SPECIAL NOTICE.

To the Jobbing Trade and Retail Dealers of Utah.

Z. C. M. I.

WOULD CALL THE ATTENTION of its regular customers, as well as the Public in general, to its immense lines of all classes of MERCHANDISE, arriving daily and on exhibition, in its various Departments.

The RETAIL TRADE of the Territory can best serve their interests by replenishing their stocks from this source, and for the following reasons:

The business is conducted on the strictest principles of economy, hence the closest market prices can always be relied on.

The new goods coming in were purchased with special reference to the Fall and Winter Trade, and surpass all previous efforts.

Our abundant facilities and experience enable us not only to distance all first-class competition, but to offer inducements unrivalled in the Wholesale Trade of the Territory.

We are sole agents in Utah for many popular brands of Groceries and Hardware, which cannot be purchased elsewhere in this market.

Competent and experienced Salesmen are on hand in each Department, and the Public can rely upon having orders promptly and faithfully executed.

Various Bills—Reception Committee.

WASHINGTON, 14. — Kelly, of Oregon, introduced a bill granting the right of way and depot grounds to the Oregon Central and Pacific Railroad Co., through the public lands of the United States, referred to the committee on railroads.

Ingalls introduced a bill to refer to the court of claims and the Supreme court of the United States, for a determination of the rights of the central branch of the Union Pacific Railroad Co., under existing laws, and gave notice that he would, when Wright calls up his bill declaring the true intent and meaning of the Pacific Railroad acts, submit this bill as a substitute.

Hitchcock introduced a bill appropriating $50,000 to enable the commissioner of agriculture to make a special distribution of seeds to those portions of the country which have suffered from grasshopper ravages the past summer; referred.

Conkling introduced a bill to amend the act for the creation of a court for the adjudication and disposing of certain moneys received into the treasury under the Geneva award; referred. It proposes to repeal that portion of the 12th section which bars the claims of insurance companies except for excess of losses over premiums or other gains, or war risks, and provides that any insurance claimants excluded by this prohibition shall have a like period of time within which to present and prove their claim as they would have had if not so excluded.

Morrill, of Me., called up a bill reported from the select committee, to frame a new government for the District of Columbia, which was read at length and, on his motion, three hundred extra copies were ordered printed. Morrill then yielded to a motion for adjournment, with the understanding that the bill should retain its place on the calendar, and be the unfinished business for to-morrow.

The chair appointed Cameron and McCreery members, on the part of the Senate, of a joint committee, to take measures for the reception of King Kalakaua.

HOUSE.

Import Duties—Pressgag Law—The Vicksburg Troubles—No Subsidy Bill—Passed—Parsons Heard From.

Harris introduced a bill providing for the payment of one half the import duties in legal tenders or national bank notes.

Phelps moved to take up for consideration his bill for repealing the pressgag law in Washington.

Cox suggested to Phelps that the motion should be to suspend the rules and pass the bill.

Poland protested against such a bill being passed without his having an opportunity to examine it, and he asked that the bill be referred to the judiciary committee. The house refused to second the previous question on Phelps' motion.

Cox then moved to suspend the rules and pass the bill; the house also refused to second the previous question on this motion by a vote of 68 to 110; the bill was then referred to the judiciary committee, with leave to report at any time.

McKee offered a resolution for the appointment of a select committee of five, to proceed to Vicksburg and investigate and report all the facts relative to the recent troubles in that State, especially in Warren County.

Lamar hoped the House would adopt the resolution. The citizens of Vicksburg and Warren County did not shrink from an investigation, but courted it, and were only anxious to have all the facts connected with that transaction exposed to the country.

Holman offered a resolution that, in the judgment of the House, in the present condition of the financial affairs of the government, no subsidies in money, bonds, public lands, or pledges of the public credit, be granted by Congress to associations or corporations engaged in public or private enterprise, and that all appropriations ought to be limited to such amounts as shall be imperatively required for the public service; without action upon it, and leaving it to go over until next Monday, the House adjourned.

