by Coffee.

The wife of a Virginia clergyman tells her coffee story thus: "One year ago I was a wreck, only able to be up a part of the time and dragging myself around the house. My skin looked like a dead hickory leaf, no appetite, weight 112 pounds, no energy and I suffered most of the time with most dreadful headaches. I was nervous, chills or spasms and could not bear the least excitement.

"At one time my left hand was drawn to my shoulder and for 3 days could not be moved away and I had often laid for 6 and 8 weeks under the care of our best physicians. I had been like this for 4 years and it seemed a cure could not be effected and I could get only temporary relief. My case was pronounced nervousness but that was as far as we could get.

"All this time I had been a slave to coffee, thought I could not live without drinking 3 to 5 cups a day although my husband used to beg me to give it up and give Postum a trial. But I always put him off and said, 'I don't think I'll like it, it will do me no good.'

"He was so persistent I finally decided to try Postum, although I thought the very idea of a coffee coffee made from cereals was absurd.

"At first I did not like it so very well but soon found it was not boiled enough to make it good; after a few days the terrible headaches disappeared and I felt so full of energy I was astonished. I grew to love Postum and have used it continually since then and words can never express the good it has done me.

"I never know what it is to have a headache, have not had a nervous attack for 11 months and my weight 125, my complexion is clear and my friends say I never looked so well. I do not suffer a day's sickness and can do all my housework. Just think that for 6 years I spent more than half my time in bed, never able to keep up more than a few days at a time and all that suffering came from coffee.

"My restored health seems to me almost miraculous but I know there is nothing miraculous about it, just common sense from giving up coffee and giving Postum a fair trial and I don't hesitate to tell my friends all about it.

"I have a baby girl two years old who for the past year has used Postum in her bottle instead of milk. She is a large healthy child and if we give her milk she will hand it back and cry for Postum. My husband also has been greatly benefited by Postum and nowadays we never have coffee in our house but you will always find a tray of Postum in the pantry." Name given by Postum Co., Battle Creek, Mich.

of assistant general passenger agent of the Rio Grande system here.

DIVISION TERMINAL.
New One to be Constructed in Connection With Lucin Cut-off.

The Southern Pacific company will at once begin the construction of a new freight division terminal between Akbar and Montello to be used in connection with the Lucin cut-off, says the Utah State Journal. This terminal will take the place of the old one, which was located where the Lucin cut-off was made, and the road will be virtually wiped off the map.

The contract for the grading work has been let to Corey Bros. Construction company and will aggregate 140,000 cubic yards of fill. The terminal will be a first-class, modern yard, up to date in every particular, and will be completed with all possible haste. The distance from Ogden to the new terminal via the Lake route will be 120 miles.

It has repeatedly been stated that the rails and ties on the old road would be removed as soon as practicable. Such statements are without the slightest foundation in fact. The old road will remain undisturbed and nothing will be removed.

FOR EXPULSION OF SENATOR SMOOT

Union of Women's Clubs, Headquarters in Washington, Formed For That Purpose.

COMMITTEE SEES PRESIDENT.

Dr. McMillan Says They Want Him Expelled Because He is an Apostle And Not Because He is a Mormon.

Washington, Dec. 3.—A union of women's clubs with headquarters in Washington was formed here today to fight for the expulsion of Senator Reed Smoot of Utah from the United States senate. The formation of the union was the result of a conference called by Mrs. Frederick Schoff of Philadelphia, president of the National Congress of Mothers. Half a dozen other national organizations were represented at the meeting. Mrs. Lucia Blunt was elected president of the local union, whose name is to be the Union of Women's clubs. Mrs. Hamlin of Washington, D. C., will act as secretary-treasurer. A call will be sent out to raise \$2,000 for the purpose of employing an attorney to assist in the fight, and a pamphlet will be issued.

A committee from the meeting called on the president. They included Mrs. Schoff, Mrs. Darwin Jones, president of the Inter-Departmental Council of Women, Mrs. Annie Hamilton, vice president of the Women's Home Missionary society of the Presbyterian church, Mrs. Margaret Diehl, national superintendent of legislation of the W. C. T. U., Mrs. Vanovergrift, of Wilmington, Del., Mrs. Clement of Philadelphia, president of the women's club of that city, Mrs. Dubois of Idaho, Mrs. Price of Westchester, Pa., and Mrs. Howard W. Lippincott of Philadelphia.

