Public Debt.

WASHINGTON, 2.—The public debt statement shows a total debt of $2,226,957,102; total interest $37,115,670; coin balance $90,089,241; currency balance $16,396,770; special deposits held for the redemption of certificates of deposit $52,525,000; total in the treasury $199,011,011; total debt, less cash in the treasury, $2,139,661,761. Decrease during Oct. 681,434.

The Safe Case.

In the safe burglary case this p. m. Columbus Alexander testified that the books of John D. Evans, produced before the district investigating committee, were very new, and it was believed they had been prepared for the occasion. Harrington objected to witness examining them, and afterwards a man named Butler, introduced by Demain, offered to put witness in possession of the original books for a consideration. Witness refused to buy testimony, but he offered to pay the cost of procuring them by express. Neither witness nor any of his family heard any unusual noise about his house on the night of the burglary. He first heard of it next day, and that his name was connected with it. He had nothing to do with the burglary in any shape.

Stewart vs. Blaine and Ordway.

In the circuit court to-day, the cases of Jos. B. Stewart against James G. Blaine, and the same against N. G. Ordway, actions for false arrest, and assault and battery in locking him up as a contumacious witness before Congress, in the Credit Mobilier cases, were certified to the court in general term.

Withdrawn.

PHILADELPHIA, 2.—Benj. L. Berry, independent, has withdrawn from the contest in the 3rd congressional district, leaving the fight between Randall, dem. and Houston, republican.

Heavy Frost.

MOBILE, 2.—There was a heavy frost and ice here, and a killing frost in Pensacola this morning.

The Election at New Orleans.

New York, 2.—The *Tribune* special at New Orleans says the white men of the city neglected every other employment to vote, and the bringing out of others; the colored men were not quite so active. It was soon apparent that the star of the conservatives was in the ascendant so far as the vote of New Orleans was concerned. The white men on duty at the polls were surprised to find many colored men willing and anxious to vote conservative if guaranteed protection from roughs and their own race. This protection was readily afforded, and whenever they approached with a conservative ballot the whites stood aside to give them preference, and volunteers were always ready to escort the timid home. In several cases, however, conservative colored men, relying on the strength of their numbers, came in bodies of from twelve to forty, and after voting, went as they came. The only trouble that occurred during the day was in the Third Ward, where a colored man, who had voted the conservative ticket, was met by another of the same name, who, upbraiding the former for deserting the republican party, drew a revolver, and shot him in the foot. It is creditable to the army and navy, that in the city the influence of neither was brought to bear upon the contest, further than by their presence, and this could hardly be observed, owing to the order of General Emory and Admiral Mullaney, which kept all officers and men confined to their quarters. Throughout the day several companies were stationed at the custom house, and others were distributed at convenient parts throughout the city, but not more than half a dozen uniforms were seen on the streets during the day.

Peruvian News.

Peruvian advices to October 14, *via* Panama 24th, say that the treaty with China has received the approbation of the Senate.

Sentence has at last been pronounced on the three military men accused of having murdered Prest. Balto, in prison, in July, 1872. Their names are Najar, Patino and Espinosco. The first two are to draw lots which shall be executed, the third is to have fifteen years penal servitude.

The bill to allow the Jesuits to enter and settle in the republic was thrown out without debate.

Proposal to Exchange Prisoners.

The *Herald's* special at Estella, Spain, Oct. 28, *via* London 2, says the Cuban delegates have arrived at the Carlist headquarters, authorized by the Madrid government to propose a general release of prisoners on both sides, with the purpose of sending them to Cuba, to quell the insurrection. Don Carlos is willing to release the republican prisoners on these terms, but he refuses to agree that the Carlist volunteers, now prisoners, shall embark for Cuba unless at their own consent; he cannot sanction their compulsory transportation to a distant and unhealthy country.

Consulting Engineer.

General Alex. Shaler has accepted the position of consulting engineer of the Chicago Fire Department, tendered by the city authorities through the Citizens' Association of that city.

Dead.

LOUISVILLE, 2.—Information was received here to-day, by the family of E. Romney Wing, late U. S. minister to Ecuador, of his death at Quito, Oct. 11th, after an illness of several months.

A Town Burned.

PITTSBURG, 2.—St. Joseph, a small oil town in Butler Co., Pa., was destroyed by fire this p. m.; twenty-five dwellings and several stores were burned.

Atrocious Murders.

ST. PAUL, 2.—A horrible murder was committed here last night. Joseph Lick and wife, returned home from a visit about half past ten, and were assailed in their own yard by George Rapp and wife, and George Lauchtenschlager, who were evidently lying in wait for them. Mrs. Lick was murdered on the spot with a hatchet, and terribly mutilated; Rapp and wife attacked Lick, the former with a soldering iron, the woman with a knife; finally Lick was thrown with his face down into a small creek, in the door yard, and Rapp stood upon the back of Lick's neck, to hold his face in the water until strangulation should ensue. Rapp was frightened by the approach of footsteps, and Lick was picked up insensible, but may die from his wounds. He does not yet know that his wife is dead. The coroner's jury returned a verdict of wilful murder against all of the assassins, who are in custody.

Shipwreck.

The steamer *Lotta Bernard*, from Pigeon river to Duluth, foundered in Lake Superior on the 29th ult., during a fearful gale; one passenger and a crew of fourteen were on board; the passenger and one of the crew were drowned, the rest escaped in the long boat, landing next day, after suffering severely.

The Elections.

SHREVEPORT, 2.—Business was suspended here to-day, and the election passed off in a most quiet and orderly manner. The conservatives are ahead in Spring Ridge, Summer Grove and Lorringsport. The vote on the State ticket in this city is very close, but the election of the entire conservative city ticket is conceded. The *Times'* special from Homer says Claiborne parish gives 700 conservative majority. A special to the same paper from Mensin claims 300 conservative majority.

Conservatives Ahead.

NEW ORLEANS, 2, Midnight—No returns have been received of the city vote, but it is known that the conservatives have probably 15,000 majority. Reports from the parishes are meagre, but they show a conservative gain. The indications are that the state vote is close. The conservatives claim four congressmen; the republicans only admit the loss of one. No disturbance is reported from any quarter.

The Stevens Battery For Sale.

TRENTON, 2.—Bids for the Stevens battery were opened at the State House, by the Governor, today; an agent of the government put in a bid of $145,000, with the condition that it shall be ratified by Congress. John Roach bid $105,000. No award was made.

FOREIGN.

GREAT BRITAIN.

Recovered.

LONDON, 2.—The direct Atlantic cable has been recovered, in perfect condition.

Aspects of the Canvass.

Whoever loses or wins, the Republic will be safe. That is our consolation. The third term may kill the republican party, but the people have killed the third term. That is sure, and that is something. Six months ago the party might have done this; but it is a cowardly, acquiescent, selfish party, crawling at the feet of a President it should have commanded, and timidly entreating him to do what it should have done, had it been the noble, patriotic party which suppressed rebellion and secured emancipation. What remains for such an organization but that it should die? Its work is done. It may survive this contest, but it will come out too much crippled for further usefulness. When a party is not brave enough to do right its work is at an end. Centennial Dix may save a remnant of the once mighty and puissant republican organization, but after what we have seen in the West it will only be a remnant. From the aspects of the canvass we are not simply on the eve of a political battle, but, as it would seem to us, a great political revolution.—*New York Herald.*
