MINING, BUSINESS AND STOCKS.

STOCKS WERE QUITE ACTIVE

Better Feeling Among the Second South Street Brokers.

EXPECT BETTER MARKET.

Daly-West Was an Active Trader on 'Change Today—Heavy Sales of Sacramento.

The mining stock market was in much better tone this morning than it has been for a week or more. Brokers believe that a reaction has set in and that better conditions will prevail. The eastern markets also show improvement and that fact is taken to mean an improvement at home.

One of the principal features of this morning's trading was the activity in Daly-West at very strong figures. The stock was brought into the pit in fine order; the first lot offered was taken at $43.10; it then stiffened to $43.20, but afterwards fell back again to $43.17½, and closing with $43.12½ bid. Sacramento was also sold extensively; one large block was dropped, consisting of 10,500 shares, which brought 26½ cents. Other heavy sales were made, but no one was ready to offer any solution for the unusual activity. Daly-Judge was not in as good form as yesterday, and Con. Mercur was inclined to be weak. Some of the spectulative stocks were in the alert and precipitated some lively bidding. The quotations and sales were as follows:

REGULAR CALL SALES.

THE COMSTOCK MILL.

Plant Will be Ready to Start Up on Saturday.

Manager Morris Dusseldorf of the Comstock mine, Thayne's Canyon, Park City, has announced that the company's new mill will be in shape to start up by next Saturday.

Butte's New Smelter.

An Associated Press dispatch says that Butte is to have another smelter. It is to be built on the flats just below the Columbia gardens, southeast of the city. The plant wil be built by the Pittsburg & Montana Copper company, and its cost, it is said, will amount to several million dollars. Work is to commence at once and a part of the machinery is already on the ground.

A Sweet Breath

is a never failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crick, of White Plains, Ky., writes: "I have been a dyspeptic for years—tried all kinds of remedies but continued to grow worse. By the use of Kodol I began to improve at once, and after taking a few bottles am fully restored in weight, health and strength and can eat whatever I like. Kodol digests what you eat and makes the stomach sweet.—Z. C. M. I. Drug Store, 112-114 Main Street.

WAITING FOR SNOW TO MELT

Albion Mine Will Soon Have Plenty Of Water.

POWER HOUSE WAS CLOSED

Early in Winter on Account of a Scarcity—Could Not Operate Air Compressor—Machine Drills.

William Hatfield, who is behind the Albion enterprise at Alta with his capital, is waiting anxiously for the snow to melt. The air compressor for the Albion mine is operated by water power, but for some time the plant has had no water, the stream from which the usual supply is furnished being either frozen or choked up with snow. The absence of water interferred with development work during the past winter.

But with a few days more like today and yesterday Mr. Hatfield is confident that there will be water galore, and that the machine drills can then be set in motion.

A vigorous campaign will be carried on at the property this year and it is expected that it will make a good account of itself in the way of shipments before the snow flies again.

NEW RED WING.

Six Feet of Milling Ore Exposed in That Bingham Mine.

Some unexpected disclosures have presented themselves in the New Red Wing mine at Bingham. For some time past a force of men has been engaged in straightening and timbering an incline which was sunk from the Snake tunnel. The vein of ore which it follows, is much wider than was first supposed and has been stripped for a distance of about 90 feet, while its width averages about six feet.

This ore, said Walter C. Orem, who was at the mine a few days ago, is of a good milling grade and efforts will be made to commence extraction before very long.

NEW LIBERTY COMPANY.

Park City Undertaking in Which Senator Kearns Figures.

Another big Park City enterprise has been organized. The name selected for it is the Liberty Mining company, which begins its career with a capital stock of $1,000,000 or 500,000 shares of a par value of $2 each. One-fifth of this amount is set aside as treasury stock while the balance is retained by the incorporators. Senator Thomas Kearns is the largest individual shareholder, and is credited with 123,592 shares; W. Mont Ferry, 20,000 shares; John Creen, 18,205 shares; E. S. Ferry, trustee, 165,968, and J. T. Richards, 10 shares.

The officers for the present year are designated as follows:

Thomas Kearns, president; W. Mont Ferry, vice president and treasurer; these, with Edward S. Ferry, John Creen and Joseph T. Richards, to constitute the board of directors, while Harvey Jones will serve the company as its secretary.

The formation of this company has been in progres for several months. The new company owns 265 acres of patented ground, located in the eastern part of the district, adjoining the south side lines of the Hawkeye-McHenry property.

HARRY JOSEPH HOME.

Says the Mining Outlook in Colorado Is Not Bright.

Harry S. Joseph came in last night from Colorado where he went some days ago on business. Among the places visited was Denver, where he observed, that the mining outlook for that state is not the brightest. He attributes the cause to the over-capitalization and non-assessable stock features of their organizations.

Mr. Joseph is strongly in favor of assessable stock companies, and declares that were it not for the fact that a very large proportion of the Utah concerns are, that many of the stocks now called on the Salt Lake stock exchange would be dead and the properties inactive.

