

Saturday, October 12, 1912.

**PRICE OF GOLD.**  
 Daily by BANK OF AMERICA.  
 2414 Lake City, October 12, 1912.  
 100 U. S. Gold, selling at \$115 1/2.

## LOCAL AND OTHER MATTERS.

Thermometer 78° in the shade at one o'clock today.

**MEETINGS AT THE TABERNACLE** tomorrow at ten and two o'clock and at the various Ward meeting houses in the evening.

**THEATRE.**—A fair attendance at the Theatre last night enjoyed the comedies of "Larkins' Lovelatters" and the humor and splendor of "Aladdin."

For this evening there is a full programme, consisting of the favorite old play of the "Charcoal Burner" and the spectacle of "Aladdin," which is announced for the last time.

On Monday evening Mr. F. M. Bates will commence an engagement in the new Irish sensational drama of "Sogorth Aroon."

**HOME MISSIONARY APPOINTMENTS.** For October 13, 1912.—1st Ward, John Nicholson; 2nd Ward, John Van Cott; 3rd Ward, M. B. Shipp; 4th Ward, J. P. Freese; 5th Ward, George Tinsdale; 6th Ward, D. Candland; 7th Ward, Isaac Groo; 8th Ward, G. G. Bywater; 9th Ward, R. F. Nelson. L. D. Young.

**A DEVI FISH.**—A specimen of the devil fish, from San Francisco Bay, has been hanging in front of the empire market, First South Street, to-day, and attracted numbers of curious examiners. It is slimy and ugly enough to raise the choler of the disbeliever and is not inappropriately named.

**HOME-MADE WAGONS.**—In a Territory like ours, where the people are scattered over a large extent of country, and the great majority of them engaged in agricultural pursuits, the manufacture of wagons must always be an important industry, and this is a branch which was well represented at the late Territorial fair here, by the wagons on exhibition from the factory of the Messrs. Major Bros., of this city. This firm is comparatively young, having been started only some four or five years, but their wagons, light or heavy, already take the lead in this market, being pronounced superior to, and bought more readily than, those of any other firm, although they sell twenty-five dollars higher. The following are among the advantages claimed for these wagons. They are made of second growth, eastern lumber; their transoms are fourteen inches long, while others are only ten, which prevents a high loss from settling on either side, their hind hounds are placed top and bottom, all the timber used in them is seasoned three years before used, while for light running they can not be equalled. The Messrs. Major state that since last winter they have made one hundred wagons, and that they have covered the expense of repairs on the whole of them—a statement the equal of which they believe can not be made by any other firm in the United States. This enumeration of the excellencies of the Major wagon is no mere puff, but a complete endorsement in the fact that they can not manufacture near enough of them to supply the demands of their patrons.

**CAMPION TOUR.**—His Excellency Governor G. L. Woods left this city this morning on an election campaign tour in Nevada, which will probably be extended to California. Before his departure he signed a certificate to the effect that Hon. G. C. Cannon, at the late general election, was duly elected Delegate to Congress for this Territory. The certificate is also attested by Hon. Geo. A. Black, Secretary of the Territory.

**THE NEW YORK CITIZEN AND BOUND TABLE.** No. 1, Vol. 10, devoted to news, fiction, and general literature, but chiefly fiction, has been enlarged from four to eight pages, being now, in size and appearance, somewhat like the New York Ledger.

**RECEIVED.**—The "University Monthly" for October, a Journal of School and Home Education, is replete with matter pertaining to its specialty.

**The "Spectator,"** an American Review of Insurance, for October, devoted to the insurance interest and particulars relating thereto.

