

SIX BURGLARIES WERE REPORTED

Half a Dozen Houses Entered Last Night During Absence of Tenants.

CENTER STREET SELECTED.

Raiders Confined to Northwest Section of Town—W. T. Mitchell Was the Heaviest Loser of Jewelry.

It is rare indeed that numerous burglaries do not follow the advent of a circus. There is nearly always a gang of crooks in the wake of, or with, a big show, and yesterday was no exception to the rule. No less than six cases of burglary were reported to the police last night.

W. T. Mitchell was the heaviest loser. Mr. Mitchell went to the circus last evening, accompanied by his family. He resides at 215 West Fourth North street. He decided that it would be unwise to take with him his gold watch, valued at \$150, an Elk's chain worth \$75 and a watch fob which brought the market price of \$75. So he left them home. A lady's gold watch and an old gold chain worth more than \$100 was also left for fear that pickpockets might get in their work. When Mr. Mitchell returned he was shocked to find that his abode had been broken into during his absence and the valuables mentioned stolen. The police have been furnished with a description of the missing property and are doing all in their power to locate it.

THREE ON CENTER STREET.

Center street seemed to be the favorite part of town in which the crooks worked last night. Three residences on this street were broken into by thieves but not a great deal was taken. The residence of Harry Manning, Fifth North and Center was entered, but so far as known nothing was taken. The home of H. Osbourne, 335 Center was paid a visit and when the family returned a gold watch was missed. L. Christensen reported last night that his home, 364 Center, had been broken into and \$10 in cash and a silver watch stolen. Jacob P. Gates complained that his home, 672 North West street, was robbed of \$5 in cash and a gold watch.

JAP ARRESTED.

A Jap by the name of S. Fugashia was arrested at an early hour this morning by Officer Burton after a lively chase. The little brown man was captured and is now in jail on the charge of burglary.

Last night the man sneaked into the rooms of a number of his fellow countrymen, residing on West Temple street between Second and Third South, and relieved them of about \$80. Fugashia was pursued by a number of Japs and was finally captured by Officer Burton.

MRS. CARLSON'S WOES.

E. Elizabeth Carlson filed suit for divorce in the district court today against Erik G. Carlson. Three residences on this street were broken into by thieves but not a great deal was taken. The residence of Harry Manning, Fifth North and Center was entered, but so far as known nothing was taken. The home of H. Osbourne, 335 Center was paid a visit and when the family returned a gold watch was missed. L. Christensen reported last night that his home, 364 Center, had been broken into and \$10 in cash and a silver watch stolen. Jacob P. Gates complained that his home, 672 North West street, was robbed of \$5 in cash and a gold watch.

TALE OF A CAT.

How Dick Williams Made Fortune With a Maltese in the Yukon.

Special Correspondence.
Seattle, Aug. 5.—Dick Williams, a prominent operator in the Tonopah district, who claims to be the first man to bring a cat into Yukon is telling for the benefit of those interested in the prospective Alaska-Yukon-Pacific exposition which opens at Seattle June 1, 1909, many tales of the early days. At the exposition hopes to reproduce many famous scenes and cabins of the stirring days of 1897-98. Williams' stories are of interest and assistance.
"The cat that made me famous," said Williams, "like many famous men, had a humble pedigree. I picked her up in an alley in Seattle between First and Second avenue one night in August, 1897. Next day I went north. I brought the cat along for company as it was my first trip, and I had no thought then of making a profit of it. Dawson was a mighty homeless place the winter of 1897-98. I arrived on one of the last boats that fall and to my astonishment hundreds came to see the cat and offer after offer to purchase it poured in. The camp was lively enough, but its lonesomeness consisted in the absence

of home touches, an absence which my cat seemed to supply. I finally had to sell pussy as my money ran out, and I got somewhat over \$1,000 for her. I do not believe that a homeless cat ever sold for so much before in all history. Next summer they brought in a boat load of cats that the miners eagerly bought and from that time on the price of cats decreased and their number grew."

OH, WHERE WILL MULVEY LAND?

Question is Asked Whether Rotund Council is a Dirigible Balloon.

There is a large question in "American" party circles today. It is concerned, and deeply concerned, with the present attitude of one Martin E. Mulvey, rotund councilman, and saloon-keeper on Second South street.

The question was tersely expressed in certain "American" party quarters to the same circle "Is Martin E. Mulvey in control, asked another member of the same circle, "Is Martin A. Mulvey a dirigible balloon?"

