Be it Resolved by the Council of the Legislative Assembly of the Territory of Utah, that the complaint of His Excellency, the Governor, is groundless, and his nominations

unnecessary, and that no action thereon is required.

FROM MONDAY'S DAILY MARCH 13.

**Somewhat Better.**—City Marshal Burt, who has been laid up for several days with a rheumatic attack, is slightly better, but not yet able to be about.

**Beaver Court House.**—The new County Court House at Beaver was formally opened last week, Judge Twiss in the chair. The building is handsome and substantial, and cost \$2,000.

**Getting Better.**—A private letter from Apostle C. C. Rich states that his health has considerably improved of late, and that he purposes leaving Bear Lake Valley for a season and coming down to Salt Lake City on a visit, as soon as the weather gets a little warmer.

**Mark of Respect.**—On Thursday, the 9th, Brother Thomas Memmott, chorister and Sunday school superintendent, was honored by a party got up by the ladies of Scipio, Millard County, as a mark of appreciation of his services. A presentation of an excellent arm-chair was made to the gentleman at the same time. So we learn from a communication of Thomas Phillips.

**Bad Runaway at Richmond.**—A correspondent of the Logan Leader wrote to that paper as follows, from Richmond:

"On Saturday last, a team attached to a sleigh belonging to James W. Hendricks, Esq., started on Main Street and ran west at a tremendous rate. On reaching the county road, they turned north, and for one mile their speed appeared to be increased at every leap. Suddenly they ran against a fine mare belonging to Bro. Wm. Harris. The tongue of the sleigh entered the animal's flank, inflicting such an incision that the entrails immediately protruded. Next morning, Mr. Hendricks called on Bro. Harris and presented him with \$150, one third of which Bro. Harris refused. Mr. Hendricks says no more \$100 runaways if possible."

#### DEATH OF BISHOP MORRIS.

Bishop Richard V. Morris, of the 19th Ward of this city, died at his residence at 9.15 last night, March 12th, of typhoid-pneumonia. This information will be received with sorrow by the hosts of friends which he had secured by a kind and genial disposition and uniformly honorable and consistent course of life. His death is also a great blow to his large family, for whom the deepest sympathy is felt by the community.

The illness of the deceased was of short duration. He was first attacked on Friday, the 3rd inst. Being of a somewhat fragile constitution, the disease made rapid inroads upon his system. At an early stage of his sickness, he appeared to have an impression that his hour had come. He bore his sickness with great patience, and exhibited uninterrupted kindness and affection to all who approached him. The only complaint that escaped his lips was that he was weary, so very weary, and hoped the Lord would grant his prayer and give him a rest.

On Thursday he told his brother Elias that he was going, and then made some arrangements about the disposition of his property, his older sons being called in to assent to the proposals.

About an hour before his death Brother Morris desired that all his family should be called in that family prayers might be engaged in in his presence, which was done, when he bade all affectionately "good night." He was clearly conscious almost to his latest breath, indicated by his recognizing and speaking to persons in the room.

Richard Vaughan Morris was the son of John and Barbara Morris, born in Abergele, Denbighshire, North Wales, Sep. 23d, 1830. He was baptized Sep. 4th, 1849, at Abergele, North Wales. In 1850 he left Liverpool, where he was employed by a lawyer, and went to Merthyr Tydvil to act as secretary to Elder William S. Phillips, who at that time presided over the Church in Wales. He occupied that position till he emigrated to Utah, in 1855. A few years ago he went on a mission to England, where he labored diligently in that capacity for about three years, during a portion of which time he was President of the Birmingham Conference. About four years ago he was ordained a Bishop

to officiate in that capacity in the 19th Ward, the duties of which he strictly and consistently filled. Until recently he occupied a desk in the U. C. R. R. office, which position he left with the intention of entering into business. Deceased leaves two wives, twelve children and many other relatives and friends to mourn his departure.

