

## UNIVERSITY OF UTAH.

The Rev. P. H. Simpkins of Phillips' Congregational church will speak at the chapel exercises next Wednesday.

As the regular faculty meeting on Monday President Kingsbury appointed Dr. Ebaugh, Prof. Roylance, and Miss May as a committee to arrange for a faculty reception to the students for the first time in the near future.

The Junior engineers are arranging to give a ball on Friday evening, Nov. 6.

Prof. Bennion has announced a Saturday course in "Introduction to Philosophy" for teachers. The first lecture will be given next Saturday at 1:30 in the teachers' room, next to Supt. Christensen's office, in the city and county building.

The fourth year normals have appointed a committee with J. M. Carlson as chairman to select samples of class pins.

Mr. Grier and Miss Wolf of Portland, Or., were shown through the university on Monday by Prof. Babcock. Mr. Grier is a nephew of Gov. Wells.

There was a large attendance at Prof. W. W. Campbell's illustrated lecture on Tuesday evening in the museum building. He spoke on the motion of the planetary system, through space and exhibited 25 astronomical photographs.

During the early part of the week the college women initiated 18 new members. As the rites of initiation are known to those who belong to the college, the ceremony was a very quiet one. Several days, groups of school girls were seen rushing through the halls of the building to and from the college women's room, but the door was always quickly closed. On Monday, the girls were taken to the third floor of the library building, blindfolded, and then asked to find their way to the door on the ground floor below. At the conclusion of all this excitement, one afternoon, the 18 young ladies filed out of their room, each wearing a wide circle of red and black ink around her eyes, and walking in old shoes. They left, and were now full fledged members of the college women's club. It is said that among the toilet articles used were soap, water, ink, sulphur, hydrogen sulphide, fly paper and flour.

Mr. Alexander, manager of the University Debating club, has received a letter from F. Sylvester, representing the students of the Colorado college at Colorado Springs, asking for a debate between the two schools. He also has between the two schools. He also has between the two schools. He also has between the two schools.

Parker B. Pratt and Frank Young were visitors on Tuesday.

The first year students met on Tuesday and appointed James Adamson, L. E. Cluff, Phil Clayton, Edith Frank and Miss Sharp as a committee on constitution and by-laws.

The afternoon the University Prep-school team and the Ogden High school eleven are punting the pigskin on the University campus.

On Saturday, Nov. 7, the preps. play the soldiers.

There is now a movement on foot for the domestic science department to occupy the old athletic training table, food for the athletes, nine by seven feet, occupy the billboards of the city, announcing the big game on the University campus next Saturday, when the University football team will meet the eleven from the University of Denver. This will be one of the biggest games of the season. In the evening the university students will entertain the visitors with a grand ball in the assembly room of the museum building.

When asked about their trip to Logan last Saturday, the football men said they were satisfied with their defeat. In reference to the treatment accorded them in the evening by the students of the A. C. they said the latter treated the visitors as well as they knew how.

**SALT LAKE CITY SCHOOLS.**

Today is the city teachers' outing. Ever since the city teachers' trip was made to the Murray smelters and the Utah Sugar factory by the teacher body, plans have been under way for another such successful event. As a result of the work of the committee in charge, the trip to Park City was arranged, and today carried into execution. The committee, with Supt. Christensen, member ex-officio, consisted of Principals Bryant, Martin and J. W. Coombs. The train left the R. G. W. station at 8:30 this morning. At Park City the following distribution of teachers for the visit to the mines was made:

For the Dally-West, Lincoln, Fremont, Washington, Riverside, Uintah, Longfellow and Webster.

For the Ontario-Summer, Bryant, Twelfth, Whittier and Union.

For the Silver King-Lowell, Jackson, Franklin, Training School and Oquirrh.

For the Dally-Judge-Grant, Wasatch, Ninth, Jordan, Hamilton, Emerson, Bonanza and West Side High.

Teachers were conducted during the outing by their respective principals.

A series of meetings has been opened by Supt. Christensen for the advanced

**A Baby's Life Saved.**

If your child is restless at night, grind its teeth, wets the bed, is constipated, craves indigestible food or is irritable and peevish, you can be sure it has Worms. KICKAPOO WORM KILLER will expel them and restore the child's health. These tablets are pleasant to take and won't harm the most delicate child. 25c a box at druggists, or by mail from us. Your money back if not satisfactory.

