

IN MILL AND MINE.

Outside Orders for Pewee Valley Mills Goods.

BULLIGVILLE BLAST FURNACE.

The Furnaces at the Ontario—New gets Gold—Mining and Other Goods.

An order received last evening from California, by Manager John C. Carter, of the Pewee Valley Mills, indicates how the goods manufactured at that institution are coming into favor with our western neighbor. It was from a San Francisco house for Utah made under the circumstances the order being \$2,000. The grade of goods selected was from the average western fabrics turned out at Pewee. Purchases of that kind show in a very satisfactory way the appreciation given to the Utah products.

Mrs. Carter has also received orders for Pewee manufacture from Philadelphia, Pittsburgh and Chicago. The trade of the mills outside of Utah is not confined to those, but Idaho, Montana, Colorado and Arizona each has a fair quota of purchasers, and the prospectus that this season the mills will have good run, and that the products will be readily disposed of.

IMPROVEMENTS AT BULLIGVILLE.

James Jones is up from Bulligville, Nevada, where he is engaged with Mr. Dodge. The leaching mill there is in full operation on the tailings from the old mine, & 200 tons of waste products are being treated. Two tanks of 20 tons capacity have been cut in, the old 10-ton tanks being too small for the purpose. An auxiliary fire has been added to the White Diamond furnace, and operations commenced, so as to give a great saving of the previous metal.

The company has decided to put in a blast furnace at Bulligville for the reduction of ore, which will be shipped from the mines at Pueblo, twelve miles, there not being sufficient water at that place.

THE ONTARIO.
Ellis Morris, who has the contract for supplying the furnaces of the Ontario mill, came down from Park City this morning. The work at the mill is progressing well, and it is expected will be completed in another week. It will take but a short time thereafter to ready for again starting the mill.

MARSH GOLD.
E. P. Parry is up from Marsh today, on business connected with the extensive gold quartzes which he is engaged in operating. His reports indicate so far as generally known, come from the first few days of May, when he was in the vicinity of Wallace Brothers' seven claims of sample soils, or white fluores.

MICROPAK PATENTS.
The following mineral patents have been issued by the general land office to Michael Gibbons, to the Auburn Lake, in West Mountain district; to J. L. Johnson, to the Sulphur lake, in Tintic district; to W. H. Miller, to a large tract of land in the Parcels lake, in Tintic district; to Geo. H. Davis, in the Red Wing lake, in West Mountain district; to the Little Mountain company, to the James G. Davis, in the West Mountain district; to W. H. Miller, in the James G. Davis, in the West Mountain district; to James Chapman et al., to the Black Dragon lake, in Fish Springs district; to L. E. Edwards et al., to the Water lake, in Fish Springs district; to Wm. Edwards, in Fish Springs, in the Tintic district.

Patents to coal lands have also been issued to W. H. Miller, 100 acres in section 12, township 13 south of range 10 east, and to David Harris to 120 acres in section 35, in township 13 south of range 10 west.

The report comes from North Tintic that the ledge in the Gold Bluff mine has again been discovered. When first found it was worked and gave out suddenly. James Chapman of American Rock reported the new discovery, and that the new deposit is even richer in the precious metals and more extensive than the first find.

For a short time this morning the people along Second West street, south of Fifth South, imagined that the city watermain had burst some water in the air, but it was discovered that the stream came from a water main that had burst on Fifth South, between First and Second West streets. The break was repaired today.

At the annual meeting of the Ribber and Associates Consolidated Mining Company stockholders held in Salt Lake City yesterday morning, Monday afternoon, the following officers were elected: W. W. Morrison, president; John H. McMurphy, vice-president; J. J. Stewart, treasurer; W. A. Read, F. E. Bowmen and George Wassell.

Under, Wyoming, the western terminus of the Denver & Northern railway, is having a verdant green, owing to the recent discovery of fine gold in Casper Mountain, twelve miles south of the town. The camp is, and the bearing houses are crowded, and it is said that all available conveyances have gone to transport passengers to the new claims.

