Destroyed by Fire.

CHICAGO.—Another planing mill was destroyed by fire yesterday, owned by F. G. Attwood; loss $12,000.

Found Dead.—Forgery.—Bank Account.

NEW YORK, 6.—Charles A. Lamont, a broker, was found dead in the rear doorway of his residence, No. 555, Fifth Avenue, having probably committed suicide. It is said he was one of the gold clique.

J. M. Johnson, a respectable looking young man, was arraigned before Justice Dowling to-day, on a charge of forging the names of Fahnstock & Murray, to a note addressed to G. S. Cooben, of 87 Chambers Street, and asking that the party pay Johnson $125. The charge was proved, and he was held to answer as an imposter.

The weekly reports of the associate banks is very unfavorable, showing a loss of $1,377,600 in the total reserve, against a decrease of $7,544,000 in the total liabilities; in loans a decrease of $508,800; special decrease $1,238,000; legal tenders decrease $301,400.

Indicted.

The Grand Jury, yesterday, found indictments against Johnson, Yates and Brown, forgers, in connection with the late forgeries on the New York Central and Erie Railroad.

The Nathan Affair.

Interest in the development of the Nathan murder case is daily increasing, though the police and very reticent as to their intentions. Detectives are still seeking for Irving's mother and wife. It is now believed that the former knows something about the missing memorandum book. They are thought to be in New York. Captain Kennedy visited New Jersey City for evidence against Irving, in the burglary case, in order to bring him here from San Francisco. The police deny that they intend sending for him; it is thought, however, that they have the matter under consideration, and the impression around the police headquarters is that Irving will be brought here unknown.

Oriental Exploration — Big Fire — Indicted.

Professor James Strong of the Drew Seminary, and chief of the Oriental Topographical corps, is organizing an expedition for visiting Egypt, Asia Minor and Palestine, which will start about Christmas. A large staff of engineers, scientists and artists will accompany him, as also a limited and select party of tourists.

A fire in a Broad street liquor warehouse, this morning, occupied by Chas. J. Murphy and Read & Co., caused damage amounting to $35,600, insured.

James M. Johnson, the Williamsburg lawyer, who was arrested on Sunday for the alleged altering of Buffalo, N. Y. and Erie railroad bonds, has been indicted by the grand jury.

Excitement in Wall Street.

The opening business at Wall St., to-day, was considerably excited, on account of the development in the gold clique, and partly on account of the death of Charles A. Lamont, an active operator of large means, and of late understood to be a bear in stocks. Yesterday, soon after the opening of the exchange, securities improved, and a quieter feeling prevailed, it being inferred that the gold clique had gone into liquidation. Before noon rumors of the unfavorable bank statement were current, and excitement was occasioned with a rush to sell stocks, and there was no abatement until the close of bank hours, when a quieter tone characterized the market. During the excited times of the day failures were rumored, but they were not corroborated. The bankers seem to think that the worst of the flurry is over, and that the disruption of the clique will leave plain sailing for all during autumn. The day closed with the street full of rumors, but the markets were comparatively quiet.

Smuggled Diamonds.

Another large seizure of smuggled diamonds was made yesterday by the customs officers; they were mostly small gems of great brilliancy, and were appraised at $6,000 gold.

Prize Fight.

A prize fight took place between Jim McNall and Jack Burchall, for a hundred dollars a side. On time being called for the 36th round Burchall's second threw up the sponge. Thirty-six rounds were fought, occupying an hour and eleven minutes. Both men were badly punished.

California Press.

The *Herald* will have the following to-morrow:

To the Editor of the *Herald*: As part proprietor of the *Bulletin* and *Daily Call* newspapers, of San Francisco, will you allow me to correct an erroneous impression, that they are republican journals. They are, and always have been, independent in politics, and will not hesitate to sustain or condemn the acts of either party, or of the national administration, as they seem to deserve. No man or party has had their support, except on the ground of personal merits. The *Herald* is right in its estimate of the significance of the late election in California, which was a triumph, neither of democrats nor republicans, but of honest, clear-headed men of both political parties, who were independent enough to ignore party organization, which, through the management of adroit wire-pullers, had fallen under control of the most oppressive railroad monopolies that ever crossed a State. The verdict is a notice to the C. P. R. R. Co., that it must get out of politics, and attend to its legitimate business, abandon its irregular system of hostile discrimination against Territories, and cease debauching the primary meetings of political conventions and elections, with a view of forcing from the people subsidies for the enrichment of the contract and finance ring of the Credit Mobilier of the C. P. R. R. Co. When that notice is heeded the popular war of self-defence against the ring will cease, and the independent people's party will resolve into its original elements.

(Signed) J. H. S.

DETROIT, 7.—Peter Jeannot, the father of the little girl who was outraged by James Canivan, in Muskegan, on Monday, went to the jail to-day, and asked permission to see the prisoner, which was granted by the sheriff. Jeannot then stepped to the door of the cell, where the villain was confined, took a pistol from his cap, and shot Canivan in the neck. Jeannot was taken before a justice and admitted to bail. The facts of the case are briefly stated by the *Free Press* correspondent as follows:—

On Monday last, Canivan enticed a little girl 9 years old into the woods, where he kept her all night and foully outraged her. Search was made for the child during the night by the alarmed parents, but in vain. About daylight the fiend let her go, and she came back, barely able to walk. Canivan was arrested on Tuesday, and lodged in jail. The little girl died the following morning. The outrage created great indignation and excitement.

