"Copy from the Bee-Hive."
That Dr. Plant has done more for my wife's health than any other doctor it is my duty to tell the suffering. I have paid much money to other doctors, but none could tell her the cause of her suffering, or has been able to do her any good. Dr. Plant understood what was the matter with her, and has, at four different times, taken four cups worth, about fifty feet long each, from her, where I feel thankful to him. He has also been very reasonable in his charges.

Mrs. Mary Ann Walker, adjoining Sugar House Ward, begs to return her most sincere thanks to Dr. E. L. Plant for the cure effected upon her of fits. She has had no attack for upwards of twelve months, although she had been subject to them from childhood. I want to thank you for the cure effected upon my daughter, 10 years old. She is entirely well now. Again thanking you.

Can the coarse gritty tooth powder and tooth-destroying chemical fluids find a place on the toilets of sensible people. The fragrant and preservative ROZODONT has superseded them all.

Great Favor.
Among ladies and gentlemen of refinement, Dr. Price's Unique Perfumes are in great favor. Having sweetness and durability, they are universal favorites among all lovers of perfumes. Try Dr. Price's Alissa Bouquet—for a handkerchief perfume it is delightful.

Deseret News Agents.—All those who have been recently acting as agents for the **DESERET NEWS** in the country settlements, and who may be in the city during Conference, will please see George C. Lambert at the **DESERET NEWS** or **Juniata** Instructor office before they leave town, on matters of business.

Bailed.—Yesterday, O. P. Rockwell was admitted to bail. The bonds were fixed by Judge Emerson at \$15,000.

School Superintendents.—Hon. John Taylor, Territorial Superintendent of District Schools, desires to meet such of the County Superintendents of District Schools as may be in Salt Lake City, at the President's Office, at 10 o'clock on Monday morning next (8th inst.).

"Bow Bells." For November, contains an abundance of reading matter, including scenes from the Russo-Turkish war. It is profusely illustrated and has the usual amount of music. It can be obtained from Mr. S. G. Read, the European news agent, at the London News Depot.

The Flogging Case.—The matter of the assault made yesterday afternoon by Mr. J. M. Richardson upon Major James H. Nounan, was continued from last evening till day at 11 o'clock.

No witnesses for the prosecution being present, the defendant, Mr. Richardson, plead guilty, and he was fined \$10, by Judge Pyper.

To-Night.—To-night the celebrated play of the "Two Orphans" will be presented at the Theatre. This is a very effective and affecting drama, and one with which the public cannot fail to be pleased. It is placed upon the stage as a special attraction for Conference visitors, and is a dramatic gem that is very popular in the leading cities of the world.

Missionary.—By private letter from Elder B. H. Schettler, written at London, and dated September 14th, we learn that he left Liverpool on the 10th of the same month, proceeded to Wales, visiting his relations by marriage, and passing on to London, from which city he expected to sail for Holland, his field of labor, on September 19th. He was in excellent health, and had a very pleasant journey from this city.

Home Made.—We are pleased to learn that Brother H. B. Scoville's broom factory, at Ogden, is prospering. He is now enabled to employ eight hands besides himself, and from eight to ten dozen brooms are produced daily. The article made by him is growing in favor as its quality becomes better known, and its patronage is increasing accordingly. In consequence of the injury inflicted by grasshoppers on the home-raised broom corn the supply is not sufficient, this season, to meet his demand, although the yield is greater than that of the year previous. Probably next year there will be enough and to spare rendering importation unnecessary. Z. C. M. I. deal largely in Brother Scoville's ware.

Returned Missionary.—This morning we received a visit from Elder W. M. Palmer, of Glenwood, Sevier County, who reached this City on Wednesday evening, from a mission to the Eastern States. He left his home, to go eastward, on the 26th of April, 1876, and labored in Michigan. It is unnecessary to give details of his labors, particulars of which have appeared in his correspondence published in the News. However, his efforts have been crowned with success, he having baptized in all, forty-one. He held 233 public meetings, which assembled in school-houses, churches, halls, on the public highways, &c., and once in a church. He also visited from house to house, and where received, he expounded the doctrine of Christ to the inmates. When rejected in one house or place, he went to another. He was "drummed and belled" out of one place, had missiles hurled at him, but never received any serious bodily injury.

This was Elder Palmer's first mission, and he was consequently without experience. He was born in the Church and raised in Utah. He was much blessed while laboring in the ministry. As a general rule he was well received and trusted by the people. He traveled on foot, without purse or scrip, depending wholly upon the Lord, who never forsok him.

Theater.—A large number of people witnessed Lindsay's fine play of "Under One Flag" at the Theatre last evening. It was well performed and loudly applauded.

To-night "The Two Orphans" will be presented, and on Monday evening the far-famed London play of "Our Boys" will be re-produced. This is really a most excellent play, and we advise all who have not seen it to avail themselves of the present opportunity.

The Authorities.—At the Conference this afternoon, the general authorities of the Church, were present and sustained, the various quorums of priesthood voting separately and alternately by rising to their feet and making their right hands also by the vote of the whole assembly, as follows:

John Taylor as President of the Quorum of the Twelve Apostles, as one of the Twelve Apostles, and of the Presidency of the Church of Jesus Christ of Latter-day Saints.