Phoenix, Arizona, General. A Mexican man from Phoenix last night reported the greatest strike ever made in this country. One and a half miles from the end of the Casper Mountain and about two miles south of the Desert Wells in Yuma county, he discovered veins of gold ore, he says, has been discovered by Mexican workmen. The vein is in iron and contains over two hundred feet of averages from one-half to one-half inches wide. Great excitement prevails in the vicinity of the Harveyas.

Wyo., Wyoming Journal. The owners of the Green River Navigation Company have retained their first division of 20 units per share, being the profits

arising from the lease of their boat, the Major Powell, for the months of March and April. Shares in this company are worth \$20. The Major Powell has made a number of trips on Casper canyon. The prospects for the development of the Green river country are very bright and the Major Powell is doing good work in transporting prospective settlers to this new and favored region.

RAIL LINE CRASHING HOME.
Today's clearing house exchange amounted to \$200,000.

TODAY'S QUOTATIONS.
New York—Silver, \$1.05; Lead, \$1.00; London—Silver, \$1.05.

ONE AND EIGHTH.

Wells, Fargo & Co. received today: Mingo, 2000; Salt Lake, 1000 copper bullion and lead ore, \$1200.

H. E. Jones & Co. received today: Butte, 5000; ores, \$2000.

W. H. Stewart had in for assay today: No. 1 of Old Jordan and Glendale ore, tons, one lot of Hope ore, 20 tons. Old Telegraph ore, 20 tons. J. A. ore, 20 tons.

J. W. Curtis had in for assay today: No. 1 of Old Jordan and Glendale ore, tons, one lot of Silver King ore.

W. A. Hodges had in today for assay one lot of Yosemite No. 2 ore, 10 tons. Horn Silver ore, and four other minutes.

The ore and bullion output for the week amounted to:

Gold bullion and ore, \$200,000.

Bullion and ore, \$200,000.

Lead, \$200,000.

Copper, \$200,000.

Other metals, \$200,000.

Total, \$200,000.

Wells, Fargo & Co. received today: Mingo, 2000; Salt Lake, 1000 copper bullion and lead ore, \$1200.

H. E. Jones & Co. received today: Butte, 5000; ores, \$2000.

W. H. Stewart had in for assay today: No. 1 of Old Jordan and Glendale ore, tons, one lot of Hope ore, 20 tons. Old Telegraph ore, 20 tons. J. A. ore, 20 tons.

J. W. Curtis had in for assay today: No. 1 of Old Jordan and Glendale ore, tons, one lot of Silver King ore.

W. A. Hodges had in today for assay one lot of Yosemite No. 2 ore, 10 tons. Horn Silver ore, and four other minutes.

The ore and bullion output for the week amounted to:

Gold bullion and ore, \$200,000.

Bullion and ore, \$200,000.

Lead, \$200,000.

Copper, \$200,000.

Other metals, \$200,000.

Total, \$200,000.

Wells, Fargo & Co. received today: Mingo, 2000; Salt Lake, 1000 copper bullion and lead ore, \$1200.

H. E. Jones & Co. received today: Butte, 5000; ores, \$2000.

W. H. Stewart had in for assay today: No. 1 of Old Jordan and Glendale ore, tons, one lot of Hope ore, 20 tons. Old Telegraph ore, 20 tons. J. A. ore, 20 tons.

J. W. Curtis had in for assay today: No. 1 of Old Jordan and Glendale ore, tons, one lot of Silver King ore.

W. A. Hodges had in today for assay one lot of Yosemite No. 2 ore, 10 tons. Horn Silver ore, and four other minutes.

The ore and bullion output for the week amounted to:

Gold bullion and ore, \$200,000.

Bullion and ore, \$200,000.

Lead, \$200,000.

Copper, \$200,000.

Other metals, \$200,000.

Total, \$200,000.

Wells, Fargo & Co. received today: Mingo, 2000; Salt Lake, 1000 copper bullion and lead ore, \$1200.

H. E. Jones & Co. received today: Butte, 5000; ores, \$2000.

W. H. Stewart had in for assay today: No. 1 of Old Jordan and Glendale ore, tons, one lot of Hope ore, 20 tons. Old Telegraph ore, 20 tons. J. A. ore, 20 tons.