Mulvey is feared by the "American" party leaders. It is well known that Chief Sheets has many times pleaded to intimate friends that he was forced into the position he took through pressure, and that whatever he did in his office in the McWhorter case between the face of the robbery and the public recital of its details by the McWhiters, he did to protect people "higher up."

At that time the feet prints of Martin Mulvey were discoverable all around the McWhorter case, but it took the confession of Jim Donaldson to finally bring him into direct connection with it and the "touching" game for grafters and tourists.

Is your time worth money?

It surely will be if you step in here and look at these Hart, Schaffner & Marx suits we're selling at poor clothes prices. It's almost a shame to sell clothes like these at 25% off. But, we're doing it. Been in yet?

Four Young Men Charged With Immoral Conduct Will be Given Examination.

ALL BUT ONE PLEAD GUILTY.

Two Girls Named in Complaint—Benge Held on \$1,000 Bond for Assaulting 13-Year-Old Girl.

The case of the four young men charged with immoral conduct, was called in Judge Diehl's court this morning. Each is charged with a felony and all but one pleaded guilty but this plea was later changed and the young men will be given a preliminary examination. The case is a most shocking one and the facts limit for publication.

The names of the boys are: Ray Keeler, Robert McGee, James Williams and Robert Spencer. The latter stated that his father is in California and his mother in Omaha. He has no relatives here. Two young girls named Ruby Redman and Ruth Lloyd are named in the complaint. When the complaints were read this morning Keeler pleaded not guilty. The others admitted their guilt. Judge Diehl asked Atty. Newton to defend the interests of the defendant for the time being, and after a consultation with the accused, Atty. Newton entered a plea of not guilty. The preliminary hearing will be held next Tuesday. In the meantime the young men are in the county jail in default of \$1,000 bail each.

HELD ON \$1,000 BOND.

W. H. Benge, who was given a preliminary hearing some days ago on the charge of assaulting a female, upon a 13-year-old girl, was ordered held to wait the action of the district court. His bonds were fixed in the sum of \$1,000. Benge is a defendant in the case of the four young men.

DOBBS PLEADS NOT GUILTY.

The case against Oliver J. Smith, charged with embezzlement, was dismissed on motion of the prosecution. J. S. Carrigan and James O'Brien, the men arrested while trying to burglarize the Colorado Tool Supply store, pleaded not guilty to the charge of burglary and assault and were waived preliminary examination. In default of \$1,000 bail, each, they were remanded to the custody of the sheriff.

FIELDS OF PHOSPHATE.

Magnitude of Possibilities of Utah Deposits Just Coming to Notice.

The magnitude of the possibilities of the traffic in fertilizer phosphate rock in this country is the better appreciated when it is learned that in 1904 Florida produced 1,027,551 tons, South Carolina 270,896 tons, and Tennessee 520,571 tons. The value of these outputs aggregated \$6,873,825. The world's production in 1902 was 2,779,852 tons, the United States producing 1,514,244 tons, France 543,900 tons, and other countries 721,808 tons. The United States is believed to be limitless, and the Short Line is planning to build through the country covered by the richest deposits of phosphate all over the country west of the Missouri river.

This fertilizer has been carefully analyzed and found to be very rich in just the chemical elements needed to enrich the cultivated soils, and when the Short Line once gets the business started there promises to be an immense traffic west, not only to the benefit of the railroad company, but of the entire west.

SENATOR BEVERIDGE MARRIED IN BERLIN

Berlin, Aug. 7.—Miss Katherine Eddy of Chicago, sister of the senator, secretary of the American embassy here, and Senator Albert J. Beveridge of Indiana, were married here today. The bride, according to the German requirements, was married first at the senator's office at noon and the religious ceremony which occurred half an hour later at the American embassy, technically within American jurisdiction, was performed by the Rev. Dr. Thomas C. Hall, professor of theology at the Union Theological seminary, formerly pastor of the Fourth Presbyterian church, Chicago.

E. L. Kain of Greenfield, O., a cousin of Senator Beveridge, and J. G. Shaffer, of Chicago, were the witnesses at the civil marriage. Sen. Wm. Dillingham of Vermont, and Sen. Wm. Dillingham of Vermont, were the witnesses at the civil marriage. Sen. Wm. Dillingham of Vermont, and Sen. Wm. Dillingham of Vermont, were the witnesses at the civil marriage.