**ASSAULT.**—On Thursday W. R. Keithley, the same who committed the cowardly assault, some time ago, on Mr. C. W. Penrose, Editor of the Ogden Junction, was himself attacked and severely beaten, by a miser, named Stephen McIntyre. The affair took place in the vicinity of a room occupied as an office near McKimmins' livery stable. So far as we can learn, the circumstances which led to the affair are about as follows: On Wednesday McIntyre went to the office of Keithley, in a state of semi-stupor induced by hard drinking, and Keithley, it appears, was in the office at the time. After the alcoholic fumes had evaporated from McIntyre's brain he claimed to have discovered that he was minus \$25 U. S. currency and that, in turn thereof, he found in his pocket a note of deposit of some kind for about \$30, which, however, was not worth the paper upon which it was written. He got it into his head that while Keithley, in a state of mental obfuscation, Keithley had traded him the worthless piece of paper for his \$25. On the following day McIntyre went to the office of Keithley and informed him that he wanted his \$25, and that he was going to have the three individuals named Keithley, McIntyre and the man who had the note, and when near the entrance door McIntyre and Keithley indulged in some loud talk, which resulted in the first named Keithley drawing a small crowd to the spot. McIntyre then said to the crowd, which he said he did to prevent the crowd from inside, when McIntyre assaulted Keithley, battering his face in such a manner that he could scarcely see out of his eyes. There was an examination of the case this morning, before Justice Clinton. The matter was adjourned till Wednesday, pending the appearance of McIntyre, and McIntyre was held in \$500 bonds to appear at that time.

**CHERRING NEWS** from Mrs. CAMERON.—It will be remembered, that while the train of emigrants which carried her last was travelling through Illinois, a little Scotch girl, named Jane Cameron, fell therefrom and was not missed until it had proceeded several miles, and that intelligence was forwarded to her mother by telegraph that the child's right arm had been so badly injured by a portion of the train passing over it that it had to be amputated. The accident happened at Morrisson, Whiteside County, Ill., and as the mother of the little sufferer was poor and had several other children, her mother had her care and attention, it was thought best under the circumstances, to send back one of the brethren to look after the child, and stay with her until she was able to come along. Brother William Rollo was the person elected for this duty, and this morning we received a letter from him, giving a cheering report of the present condition and progress towards convalescence of the child. She is in the midst of a new recipient of every kindness, and has done so well, that she will probably be able to start west in two weeks from the date of writing, that was last Monday.

Brother Rollo says that after the accident the child was picked up by Mr. J. O. Johns, who took her to a doctor. The latter pronounced her condition very bad, and that she could not be saved, and he performed the operation. Mr. Johns then bought a shawl, wrapped her in it, and took her to the house of a Mr. William Richards, a philanthropic Christian gentleman, of Morrisson, and he said she had done everything for the comfort of the child that kindness and sympathy could dictate, treating her as if she were their own. A lady named Mrs. Fay, a neighbor of Mr. and

Mrs. Richards, and numerous others in the vicinity, have taken great interest in the child, and have been very kind to her. Her mind perfectly easy, for her mother is being cared for, and she could be with her in her present circumstances.

In view of the serious malformation sustained by the little girl, she having had her right arm amputated at the shoulder joint, one suggestion contained in the letter of Brother Rollo is worthy of consideration, namely that an appeal be made to the "Scotch" residents of Utah, to raise a fund to give her a good education, and so enable her to provide for her own needs, and to be a useful member of society.

**RUNAWAY.**—This forenoon, nearly opposite Reese's Lamp store, First South St., the horse attached to Mr. H. B. Clawson's express wagon became frightened and commenced rearing and plunging in a furious manner. Bro. Smith, the teamster, B. Young, son of Bro. Joseph Young, and all the other men in the wagon at the time. The latter jumped out and sprang to the animal's head, with the idea of stopping him. Before he could do so the horse made a sudden dash towards the rear, causing the teamster to be thrown, with great violence, into the air. Another dash and Brother Young's son was dumped out. The horse, which is a very spirited one, then reared and plunged backwards and forwards, and finally, after the fastenings, actually alighted in the vehicle, while the driver and roller for a second and then tumbled out. Bro. Smith was considerably bruised, and Brother Clawson received an injury in the back of the head, and the horse and wagon were considerably demoralized.

