# GEORGE WRIGHT FATALLY CRUSHED AT TABERNACLE

Caught Between a Building and an Engine and Killed.

## ACCIDENT WAS AT MURRAY MORE THAN A MORAL CODE.

Employee of American Smelting & Refining Company Meets Death on the Highway on Sunday.

George Wright, an employee of the American Smelting and Refining company at the Murray smelter, was crushed to death between the lead works and a moving engine yesterday afternoon.

The young man was at work switching cars in the yard when the accident occurred. In order to avoid a car which was coming in his direction he stepped across the track against the platform adjacent to the works without seeing that a switch engine was coming along the track close to the building. Before the unfortunate man could avoid the rapidly approaching engine he was caught and crushed against the wall and finally twisted into a break in the structure. When found he was unconscious and dying. Dr. Ferree was summoned and the crushed man removed to his room, but he was past all human aid and expired shortly after 4:30 o'clock. An examination showed that the police bones were all smashed and one leg was broken at the thigh.

The unfortunate man was a son of Sexton Wright of Mt. Olivet cemetery, is about 40 years of age, and leaves a widow, who, it is said, keeps a boarding house at Bingham.

After an inquiry into the details of the unfortunate occurrence it was deemed unnecessary to hold an inquest. The body was brought to this city and is now at O'Donnell's undertaking room.

Miss Owen McCune and Bert Andrews, two young people of Nephi, are said to have boarded the train at that place yesterday coming to this city presumably to get married. # CHRISTMAS "NEWS."

The Christmas edition of the "News" will this year be printed on December 15th, 1900. It will be the most elaborate compilation of the resources and attractions of Utah yet issued.

It will commemorate the proposed union of Salt Lake and Los Angeles by rail, and will contain many special illustrations and articles relating to the great capital of southern California as well as the route proposed to be traversed by the new railroad.

It will have the largest circulation of any paper ever printed in Utah, a great part of it being distributed in and around the city of Los Angeles.

Specially attractive articles will be prepared by a corps of selected writers, and leading men of the community will contribute articles on topics of the day.

The date on which the holiday number will appear (December 15th) renders it of especial value to the local advertiser who wishes to reach the Christmas trade. Its wide circulation outside of the State and in lower California, especially, will make it an invaluable medium for the general advertiser and for the State at large.

Dealers and agents of the "News" are requested to send in their advertising orders at once. Advertisers who apply earliest will receive the best positions.

THE DESERT NEWS.

CHRISTMAS CAROL.

"When Christ was born in Bethlehem, 'T was night, but seemed the noon of day.

The stars, whose light  
Was pure and bright,  
Shone with unwavering ray;  
Then one, no glorious star,  
Guided the Eastern Magi from afar.

Then peace was spread throughout the world,  
The lion fled beside the tender lamb;  
And with the kid,  
The spotted leopard fed;  
In peace, the calf and bear,  
For lamb and lion reposed together there.

As shepherds watch their flocks by night,  
An angel, brighter than the sun's own light,  
Appeared in air,  
And gently said,  
Fear not—be not afraid,  
For I bring you good news,  
Earth has become a smiling paradise.

Contestants for the carol may use their own taste and discretion in the employment of the above words, omitting or repeating at their pleasure.
