In regard to perhaps the most serious charge, that of taking the examination himself when of taking the examination bimself when the questions for the same were sent to him by State Supt. Noison and were supposed to be in his custody until the examination, the board finds from the evidence submitted that he committed no impropriety, as the questions were in the custody of H. C. Lee, a member of the bounty board of examiners, all the time, and were not kept by Supt. Howman. The finding of the board on that point is based upon the following affidavit made by Mr. Lee, which leaves no doubt as to the matter: LEE MARES AFFIDAVIT.

Business Increase Makes Additions Necessary-Outlook Over the Entire Intermountain West.

President George Y. Wallace of the Bell Telephone company leaves this evening for New York and Boston in the interest of local telephone development, and on being asked by a "News' representative for his views on the local situation, remarked his satisfaction with the very gratifying progress of the Bell company, both in this city and Ogden, and in fact all through the intermountain country. He said, "For one thing, two additional stories are to be put on this central building, to such an extent has our business increased; as extent has our business increased; as may be inferred from the fact that since Jan. 1, the number of telephones in this city has increased about 1.500. As to the opposition company—well, we don't realize that they are interfering with us materially. The public is af-fected by two telephone companies more than we are." My Breath. Shortness of Breath Is One of the Commonest Signs of Heart Disease.

Notwithstanding what many physicians say, heart disease can be cured. Dr. Miles' New Heart Cure has permanently restored to health many thousands who had found no relief in the medicines (allopathic or homoco-pathic) of regular practicing physicians. It has proved itself unique in the history of medicine, by being so uniformly successful in curing those diseases.

Nearly always, one of the first signs of trouble is shortness of breath. Whether it comes as a result of walking or running up stairs, or of other exercises, If the heart is unable to meet this extra demand upon its pumping powers-there is something wrong with it. For a number of years I suffered from shortness of breath, smothering spells, and pains in my left side. For months at a time I would be unable to lie on my left side, and if I lay fat on my back would nearly smother. A triend advised using Dr. Miles' New Heart Cure, which I did with good results. I began to improve at ones, and after tailon several bottles of the Heart Cure the pains in my side and other symptoms valished. I am now entirely well.
