BODY FOUND IN ROOMING HOUSE.

Man Had Been Dead Several Days—Was a Railroad Laborer.

DEATH OF MRS. WM. VAN DYKE

Four Funerals on Sunday—County Board of Education Elects Officers—News in Brief.

Ogden, Utah, Jan. 8.—The body of an unknown man was discovered dead in a room in the Allen rooming house about 8 o'clock last night by the landlady Mrs. T. R. Allen. The man's name could not be learned last night, as he had only been at the rooming house a few days and did not give his name when he rented the room. During the past three days the inmates of the rooming house had not seen the man around the place, but as he was a drinking man they presumed he had been on a drunk. Last evening in the office they began to discuss his whereabouts and went to his room and knocked but received no reply, one of the men consented to climb into the room through the transom, which was pushed open. Once inside he soon discovered that the man was dead. The police were notified also Coroner J. D. Murphy who had the remains removed to Larkin & Son's morgue where they will be held pending an investigation of the circumstances surrounding his death and a coroner's inquest will likely be held. The man has been employed by the Utah Construction company as teamster on some of its railroad contract work. He came to Ogden about two weeks ago from his work and has been drinking heavily and it is believed that liquor superinduced his death. From the condition of his body it would appear that he has been dead several days. He was only partially undressed. In his room was a roll of bedding and a small hand satchel, but no papers or other marks of identification were found on him. An effort will be made by the undertaker to find out who he is and will endeavor to find his relatives if he has any. The man is about 35 years of age, medium height and build, dark hair and beard, and blue eyes. He was dressed in workman's apparel and was a man of pleasant appearance.

It was learned this morning that the man's name is Frank Mason who for some time past has been employed as teamster for the Utah Construction company at Toona, Nev. The body was identified by two companions and a saloon keeper, who were well acquainted with him. It is believed he has relatives at or near Springville, Utah. The man says he had \$25 cash and checks for \$50 or \$60 when he left work about Christmas time. He also had a silver watch and a telescope valise, all of which are now missing. The police are investigating the case. This morning in the dist-let court information was filed against Carl Jennings, charged with burglary and grand larceny; Frank Eugene, charged with burglary in the first degree and grand larceny; Leroy Horrocks, two charges of attempted rape. At this morning's meeting of the board of county commissioners the following deputy assessors were appointed and confirmed: Isaac N. Fulton, Joseph J. Harrison, D. G. Dunbar and Archie Stewart. Commissioner Stanford reported that he had succeeded in securing three cars of coal to be distributed among the poor, something they have been very much in need of for some time. The commissioners also conferred with County Assessor Dix on the assessment for 1906.

BAD CUTTING AFFRAY. Two Saloon Habitues Quarrel Over Pool Game.

Ogden, Jan. 8.—Dick Griffin and Charles O. Abraham got into a lively mixup shortly after midnight Saturday night, resulting in Abraham cutting Griffin with a pocket knife or some other sharp instrument. The men had been drinking during the evening, and engaged in a game of pool, which they were at when midnight came and the saloon had to be closed because of the noise. They quarreled over the game and when near the corner of Washington avenue and Twenty-fourth street they began to fight. In the mixup Abraham pulled his knife and slashed Griffin on the left cheek, cutting a wound which required four stitches to close it up. Dr. Forbes dressed the wound. Abraham was placed under arrest by Sgt. Chambers and Officer Burke.

VERNAL. MAN FROZEN TO DEATH.

Hunting Accident—Land and Water Filings—New Postmaster.

Special Correspondence. Vernal, Utah, Jan. 3.—L. A. Pike of Vernal met with an accident which caused the loss of two of his fingers. While out hunting last Sunday with a shotgun, he let it fall in the snow, and while in the act of picking it up, with his fingers over the muzzle, it was discharged by some means, and two fingers were shot away.

Despite the severe weather a number of land filings are still being made in the land office for lands on the Utah reservation. There have been a number of coal mines made also, and the business of the office has exceeded expectations.

VERNAL POSTMASTER. E. F. Belcher, who has received the appointment of Postmaster for Vernal in place of S. P. Dillman, resigned, has filed his bond and will soon assume the duties of the office. It is learned that there will be a leaching plant installed next spring somewhere near the Florence Mining company, a few miles west of Urday. The ore is found in a sandstone formation that is easily worked, and it is the belief of the company that it can be treated by the leaching process with profit.

A number of water applications are still going in to the state engineer's office from intending settlers on the reservation. The water of all the streams has been filed upon several times over, and it looks very much as if there will be a big tangle before the water question is settled in that section.