Both services were of the most simple character, only relatives and a few intimate friends being present. Among the guests were Mr. and Mrs. Augustus Eddy, parents of the bride, Mr. and Mrs. Spencer F. Eddy, Commander W. J. Hoard, United States naval attaches, and Mrs. Howard, Col. J. P. Wisner, J. W. Garrett, chief secretary of the American embassy at Vienna, N. O'Shaughnessy, third secretary of the embassy here, Consul General A. M. Thackeray and wife; Mrs. and Miss Birch of Chicago; Mr. and Mrs. J. C. Shaffer, Mr. and Mrs. E. L. McLaughlin, Miss McLaughlin, Dr. and Mrs. Hall, and Mrs. and Miss Munn.

The principal drawingroom of the embassy was converted for the occasion into a provisional chapel containing a small altar, before which Dr. Hall stood with a background of plants. After the ceremony a wedding breakfast was given at the house of Spencer F. Eddy. Ambassador Trevelyan presided at the head of the table, and the health of the bride and groom, to which Senator Beveridge responded.

Several hundred congratulatory telegrams and messages were received, including one from the mother of Mr. Beveridge from Champaign, Ill., and from Pres. Roosevelt, Senator Allison, James Whitcomb Riley, most of the many members of the house and political friends all over the United States.

A large number of cable messages congratulating the newly married couple of Mr. and Mrs. Beveridge to Dresden, where the bride couple will make a temporary stay.

LARGEST LOCOMOTIVE.

Weights 431,000 Pounds and is for the Erie Railroad.

New York, Aug. 7.—The largest steam locomotive in the world is about to be turned out from the plant of the American Locomotive works at Schenectady for the Erie railroad. It will haul on grades a train of loaded cars a mile and a half long without the aid of helpers.

The engine is in reality two engines under one boiler. It has four cylinders. The engine is designed for pusher service and will operate on the Erie road between Susquehanna and Gulf Summit pass.

While the hauling capacity of these enormous engines is more than double of the heaviest freight engine now in service on the road, the load on any single pair of driving wheels is less than that of any of the ordinary road engines of the present day. In view of this fact the advantages offered by this type of the concentration of power in a single unit are readily recognized.

MISSISSIPPI SENATORSHIP.

May be Second Primary to Decide the Williams-Vardaman Contest.

New Orleans, Aug. 7.—Dispatches from Jackson, Miss., says that a second senatorial primary for John Sharp Williams and Gov. James K. Vardaman, is regarded with favor by many followers of both. Secy. of State Power up to last night still had 10 counties to hear the official returns from and the count up to that point showed Williams lead in the race by 440 votes.

The smallness of the popularity which it is now estimated the winner will have is given as a reason for the belief that a contest over the election is inevitable.

The ballot boxes are being watched by workers on both sides.

The fact that a second primary must be held to select the candidate for governor has cleared the way for the advocacy of another vote for senator.

LADY GODIVA'S RIDE REPRODUCED IN COVENTRY

Coventry, Eng., Aug. 7.—Mounted on a white palfrey and decorously clothed in masses of hair, pink flunges and clouds of gauze, a modern Lady Godiva today gave a representation of the historic ride through the city's streets. Coventry has seen a Lady Godiva home for many months. When a revival of the procession last witnessed in 1887, was first noted, there were many who desired a strict adherence to tradition, even to the nudity of Lady Godiva, but the anti-nudists effected a compromise and a vaudeville actress whose specialty is to display herself in groups of living statuary, was engaged to represent the historic barefootedness of Coventry. The actress, who is said to have complained that she could make a half a dozen summer fashions of hair, pink flunges and clouds of gauze, was compelled to wear, took an hour and a half to arrange her trailing hair and long draperies, and then a special committee to approve of her costume before Lady Godiva was permitted to take her place in the pageant. Many of the local clergy who had been preaching against the fleshings as being suggestive of nudity, left the city temporarily but most of the people of the country and from 80,000 to 100,000 from the outside witnessed Lady Godiva as she traversed the six miles.

Lady Godiva, who flourished about the middle of the eleventh century, was the wife of Leofric, Earl of Chester. She was a woman of great beauty and piety, and the benefactress of many churches and monasteries. According to the legend, Lady Godiva begged her husband to relieve Coventry of a burdensome tax and he consented to do so upon the condition that she should ride naked through the market place. She did, covered only by her long hair, and thus won relief for the people. According to some versions of the story, the people were commanded to keep their eyes closed while Lady Godiva passed and only one man, "Peeping Tom," disobeyed, and he was miraculously stricken blind.