**KICKAPOO INDIAN WORM KILLER**

is endorsed and recommended by thousands of mothers.

Dunbar, Pennsylvania. Kickapoo Indian Medicine Co., New Haven, Conn.

Gentlemen—I cannot speak too highly of Kickapoo Indian Worm Killer. It was the means of saving our little girl, Mary, aged four years. We gave her one lozenge, and she passed eight worms. I would say to fathers and mothers who have children to try the Worm Killer. For it saved our little girl, and I know it will do the same for them.

JAS. WILGUS.

KICKAPOO INDIAN MEDICINE CO., New Haven, Conn.

grades, in the Bryant school building. A discussion of arithmetic will take place at the next meeting for teachers of the fifth and sixth grades, this week.

The following meetings are scheduled for the coming week:

Tuesday—Mr. Wetzel, Fremont school 4:15 p. m., sixth grade; Mr. Parratt, city and county building, 4:15 p. m., fourth grade.

Wednesday—Miss Pollock, city and county building, 3:15 p. m., first grade.

Thursday—Mr. Wetzel, Fremont, 4:15 p. m., seventh grade; Mr. Parratt, city and county building, 4:15 p. m., fifth grade.

At a principal's meeting held Wednesday afternoon, the question of promotions was discussed. Supt. Christensen urged upon the principals the necessity of keeping up the high standard of the schools by promoting those only who merited it. It was advised to secure more oral work in the grades, keeping in view the development of expression. For this purpose, sight-reading, at least once per week, was recommended. A list of the names of especially good books was presented from which the principals might draw, the books to be read by the pupils during the year.

Miss Arnold's "How to Teach Reading" was favored as a textbook for teachers. Supt. Christensen stated that, owing to the present emergency, a teacher had been appointed to give instruction in drawing, but that the department had as yet no supervisor.

The Teachers' association holds a session on the 30th inst., at 4:30 p. m., in the West Side High School building.

The East Side High school has organized a football team, with Dunn as Manager and Hahn as captain.

The Riverside school was favored with a visit from Miss Woodward, supervisor of music, in the Park City school. She has considered the work "simply wonderful."

Mr. Wetzel has introduced a feature in his school which will prove developing and healthful. A five-minute drill is given in gymnastics each afternoon. At a given signal, the doors of the various rooms are thrown open and, to the accompaniment of an excellent musical accompaniment, the children go through a series of very pretty rhythmic movements.

The Fremont and Lincoln were visited by the supervisor in music this week.

Supt. Christensen spent a short time at the Riverside last Wednesday.

Miss Pollock was at the Fremont this week.

Manual training has been begun in the primary grades.

Miss Tomlinson introduced sewing in the sixth grade at the Fremont.

Work in pyrography is being executed in connection with manual training. Room 7 of the Fremont has turned out some very good specimens.

The following patrons were seen at the Summer school this week:

Mrs. Iverson, Mrs. Smith, Mrs. Stegman, Mrs. Mayers and Mrs. Nuhn.

Supervisor Pollock inspected the work at the Summer Thursday.

Miss Rhoda Neder of room 11 at the Summer is furnishing some very good marching music this month.

The marching in the lower grades at the Summer school is very much improved this year.

The drawings in Miss Jessie Bold's room at the Summer are very good.

**L. D. S. UNIVERSITY.**

Miss Patten sang two beautiful solos on Wednesday morning. A quartette of brass instruments from the students' orchestra furnished two good selections on Tuesday at devotional.

Thirty-five students have registered for French. The desire of the instructors to make modern languages a strong feature. In these days of universal travel, the ability to speak at least two languages is an essential feature of a good education.

Prof. Stephens's class for choir leaders will begin Nov. 2, one week from next Monday. Membership in this course will entitle the student to participation in the children's and adults' singing classes and to membership in the Tabernacle choir. Attendance at all its practices and recitals.

The class in first year Spanish is doing very good work in conjugation. Some special students from the city are entering the class because of good prospects in that line in the republics in the South.

