CORRESPONDENCE.

RELIEF-SOCIETY MEETINGS, ETC.

KAMAS, Summit Co., June 1, 1886.

On Friday, May 28th, the Relief Societies of Summit Stake held their conference in this place, occupying the

ference in this place, occupying the whole day.

There were present on the stand the Presidency of the Stake Societies, Sister E. Howard, from Salt Lake City, President W. W. Cluff, Counselor W. E. Pack and others.

The Young Ladies' Associations and Primaries held their conferences the following day.

We held our meetings for this part of the Stake on Sunday the 30th.

Many good instructions were given during the conference and other meetings by President Cluff, Sister Howard and others, accompanied by the Spirit of the Lord, which usually attends the meetings of the Saints in Kamas.

In the midst of our rejoicing death visited our community, bringing sorrow to two homes, which was felt in a measure by all.

Brother John A. Lewis, an aged and

row to two homes, which was according to two homes, which was according to two homes, which was according to the first and was buried Sunday; and Sister Mary Lewis, wife of Morgan Lewis, died on Saturday and was buried to-day.

Both were highly respected and loved for their integrity to the Gospel, which they embraced is foreign lands. The former leaves a wife and one child; the latter, a husband and five children.

S. F. Atwood.

LINES FROM LEHE.

LEHI, June 3d, 1886.

Editor Deseret News:

It is several months since a line appeared in your valuable paper from our

It is several months since a line appeared in your valuable paper from our city.

Our gardens and orchards are smiling with the beauties of nature. Our farmers seem to be happy with the fine prospects of a bonnteous harvest. Many are preparing to cut the first crop of lucern. We have a good prospect for pleuty of fruit. The worms that scemed in the early spring to appear in myriads, are now disappearing. There seems to be a small parasite that kills them by the thousand.

Although we have plenty of water from the mountains at present the flowing well seems to be the rage. Many of our citizens have obtained good wells and consequent streams of pure water. Messrs. A. J. Evans and and J. Woorton have made quite a success in the business of driving the plpe wells. They have obtained horsepower machinery for the purpose.

The excursion season is very near upon us. The members of our primary association on the first of June were taken into the green fields to enjoy themselves, also to commenorate the birth of our late President B. Young. We are living in hopes that our city fathers will in the near future, find us a good place of resort for pleasure near our town, where our citizens can enjoy themselves for a day beneath the green shade without going so many miles to find it.

Our schools bave been well attended during the winter and spring terms. Many of our young men have atteuded the B. Y. Academy at Provo, and one can feel the benefits of the same as citizens since their return for vacation. Our Associations are all in good condition. Our Y. M. and L. Associations gave a variety entertainment for the benefit of the free reading room, under the managemement of Professor J. L. Giob. One of the leading features of the programme was given by D. Henderson, Esq., of Salt Lake City. The affair was a success.

Some improvements are going on in the shape of new buildings and fences, erected by some of our leading citi-

The affair was a success.

Some improvements are going on in the shape of new buildings and fences, erected by some of our leading citizens. Our city fathers are looking after the sanitary condition of our town (that is we hope they are) in this sultry weather, when the thermometer goes up into the nineties. The health of our citizens has been very fair up to the present. We need some steady rains very much. If we do not get them our grain crops will not be as good as we could desire.

CONSTANT READER.

-At Coucho, Arizona, recently, Mrs. Regina Baca, aged 46 years, and the mother of 12 children, died suddenly. She weighed 410 pounds, and on the morning of her death she walked two miles in the hot rays of the suu.

—At Butte, Montana, on June 1st a man named James Dunu requested a friend to lend him 50 cents. The friend in mistake drew out a \$10 gold piece and gave it to Dunu. The blunder was not discovered for some time after, and when Dunn's attention was called to the occurrence he denied having more than the balf dollar. He was arrested and the change found in his pocket. He pleaded guilty to petit larceny, and was given 60 days in jail.

The base ball season has opened in a manner that must delight all lovers of the national game, as it augurs a very successful year. During a game at Charleston, ou Thursday, one of the players was crippled for life, and another had one of his fingers broken. It wasn't as unusually good day for base ball, either.

Full pardon is offered to all the Yaquis who lay down their arms and submit to the Mexican government by June 20th.

