COUNCIL HOLDS UP LIQUOR LICENSES

Chief of Police Browning Will Make
Thorough Investigation
Of Saloons.

OGDEN, Dec. 28.—At the meeting of the city council last night a large number of applications for the renewal of retail liquor licenses were presented. At the request of Chief of Police Browning some of these were held for a few days to permit the chief to make a thorough inspection of all saloons of the city to ascertain how many places are violating the new liquor ordinance. It was explained that the chief of police has recently found that several saloons are not observing certain sections of the ordinance, particularly those which require that there shall be an unobstructed view of the interior of all wire rooms and pool rooms run in connection with the saloon. The renewal of the licenses was deferred until next Friday evening, when the council will hold its last session before the newly elected members are installed.

The majority bond of William Glasman for \$5,000, furnished by the United States Fidelity & Casualty company, was approved. A communication was received from the city engineer calling the attention of the council to the fact that the blue prints of the West Ogden and Brooklyn additions of the city showed that the streets in these additions do not conform to the grades of the city streets. The recorder was notified to inform the engineers who drew the plans to make the necessary corrections.

On recommendation of the city engineer, the final estimates due P. J. Moran of Salt Lake City for work done in paving district 100, amounting to \$151.31, and the Wheelwright Construction company for work in the same district, amounting to \$1,332.30, were allowed.

The matter of opening Twenty-ninth street from Adams to Pacific avenues, with a large number of improvements planned, was deferred for the next administration to pass upon, and a large amount of unfinished business of the same nature now in the hands of the city engineer.

CARNIVAL OF SPORTS FOR WOOLMEN'S CONVENTION

OGDEN, Dec. 28.—During the National Wool Growers' convention, which meets in Ogden on Jan. 6, there will be a carnival of sports the like of which has seldom been seen here. Stanley Karp of Salt Lake and George Anderson of Kansas City will meet in a wrestling match. "Bird Leg" Collins, a negro, and Pete Sullivan will give a boxing contest. Both men are light weights and much is expected of them. Besides these leading events, there will be several minor attractions to interest the sheepmen.

"WHY NAPOLEON WON."
OGDEN, Dec. 27.—Lee Francis Lybarger, fourth number on the Weber academy lecture course, appeared at the academy Monday evening. His subject was "How Napoleon Won." Mr. Lybarger holds that Napoleon was a model of success and that his mighty achievements were above those of any other man; that the secret of his great power was not in his armies but in himself. The lecture was well attended and the pleasing style of Mr. Lybarger was greatly appreciated.

SANTA REMEMBERS FIREMEN.
OGDEN, Dec. 28.—Because of prompt action in extinguishing the fire at the Moran asphalt works about two months ago, the Weber fire department was presented with a check for \$50 as a Christmas present from P. J. Moran of Salt Lake. The boys will use the money as a "nest egg" for the proposed state fund for disabled firemen. They felt greatly indebted to Mr. Moran for his kind Christmas remembrance.

OGDEN, Dec. 28.—At a meeting of the commissioners of Weber county, held Monday morning, it was reported that two new cases of smallpox had broken out at Farr West and County Physician J. D. Pidgeon was urged to confine the disease to those who have been exposed. The condition at Harrisville is about the same and Dr. Pidgeon reported that no new cases had broken out at that place. Strict quarantine is maintained and the commissioners and the county physician hope to stop the further spread of the dread disease.

SPANISH FORK. SANTA CLAUS TURNS ON ELECTRIC LIGHTS

(Special Correspondence.)
SPANISH FORK, Utah Co., U. S., Dec. 27.—"Let there be light," was the sentiment of the citizens of Spanish Fork, Christmas day, when at noon, while all were busily engaged in preparing the sumptuous Christmas spread, the houses of all who were connected with the electric light system were suddenly illuminated. The line men had been working faithfully all the night before and Christmas morning, then Santa Claus turned on the lights which illuminated about three miles southeast of the city and gave to all a happy surprise. In the evening strings of red, white and blue lights, illuminated Main street, and the exterior of the city pavilion where people were tripping the light fantastic.

SANTAQUIN.