The class in Greek history has finished the "Oration" and has been working on prehistoric Greece. Prof. Mills and some of the students have brought excellent works of history and added them to the school library for the use of the class.

The regulation that all High school normal students must attend a reading room while not in classes meets with general approval; and by reason of the rigid requirement of certificates for entrance to the High school and normal, a very choice class of first year students make up these departments.

The students in physiography are considering tides, waves, and ocean currents. The morning session has become so large that the room is scarcely accommodated all of the students. Principal Peterson is considering some means of dividing the section.

The class in physics is struggling bravely with the questions of "Equilibrium" and the "Laws of Falling Bodies." Some of the members have nearly lost their equilibrium and are beginning to dread the "fall."

Among the visitors this week at the business college were: Prof. Maxwell Kennedy, principal of Rushville, Ill.; Normal and Business college, who was as much surprised as pleased to find a school so large and finely equipped in Utah; and Orin Lund, one of the former bookkeeping students now working in Ogden, who called for an exchange of good wishes with friends in the higher accounting department.

The students of Instructor Snow's commercial geography class have arranged to visit a number of the leading manufacturing establishments in this vicinity. Instructors Miller and Russ report that a number of young office men are taking bookkeeping in the night school. Instructor Funk's night class in telegraphy is doing excellent work and the numbers are increasing. Three new members this week.

It is reported by the shorthand department that the demand for material for the shorthand class is increasing. The supply. All shorthand students are taking the bi-weekly lessons in punctuation given by President Paul. Twenty representative girls of this department have had their pictures taken in a group.

We announce with deep sorrow the death of Isaac N. Dunyon, a student of the shorthand department. He was a young man of marked ability, with a bright future. He was suddenly attacked and taken away by appendicitis. It is difficult for those who knew him best to become reconciled to his death. Nevertheless, according to the promises of the Gospel, we feel that it is only a matter of time when we shall again enjoy his companionship.

A choice floral tribute was sent to his parents by the students of the business college, and another by his friends and teachers, Mrs. Evans and Miss Bitter.

The students in chemistry are rejoicing over the fact that our new chemical laboratory is now ready for occupancy. The desks are to be moved into the building today and the plugging done immediately afterward so that the laboratory work can go on next week. One of the important conveniences in the new laboratory is a common bond in which noxious gases can be generated. In the old building we have had difficulty in working with these gases because they had to be generated in the laboratory and in spite of all precautions, some of the gas would escape into the room, thus befouling the air which the students had to breathe.

**BRIGHAM YOUNG UNIVERSITY.**

Twenty samples of unusually fine lead and silver ore from the Daly-West mine have recently been donated to the museum by Mr. George Lindsay.

Bishop J. S. Jensen of Salina was a visitor at the university last Monday. He came to install his son in the high school classes.

The university is growing. Sons have been born recently to three of the teachers. The happy fathers are: Prof. Maw, Prof. Andelin and Prof. Hickman.

President Cluff made a short visit last week to the Barber branch, and found the school in a very healthful condition.

Prof. Edwin H. Smart of the preparatory school is ill of typhoid fever. Fortunately his case is a light one, and he is getting along well toward recovery. His wife has taken his place in the school room.

The program in Literary society last Saturday night was "Evolving with the World." Miss Georgia Hoagland gave a sketch of her life and Miss May Alexander read the "Vision of Sir Launfal."

The Rev. Mr. Murphy, Methodist minister of Provo, is a member of the class in the Philosophy of the Gospel. He is taking a commendable way of becoming acquainted with the truths of "Mormonism."

Mr. M. E. Robinson of American Fork, one of the university students, made a short visit to the school last week. He will shortly resume his medical studies in the Marion Sims Medical college in St. Louis.

The White and Blue is out with a fine table of contents. Its circulation list, although the price raised to 75 cents is larger than ever before, while its advertising columns already place it beyond fear of financial failure.

Mr. McCarty, one of the assistants in mathematics, has been obliged to resign and return home to Monroe, owing to stress of circumstances demanding his personal attention in connection with a group of mines at Kimberley.

Mr. Walter Cluff, who conducts the regular classes in elocution, made a visit recently to his brother, who is teaching in Levan, taking with him a shotgun and other gear of the hunt. He succeeded in bagging several rabbits and chickens, and incidentally induced six of Levan's young people to attend the university.

