THE TWENTY-FOURTH.—We have not yet heard of any programme of proceedings for the Twenty-fourth—the anniversary of the arrival of the Pioneers in this Valley. This day is so important in our history that it should not be passed over without some notice. We presume that it will be duly honored and observed in some form in every settlement in the Territory, and if we have no public celebration in this city, we at least should observe it as a holiday. A proclamation from his Honor the Mayor requesting places of business to be closed on that day, and making it a holiday for all classes, would, we doubt not, meet with a hearty response. We can speak for the Printers.

THEATRE.—"The Devil's Disciple." The management produced this drama in a happy way, and an amount of enthusiasm we have rarely seen displayed on any occasion. The audience was delighted. The play is decidedly sensational, but even for the most refined theatre-goers it possesses peculiar charms. It is not a "blood and thunder" drama, but a romantic play of the most fascinating and thrilling character. The interest of the piece never flags and is kept up to the very end. It is never tedious and keeps the audience in constant excitement. The acting was satisfactory throughout. The first act went a little slow, but the subsequent two acts passed off with spirit. Madame Schell as Lendorme surprised all in the character of a handsome boy, the happy and highly effective rendition of her part, and the energy she displayed in her acting. Her pantomime gestures were very graceful. Vehement applause broke forth at the conclusion of the drama over Lendorme's victory. Mr. Margetts as Simon was truly in his element. He entered into his part with great gusto, and was a constant source of merriment to the audience. Mr. McKenzie played with great energy, and the role of Pierre Louis could not have been better enacted. Miss Adams, as Mariette, a little tame in the first acts, raffled in the third, and made some very good points in her acting. Mr. Graham, Mrs. Bowering, Messrs. Hardie, Lindsay and Crowther did their best to contribute to the success of the piece. In fact, given the new robbers did well, considering the little experience they had had. The attack on the mill was exceedingly well done and the last tableau highly effective. Advice on our part to the public to see this effective drama is superfluous. A judge from the South manifested last night the House should be completely crowded on the second night of its representation.

JUDGE.—A Judge from the South manifested last night the House should be completely crowded on the second night of its representation.

"The Idiot of the Mill" will be repeated on Saturday.

FRIDAY AFTERNOON.—There will be a Cinderella Matinee and on Friday evening the excellent domestic drama of the "Peas of Safety" will be performed, with Madame Scheller as Marie, one of her best parts.

"The Idiot of the Mill" will be repeated on Saturday.

PANACCA CITY.—We have received a letter from Bro. C. H. Oliphant, of Panaca City, Washington County, containing an account of their celebration on the Fourth of July. We should have been pleased to insert his letter in full had it come to hand earlier. As it is we give a synopsis of its contents. The day was celebrated with that heartiness and jollity peculiar to our people. There were music, dancing and the usual waste of gunpowder. A meeting was held in the School-house, when the Declaration of Independence was read and an oration delivered by Judge Southworth, of Nevada. The presence of the citizens of Eagleville, who attended by invitation of the citizens of Panaca, heightened the festivities of the season. The day passed away in perfect harmony, there being neither jar nor accident of any kind.

The citizens of Panaca, we are glad to hear, are improving in temporal matters. Within the past year they have built a commodious frame building for school and meeting purposes, also a sawmill, and have nearly completed a first-class grist mill. Such energy and enterprise are commendable, and will be followed by the well-merited increase of blessings in material welfare.

EXTREME HEAT.—Our friends in Dixie are having a warm time of it, as we learn by Deseret Telegraph that the thermometer makes 110 deg. in the shade.

NEWS FROM ENGLAND.—We glean the following items from the "Millennium Star" of the 4th inst.

The steamer "Clement" was to leave Liverpool on the 1st inst. with a company of Saints. This will be the last ship on which the Saints will be forwarded this season.

It seems that the Minnesota did not bring the last of the migration.—ED.]

Elder W. C. Thomas has just arrived Liverpool on the 24th of June. He good health and spirits. He made the trip from Salt Lake City in nineteen days. He has been appointed to labor in Wales, under the direction of Elder Elias Morris.

Look Out for "Em."—Mr. James Clements, of Oxford, Round Valley Cache Co., wishing to put the people on their guard against thieves, sends us a description of two men who stole four mules from him on the night of the 18th of May last. He says one of them is tall, light complexion, sandy colored whiskers and very prominent teeth; the other, an Irishman, is short, thick-set and has black whiskers. Both had their hair shingled very close. Mr. Clements subsequently recovered two of his mules from a man named Snyder, living near Boise city, who bought them from the thieves. The other two he has been unable to get back. The rascals are said to have a note for \$300. Mr. Snyder, given in part payment for the stolen mules. The public are cautioned not to buy such notes. Since the above transaction these gentry have made another visit to our Territory, bringing with them \$10,000 more. They expect to sell some of their property on her breast, no doubt for some other victim. It will be well for our people to be on the look out for them, and for any of their passengers to be particularly cautious, as they are likely to be the most dangerous bandits in the country.
