LOCAL BRIEFS.

Arbor at Hospital—An arbor is being built in connection with the L. D. S. hospital for the use of convalescents.

Tooele at Wandamere—There were 360 members of the Tooele stake at yesterday's outing at Wandamere, with a regular program of sports.

Pitt's Order Disregarded—Despite the fact that Eugene Whillie, proprietor of the Louvre cafe has been ordered by Chief Pitt to refrain from selling liquor until the matter of his license is disposed of by the council, liquor was sold there last night, or rather with the usual of meals.

Penn Officers Here—John Humphreys, secretary, and W. H. Bender, financial agent, of the Penn Mutual Life Insurance company, were guests at the Knutson yesterday on route from the national convention in the east. They were guests of local Agent W.H. G. Farrel of Salt Lake, and spent the afternoon visiting Saltair. In the evening an informal dinner was tendered them at the Commercial club.

Will Invite Veterans—At the request of the local members of the G. A. R., the city council at its session next Monday evening will pass resolutions extending an invitation to the national encampment to hold its annual convention of 1909 in Salt Lake. A similar resolution was passed a year ago, but the committee of the Grand army wish the action taken again in order to emphasize their desire to move the encampment to this city.

Investment Company Files—Articles of incorporation of the Ivanhoe Investment Company were filed with the county clerk yesterday. The company is organized for the purpose of carrying on a general real estate and investment business, and is capitalized at \$60,000, divided into \$10 shares. Martin E. Mulvey is named as president of the company; Richard E. Rogers, vice president, and Harry L. Finch, secretary and treasurer.

Want New Auto Rules—Judge O. W. Powers and James E. Jennings of the Salt Lake Automobile association appeared before the municipal laws committee of the city council yesterday, and were permitted the door to discuss the proposed automobile ordinance. To the present ordinance, they said, is entirely unsatisfactory, and after some discussion the matter was referred to the city attorney, who will assist Judge Powers in drawing up an effective statute on the subject.

Falls from Car—Mike Georges is lying at the Groves L. D. S. hospital in an unconscious condition, as the result of a fall from a street car last night. He was riding on Second South street, and when between Fourth and Fifth streets, lost his balance and fell, hitting the back of his head, after whirling around several times, and when picked up, was bleeding from a scalp wound and was unconscious, the latter condition being unchanged at a late hour today.

Will Not Collect Rent—The engineering committee of the city council met last evening and decided not to insist on the collection of \$1,000 due from James Leary for rent of the sewer farm in Davis county. The farm situated on the bed of the gravity sewer, and as a great volume of water has been used during the last two years in flushing the sewer, Mr. Leary claims that the farm has been so badly flooded that he has been unable to raise any crops. The committee was of the same opinion, and the rent will not be collected.

Before taking this remedy he was unable to stand upright, could not walk well, and although sixty years old, can do as much work as a young man." Sent by all druggists.

TRADESMEN MEET FOR HOLIDAY FUN

Butchers and Grocers and Nearly All Their Customers Gather at Saltair.

BARBECUE AND BABY SHOW

Both Were Features of the Day Rosenbaum Child Declared Winner When Judges Cast Final Vote.

Outings of the Butchers and Grocers' association are events that are looked forward to with much anticipation by the public, and the one of yesterday at Saltair was more liberally patronized than any of its predecessors. Those having the affair in charge estimate that no fewer than 10,000 persons were in attendance during the afternoon and evening, and the crowd certainly was one of the largest of the season at that resort, barring holidays.

The feature of the day was the barbecue, which has made the association famous. When it is understood that 3,000 pounds of beer and 2,000 loaves of bread were dispensed, it will be seen that there was something doing in the eating line. It required the services of 20 waiters to prepare and serve sandwiches, the men being most from the ranks of the butchers and thorough experts as carvers.

An interesting program of games and sports was carried out in the coliseum, consisting of races for old and young of both sexes. The one upon which most interest was centered and which was most highly amusing was the chipping of a pig. The animal was not very good shaped, and why, but the coating of grease that it had put upon him made it almost impossible to hold the beast when once he was captured. He was literally tired out before being ts'en, the honor and the prize falling to Roy Hepworth.

The "pig show" was a feature of the late afternoon, and there were at least a hundred entries. The task of choosing the prizewinners was no easy one for the judges. Richard Papworth, Sir Joseph Faggegren and Dr. Elfe. "Utah's best crop" was displayed in groups of 12, and from each group three likely prizewinners were chosen. Then the contest narrowed down to four, and here the trying ordeal for the judges began in earnest, the last vote, however, declared in favor of the child, Mrs. Arthur Rosenbaum, of 375 east Fifth south. The six-months old babe of Mrs. J. S. Sirloin, of 550 east Second South street, took the prize for the heaviest baby, weight 31 pounds. Alvin Holt's infant took one of the prizes offered.