Mr. Donald Forsyth of Pine Valley, advertised as one of the teachers of the preparatory school, has been able to take up his work only yesterday, and spent his vacation in the delightful diversion of carrelling and lassoing the wild horses of the desert, which were then shipped to the eastern market.

By the time these notes are in press, Friday next, the red-letter day, will have passed, the dear old academy will have closed its usefulness, and the institution will be launched in the new career as the Brigham Young University. The work will go on just the same. Its new title must in the very

**TOOK A STRAW VOTE.**

An advertising agent, representing a prominent New York magazine, while on a recent western trip, was dining one evening in a Pittsburg restaurant.

While waiting for his order he glanced over his newspaper and noted the advertisement of a well known dyspepsia preparation, Stuart's Dyspepsia Tablets; as he himself was a regular user of the tablets, he began speculating as to how many of the other waiting men in the dining room were also friends of the popular remedy for indigestion.

He said: I counted twenty-three men at the tables, and in the hotel office I took the trouble to interview them and was surprised to learn that nine of the twenty-three made a practice of taking one or two of Stuart's Dyspepsia Tablets after each meal.

One of them told me he had suffered so much from stomach trouble that at one time he had been obliged to quit the road, but since using Stuart's Dyspepsia Tablets had been entirely free from indigestion, but he continued their use, especially while traveling, on account of irregularity in meals and because like all traveling men he was often obliged to eat what he could get and not always what he wanted.

Another, who looked the picture of health, said he never ate a meal without taking a Stuart Tablet afterward because he could eat what he pleased and when he pleased without fear of a sleepless night or any other trouble.

Still another used them because he was subject to gas on stomach, causing pressure on heart and lungs, shortness of breath and distress in chest, which he no longer experienced since using the tablets regularly.

Another claimed that Stuart's Dyspepsia Tablets was the only safe remedy he had ever found for sour stomach and acidity. He had formerly used common soda to relieve the trouble, but the tablets were much better and safer to use.

After smoking, drinking or other excesses which weaken the digestive organs, nothing restores the stomach to a healthy, wholesome condition so effectively as Stuart's Tablets.

Stuart's Dyspepsia Tablets contain the natural digestives, pepsin, diastase, which every weak stomach lacks, as well as iron, hydrastin and yellow pepsin, and can be safely relied on as a radical cure for every form of poor digestion. Sold by druggists everywhere.

nature of things remain for many years yet as only a bright prophecy.

Mrs. Dusenberry entertained the faculty and prominent citizens of Provo the other night in honor of her guest, Mrs. Lucetta W. Treat, kindergarten lecturer. The kindergarten normal class had profusely decorated the rooms in festive bouquets of autumn foliage. Prof. Partridge's Mandolin and Guitar club, numbering about 12 members, furnished the music, and refreshments in the form of ice cream and cake were served.

The kindergarten girls of this year promise to keep up the record of last year's class for originality. Their latest is a "Myster" club. No, it is not a German word, nor yet a coinage. The key words are the letters y (when attached to the r). Something is even now being hatched for Halloween, on which occasion they entertain in the training building. Near little Tom Thumb let us be out, inviting the guest to meet them in room four—

"And leave all hope behind,  
Come with pillow slip and sheet  
Other witches there to meet."

**AGRICULTURAL COLLEGE.**

Pres. Kerr addressed the students at chapel on Tuesday during which he took occasion to refer pleasantly to the victory over the U. of U. on the gridiron last Saturday.

At the faculty meeting last Tuesday, it was decided to change chapel from 8:40 to 11:10. The change became effective on Thursday.

Many of the classes purchased material and made beautiful banners last week. They received their first airing at the game on Saturday.

Mr. Chester Snow, a freshman of last year, has passed his examinations at Harvard, giving him full sophomore standing.

Trustee McAllister, chairman of the committee on buildings, visited the college last Monday, and expressed himself as much pleased at the rapid progress made recently on the new buildings.

Mr. Nielson, a graduate of the college some 20 years, who has been teaching for several years in Salt Lake, returned the college last Tuesday for higher work.

The first entertainment in the lecture course will be given at an early date.

