A Japanese Vessel.

SAN FRANCISCO, Oct. 9.—The *Tsukuba*, of the Royal Japanese navy, has arrived here. She will remain for about a month, proceeding thence to Acapulco, and Panama and then home, touching at Tahiti. Her trip is expected to consume at least six months.

Terrible Crime.

LONG ISLAND CITY, N. Y., Oct. 9.—Mrs. Charles Schauffert, of Breslau, while walking on a path across the Garden of George Gaeblein, of the same place, yesterday afternoon, was shot and instantly killed by Gaeblein, who was lying in wait for the purpose. He immediately buried the woman's body, having had the grave in readiness. The husband of Mrs. Schauffert came the same way later and was also shot by Gabeblin, but received only slight wounds in his hands. Gaeblein was arrested. The trouble has been of long standing. It was caused by Schaeffer's using the path through Gaeblin's property.

THE MURDERER

was locked up. He subsequently made a confession saying that he had deliberately killed Mrs. Schauffert and had intended to kill her husband. The murderer while under arrest swallowed a dose of poison but not sufficient to cause death, as he has recovered from its effects.

Funeral Services.

NEW YORK, October 9. — Services were held at Chickering Hall to-day in memory of John B. Finch, the temperance advocate and head of the society of Grand Templars, whose funeral took place this afternoon at Evanston, Ills.

The President.

MADISON, Wis., Oct. 9. — President and Mrs. Cleveland have remained in their quarters at the Vilas Mansion all day, resting in preparation the forfatigues of another week of journeyings. It was expected they would go to church this morning and Vilas' pew in the Episcopal church was reserved for them, but the heavy threatening sky and raw chilly winds, fresh laden with spray from the lakes, mud in the paved streets and clouds of falling leaves from every tree top, were forbidding, while the grate fires in the parlors were very tempting.

Yellow Fever.

WASHINGTON, D. C., Oct. 9.—The marine hospital bureau has received a telegram from Deputy Collector Spencer, at Tampa, Fla., of which the following is a copy:

"Twenty-six cases in all; two deaths; questionable as to the cause of death of two; majority of sick convalescing; town depopulated and very little material left. Doctors disagree as to whether the disease is dengue or yellow fever." Dr. Stoner, chief of the quarantine division, says if it is dengue there is no cause for alarm nor necessity for rigid quarantine; if a doubt exists, it is proper to act on the side of safety.

The Fishery Commission.

WASHINGTON, Oct. 9.—Messrs. Putnam and Angell, who, with Secretary Bayard, will represent this country in the negotiations between Great Britain and the United States for a settlement of the Nova Scotian fishery troubles, arrived here yesterday and held a preliminary conference with Secretary Bayard, at which a mutual interchange of views took place. The discussion touched generally upon all the points of dispute and suggestions were made as to matters which it would be well to look up closely in order that this government might be prepared to meet any arguments raised by the negotiators on the part of Great Britain. Messrs. Putnam and Angell will remain here for a day or so in conference with the Secretary and in examination of the voluminous official literature relating to the treaty which it is necessary to study.

How to Do It.

NEW YORK, Oct. 9.—The ladies' suffrage committee having been informed that many women desired to register and vote, have announced that all who call at their headquarters will be informed how to proceed according to law.

Healy Rampant.

DUBLIN, Oct. 9.—A large mass meeting was held at Longford to-day. During the proceedings the platform collapsed and a government reporter was injured. T. M. Healy, M. P., chaffed the reporter on his first trial of a plank bed. Continuing, Healy said there would soon be no landlords left in Ireland. He would deal with landlords in securing their rights as he would in driving rats from his stack. The landlords were more bothered by the plan of campaign than they were by the killing of bailiffs. The deadliest place to hit them was their pockets. He hoped that the mortgages of Lord Granard would not leave him a farthing to bless himself with. The Irish were strong enough to subdue the paltry loyalist crew.

Sympathy for the Anarchists.

LONDON, Oct. 9.—London radical clubs are making arrangements to hold a general meeting to urge another trial of the Chicago anarchists and to consider the advisability of sending a delegation to America to speak in behalf of the condemned men. Several radical clubs at meetings to-day adopted resolutions condemning the sentence.

A Systematic Thief.

