Military Matters.

WASHINGTON, 10.—Each regiment

of artillery is to have two new light

batteries, making ten batteries in

all. The batteries have been an-
nounced as follows: Battery E, first

artillery, Capt. F. E. Taylor; bat-
tery F, second artillery, Captain B.

Williston; battery F, third artillery,
Capt. J. M. Lancaster; battery F,

fourth artillery, Capt. J. Smith;
battery D, fifth artillery, Capt. J.

B. Kowles. Capt. J. B. Campbell
is transferred to battery I of the

fourth artillery, and Capt. M. P.
Miller to battery E, fourth artill-
ery. A general court martial has

been appointed with Gen. C. C.
August as President, to meet at

Newport Harbor, R. I., for the trial
of Major Joseph H. Taylor, of the
Adjutant General's department, on

charges of conduct unbecom-
ing and military discipline.

Col. Barr, military secretary to
the Secretary of War, denies that
he has been tendered or would ac-
cept the office of Assistant Secre-
tary of War.

The death of Lt. Col. Warren
promotes Major Geo. H. Elliot.

Major Lydecker, engineer of the
Commissioner of the District of
Columbia, is assigned to additional
duties in the charge of the water

works of that district, vice Col. Case,
of the engineer corps, being relieved
at his own request.

A general order was issued from
the headquarters of the army to-
day, providing for a reciprocal cross-
ing of the international boundary

line by troops of the United States
and Mexico in pursuit of hostile in-
dians.

The commissioner of Indian af-
fairs has received the following from
Santa Fe, N. M., to-day:

By the use of troops 29 absentees
Jicarilla have been taken without
resistance and are held at the

United States main party was
driven in the direction of the reser-
vation. I request instructions to
send the prisoners directly to their
reservation.

THOMAS, Agent.

Relieved Rumor.

The Journal says in relation to the
condition of affairs between the
Union Pacific and the Chicago, Bur-
lington & Quincy railroads, of which
nearly every day brings its differ-
ent version, that the plain truth of the
present status of the question at is-
sue is that at a conference in Boston,
a short time since, owing to the fact
that a satisfactory understanding
could not be arrived at, it was agreed
to leave the matter to the general
managers of the two roads, and up-
on their return to their respective
offices to make such arrangements
as a committee from the directors
of the roads are to wrestle
with the question at issue. Further
action of the Chicago, Burlington
and Quincy railroad in Colorado is
the principal question.

National Fair and Bazaar.

The society of the Army of the
Cumberland, through its Garfield
Monument committee, has deter-
mined to give, under the auspices
of the joint resolution of Congress
passed August 5th, 1882, a national
fair and bazaar and industrial art
exposition in the rotunda of the United
States Capitol at Washington, com-
mencing on November 25th, and
ending on December 31st. The ob-
ject is to raise the greatest possible
sum of funds to aid in the erection of
a statue at Washington to the mem-
ory and honor of President Garfield.

Woman's Labor Organization.

Lady applicants for positions in
the Interior Department are increas-
ing, under the recently authorized
increase in the clerical force, and all
who have failed to receive recogni-
tion have held an indignation meet-
ing and organized "The Woman's
National Labor Organization." Reso-
lutions denouncing "one-man pow-
er" and declaring they would fight
it, passed.

Gold Certificates.

Secretary Folger telegraphed to
Acting Secretary French to hasten
the issue of gold certificates author-
ized by the national banking act.

The Secretary of the Treasury will
receive deposits of gold coin in sums
of \$20 and upwards and issue cer-
tificates therefor. The certificates
will be ready in a few days.

Gold certificates to the amount of
\$100,000,000 will be printed. The
assistant treasurer at New York
states that the amount of gold coin
held by the associated banks is \$90,
000,000 and that all the banks prob-
ably make large and rapid offer-
ings of their gold for the new cer-
tificates and that the banks are an-
ticipating their issue now by making
priority applications.

Appointments.

