for what he is not. He has lectured in a number of places throughout the Territory, and, by this means, has been enabled to advertize his quack nostrums, and make the unwary believe that he is able to perform wonderful curative feats. The consequence has been that not a few have applied to him for the medicinal relief he pretended to give, and he has thus fraudulently

obtained possession of their money, giving no equivalent return there-

This arrant impostor is but one of a class, and it does seem a little peculiar that people who, it might

be supposed, should know better. should be duped by such characready for spring. ters. When a fellow like this one

is allowed the freedom of a public building to lecture in, not a few of the people take such action as at least a semi-endorsement of him, rendering them the more liable to be deceived by his ungrounded assumptions. This being the case it would seem necessary to be exceedingly careful about allowing any lee-way to such itinerant characters as occasionally ramble through Utah. Something more should be required to establish confidence in the genuine character of their pretensions than their own

A Variety Entertainment --- A and variety entertainment will

unsupported representations.

We have had a very pleasant winter, with little snow, but rather cold. It is dry and almost dusty now. We cannot have the enjoy-ment of sleigh-riding, like the nor-thern settlements, so we have to content ourselves with a play at ball, and once in a while a social party. We have also had a few plays by our Dramatic Association this winter, under the direction of J. W. Pierce. They are mostly new actors and actresses, but they bid fair to make the association a suc-cess.

It is the design of the people to build a factory here for the con-sumption of the wool in the county

sumption of the wool in the county and surrounding country, it being a great wool raising district. The Relief Society are doing their best to gather up grain against a time of need. The people are do-nating very liberally, I believe, for the construction of the Temple in Manti, Sanpete county. The Unit-ed Order are doing well, from all appearance, and are still inviting their brethren to join them in their work of unity. I forgot to mention that the larger portion of the above

that the larger portion of the above mentioned machinery is under the direction of the United Order. Respectfully yours, E. FILLMORE

-The grasshopper bounty bill, the Minnesota legislature, provides for the payment by the State of the following bounties for catching and destroying locusts or their eggs-50 cents a gallon for eggs; \$1 per bushel for insects previous to June 1: 50 cents per bashel from June 1 to June 10; 25 cents per bushel from June 10 to July 1, and 25 cents thereafter until October 1. Let us take our eggs and grasshoppers to Minuesota by the bushel. Nobody hereabouts thinks them

worth either fifty cents a gallon or dollar a bushel.

-Agricultural papers generally are suggesting to the farmers to get