Convalescent—Suffering Feared.

NEW YORK, 7.—A London letter says that Mr. Motley is convalescent, and continues to show none but favorable symptoms. He has returned to London from his visit to Levison tower. When Mr. Motley quitted town, he was still so weak that he had to be carried to his carriage.

It is feared there will be starvation among fishermen, and probably even among farmers who sustained heavy losses by the gale. There will be suffering, and the country will not get over it for years.

Fifty-six vessels are reported ashore, some of which have been condemned.

The company of the second regiment of national guards, of Cala., now the guests of the 7th regiment, have yielded to the generally expressed desire of the militia organization, and will, prior to their departure, give two exhibitions of their skill and proficiency at the Academy of Music, on Tuesday and Wednesday, 9th and 10th. On both occasions, in addition to other proofs of skill and proficiency, they will go through the marvelous blind-fold drill.

New Industry.

NEW YORK, 8.—The butter and cheese exchange, of New York, a new commercial institution, will be inaugurated on Wednesday, Sept. 10. Hon. E. Brooks will deliver an address. Hon. Horace Seymour, president of the N. Y. State Dairymen's Association, and other gentlemen identified with this interest and that of commerce, have signified their intention of being present.

Cholera Spreading.

CAIRO, Ills., 6.—Parties direct from Murphysburg, report eight deaths there on Thursday, from cholera, and eight new cases yesterday. Five members of a family named Griffith, near Jonesboro, died from the same disease. It appears to be spreading through the low grounds west of the Illinois Central railroad.

Mrs. Irving Found.

The highest authority admits that an active search is now being made for Mrs. Irving, the wife of Irving, the Cala. prisoner, who has confessed complicity in the Nathan murder. So far the search has been unavailing. Instead of viewing Irving's confession as a mere ruse to get to new York, the police evidently regard it with importance. Supt. Marizell, on looking over the records, finds that Irving was discharged the day before the Nathan murder on a writ of *habeas corpus*, for participation in a burglary. The last trace the police have of Mrs. Irving is in Hoboken, where she resided a few weeks ago. She is still believed to be on the Jersey side of the river. The *Herald*, today, from private information, intimates that Irving, if brought here, could be induced to furnish sufficient proof to fix the crime very closely on two men, now confined in jail in this city. It is learned that the police, after a long search, found the residence of Mrs. Irving, wife of Irving the Cala. prisoner, last night. Nothing of importance was elelted from her concerning the Nathan murder.

Forgeries.

The police have received information to the effect that the whole amount of forged bonds intended to be thrown on the market here, and in Europe, by forgers, whose schemes were frustrated last week, was two millions. Frank Gleason, Andrew Roberts and Gottlieb Engels are said to be the principals in the forgeries, which have lately excited Wall street. Two other forgers, Hargraves and Walter Sheridan, left for Liverpool, with a large amount of these bonds, which doubtless have been already placed in the English markets. John A. Carter, one of the oldest and most distinguished operators in the forgery business, was implicated about a year ago; he was liberated from Sing Sing, where he had been confined for a heavy forgery of U. S. and State bills. Engels, Gleason and Carter are believed to have done the work of forging and printing the bonds lately thrown on the market. Since the discovery of the forgeries, these three worthies have escaped. It is said that Williams and Engels are hiding in the city.

Collision.

LOUISVILLE, Ky., 7.—There was a collision on the Atlantic and G. W. Railroad, at eleven o'clock to-day, between a freight and a coal train. Seven cars of oil were burned, one man, name unknown, was killed; the body was burned in the wreck.

Terrible Accident.

OSHKOSH, Wis., 7.—A horrible accident occured in a lumber and shingle mill, which resulted in the complete scalping of a young lady, tearing out every hair of her head. The unfortunate lady was employed packing shingles, when the knuckle in a shaft above her head caught her hair, which wound around the shafting lifting her up to the ceiling following the line of her hair; the flesh was taken with it, leaving the head in some places bare. She cannot recover.

Quarantined.

NEW ORLEANS, 7.—The following was received here yesterday, from Shreveport: "Owing to the prevalence of malignant yellow fever here and the consequent panic in the country, our city has been quarantined by the interior department, and trade in consequence paralyzed."

Big Fire.

LOUISVILLE, 7. — A fire at 3 o'clock this a.m. destroyed nearly one square of frame buildings, known as "The Diamond," bounded by Franklin, Price and Hamond sts. Thirteen buildings were destroyed. Loss $50,000, insurance $35,000.

Confesses.

TRENTON, N. J., 7.—James Campbell, who was arrested on Friday last for setting fire to Haggerty's barn, confessed the crime this p.m., and asks for a speedy trial.

Yellow Fever Panic.

AUSTIN, Tex., 7.—There are conflicting reports regarding the prevalence of yellow fever at Galveston, Shreveport and Houston. It is rumored that the Texas Pacific railroad has been blockaded. It is impossible to ascertain anything of a reliable character. A perfect panic prevails at Galveston and Houston. The north-west bound trains to-day and last night were loaded with people flying from both places.

—Ten thousand watches are the product of a two-acre watchmaking patch in Milwaukee.
