THE EVENING NEWS.

PRICE OF GOLD.

Corrected Daily by BANK OF DESERET, SALT LAKE CITY, September 18, 1871. Buying at $1.10; Selling at $1.13.

WEATHER ITEM. — The highest point reached by the thermometer to-day was 82.

LOCAL AND OTHER MATTERS.

THEATRE. — The performance on Saturday night gave great satisfaction to a tolerably large audience. In "Romantic Tendencies" Phil. and Carrie Carter were excellent. "Married Life" went off first rate, creating a great deal of mirth. In it Graham was the centre of attraction, being positively immense. His drolleries and eccentricities "brought down the house" several times. It is to be regretted that the public have not the pleasure of seeing him oftener on the boards.

The Violin Solo, by Master W. E. Weihe, was encored and loudly applauded.

Tonight the Season opens with the new and interesting domestic drama, "Never Count Ten Mend."

REMEMBER. — Remember Mr. Marshall's lecture, at the 14th Ward Assembly Rooms tonight.

ACCIDENTALLY DROWNED. — The wife of Solomon Rossiter, of the Twentieth Ward, was accidentally drowned on Saturday evening. Mrs. Rossiter was subject to fits and it appears she was suddenly taken with one when alone near the ditch, into which she had fallen. Her remains were interred yesterday.

COLORADO AGRICULTURAL AND INDUSTRIAL FAIR. — We take pleasure in acknowledging with thanks the receipt of a complimentary ticket of admission of "Editor News and Family" to the Colorado Agricultural and Industrial fair at Denver. Public as well as private duties, we fear, will forbid our accepting the kind invitation, which otherwise we should have been much gratified in doing. However, we trust that the fair will prove an agreeable and profitable occasion and will be an eminent success.

HARPER'S MONTHLY. — For Harper's Monthly for October, go to Dwyer's. It is in as there, and it is a fine number.

SEVIER COUNTY. — Brother William Morrison writes that there is still room for quite a number of settlers in Glenwood and Monroe settlements. Times are prosperous throughout the country.

SERVICES AT THE TABERNACLE TODAY. — In the forenoon Elders Horace S. Eldredge, A. P. Rockwood, A. O. Smoot and George Q. Cannon spoke, and in the afternoon the time was occupied by Elder John Taylor.

SHOOTING AT ALTA. — The following telegram was received this morning by Deseret Telegraph:

ALTA CITY, COTTONWOOD, UTAH, Sept. 18.

Yesterday afternoon Captain Henry Kuhl received a severe blow on the back of his head, from a pistol in the hands of S. S. Maxwell, who was arrested and bound over in the penal sum of five hundred dollars, to appear before Judge Brandner at ten o'clock this a. m. Captain Kuhl was also arrested, on a warrant sworn out by Maxwell, for shooting with intent to kill the said Maxwell, and held to bail under a two hundred dollars bond. The shooting occurred in Fuller's parlor, Central House. The court is just going into session.

FOUR WANDERING JEW. — Considerable excitement was created in Antwerp lately by the report that that ancient individual the "Wandering Jew" had paid that city a visit. A person wished to know the other day whether Salt Lake City had not lately had a visitation from that venerable individual, having observed a son of Judah doing considerable wandering through the streets for the last few days. The person discovered on inquiry, however, that the wanderer was around recruiting for the new militia. He did not create quite as much excitement as the original "Wandering Jew."

WAYS TO HEAR SOME GOOD SENSE. — The papers have been complaining of the decadence of the pulpit generally. "The public, it is said, are rapidly getting weary of going to church, except for devotional purposes, because when they get there, they hear nothing which repays them for their trouble." The Baltimore *Episcopal Methodist* says, "What is specially required in a modern preacher is good sound sense." That's so. If preachers can't preach good, sound sense, they would do well to quit the business, and, to tell the truth, one hears very little good sound sense from the large majority of preachers now-a-days. Some other professions betray about as little good sound sense as does the preaching profession.

(Special to the Newspaper W. U. T.)

TERRIFIC FIRE AT PIOCHE—GREAT DESTRUCTION OF LIFE AND PROPERTY.

HAMILTON, 17.