The writer had the privilege of a most friendly intimacy with the deceased, for whom he entertained the most unqualified esteem and respect, based upon an understanding of his worth. His integrity to the work of the Lord was beyond all question. While not naturally of an aggressive disposition, when he felt he was right upon any matter of moment he could not be moved. At the time he joined the Church he was engaged in a lawyer's office in Liverpool. He went on a visit from that town to Abergele, where his brother Elias had already embraced the Gospel, with which he was at that time unacquainted. He stood by an Elder the same day, while he was preaching, and when that Elder was attacked by a mob, he stood by him and struggled against the persecutors with undaunted courage. The next day Elias baptized him and his course from then till the hour of his death has been in support of the truth and the right.

The funeral services will be held at noon to-morrow, at the 19th Ward Hall.

#### NEURALGIA—A REMARKABLE CURE.

The following extracts are from a letter received from S. A. Russell, Mesalero Agency, New Mexico, dated June 5th, 1879:—"I felt satisfied that if the remedy (Compound Oxygen) was really what you claimed it to be, it was just what I wanted for a daughter who had been a sufferer with neuralgia for more than fifteen years. I wrote you for a copy of your Treatise on Compound Oxygen. After reading this little work, and the certificates of such men as Judge Kelley, T. S. Arthur, and others, I felt that if these were genuine, there must be REAL MERIT in the remedy. \* \* I then ordered the remedy sent to my daughter in Kansas. That was about one year ago, and since using the supply then ordered, my daughter has not only not had neuralgia but considered herself in perfect health. \* \* \* Regarding my daughter as having, through the blessing of God, been permanently cured of as stubborn a case of neuralgia as it is possible for any person to be afflicted with and live, by the use of your Compound Oxygen, I esteem it a PLEASURE and a DUTY to send you this statement." Our Treatise on Compound Oxygen, which contains a record of many remarkable cures, sent free. Address Dr. STARKEY & PALEN, 1109 and 1111 Girard Street, Philadelphia, Pa.

#### RATHER ENTHUSIASTIC.

The Wilmington (Del.) Daily Republican lately contained the following item of popular interest: Dr. J. F. Speck, who is connected with the Wilmington Every Evening, speaks rather enthusiastically of St. Jacobs Oil. Dr. Speck states that he uses the Oil in his family as a household remedy, a sort of universal panacea for all aches and pains, and has always found it to act most happily. His attention was called to it by the many testimonials in its favor, and he one day used it upon himself for sore throat. Two applications were sufficient to effect a cure. He also used it on his little girl for sore throat with gratifying success. The same child had scarlet fever this winter which left the tendons of one leg much contracted. The little prettier couldn't walk without assistance and suffered much inconvenience and pain. Several applications of St. Jacobs Oil restored her limb to its normal condition and she has not experienced any trouble since. Dr. Speck states that he has also seen the Oil act charmingly in toothache. He thinks St. Jacobs Oil is a sterling remedy, and does not hesitate to recommend it for rheumatism, etc.

"Sweet Curing Seeds" was the translation of the name given to Ayer's Pills by a high mandarin of China, in his letter of acknowledgment and thanks to Dr. Ayer for having introduced them into the Celestial Empire—a very appropriate name! They are sweet, they cure, and are, therefore, the most profitable "seeds" a sick man can invest in. ds&w.

L. B. MATTISON:

Dear Sir—The Albion Spring Tooth Harrow I bought of you last year was used over two hundred and fifty acres of plow land and meadow and gave good satisfaction. I also used it in cultivating corn and potatoes. I also put in ten acres of oats on newly broken sod and it did its work well and with ease to the driver and team. This year I want the seeder attachment.

To use the harrow successfully as a cultivator the corn must be planted in straight rows from three and one half (3½) to four (4) feet apart.

Respectfully,

#### OUR CONSTITUTION BROKEN.

How often we hear people coughing, hacking and spitting, and yet those so troubled seem to think nothing of it, until some of their friends say to them: "Why, Joshua, Polly, Maria," or whatever their name may be, "how poor you are getting; your cheeks and eyes are sunken, skin looks yellow and do not look like the same person as when I saw you last." Reader, this is all caused by neglect in not breaking up a slight cold as soon as it appears, which can be easily done by purchasing and using a bottle of HALE'S HONEY OF HOREHOUND AND TAR, only 50 cents and \$1 per bottle at all drug stores, and at CRITTENTON'S Patent Medicine Warehouse, New York.