TRIBUTES TO THE
PROPHET JOSEPH SMITH

(Special Correspondence.)
SANTAQUIN, Utah Co., Utah, Dec. 27.—The one hundred and fourth anniversary of the birth of the Prophet Joseph Smith was celebrated here yesterday at the Sunday school and afternoon services with appropriate prayers, singing and speeches. A notable feature of both occasions was a soulful discourse by Mrs. Sarah Wall, an intimate acquaintance of the great seer and who, though quite aged, has a clear and vivid memory of the past. She portrayed his character as gentle, loving and kind; undaunted, patriotic and progressive; a friend to the poor and needy, and a defender of the oppressed. She had learned that in his domestic life he was a most exemplary man in public life a natural leader, and in his religious life a force that baffles description.

Trustees Openshaw and Boyle, together with Prof. Reed, took this morning's train for the capital to attend the state teachers' convention.

MAPLETON.

CROWDED SOCIALS SHOW
NEED OF AMUSEMENT HALL

(Special Correspondence.)
MAPLETON, Utah, Dec. 25.—The holidays were ushered in by the Primary association giving a program and dance for the children Thursday afternoon, and a dance and supper for the grown people in the evening. The schools closed Friday afternoon at 2:30 with programs in the various rooms. The fourth and fifth grades had a Christmas tree Thursday evening and enjoyed the same immensely. The evening of the ward amusement committee gave a Christmas tree and program to raise funds for ward expenses.

This place is greatly in need of a place of amusement. The town hall is too small for the crowds of amusement seekers, and the ward authorities will not allow the use of the meetinghouse, so the young people are driven away to other towns where they come in contact with a great deal of liquor. The Commercial club has made efforts to ameliorate this condition, and it now offers a solution which looks feasible, by the ward buying the town hall and adding to it a pavilion 40x70 feet, using the hall for stage when giving theatrical shows and concerts. The pavilion can be built for \$1,500 and the people are perfectly able to build it.

The Commercial club and citizens united and are sending Bishop William T. Tew to Denver for the apple show, as the people thought their fruit needed boosting. Elder Arthur Manwaring returned last night from a two years' mission to England. He is well, and reports having enjoyed his mission immensely. He speaks at the afternoon meeting tomorrow.

The Sunday school has a very entertaining program prepared for tomorrow morning in commemoration of the birth of the Prophet Joseph Smith. The teachers and two of the trustees leave for Salt Lake Monday morning to attend the state teachers' convention. The other trustee, Mr. L. J. Whitney having moved to Springville has handed in his resignation. The Sunday evening in a farewell social to Elder Richard Bird, who left during the smallpox quarantine and is now in Germany. The people do not wish to bid him a time-honored custom of bidding farewell to departing missionaries. A splendid program has been arranged.

HUNTER RUN DOWN BY
TRAIN NEAR ROCK SPRINGS

ROCK SPRINGS, Wyo., Dec. 26.—Hector Orme, while walking along the railroad tracks toward Van Dyke on a hunting trip, was run down and killed by the cars. James Duncan, who accompanied him, was thrown from his horse and thrown from the track. He laid unconscious for several hours and nearly froze to death. On regaining consciousness he crawled into the shaft of mine No. 9, where he was later found. Anty Drudge Tells How to Save a Day.
Mrs. Method—"Let's see when I can go shopping: Monday, washing; Tuesday ironing."
Anty Drudge—"Right there's where you can save a day, Mrs. Method. Use Fels-Naptha in your washing and it'll only take a part of Monday forenoon, with no hard work and you can do your ironing the same day. Fels-Naptha's worth nearly a whole day in time alone every week besides the work, fuel and bother it saves."

Fels-Naptha is more than a soap—it's a helping hand on washday. And a mighty big help, too.

If a neighbor came in and did three-fourths of your weekly washing, she would be doing as much as Fels-Naptha will do for you if you wish.

Fels-Naptha will dissolve and loosen the dirt in your clothes while they soak in cool or lukewarm water.

Then, with a light rub and thorough rinsing, they're ready for the line.

No boiling; no hard rubbing; in summer or winter.

And your clothes will be sweeter, cleaner and whiter than if you boiled them till Doomsday.

Take advantage of this helping hand next washday and the drudgery of washing clothes will be ended for you.

Follow directions printed on the back of the red and green wrapper.