Following the meeting for the organization of the union there was a conference at the church at which Mrs. J. P. Mumford of Philadelphia, president, during the absence of Mrs. Schoff. Addresses were made by Dr. J. D. McMillan of New York, Dr. Sarah Elliott, Mrs. Darwin E. Jones, Mrs. Margaret Diehl and Mrs. Tunis Hamlin. Dr. McMillan said that Senator Smoot's expulsion was not desired because he was a "Mormon," but because he was an apostle in the "Mormon" church and had taken vows and oaths which conflicted with those of the United States. Mrs. Hamlin said the objection to the retention of his seat by Senator Smoot was the union of church and state. The presence of the private secretary to Senator Smoot and the secretary's wife at the meeting caused some comment. They left before the meeting had concluded.

RECKLESS DRIVERS BEWARE.

Chief Burbridge of the police department has issued orders to the officers to enforce the ordinance relative to fast driving over crossings. In the past this ordinance has been enforced for probably three or four weeks in the year, but Burbridge says he proposes to put a stop to reckless driving from now on and that the law will be rigidly enforced the year round. Almost daily there are complaints of persons injured by careless drivers dashing madly across the intersections of the streets. The police will also keep a sharp lookout for "motor" boys who delight in seeing how close they can come to persons on the street.

HE KNEW HIS LUCK.

"No, sir, I don't want any accident insurance," exclaimed the irritable party. "It would be just my luck not to have a blamed thing happen to me if I was carrying an accident policy." "I little life insurance, then?" suggested the agent.

"Worse and worse," was the reply. "Why, I wouldn't have one chance in a thousand of dying in time to make anything out of the company if I had policy. Oh, I know my luck."—Chicago Post.

Miss Alice Bailey, of Atlanta, Ga., tells how she was permanently cured inflammation of the ovaries, and escape the surgeon's knife, by the use Lydia E. Pinkham's Vegetable Compound

The universal indications of the approach of woman's great enemy, inflammation and disease of the ovaries, are a dull throbbing pain, accompanied a sense of tenderness and heat low down in the side, with occasional shooting pains. On examination it may be found that the region of pain shows some swelling. This is the first stage of inflammation of the ovaries.

"DEAR MRS. PINKHAM—I wish to express my gratitude for restored health and happiness Lydia E. Pinkham's Vegetable Compound has brought into my life.

"I had suffered for three years with terrible pains at the time menstruation, and did not know what the trouble was until the doctor pronounced it inflammation of the ovaries, and proposed an operation, and so I told him that I would not undergo it. The follow week I read an advertisement in the paper of your Vegetable Compound in such an emergency, and so I decided to try it. Great was my joy to find that I actually improved after taking two bottles, so I kept taking it for ten weeks, and at the end of that time I was cured. I had gained eighteen pounds and was in excellent health, and am now.

"You surely deserve great success, and you have my very wishes."—MISS ALICE BAILEY, 50 North Boulevard, Atlanta, Ga.

Another woman saved from a surgical operation by Lydia Pinkham's Vegetable Compound. Read what she says:—

"DEAR MRS. PINKHAM—I cannot thank you enough for what your Vegetable Compound has done for me. If it had not been your medicine, I think I would have died.

"I will tell you how I suffered. I could hardly walk, was unable to sleep or eat. My menstruation was irregular. At last I had stay in my bed, and flowed so badly they sent for a doctor, who said I had inflammation of the ovaries, and must through an operation, as no medicine could me, but I could not do that.

"I received a little book of you and after reading it, I concluded to try Lydia E. Pinkham's Vegetable Compound, and I am now a woman. I shall praise your medicine as long as I live, and also recommend the same to anyone suffering was."—MRS. MINNIE OTTOSON, Otho, Iowa.

All sick women would be wise if they would take Lydia Pinkham's Vegetable Compound and be well.