NEW COPPER FIND.

Reported from the Ferber District, Near Ibapah.

A report has been received in Salt Lake that an important strike of copper ore has been made in the Ferber district, about 25 miles from Ibapah. The district is located right on the state line between Utah and Nevada. The ground upon which the find was made is owned by parties by the names of Garrison, Lewis and Loomis.

THE ALASKA VEIN.

Drift on 600 Level Has Encountered It 75 Feet from Shaft.

Ernest Bamberger returned this morning from a trip to the Alaska mine in Tintic. He brought the information that the drift from the 600 foot station of the main working shaft had penetrated the vein, from which was extracted much ore on the upper levels. The pay chute, said Mr. Bamberger, has not yet been encountered, but it is only a matter of driving the drift ahead a little further when it will be. The drift is now about 75 feet in length. The vein where the men are now working contains streaks of good ore.

Columbus Con. Shipment.

Manager Tony Jacobson of the Columbus Con. mine of Alta came down from camp last night. The mine continues to improve, he states, with every shift.

Shipments of high grade ore are being forwarded to the local smelters.

Will Push Development.

The directors of the De Lamar Extension Mining company held a meeting last night for the purpose of mapping out a campaign of development. It was decided to extend the tunnel already started to a point where it will tap the Kimberley vein. The tunnel is now 200 feet long and it will be necessary to continue it as much further to make the connection.

Recent assays taken showed values ranging from $37 to $179.60 to the ton.

Some Copper Predictions.

Mr. Thomas W. Lawson, a Boston copper expert, is on record predicting that copper will not sell under 15 cents for five years. And now along comes a party without envelopes or friends to deposit the same with, and says that within five years from April 1, 1903, ingot copper will sell higher and lower than it has sold during the five years ended March 31, 1903.

DEEP CREEK TELEPHONE.

Rocky Mountain Company Has Advertised for Bids.

The Rocky Mountain Bell Telephone Co. has called for bids for a supply of poles to be used in the construction of a telephone line to the Deep Creek Mining district. The line as proposed, will be built from St. Johns, to Dugway, thence to Clifton, Ibapah and other points.

MINING CONCENTRATES.

Seven cars of Tonopah ores are at the samplers today.

Col. N. Treweek departed for California last night, accompanied by his daughter.

Manager Whitley of the American Smelting & Refining Co., has returned to the city from a trip out of town for several days.

W. F. Snyder and Joseph Dedrich are in the camp of Stockton today.

The Oregon Short Line will run an excursion to Mercur next Sunday.

About 70,000 shares of Joe Bowers stock are found upon the delinquent list.

The ore and bullion settlements reported late yesterday by McCornick & Co., were as follows: Base bullion, $42,200; gold, lead, silver and copper ores, $27,100.

The Victor Consolidated has three cars of ore in today's market.

The claims owned by the Lost Packer company, on Loon creek, Ida., are to be surveyed for patent. A new townsite will also be established at the mine.

The Allen Gold Mining company is a new corporation which has just come into existence in Montana. Its operations will be conducted in French Gulch, the scene of some of the early day gold excitements in the northern state. W. R. Allen, of Anaconda, is president.

The shareholders of the Silver King will receive their dividend checks tomorrow amounting to 66 2-3 cents per share; aggregating all told $100,000.

Owen Sheridan, who came in from Ibapah yesterday, brings word that coal has been discovered between Sanford Pass and Weaver canyon and about 25 miles from Ibapah.

Word comes from Mackey, Ida., that a connection has been made with the main shaft and the Alberta tunnel in the White Knob Copper mine.

W. S. Tarbell, manager of the Mining Investor, of Colorado Springs, is in the city today.

John D. Spencer visited the Scottish Chief mine, Park City, a few days ago and returned highly pleased with the condition of things there.

James T. Fulton expects to depart for Tonopah tomorrow.

William Robinson, foreman of the Scottish Chief mine, Park City, who has been in the city convalescing from an attack of sickness, returned to that property this morning.

Capt. McVichie of the Bingham Con. is in the diggings today.

John J. Daly, manager of the Daly-Judge mine, returned yesterday afternoon from California very much improved in health. He was accompanied by Mrs. Daly.

Remember the McConahay-Sharp Jewelry Co. auction sale. Sales daily, 2.30 and 7:30 p. m.

STOCKS AIDED FROM LONDON

Arbitrage Buying Then Advanced Prices in New York.

LIVELY BIDDING FOR SUGAR

Liquidation in High Priced Inactive Properties Ceased and They Were Lifted Up.

New York, April 9.—Arbitrage buying reduced by the rise in Americans in London helped prices upwards here at the opening. Southern Pacific advanced Amalgamated Copper 1½, and a number of other stocks a large fraction. Some effort was made to extend the advance and a more cheerful sentiment prevailed. Sugar was bid for in large blocks and ran up 2¼ to 122½. The Leather stocks, the Pacifics and western stocks reached higher levels. Liquidation in high priced inactive stocks, such as Northwestern, Lackawanna and Consolidated Gas ceased and they were lifted 1@2 points. Large selling of Rock Island carried it and the preferred back a point and checked the advance elsewhere. The market rallied again to the best, carrying Union Pacific, Missouri Pacific, Canadian Pacific, Illinois Central, St. Louis-Southwestern preferred, United States Steel preferred, Baltimore & Ohio and some minor stocks up 1 to 1¼. The market became dull at the advance.