NEW YORK, Oct. 9.—Jos. A. Kidd, a negro porter employed by a jewelry firm in Maiden Lane, has been arrested, charged with having stolen in the last three years and a half jewelry to the amount of $15,000. He has confessed.

Trouble at a Mass Meeting.

NEW YORK, Oct. 9.—The trouble with the police at the progressive labor party's mass meeting last night was the subject of many heated speeches denunciatory of the police. In today's meeting of the Central Labor Union, resolutions couched in a similar vein were adopted and will be presented to the police commissioner.

Conferring the Pallium.

PORTLAND, Oct. 9.—To-day Cardinal Gibbons conferred the pallium on Archbishop W. H. Gross, of this city. The ceremony took place in St. Mary's Cathedral, which was packed to its utmost capacity. The clergy were present from all parts of the country, some coming from as far east as Kansas City. Many prominent citizens, non-Catholic, were in the audience. Bishop Junger, of Washington Territory, celebrated Pontifical high mass and the cardinal preached a sermon of unusual power and eloquence. Then Archbishop Gross was invested with the pallium.

Numerous Arrests.

PARIS, Oct. 9.—In consequence of the arrest of many foreigners suspected of being spies, the government has instructed the department officials to exercise great caution in applying the espionage law and not to make arrests except upon serious evidence. Several more arrests have been made in connection with the Caffaret case. A senator, a general and Count Dundlan have been summoned.

The electors to-day were orderly. Soldiers patrolled the streets and guarded the police buildings.

Total Amount.

LONDON, Oct. 9.—The total amount of contributions received and promised for the imperial institute is £400,000.

Fatal Explosion.

CHICAGO, Oct. 9.—A special from Disonville, Ky., says: By the explosion of an accumulation of bituminous coal dust last night in the Renoke mines, one man was killed and three were fatally hurt and twelve seriously injured.

The Military Encampment.

CHICAGO, Oct. 9.—The weather all day was damp and disagreeable and the attendance at the military encampment was very poor. The Milwaukee light horse squadron left for home to-day and the "sea coast battery" arrived from New Jersey.

More Records Smashed.

NEW YORK, Oct. 9.—At the Pastime Athletic Club to-day, W. J. M. Barry broke the record in throwing a twelve pound hammer, throwing it 122 feet. The previous record was 115 feet 7-12 inches. He also broke the record of 95 feet for one hand, throwing 114 feet. Throwing in Irish style with one turn, he covered 139 feet 11 inches, beating the second nearly 20 feet. With one hand Irish style he threw 120 feet 4 inches. E. A. Jordan broke the record for a hundred yard run, with 2 feet 6 inch and 3 feet 6 inch hurdles. His time for the first was 13 4-5 seconds, and for the second the same.

Garrett Again.

BALTIMORE, Oct. 9.—In an interview to-day, Robert Garrett said, after he had looked into the details of various matters, he would be willing and desirous to give an account of the B. & O. Company's affairs, and he hoped it would be satisfactory to his friends and the public. Regarding the published statements of his heated utterances in conversation in New York regarding the sale of telegraph property to the Western Union, he said he had made no statements to reporters and the remarks he had seen were badly garbled versions of private conversation.

"Our Emma" in a New Role.

NASHVILLE, Tenn., Oct. 9.—The leading Methodist Episcopal church of this city was the scene of quite a sensation to-day. The pastor, Rev. W. A. Candler, delivered a very severe and bitter sermon on the subject of the theatre. Miss Emma Abbott, who occupied a seat in the rear of the church, rose and entered a protest in a short speech against the general character of the preacher's denunciation. Her appearance showed much suppressed indignation, but her words were very clear and distinct. The matter has created a great sensation and forms the sole topic of conversation this evening. Many of the parishioners and others commend the course of Miss Abbott.

MISS ABBOTT

declared the minister's charges unfounded and that her life was as free from blame as that of any living woman. In all the operas of the past week to which the minister referred, there was no impure or improper thought. The great lights of the stage, such as Jenny Lind, Modjeska, Albani and countless others, had been good women, model wives and mothers. She defied anyone to say that aught had ever been said against the fair fame of Emma Abbott.

There was considerable applause at the conclusion of her remarks. Before it subsided, Candler said he could not answer the lady because she

WAS A LADY.