Prof. Peterson accompanied by Profs. Hutt and Williams, spent two days in the mountains northeast of Logan, the first of the week. Prof. Peterson was completing some field work in geology for the University of Chicago, while Prof. Hutt was studying the effects of local topography on the climate, and the effects of pasturing by sheep and cattle.

There are more than 100 new students, who have not drilled before and 60 who have drilled one year, and new cadets reporting daily, to Capt. Styer. He says the drilling is very satisfactory, and that a battalion will be organized within a month. The military band has been reorganized and will attend all the home and guest mountings, which, under new regulations, are required by the war department.

Prof. Ostien went to Salt Lake on Friday to attend a two day session of a committee on which he was appointed by the state board of education, to examine papers from the various counties in the recent uniform teacher's examination.

The commercial club reorganized last Tuesday. O. W. Adams was elected president, J. J. Frederickson, vice president, Miss Josie Yates, secretary, and L. E. Peterson, treasurer. The meetings are held each alternate Saturday at 2:50. Prof. Bexell has secured 25 prominent business men from the state to deliver lectures on practical subjects before the club.

The accounting and stenography rooms are veritable beehives of industry. Although the office fixtures have not arrived, the work in business practice has begun.

The junior commercials are now investigating the various kinds of banks with a view to organizing as soon as the office fixtures are installed. Papers and books have been received from the comptroller of the currency and the secretary of state.

The star society met in the chapel last Monday evening.

The laundry practice class is the largest in the history of the college, and now occupies the new rooms fitted up for the work.

The cooking classes are now engaged in making jelly and spicing fruits.

The senior class in the course on household sanitation are now studying ventilation.

The law club is taking up Roberts' Rules of Order for careful study.

The experiment of feeding hogs on a ration of which is molasses refuse from the sugar factory, has just been completed. While Prof. Clark has not completed his report, he thinks the results are entirely satisfactory. The professor is also waiting on the report of a selling experiment recently completed in which he compared the relative merits of feeding green stuff in the barn and pasturing it.

There have been added recently to the stock on the college farm a pure bred Dorset sheep from the Agricultural college of Minnesota, and some thorough bred Poland China, Tamworth and Yorkshire hogs from the Agricultural colleges of Colorado, Iowa and Minnesota.

Notwithstanding the great demonstration over the victory last Saturday, the students were all prepared for their first of this week.

The A. C. Woman's club met with Mrs. Ball last Monday and discussed Greek sculpture. Mrs. Madison led in the discussion.

**WEBER STAKE ACADEMY.**

Ogden—The little daughter of Prof. Terry who met with an accident by throwing her elbow out last week, is getting along very nicely. The accident will leave no evil effects.

Ephraim Manning, '01, paid his Alma Mater a visit last week. He has been a student at the academy and is directing his efforts to that end.

A chorus books have been ordered prepared to the organization of a choir in the academy. Prof. Ballantyne also contemplates the organization of a band chorus in the near future. With these favorable prospects the academy will have good and suitable music for devotional services.

President Middleton was an interested visitor at the Wednesday morning session of the sewing class. He gave the class a talk on sewing in pioneer days and told how he made a buckskin suit for himself.

The girls have finished their first piece—a flannel undershirt, and are now at work on buttonholes, eyelets, sewing on buttons, etc.

Elder Reed Smoot and Pres. Shurtliff visited the academy last Monday and Elder Smoot addressed the student body at devotional. He dwelt upon the function of the Church school and paid forcible tribute to the memory of Bro. Mauser, the father of the Church school system. At the close of Elder Smoot's address, at the suggestion of President Shurtliff, the school adjourned to the tabernacle for the forenoon session of conference and reassembled for class work at 1 p. m.

In the afternoon Elder John Henry Smith, of the academy, an excellent address on "The Harmonious Development of all the Faculties." His talk was adapted to the students, who listened to it

with an interest that showed a keen appreciation of what was being said.

