BILL. [CONCLUDED.] ose are the very crimes define

The bill provides that men who are guilty of these things, now made crimes for the first time, shall be disquali-fied from seting and from holding office. I do not think, Mr. President, that that can stand for one moment. No ingenuity, however strong, can make us believe that this was in-tended to be an act for the reorgan-ization of any one Territory or fill the Territories of the United States, and that if was regarded as the fun-dament al law upon which these new civil communities were to be built up.

NEW YORK, 9.-The World's Washington special says: A story is going the rounds here that the Church. Chinese minister, with his interpre-ter, called at the House of Freing-

"It is of medium quality, I will send you some that is really fine." Next day she received, with his compliments, two pretty boxes of tea and a pair of vases of erquisi-tely carved wood. The Senator from Missouri has pursued that subject so far that I do not intend to follow upon ground so well used by him. Let me call the attention of the Senator from Ver-ment, who has charge of this bill, to ator from Georgia when he quoted from Burrill's law dictionary, the definition of a polygamist or biga-mist. The definition there is: "a mist. The definition there is: "a man who has had"—not who has, but who "has had—two wives of more wives." That is bigamy of polygamy. His law dictionary, cit-ed by himself as authority approv-ingly, defines a polygamiat as one who at any time in his life has had night. Hushpuckana is the largest levee in Mississippi, and the three breaks submerge the entire county of Bollvar. At Rosedale the water is 10 feet deep in all dwellings. Of its three bundred inhabitants only two wives living at the same time. three families yet remain, and they I think this section is therefore not are living in the garrets of their only liable to the criticism that was house, all the others fled and made upon it by the Senator from sought safely elsewhere. A portion of the leves immediately Georgia, but it is liable to a further polygamy or bigamy he can there which they kill Their condition is hound, in union with the cleansing intry or hold office. If the Senstor past two days are the for the bound healing properties of Tar, exjury or hold office. If the Senator from Verment will do me the favor to look at his own definition, the definition that he read with annual have fallen. Mules, cattle and other to look at his own deminion, the definition that he read with approv-al from Burrill's law dictionary, he will find that it does not relate to the present condition of the man, but does relate to his antecedent condition at any time of his life. It is therefore that I shall propose the amendment that I have suggested it is therefore that I have suggested it. amendment that I have suggested I would propose at the right time to this bill.

The Seuator from Delaware and the Senator from Arkansas defend this bill because it is an attack on a theocratic government which has grown up in this Territory. I sub-mit it does not attack the govern-ment. It attacks paither theorem is a sub-ment of the lattacking party. The latter whose losses are believed heavy, sgain advanced on the 25th ult., when they fell into an ambuscade ment. It attacks neither those who believe in or uphold the govern-ment. It attacks only the polyga-mists, when it is perfectly notori-ous that there are many Mormons who neither believe in the doctrine nor practice who have believe in the doctrine nor practice polygamy, but who most sedulously uphold the autho-rity, the power, the divine inspira-tion of the Latter-day Baints Church and the Latter day Baints tion of Church.

Mr. President, I repeat that I am not to be misrepresented in this matter. I desire to crush out this great crime, I desire to produce all over the United States that condi-tion of society which I believe is ne-cessary to the enduring excellence cessary to the enduring excellence and perfecting of our civilization.