During the day, as the affair became known, a great many ladies who had met Miss Abbott socially, called on her and commended her spirited defense of herself and her profession.

Train Again.

CHICAGO, Oct. 9.—George Francis Train delivered a lecture to a small audience at the Princess Theatre, on the west side, this afternoon for the benefit of the condemned anarchists, whom he is here to release from prison. Most of the lecture, if literally reported, would read like a nightmare, so disjointed was it.

Powderly on Catholicism.

MINNEAPOLIS, Oct. 9.—The letter prepared by General Master Workman Powderly upon the attitude of the Catholic Church towards the Knights of Labor, which has been awaited with a great deal of interest by the members of the order throughout the country, was completed to-night and will be presented to the general assembly to-morrow.

Referring to the meeting of Catholic archbishops a year ago the present month, Powderly says it had been represented to the ecclesiastical authorities that the Knights were seeking to revolutionize generally accepted fundamental principles by claiming for labor the right to dictate to capital and in this manner were seeking to bring into full force popular sovereignity in opposition to private rights and that they were following the example of French socialists and arrogating to themselves the right of ordering strikes whenever it suited their purpose, and by these strikes cause

LOSS OF LIFE

and destruction of property, and that should the order prosper with its pernicious principles, it would lead its members and working classes generally from insubordination to anarchy and socialism. If the principles of the Knights of Labor were ever to prevail among the people, faith and religion would be forever destroyed in our country. Thus spoke the enemies of organized labor. Mr. Powderly then refers to the interview had by himself and Messrs. Hayes & O'Reilly with Cardinal Gibbons at the latter's request, in which they submitted to his eminence that the "vivifying forces of the order consisted in the force and purity of the principles inculcated and the cultivation of intellectual, moral and

SOCIAL HAPPINESS.

We are like unto a band of brothers engaged in a holy cause, which, so far from absorbing, would strengthen our love of country, and would intensify, elevate and ennoble our patriotism in our order, composed as it is of various European nationalities. One of the most gratifying features is the rapidity with which these become assimilated and welded together, forming a unity whole, strong and indissoluble."

THE Handsomest Pattern Bonnets, at SIMON BROS.

Endorsement of a Leading Physician.

"I have used Darbys Prophylactic fluid extensively as a disinfectant and deodorizer, and find it an admirable preparation. Whenever there are offensive discharges from wounds, abscesses, etc., it is wonderful in its action." I consider it the best preparation I know as a gargle in diphtheria or scarlet fever." J. Creswell Lewis, M. D., Phila.

DISEASE IMPOSSIBLE.

Yes, utterly "impossible," when all malarial poisons are driven out of the system, leaving the Blood New, Rich and Pure. No place for eruptions, ulcers, or Rheumatism, when all Blood taint has been eradicated by the use of

BROWN'S SARSAPARILLA

and Dandelion with Iodide of Potassium. Thousands of witnesses, among them the best Druggists and Physicians, testify to the wonderful cures wrought by

BROWN'S SARSAPARILLA,

all diseases of the Blood, Liver, and Kidneys. Use only the BEST medicines.

Horses, Cattle and Chickens.

For colic and grubs, for lung fever, cough or hide bound, I give Simmons Liver Regulator in a mash twice a day. You can recommend it to every one having stock as the best medicine known for the above complaints. In using it with my chickens, for cholera and gapes, I mix it with the dough and feed it to them once a day. By this treatment I have lost none where the Regulator was given promptly and regularly. E. T. TAYLOR, Agt. for Grangers of Ga.

Is Life Worth Living?

That depends upon the Liver, for if the Liver is inactive the whole system is out of order—the breath is bad, digestion poor, head dull or aching, energy and hopefulness gone, the spirits are depressed, a heavy weight exists after eating, with general despondency and the blues. The Liver is the housekeeper of the health; and a harmless, simple remedy that acts like Nature, does not constipate afterwards or require constant taking, does not interfere with business or pleasure during its use, makes Simmons Liver Regulator a medical perfection.

I have tested its virtues personally, and know that for Dyspepsia, Biliousness and Throbbing Headache, it is the best medicine the world ever saw. Have tried forty other remedies before Simmons Liver Regulator, and none of them gave more than temporary relief, but the Regulator not only relieved but cured.