**ONEIDA STAKE ACADEMY.**

Preston, Ida., Oct. 22.—On Friday, Nov. 16, Elders Mathias F. Cowley of the quorum of the Twelve Apostles was a visitor at the Oneida Stake academy. Being a member of the stake board of education his visit was official. So happy were the teachers and students to see him that they cheerfully gave him the time regularly allotted for theological study. His talk was excellent from beginning to end. He congratulated the young people upon the splendid opportunity to possess themselves of their time and talents. He related a most beautiful story portraying the effects of early training, and the results of a well spent life, as contrasted with a career of carelessness and aimless living. He was gratified to see 150 young men and women assembled in their beautiful temple of learning, all with a single purpose—to possess themselves of their education, which would enable them to perform the sacred responsibilities of their future lives. The kindly instruction of their friend and benefactor will be long remembered by the students of the academy.

One of the most pleasant entertainments witnessed in the history of the Oneida Stake academy was given on the evening of Nov. 16. Through the untiring efforts of Chas. D. Gosnell, and the sacrificing liberality of good men from various parts of the stake, a beautiful Chickering piano has been placed in the academy, and that the instrument might be properly presented to the school, all of the money contributed for its purchase received complimentary invitations to be present at a fruit festival and a musical. Prof. Brimhall, Mrs. Eva Johnson, Miss Anne Parkinson and Miss May Crawford were the principal performers. It is not an overstatement of truth to say that all present were pleased and no one felt the poorer for having given his means to such a laudable purpose. Brother Gosnell in a brief, well chosen speech, presented the instrument, and Elder Mathias F. Cowley, in behalf of the board, made a happy response, complimenting the contributors on their liberality, and thanking them for the interest they had manifested. After the formal presentation, 10 young ladies, dressed in academy, served choice fruits and lemonade to all the guests. There was an abundance of the best and those present certainly had a feast. The program of the evening was concluded by a dancing party given under the auspices of the Academy. Though very crowded the party was a most pleasant social affair.

Dr. Engle of the Agricultural college of Logan, Utah, before the students' literary society on Friday evening, Oct. 23.

Preparations are being made for the celebration of Founders' day, and an interesting time for the academy is anticipated.

**BRANCH NORMAL.**

Cedar City, Oct. 21.—Work on the new building is being pushed very rapidly, faint hopes are indulged that possibly it will be ready for occupancy by the first of the new year. The contractors assure us positively that we may have it by the beginning of the second half of the school year, which comes some time in February.

The boys' basket ball teams are doing regular daily work now. They are developing considerable skill in that line.

The '05 class went last Thursday to the new building, and with proper ceremonies and appropriate class yells, entered the interior of their new home, history, chronology and poem, in one of the stones which help to form the front entrance of that structure.

English C has begun its study of the poets. It is taking up the works of Longfellow first.

The students occupied the chapel time this morning in discussing and voting on the city of Ogden. They were two amendments they were unanimously adopted. Our police force will now take charge of the city and absolute peace and order will prevail henceforth.

The enthusiasm the students in chemistry have felt since laboratory work began, was suddenly dampened this morning by the appearance of blank papers on the desks and test questions on the blackboard.

Mr. Ward visited Parowan Saturday and talked to the young people in their Mutual conference.

A ladies' quartet and a gentlemen's brass band clubs were organized last evening under the direction of Mr. O. C. Anderson. Mr. Anderson will visit Parowan Saturday in the interest of music.

**BLOOD**

On account of its frightful hideousness, Blood Poisoning is commonly called the King of All Diseases. It may be either hereditary or contracted. Once the system is tainted with it, the disease may manifest itself in the form of Scrofula, Eczema, Rheumatic Pains, Stiff or Swollen Joints, Eruptions on the Face, Hair, Nails, Etc., or on the Tongue, Sore Throat, Swollen Tonsils, Falling out of the Hair, Itchy Skin, and finally a Leucoderma-like Decay of the Flesh and Bones. If you have any of these or similar symptoms, get BROWN'S BLOOD CURE. It is a blood purifier and is practically the result of life. It contains no dangerous drugs or injurious medicines of any kind. It goes to the very bottom of the disease and forces out every particle of impurity. Soon every sign and symptom disappears completely and forever. The blood, the tissues, the flesh, the bones and the whole system are cleansed, purified and restored to perfect health, and the patient prepared anew for the duties and pleasures of life. BROWN'S BLOOD CURE. 25c a bottle. Made by DR. BROWN, 555 Arch St., Philadelphia. For sale in Salt Lake only by F. C. Schramm, First South and Main Sts.