**MANUAL OF PHONOGRAPHY.** By Ben Pitman, Cincinnati. This is the work for all persons to obtain who desire to attain to the art of swift phonetic writing. It is a manual of the science, the best we know of, explaining the principles of the art, and showing the student the steps to be taken by the student who wishes to become proficient. Sold at Dwyer's book and news depot.

**SPECIAL TO THE DESERT NEWS.**  
 By Telegraph.

**TO-DAY'S DISPATCHES.**  
**EASTERN DISPATCHES.**

**NEW YORK, 12.**—A Paris special says Minister Washburne and Count De Remusat have agreed on a draft of the final treaty which the post office authorities of both countries accept. It is believed the Minister of Finance will approve the treaty, and it is highly probable it will receive regular ratification before the end of the year. It fixes the letter postage at eight cents for one third of an ounce. Paper postage, which was eight, is reduced to five cents. Letters and telegrams of transmission of patterns are also provided for.

An address has been issued by Charles O'Connor, in conjunction with James E. Motz, Wheeler, H. Packham and Joseph H. Choate, to the electors of the State, on the subject of obtaining good men for the assembly. These gentlemen were, last autumn, selected as aids in the prosecutions against the ring. After alluding to the failure of the last assembly, in accomplishing anything with but little assistance, they urged strenuous efforts are made, it is feared the late city speculators may succeed in their plans for securing a venal assembly. The services of these gentlemen are offered in making observations upon the fitness of candidates, without party bias or personal favor.

**AUBURN, N. Y.**—Nearly every house in town is draped in mourning, in respect to the memory of Col. Seward. The cause of Mr. Seward's death was not paralysis, as reported, but a species of apoplexy. A telegram had been received from Secretary Fish and other Washington officials announcing their intention to attend the funeral, which, at the express wish of the family, will be conducted with but little pomp. Frederick Seward has arrived. Col. Seward's eldest son will probably not arrive in time for the funeral.

**CHICAGO, 12.**—A fire at Whitehall, Ill., last night, destroyed the entire business portion of the town. Fourteen business houses were burned. Loss not stated.

**THE WORKINGMEN'S UNION** last night nominated Jas. O'Brien mayor.

**AT THE TAMMANY CONVENTION**, yesterday, Wm. Butler Dundan formally withdrew from the mayoralty, also Wm. E. Wickham Lawrence, who was nominated unanimously. The latter was formerly legal adviser to the committee of seventy, and was recently endorsed by that body for a judgeship.

**CLEVELAND, O., 12.**—Phillip Walters, employee in a flouring mill in this city, was smothered to death last night, by being drawn into a slide from the bin, while loading a car.

**AUBURN, N. Y., 12.**—The last words of Mr. Seward were—"Love one another."

**BANGOR, ME.**—A fire last night damaged the Schwartz block \$80,000; insurance \$25,000; Schwartz Hardware stock, \$120,000; insurance, \$40,000. Nothing was saved. Fogg & Bridges' Hardware stock, \$25,000; insurance, \$10,000; a portion was saved. W. E. Manly's stock, \$22,000 to \$25,000; insurance \$8,000. Several parties were injured by the falling walls of the Schwartz block.

**EUROPEAN.**  
**MADRID, 12.**—A Republican insurrection has broken out among the troops at Ferrol, province of Corunna. The government has dispatched troops there. Summary measures will be at once adopted to suppress the revolt. In the Cortes the minister of the colonies announced the existence of a revolt of 1,500 men belonging to the garrison, and that some of the population had joined the movement. The minister further stated that the troops of fortress Ferrol refuse to join the insurrectionists, and are awaiting reinforcements to suppress the rebels.

**LONDON.**—A severe storm prevailed along the coast the past 24 hours. Several disasters to shipping in the British channel are reported.

**MADRID, 12.**—LATER.—The insurgents at Ferrol took possession of gunboats anchored in the harbor. This closes the port and prevents the government sending reinforcements by sea. In the Cortes the alphonist and republican deputies denounced any complicity in the movement, declared their sympathy with the government.