At Bakersfield, Cal., May 31st, Lyman W. Meacham and Edward Crocker engaged in conversation. The latter accused Meacham of slandering a relative of his. The quarrel grew so hot that Crocker shot and killed Meacham. At Milville, Cal., on May 31st, a Mr. Hartmann, who had been chosen nmgire in a contest between two bands, was assaulted by the disappointed musicians, and severely battered with rotten eggs.

George Carter, of North Bloomfield, Cal., died on May 30th, of heart disease. His brother got a wagon to carry the corpse home, and the horse kicked him in the stomach, inflicting fatal in-uries.

AN END TO BONE SCRAPING.

Edward Shepherd, of Harrisburg, ills., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know it. Have had a ruuning sore on my leg for eight years; my doctors told me I would have to have the bone scraped or leg amputated. I used, instead, three bottles of Electric Bitters and seven boxes Bucklen's Arnica Salve, and my leg is now sound and well."

Well."

Electric Bitters are sold at fifty cents
2 bottle, and Buckleu's Arnica Salve at
25c. per box at 4. C. M. I. Brug Store.

JOSEPH TANNER,

District Poundkeeper,

Clover Precinct, Toocle Co., June 2, 1885,

THE CAL. PRUNE LAXATIVE.

The only perfect fruit remedy for Constitution and Billousness, Mildand effective in its action. Safe for indies, children, and weak constitutions. Purifies the Blood, tomes up the Stomach. A pleasant substitute for nauscous pills. Large bottles, 15 cents. fold by all Progress and Country Dealers.

Bitter Bread.

Complaint is frequently made by those who use baking powders that they leave in bread, biscuit, or cake raised by them a disagreeable, bitter taste. This tastefollows the use of all impure baking powders, and is caused either by their containing lime or alum (introduced to make a cheap article), by the impure and adulterated character of other ingredients used, or from the ignorance of their manufacturers of the proper methods of combining them. These baking powders leave in the bread a residuum formed of lime, earth, alum, or other deleterious matters, not always, though frequently, tastable in the food, and by all physicians classed as injurious to health. The Royal Baking Powder is free from this serious defect. In its use no residuum is left, and the loaf raised by it is always sweet, light and wholesome, and noticeably free from the peculiar taste complained of. The reason of this is because it is composed of nothing but absolutely pure materials, scientifically combined in exactly the proper proportions of acid and alkali to act upon and destroy each other, while producing the largest amount of leavening gas. This assertion is justified by the unqualified statements made by the Government chemists, who after thorough and exhaustive tests recommended the "Royal" for Governmental use because of its superiority over all others in purity, strength, and wholesomeness. There is no danger of bitter bread or biscuit where the Royal Baking Powder is used.

BROS. MFG. CO.,

FINE CARRIAGES, Buggies & Spring Wagons FARM, FREIGHT, ORE

TRAVELING WAGONS

The McCormick H. M. Co's New Steel Binders, introduced here in 1885, are conceded to be far ahead of all competitors, combining as they do, beauty of design, superiority of workmanship, excellence of finish, durability and case of management.

The combined Realiers and Mowers, Droppers and Single Mowers are unequalled. The Case "Aguator" is acknowledged to be without a competitor, as the sales of the

past-more than trebling those of all other threshers-will prove. The Woodbury Power is the most durable and lightest running borse-power known. The South Bend Chilled Plow, although not introduced into this market until long after other styles of chilled plows, is fast crowding them out and assuming the pesition

of the leading chilled plow The Weir Sulkies, Hand Plows and Harrows are known throughout the length and

The Boss Siekle Grinder is a tool every farmer who has a mower needs and cannot afford to be without.

We shall carry a full and complete stock of repairs for above goods, not only for those of this year's manufacture, but for those sold in previous years, so that any farmer having any machine or plow of the line mentioned can get any repairs without needless trouble or expense.

All parties ordering extras for machines bought in previous years, are specially re quested, when ordering to give the number or letter on the article wanted.

WE ALSO KEEP A FULL LINE OF

Tents, Whips, Wagonettes, Wagon Covers, Lamps, Buckboards, Rakes, Rubber, Round Up Wagons, Machine Extras, Cloth, Harrows, Wagon Extras, Duck, Robes, Washers, Coach Candles, Farm and Carriage Harness.