As members of the Quorum of the Twelve Apostles—**Wilford Woodruff, Orson Hyde, Orson Pratt, Charles C. Rich, Lorenzo Snow, Erastus Snow, Franklin D. Richards, George Q. Cannon, Brigham Young, Joseph F. Smith** and **Albert Carrington**.

Counselors to the Twelve Apostles—**John W. Young, D. H. Wells**.

The Twelve Apostles were sustained in the same manner, as the Presiding Quorum and authority of the Church, and as Prophets, Seers and Revelators.

John W. Young and D. H. Wells were sustained, by the whole congregation, as Prophets, Seers and Revelators, to act as Counselors to the Twelve, in that capacity.

Patriarch of the Church—John Smith.

As the First Seven Presidents of the Seventies—**Joseph Young, Levi W. Hancock, Henry Harriman, Albert P. Rockwood, Horace S. Eldredge, Jacob Gates, John Van Cott**.

The Presiding Bishop of the Church—**Edward Hunter**, with **L. W. Hardy** and **Robert T. Burton** as his Counselors.

John Taylor, Trustee in Trust of the Church of Jesus Christ of Latter-day Saints, with the Twelve Apostles, their two Counselors, and Bishop **Edward Hunter** as his Counselors.

Albert Carrington as President of the Perpetual Emigration Fund, for the gathering of the poor.

Orson Pratt as Historian and General Church Recorder, and **Wilford Woodruff** his assistant. This motion was put to the congregation merely, and like the others, was unanimous.

The local authorities of the Salt Lake Stake of Zion were also sustained, by unanimous vote of the Conference.

Notice to Land Grabbers.—For the benefit of parties who have been "grabbing" land and endeavoring to override the rights of genuine settlers, by perversions of the "Desert Land Act," we publish the following general order, which has been forwarded to all the land offices in localities where that law has been applicable or operative—

WASHINGTON, Oct. 1, 1877.

Sir—Your advised that all entries under the provisions of the act entitled "An Act to provide for the sale of desert land in certain States and Territories," approved March 3, 1877, (United States Statutes at Large, volume 19, page 379), are hereby suspended. You will give public notice in some newspaper published nearest to the lands to all parties interested of such suspension; also of time and place where you will hear the testimony in regard to the character of the land entered under such law. All testimony will be reduced to writing and forwarded to this office, with your joint opinion thereon. The investigation must be most full, thorough and complete, showing whether any of the land entered under said act will produce an agricultural crop without irrigation; whether any had been previously cultivated by parties residing thereon or now residents; and whether any had to be protected from overflow by levees; whether entries have been made by parties other than real applicants. Such development of the facts must be made as will fully protect the interests of the United States, prevent the sale of desert land, and secure the rights of all persons who have made entries in good faith under the law. If the parties in interest do not produce testimony to develop these facts, you will endeavor to procure the same yourselves.

Very respectfully,
J. A. WILLIAMSON,
Commissioner.

The Tabernacle.—The whole Tabernacle will be thrown open to the general congregation, as usual, to-morrow, no seats in the body of the building or galleries being reserved for the priesthood.

Silk.—The Deseret Silk Association met at the Fireman's Hall according to appointment, yesterday, Vice-President Mrs. H. J. Home presiding.

Mrs. Home was pleased to meet with the Association and to see the interest that was manifested in this branch of home industry. She had done her best, while traveling through the settlements in showing the people the necessity of becoming self-sustaining in all things. She advised the brethren to plant out trees, and the sisters to raise silk, as they had been called to that mission by our late beloved President Brigham Young.

Mrs. C. Svenson, of Pleasant Grove, said she had been very successful in silk-raising and felt greatly encouraged. She thought next year there would be a great interest taken in this branch of home industry. Every family that could get the trees ought to raise some cocoons, especially the farmers.

Mrs. W. Smith of Bonanza, said she would like very much to see the machinery here to work up the silk when it was raised, and thus help to find employment for children. She had planted out 200 trees and a great many cuttings. The cuttings she had buried in the ground had done the best. They should be planted about the 1st of September. Meeting adjourned until the first Friday in November, at 3 p.m.

R. SIMPSON, Secretary.

Correspondence.
Letters at Malad.
HAMPTON BRIDGE,
Box Elder Co., Utah,
Oct. 6th, 1877.

Editors Deseret News:
In justice to the Indians, living but a few miles below here, on the river, I will say that I am greatly surprised at the great change manifested in their lives, and that with in a short time. Begging and stealing is no more common with them. Living where they have a chance to know this. Our stock are as safe running on the Malad range as though there were no Indians there. They continually cross and recross the bridge but are very particular to shut the gate after them, causing no extra labor for us.

At the store in Deweyville they are given credit to a considerable amount, always paying up punctually, or if unable, will come and give a reason for non-payment. We see them driving teams, plowing, harrowing, engaged in lumbering and other labor, which is testimony that they wish to give up their nomadic life. Added to this, they seem very desirous of changing their Indian costumes to more civilized ones.

That more can be expected in so short a time of beings once so degraded, is it possible for them to change their whole nature in a year or two? If it is, why do not the members of the demand grand jury change theirs to one more honorable?