Lead, \$200,000.

Copper, \$200,000.

Other metals, \$200,000.

Total, \$200,000.

MOBBING MORMONS.

The Story that Comes from Alabama Today.

ABOUT AN ATTACK ON THE ELDERS.

Names and Addresses of the Three Mentioned in the Press Dispatch.

The statement made in an Associated Press telegraph from Atlanta, Georgia, that when, recently, ordinances would be of a nature to cause great uneasiness. From past experience, however, it is not unlikely that the story will prove to have been greatly exaggerated, to my knowledge, readers of the News will remember that a few weeks ago a telegraph of similar nature came from Tennessee, alleging that two Mormon missionaries had been killed. Here investigation proved the alleged account was entirely without foundation in fact, no such occurrences as that described ever having taken place.

Immediately upon receipt of the news this afternoon, an inquiry was opened both to ascertain full particulars of the occurrences, if there had been anything of the kind. A telegram was sent to the mission house at Chattanooga, but up to the present no reply has been received. It is not clear just in the supposed case, whether the two men were killed in self-defense, or whether they were captured.

The press dispatch used includes the minister's work in a most matter-of-fact manner, as if it were nothing more than a matter of speculation on the part of the writer.

If there had been any mistake as to whether it was taken in self-defense, it is not likely that they were captured. It is an unusual thing for a gang of Indians to have about 2000 men, and to have them all captured.

The following is the names and addresses of the Elders mentioned in the dispatch:

A. L. Jones, of Huntington, Emery county, Utah, born July 20, 1862, died in the service of the church.

Hezekiah Franklin Johnson, of Mass., Marlboro county, Arkansas, born August 22, 1860. Set apart as a missionary to the Southern States April 1885.

Nathaniel W. Miller, of Monroe, Ga., born January 21, 1862. Set apart to the Southern States May 1885.

The address of Elder Bissell is Eau Claire, WI, Clark county, Wisconsin.

The present mission address of the Elders is not known as at this office, except that they are still serving in the same place.

Secretary Anderson at the Equator Coop. was seen by a News reporter this afternoon, and confirmed the rumour.

A Promissory Note.

The Utah National Bank this afternoon lodged a suit in the Third district court against John W. Taylor and C. S. Greenback to recover \$20,554 on a promissory note, executed April 18th, with interest at ten per cent per annum.

G. A. R. Hall and Reception.

The News accompanying the receipt of an invitation to a ball and reception to be given by George H. Maxwell, Mrs. N. S. Peck, at the Hotel Peck, on June 21st, 1898, by the Sons of Union Veterans of the Civil War, in the hall of the Hotel Peck, on Peck street, in Salt Lake City, on June 21st, 1898.

The promissory note is as follows:

"I, G. A. R. Hall, do hereby,

"do promise to pay to George H. Maxwell, Mrs. N. S. Peck, at the Hotel Peck, in Salt Lake City, on Peck street, on the 21st day of June, 1898,

"the sum of twenty thousand dollars,

"plus interest at six per cent per annum,

"from the date of this note,

"until paid, to the order of George H. Maxwell, Mrs. N. S. Peck,

"or to such person as they may designate."

John W. Taylor and C. S. Greenback,

"do further promise to pay to the

"same persons, interest on the

"sum above mentioned,

"at the rate of six per cent per annum,

"from the date of this note,

"until paid, to the order of George H. Maxwell, Mrs. N. S. Peck,

"or to such person as they may designate."

John W. Taylor and C. S. Greenback,

"do further promise to pay to the

"same persons, interest on the

"sum above mentioned,

"at the rate of six per cent per annum,

"from the date of this note,

"until paid, to the order of George H. Maxwell, Mrs. N. S. Peck,

"or to such person as they may designate."

John W. Taylor and C. S. Greenback,

"do further promise to pay to the

"same persons, interest on the

"sum above mentioned,

"at the rate of six per cent per annum,

"from the date of this note,

"until paid, to the order of George H. Maxwell, Mrs. N. S. Peck,

"or to such person as they may designate."
