FORTY-SIXTH CONGRESS
SENATE.

WASHINGTON, 22.—Edmunds objected that there was no quorum, but Morgan was taken up, declaring the president of the Senate not constitutionally authorized to count the electoral votes, so as to determine what vote should be received and counted and what rejected. Morgan made a long speech. The electoral count resolution was not acted upon.

The committee on the public lands, reported favorably on the House bill for the relief of sections on restored railroad lands.

Both introduced a bill to incorporate the Maritime Canal Company of Nicaragua. Referred to the committee on commerce.

After executive session, a number of private bills passed.

Adjourned until January 5th.

HOUSE.

WASHINGTON, 22.—After prayer by the chaplain, the Speaker, as is usual, directed the clerk to read the journal of yesterday, whereupon Bowman rose to a question of privilege relative to the disgraceful proceedings which had occurred in the House yesterday. The Speaker said the chair would prefer the gentleman should wait till the journal should have been read.

Bowman, republican, said it was on that point he wished the Speaker to rule. A rule of the House stated that members should not be held to answer nor be subject to the censure of the House for anything said in debate, if further debate or business had intervened. He desired to know whether the reading of the journal could be construed as such intervening business as would shut off further debate on the subject.

The Speaker said the reading of the journal would take place from the House none of its privileges.

Immediately after the reading of the journal, a question affecting the dignity of the House, called attention to the same in the order which took place on the floor yesterday, and which he characterized as offensive, derogatory and dishonorable to the House and its representative body, he called upon both the offending members, before any other business was entered, to relieve themselves of that offense by ample apology.

No response having been made by either member immediately concerned, the Speaker rose to present a bench warrant, Michael P. Caffie, president, treasurer and secretary of the Mutual Stock Operating Company, recently supplanted by the Mutual Stock Exchange, and who had obtained money on false pretenses from the Mutual Stock Exchange, and who had obtained money on false pretenses from the Mutual Stock Exchange, and who had obtained money on false pretenses from the Mutual Stock Exchange.