Four hundred and twenty-two
persons were appointed to clerk-
ships in the pension office to-day.

The clerks of the National Board
of Health have been dismissed, Con-
gress not having provided for their
salaries.

California Post Offices.

Of the 122 new appointments to
clerkships in the pension office, Cal-
ifornia gets 24, the names of the in-
dividuals occupying places being:

T. Riley, J. W. Watson, W. H.
Craig, E. O. Cooke, George O'Dau-
gherty, Albert Craig. All but Craig
are in the \$700 class. Craig is in the
\$750 class.

The salaries of the following Cal-
ifornia presidential postmasters have
been readjusted: Of the grade of
\$100 to \$120—Berkeley to \$120,
Dutch Flat to \$120 and Yuba City
to \$120. Of the grade of \$120 to
\$150—Benicia and Fresno City to \$150.
Of the grade of \$150 to \$200—Bakersfield
and Ukiah to \$200, San Bernardino
and Truckee to \$1,590 and St.
Helena to \$1,700. Of the grade of
\$1,700 to \$2,000—Alameda, Ashburn,
Gilroy and Yreka to \$1,800, and Healds-
burg and Hollister to \$1,800. Of
the grade of \$1,800 to \$2,000—Modesto
to \$2,000. Of the grade of \$1,700 to
\$2,000—Oroville, Salinas, Woodland
and Woodlawn to \$1,800; also the fol-
lowing: Napa City from \$1,500 to \$2,400,
Nevada City from \$2,500 to \$2,800,
Red Bluff from \$2,500 to \$2,800, San
Diego from \$2,500 to \$2,800, San
Luis Obispo from \$1,500 to \$1,900,
and Vallejo from \$2,000 to \$2,300.

The salaries of the postmasters at
Stockton and Bodie are reduced, the
former from \$2,500 to \$2,700 and the
latter from \$2,500 to \$2,700. A pre-
sidential office is made at California
at \$1,000. Out of the 2,008 presiden-
tial offices in the United States in
1880, only nine fall below the grade
of \$1,000 at this readjustment.

A new post office has been estab-

lished in De Korte, Monterey Coun-
ty, Cal., and George Schooner would
have been postmaster.

Cornet Treaty.

New York, 10.—The Times

Washington special says: It is learned
here that Japanese native news-
papers are pulling Commodore Schu-
field's Korean treaty to pieces

savagely, and at the same time cri-
tiquing the record of securing it. It
is asserted that he alternately de-
pended upon Japanese and Chinese
influence to gain the attention of the
Korean government, and there is a
tone of protestation because Corea
did not inform them of her change
of policy in entering into commer-
cial and diplomatic relations with
the United States, and that the treaty
is characterized as unintelligible,
inconsistent in declaring that the
United States and Corea shall be
regarded as on an equal footing,
thus making Corea stand as an in-
dependent kingdom.

Arizona Indians on the War Path

SAN FRANCISCO, 10.—A Tucson
dispatch says: The Star publishes
an interview with Judge Woods,
just in from San Pedro valley, who
brings news that Elzominkin, a
noted Indian Chief, is making pre-
parations for war. He has assem-
bled 40 or 50 bucks, renegades from
San Carlos, all heavily armed, and
who are in a threatening manner.
The whites are greatly alarmed, but
have made preparations against a
surprise. Elzominkin has for
several years been at peace with the
whites, but is noted as one of the
most treacherous and vindictive in-
dians in the country.

THE WAR IN AFRICA.

The Proclamation.

CONSTANTINOPLE, 10.—Follow-
ing is the text of the proclamation
communicated to the conference to-
day:

Arabi Pasha, having the second
time transgressed the law by taking
the authority which does not belong
to him, and having presumed upon
men and vessels belonging to an old
and tried friend and ally of Turkey,
is for these misdeeds proclaimed a
rebel together with his adherents.

Best known to all that obedience is
due solely to the Khedive, who is the
representative