RECENT FALSE REPORTS. There is considerable feeling stirred up in Vernal by reason of the article in the Salt Lake Tribune holiday number in which the writer took occasion to take the usual fling at Vernal, and this section of the state in general. Ever since Senator Reed Smoot used his influence in behalf of Vernal as the location for the new land office, the paper has been full of articles and editorials, and it has been intimated that Senator Smoot was materially interested in this section, and this supposed fact was behind his friendliness to Vernal and Utah county. The fact of the matter is that the senator has no private interests in this section whatever. At one time, and before he was elected to the senate, he was directly interested in a claim or two of gilsonite, with several other Utah people, but these interests long ago passed out of his hands. Vernal was by reason of its location the natural selection for the land office, and the senator was simply acting for the best interests of all concerned, but despite this, his usual policy is to lose no opportunity to shout their hatred toward either the senator or his friends.

EXTREMELY SEVERE WEATHER. The weather continues extremely severe in this section, the thermometer going below zero every night.

MAN FROZEN TO DEATH.

The report has reached here of the finding of an unidentified man, frozen to death, along the Strawberry river, above the new town of Theodore, at the junction of the Duchesne and Strawberry rivers. While all the Salt Lake dailies are given credit for the holiday editions there is a universal sentiment here that the "News" put them all in the shade.

Grandfather's Cure for Constipation

GREAT medicine—the Saw-buck.

Two hours a day sawing wood will keep anyone's Bowels regular. No need of pills, Cathartics, Castor Oil nor "Physic," if you'll only work the Sawbuck regularly. Exercise is Nature's Cure for Constipation and—Ten-Mile walk will do, if you haven't got a wood pile.

Intestines with a costly waste of Digestive Juice, as Salts, Castor Oil, Calomel, Jalap, or Aperient Waters, always do. No—Cascarets strengthen and stimulate the Bowel Muscles instead. These are the Muscles that line the Food passages and that tighten up when Food touches them, thus driving that Food on to its finish. They are the Muscles that turn Food into Strength through Nutrition.

Well,—a Cascaret acts on your Bowel Muscles as if you had just Sawn a cord of wood, or walked ten miles. That's why Cascarets are safe to take continuously in health; and out of health. Because they move the Food Naturally, digesting it without waste of tomorrow's Gastro Juice.

They thus work all the Nutrition out of it before it decays. The thin, flat, Ten Cent box is made to fit your Vest Pocket, or "My Lady's" Purse.

Carry it constantly with you and take a Cascaret whenever you suspect you need one. Thus you will ward off Appendicitis, Constipation, Indigestion, — and other things besides.

Druggists—10 Cents a Box. Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet stamped "C.C.C."

FREE TO OUR FRIENDS! We want to send to our friends a beautiful French-designed, GOLD-PLATED BONBON BOX, hard-mounted in a beauty for the dressing table. Ten cents in stamps is asked as a measure of good faith and to cover cost of Cascarets, with which this box is packed. Address: Sterling Remedy Company, Chicago or New York.

TWENTY YEARS AGO TODAY.

DO YOU REMEMBER? One of the biggest blizzards in many years swept over the middle portion of the United States. A hurricane swept over the coast of England, causing serious damage, and wrecking many small vessels.

TEN YEARS AGO TODAY. A terrible explosion occurred in the C. D. D. mine, at Cripple Creek, Colo. Two men were killed and several injured. The report reached London from South Africa that the Uitlanders, under Dr. Jameson, had surrendered to representatives of President Paul Kruger.

FIVE YEARS AGO TODAY. The Dowager Empress of China opposed the demands of the foreign powers. German troops defeated a large force of Chinese at Sze Hai King, China, after heavy fighting. Shure Olson, one of the builders of the Tabernacle organ, died, aged 83.

At Prescott, Wash., Frank Sloan died from the effects of a wound caused by a hat pin, in the hands of Miss Ella Boone. Sloan was stabbed by the young lady for kissing her against her will. Twenty-seven people were fatally burned in an orphan asylum at Rochester, N. Y.

year of 1905, one aged person and the other a babe. During the year there were 20 births, 12 boys and 8 girls. Crops were reasonably good, as some 25,000 bushels of small grain was threshed. There was a moderate crop of hay. The potato and sugar beet crops fared badly, being in several instances a complete failure. During the Christmas and New Year holiday season, the people have enjoyed themselves in family gatherings, concerts, dances, etc. The Sunday school also held a conference, the best of its kind ever held in this ward. A fine program was ably rendered by the children, every class taking a part. All the aged people and widows were substantially remembered, and their hearts made to rejoice with some of the good things of the earth.