Bonds were steady at noon.

The announcement that the Northern Securities case had been decided in favor of the government threw the market into commotion, and prices melted away rapidly. Gains were practically wiped out. Net losses established were: St. Louis & San Francisco, 3¼; Rock Island 1⅛; Northwestern and Colorado Fuel 1½; New York Central 1¼, and Pennsylvania and Missouri Pacific a point. The reactions generally ran between 1 and 2 points. Lackawanna reacted 7. Northern Securities on the curb sold down from 106¼ to 103. The market steadied and became dull in the course of the hour.

MONEY AND BONDS.

Money on call steady at 5½ per cent. Prime mercantile paper, 5½@6 per cent.

Sterling exchange firm, with actual business in bankers' bills at 4.86.35 for demand and at 4.83.25@4.83.35 for 60 days.

Posted rates, 4.84@4.87½.

Commercial bills, 4.83@4.83½.

Mexican dollars, 48½.

Government bonds steady. Refunding 2s registered and coupon, 106¼; 2s registered, 107¼; 3s coupon, 108½; new 4s registered and coupon, 135½; old 4s registered and coupon, 111¼; 5s registered and coupon, 103½.

Bar silver, 49½.

SUGAR.

Sugar—Raw steady. Fair refining, 3 1-16; centrifugal, 96 test, 3½; molasses sugar, 2 13-16. Refined steady. Crushed, 5.30; powdered, 4.80; granulated, 4.70.

Coffee—Quiet. No. 7 Rio, 5¼.

ASSESSMENT No. 9.

Congor Gold and Copper Mining and Milling Company, Salt Lake City, Utah.

Notice is hereby given that at a regular meeting of the Directors held on the 16th day of March, 1903, an assessment of one-half of one cent per share was levied on the Capital Stock of the Corporation, payable on or before April 25th, 1903, to R. E. McConaughy, Sec., at the office of the Company at room 503 Auerbach Block, Salt Lake City, Utah. Any stock upon which this assessment may remain unpaid on the 25th of April, 1903, will be delinquent and advertised for sale at public auction and unless payment is made before will be sold on the 30th day of May, 1903, to pay the delinquent assessment, together with the cost of advertising and expense of sale.

R. E. McCONAUGHY,
Secretary.

—THIRD PRIZE—
HUSLER'S FLOUR
TESTIMONIAL CONTEST.

Salt Lake City, March 4, 1903.

The Inter-Mountain Milling Co:

I have used nearly every brand of Flour in the market, including Washburn and Pillsbury's Best, but I have had better results with Husler's than any. I am convinced it is superior to anything in the market.

Yours truly,
MRS. A. F. KRUECHEL.

ABSOLUTE CURE FOR STOMACH TROUBLE

No Matter How Long You Have Had It.

NAU'S DYSPEPSIA CURE—IT CURES THE CAUSE.

"For 20 years until within the last 15 months I have been greatly troubled with indigestion and have used a great many remedies without obtaining any permanent relief. About the 15th of June, 1900, I commenced using Nau's Dyspepsia Cure, and am pleased to say that I consider myself entirely cured of all stomach troubles. I have delayed expressing to you my opinion of your valuable remedy until such a time has elapsed as to convince me of my entire recovery. At the time I began to use Nau's Dyspepsia Cure, my health was in a critical condition and my friends had almost given up hopes of my recovery, and I am satisfied in my opinion that had it not been for Nau's Dyspepsia Cure, I would not be alive to write this letter." (Signed) N. M. CHURCH, Cashier La Grande, Oregon National Bank.

Perfect dining car service.
Sleeping cars to Chicago without change.
Ticket Office, 103 West Second South, Postoffice corner. 'Phone 205.

Best Meals On Wheels.

There is where the Rock Island shines—in its dining car service.
Not even the swellest of New York's swell hotels offers anything finer. Their prices are higher, of course, but the food, and cooking and the service are no better.
Try the Rock Island next time you go to Kansas City, Chicago or St. Louis and get new ideas of how a dining car should be run.
Mid-day luncheon, 50 cents.

Rock Island System
Ticket Office 100 West Second South.

GEO. A. BIBLE, T. P. A., Salt Lake City, Utah.
HAL S. RAY, Gen. Agent, Denver, Colo.

Burlington Route
Big Horn Basin.

Irrigated lands, including water rights, at $12 to $15 per acre in the Big Horn Basin recently penetrated by the Burlington's new line. A fortune in the future if you buy now.
If you want to get ahead, you can't do better than investigate this fertile country.
Let me send you a folder which tells all about it—it's free.