Pioche city was almost entirely destroyed by fire on the night of the 15th. The Ely *Record* publishes an extra, giving the following particulars of the disaster: "Last night, between 11 and 12 p.m., a destructive fire broke out in the rear of Lagrue's restaurant, which destroyed nearly all of Pioche. It is impossible in this hastily gotten up report to give full particulars of the affair, but it is safe to estimate the loss between $200,000 and $300,000, on which there is scarcely a dollar's worth of insurance. The fire was as nothing compared to the loss of killed and wounded which followed in the wake of the ravages of the fire fiend. Felsenthal & Co., had 300 kegs of Dupont's powder, in what was supposed to have been a fire-proof cellar, and about two o'clock the whole mass exploded, killing six and wounding thirty-one. Several powder magazines in the rear of stores, exploded at a later hour. It is impossible to describe the terror and consternation which prevailed during and after the explosion. Men, women and children rushed about in all directions, seeking lost relatives and friends. In all directions houses were thrown down and shattered, and the cries of the wounded and dying were pitiful in the extreme.

The following is a list of the wounded, as ascertained up to 8 o'clock this a.m: H. D. Horne, Joan Cullen, Harvey Rice, Jim Waters, Bartholomew Noonan, Jno Farley, Robert Watts, Archy Malhern, John Dalton, Charley Williams, H. G. Tobber, M. Quillen, Robert Shannon, Wm. Ryan, David Noonan, David Nogle, Jno. Dougherty, Mrs. Hanrehan and French Charley. Mike Fay, Rocks Stain, A. Ranny, Phil. Richards, Fred. Hoskin, Wm. H. King, Wm. Stevens, Thos Kendall, Chris. Schultz, W. S. Cotton and Dennis Sullivan, all of whom were either injured by falling rocks, jarred by the concussion or burned. Many of the wounded will die. There are more injured, but we are unable, at present writing, to give further particulars.

The following were killed: Jeremiah Kirby, James Agnew, John Said, Wm. Deasis, Mike Sheehan, and one other burned so that he cannot be recognized.

The building in which the *Record* was printed was also burned, but all the materials was saved, a portion of the press being only slightly damaged.

LATER. The following was received per Des. Tel., this morning:

BEAVER, Sept. 18.

By letter from Mr. Sides, dated Pioche 15th, it appears that a terrible fire occurred on the night of the 15th, when nearly every house in Pioche was burned and several men were killed by th explosion of a magazine. Mr. Sides says: "Dreadful time here, not a store left."

SEVERE ACCIDENT. — Abraham Day, aged seven years, and son of Mr. David Day, of this city, met with a very severe accident on Saturday evening about four o'clock. The following are the particulars of the occurrence. The little fellow was quietly walking along the side walk on 3d South Street, near the hotel now being built by Walker Bros., and came nearly in front of one of the teams engaged in hauling material for that building. On seeing that there was danger of the boy being run over the teamster, who was walking by the side of the animals grasped at the reins but only caught one line, and unfortunately the wrong one, which, in the excitement of the moment, he pulled, bringing the mules right over the poor little fellow. As soon as this happened the animals commenced kicking and plunging, bruising and mangling the boy fearfully. One of the wheels also passed over him. Besides being bruised and crushed nearly all over his body, he sustained a severe scalp wound. Dr. Anderson is attending him, and, although dangerously hurt, hopes are entertained of his recovery.

DRIED PEACHES. — Now is the time when the drying of peaches is in full operation, and as Salt Lake dried peaches are held in high estimation, as an article of export as well as for home sale, care ought to be taken that the quality of the article be as good as possible. It is about time that the little, late, scrubby peaches were got rid of and substituted by the larger, earlier, and better kinds. It is as easy to grow good fruit as bad, and a great deal more satisfactory. In the drying of peaches too, it ought to be known that although they may be dried much quicker if cut into quarters, yet such peaches are not near so marketable as are those which are merely cut into halves. So what may be gained in time by quartering will be lost in marketing, besides the disrepute into which inferior articles will not fail to bring any market.

MEND!

ACT I. — The Grove Farm.

ACT II. — The Rebel Prison.

ACT III. — Australian Gold Fields.

ACT IV. — Home Again.

NEW REFORM. — The introduction of Soda Water and Sarsaparilla, by Day & Co., has done more in the way of a Temperance Reform than all the lectures that have been delivered in the country. The natural condition of man is a thirsty one, and it has long been an established fact that water will not quench thirst. The question then arises, can we find a substitute as harmless in its effects, and more delicious in taste than anything yet discovered? We find it in Day & Co.'s Soda and Sarsparilla. If every one would sign the Pledge and drink nothing but this Celebrated Beverage, much degradation, misery, shame and crime would be prevented in the world. If any one doubts the truth of our remarks let them step into the first place they come to and try it. It will vouch for itself. 6a(1)9tf
