NOMINEES FOR SCHOOL BOARD

Republicans Hold Primaries and Name Ticket for School Election.

Ogden, Nov. 20.—(Republican primaries were held last evening for the purpose of placing in nomination the names of five members for the board of education. At each of the meetings held in the five wards there was a large attendance and much enthusiasm was shown. In most of the wards there were very quiet meetings except in the first ward, where Hyrum Pingree defeated William Moyes by a vote of 112 to 50. All the other nominations were made by acclamation.

The nominees were as follows:

First Ward—Hyrum Pingree of the Ogden Furniture & Carpet company.

Second Ward—Herbert Adams of the Wasatch Canning company.

Third Ward—James Mack of the Ogden Milling & Elevator company.

Fourth Ward—Dr. C. E. Coulter.

Fifth Ward—J. C. Nye.

The Democratic primaries will be held this evening.

INFORMATION FILED.

Dist. Atty. Halverson has filed information in the district court against the following: William Douglass, statutory offense; Al Sherwood, forgery; John J. Emerson and George Adamson, robbery; James Gooding, statutory offense.

The accused were all in court this morning, heard the information read and were ordered to appear Monday next to plead.

DEATH OF SOLDIER BOY.

Walter Thompson, 2559 Washington avenue, received a telegram from Pasadena yesterday to the effect that his son, Walter I. Thompson, a member of the United States army and stationed at that point, died of typhoid fever, from which he had been suffering for a number of weeks.

The young man had been in the army two years and was one of the most popular members of the coast artillery, to which he was recently transferred from the infantry. The body will be brought to Ogden, where the interment will take place.

WORK RUSHING ON RAILROAD.

Owing to the great rush of work in the railroad shops at this point of the Harriman system, an order has been issued for the men to work nine hours each day instead of eight. It is thought that the order will remain in force most of the winter. It has been well received by the employees who will

receive from \$5 to \$10 each month as additional pay.

WEDDING PERMITS.

Marriage licenses were issued yesterday to the following:

Charles C. Petty of Easton, Pa., and Mrs. Mary Petty of Key West, Fla. The couple were married by Elder Derrick Folkman at the courthouse. They had been married before, divorced about a year ago.

John E. Butte and Regina O. Brooks, both of Salt Lake.

JUNCTION CITY BRIEFS.

Double Track on U. P.—By tomorrow night, it is expected that the double track on the Union Pacific between Granger and Green River will have been completed and turned over to the operating department. This work has been rushed for the past three months since the visit of Mr. Harriman to the west and who ordered the work to be rushed. The double track will greatly facilitate the handling of trains between the two points.

Want Lower Light Rates.—The chamber of commerce of Ogden has taken up the proposition of seeking the reduction of the electric light rates in this city. It was the sense of the meeting that steps be taken toward municipal ownership of the electric light plant.

Launch Lost.—The 20-foot gasoline launch which has been in use by the Southern Pacific company upon the cut-off across the lake in repair work and which was reported lost during a storm upon the lake, has not been found as yet. It is believed that the launch sank in the lake.

Michael Ryan, who in 1905, was sentenced to serve eight years in the state prison for burglarizing S. R. Thurman's residence, is having a petition framed for the board of pardons asking that his term be reduced to six years, which will give him his liberty next spring. Frank Wayne, who was implicated in the burglary, was given six years and has been released.

MAY NOT BE PRESENTED.

George Skelton, the husband of the woman who was arrested in the same room with J. Gurr in this city Wednesday night, came down from Heber yesterday. A complaint charging adultery against the parties was drawn by County Atty. John, but Mr. Skelton was undecided whether or not to sign it. He will decide the matter today.

"Cancer" Stated Clinic Doctors After Diagnosis

Remarkable Recovery Of Elderly Women From Supposed Fatal Malady.

The following remarkable statement by Patrolman George A. Lehnhoff, Sixty-first precinct, New York, is made in connection with the much-discussed medicine now being introduced by L. T. Cooper in New York.

Patrolman Lehnhoff, when seen at headquarters, said: "My mother, living at 368 Union Avenue, Bronx, N. Y., who is seventy-one years of age, has had catarrh of the stomach for ten years. The gas in her stomach pressed on her heart to such an extent that physicians told her she had heart trouble."

"Her condition became so bad that she was taken to the polytechnic clinic on Thirty-fourth street and was examined by a board of physicians, who diagnosed her case as cancer of the stomach."

"She heard of this Cooper medicine and asked me to get it for her. I was skeptical, however, and would not do so at first, but my mother insisted and I finally got the treatment for her, although I did not believe anything could help her."

"She has taken the treatment and does not seem like the same woman. She no longer has any pain in her stomach, can eat anything, attends to her household duties and goes downtown whenever she feels like it, with no fear of being sent home in an ambulance."

"The entire credit for this wonderful

improvement in her is due to this medicine. It is a marvel to me, as I was sure her case was hopeless."

In speaking of Patrolman Lehnhoff's statement, Cooper said: "It is quite possible that Mrs. Lehnhoff had symptoms of cancer, and this undoubtedly caused an incorrect diagnosis, for I feel very confident that neither my medicine nor any medicines on earth would prove effective in a genuine case of cancer of the stomach."

"I often have people tell me that they have been suffering with various organic diseases and that my medicine has restored them to health. I do not argue the point with them, but Cooper's New Discovery only regulates the digestive organs and could have had no effect on such diseases. I therefore know that they have mistaken a bad case of stomach trouble and general run-down condition for the diseases they describe."

"A run-down, over-worked stomach will put the nervous system on edge in short order, and nervous depression follows. An individual in this condition is very apt to imagine himself afflicted with many grave and complicated diseases when such is not the case."

Cooper's New Discovery, the medicine which caused this article in the New York World, is now on sale at leading drug stores throughout the United States. Ask your druggist for it.