REAL INDIANS COMING.

Washakie Braves Want to Camp at State Fair Grounds.

Vice President Hendershot of the State Fair association, has written from Ogden to Secretary Ensign stating that arrangements are making for the visit of a band of Washakie Indians to the state fair. A section of the grounds will be allotted to the noble red man for his camp with tepees and the regulation Indian village outfit. There are to be pony races by the braves, and foot races by the squaws. All the Indians ask in return is their food and living conveniences, as they consider this trip largely in the nature of a vacation. The chief of the gravity sewer, and as a great volume of water has been used during the last two years in flushing the sewer, Mr. Leary claims that the farm has been so badly flooded that he has been unable to raise any crops. The committee was of the same opinion, and the rent will not be collected.

A FAITHFUL FRIEND.

"I have used Chamberlain's Colic and Diarrhoea Remedy since it was first introduced to the public in 1862, and have never found one instance where a cure was not speedily effected by its use. I have had it in my family for eighteen years, and never start out on a trip without this, my faithful friend," says A. S. Nichols, an Oakfield, Tenn. When my mother knew its value and is competent to speak of it. For sale by all druggists.

VETERANS PLAN TO ORGANIZE.

Roy C. Naylor, formerly an officer of the Utah batteries in the Philippines, is interesting himself in the formation of a Utah branch of the military and naval order of the Spanish-American War. Membership in the organization is open to all who held commissions during the war, and the batteries of officers of the Civil war. The new order is said to be thriving in the east, and the Kinsman manager of the American Surety company, who is a member of the order in Ohio, has suggested the Utah branch.

NOW MISS PORTER WANTS HER MONEY

Fair Winner in Big Damage Suit Says Things Were Misrepresented.

SHE SAW A FORTUNE COMING

Investment of \$5,000 Was to Pay Big Returns and Then She Saw a Great Light.

Miss Katherine B. Porter, who recently secured judgment against the Rio Grande Railroad company for \$13,336.85 for the loss of her right arm in a wreck on the railroad in Colorado, and was paid the money in a lump, has now filed suit in the district court to recover \$5,000 of the said amount, which she claims was fraudulently induced to invest in the stock market.

After receiving the money from the railroad company, Miss Porter says she was approached by a woman giving the name of Cecelia Devere, who represented to her that the United Cities Trustee company of Seattle, Wash., had a capital stock of \$500,000 and a surplus of another \$500,000, that the company was largely backed by Salt Lake men, and that it was a chance of a lifetime for her to invest and get big returns on her money. She promised, so states the complaint, that Miss Porter should receive interest on her payment and an annual sum of \$750 for 10 years, and that, should she desire, she could withdraw her money at any time. She further said the company was constructing a large hotel in Seattle, which was to be ready for occupancy Sept. 1, and in preparation for this, Miss Porter was shown a photograph of the hotel. In view of these representations, the complaint continues, she was induced to give Miss Devere a check for \$5,000 on Walker Bros. bank and the bank is made a party defendant to the action, and an order of the court has been secured restraining the bank from paying drafts that represent the \$5,000.

Miss Porter therefore asks judgment that the contract be rescinded and the company and Cecilia Devere be required to pay back the \$5,000. After the suit was filed, a restraining order was served upon Walker Bros. bank, and an order to show cause was made returnable Sept. 5.

TRIBUTE FROM MORTON

Commander of Joint Encampment Says Department of Guards-men Was a Credit.

Highly complimentary to the officers and men of the National Guard of Utah is a letter received by Adj. Gen. E. A. Wedgwood from Brig. Gen. Charles Morton, commander of the division encampment of regulars and militiamen on the Crow Creek reserve, Wyo. General Wedgwood and the entire personnel of the National Guard are highly gratified by the expression of General Morton in his letter, which is as follows:

Headquarters, Provisional Division, Camp Emmett Crawford, near Dale Creek, Wyo. Aug. 10, 1908.—To the Adjutant General, State of Utah, Salt Lake City, Utah.—Sir: On the departure of the troops of your state from this camp, it gives me pleasure to express to you my sincere appreciation of their good conduct and soldierly bearing. Their deportment while here was a credit to the state and to the organizations to which they belong.

I trust that their stay here, brief though it was, has proved a benefit to them and tended to strengthen the bonds of sympathy and good fellowship which should always exist between the troops of the national guard and those of the regular service, very respectfully yours,

CHARLES MORTON, Brigadier General, Commanding.