A concurrent resolution for a joint committee on the reception of King Kalakaua was agreed to, and Orth, Elder and Cox were appointed by the House.

Parsons, rising to a question of privilege, referred to a newspaper article reflecting on him in connection with the Pacific Mail subsidy, and denied emphatically the insinuation, and said that he had no knowledge of any money being paid to any member of Congress in the matter.

EASTERN.

Sargent's Land Bill.

WASHINGTON, D. C., 14.—Sargent's bill fixing the minimum price upon certain restored lands in California, relates to the lands originally withdrawn for the benefit of the Central Pacific Railroad, and afterwards reserved for the Southern Pacific R. R., but since restored to the public domain. The bill provides that the even numbered sections shall be subject to homestead and pre-emption entry at one dollar and twenty-five cents per acre, the same as the odd numbered sections which have been restored and thrown open at that minimum price by the decision of the Interior Department; settlers on the even numbered sections are compelled to pay twice as much. Sargent also introduced a general bill, extending the above remedial provision to all the restored lands throughout the country.

The Texas Pacific—The Cotton Crop.

Col. Thomas A. Scott made an argument to-day, before the Senate Pacific railway committee in support of the Texas Pacific Railroad.

The cotton product of 1873 is estimated by cotton growers, in the returns to the department of Agriculture, somewhat in excess of three and a half million bales.

Sherman Invited—The New Louisiana Judge.

The President telegraphed Gen. Sherman, inviting him to come here and assist in the entertainment to King Kalakaua; he will be here on Wednesday morning.

Don A. Pardee, nominated for district judge in Louisiana, was originally from Ohio, but is now a resident of Louisiana.

A Big Fire.

BOSTON, 14.—A fire broke out about eleven o'clock to-night, in a large five-story brick block in Wareham street; a strong wind was prevailing, and it spread rapidly, and crossed the street and burned through to Pembroke street. At this hour, 12.10, it is thought to be under control. Ten buildings have been thus far destroyed. The loss is very heavy, but cannot yet be ascertained.

The "Republic" Suspended—Dead.

NEW YORK, 14.—The *Republic* newspaper suspended publication to-day. Mr. Nervelle, the responsible editor, has been ill at his house for two weeks past.

Doctor Underwood, the well known pool seller, died at Saratoga yesterday, of hemorrhage of the lungs.

No Mixed Schools.

NEW ORLEANS, 14.—An effort was made this morning to introduce five or six colored girls as pupils into the girls' upper high school, which resulted in the withdrawal of over fifty of the graduating class; this is the first attempt to place negroes in this school.

Returns Tampered with.

John D. Davis, supervisor of the registry, and six commissioners of election of St. Helena parish, have made an affidavit that the election returns in that parish, in the hands of the returning board, have been tampered with, and that changes and alterations have been made in them since delivered to the secretary of the board.

Mr. Arrows offered a resolution that, as the returns filed by him had, according to sworn statements, been tampered with, the board should, before action on the returns, examine the charges; adopted. The investigation will commence to-morrow.

Governor Wells proposed that the democratic counsel examine all the evidence and the affidavit regarding the contested parishes, and then submit the whole to the board. The conservatives objected, because certain papers had been placed among the records without their knowledge, and they requested that the papers of each parish be laid before them, that they may see none of the papers have been abstracted. This was acquiesced in.

Gov. Wells rose and stated that he had just been officially informed that armed white leagues were stationed adjacent to the building, ready to disturb the proceedings, and he moved an adjournment.

Chester, colored, suggested that an adjournment would only precipitate the excitement.

Seconaher suggested the calling of U. S. troops, which he was informed would be furnished if desired.

Governor Wells did not wish to canvass the returns under the protection of troops, and did not intend to be intimidated and insisted was agreed to.

FOREIGN.

PRUSSIA.

Argument in Arnim's Case.

BERLIN, 14.—The argument commenced in the Von Arnim case to-day. The public prosecutor spoke two and a half hours, and concluded by asking that the prisoner be sentenced to two and a half years imprisonment.

Baron Holstein Testifies.

In the trial of Arnim to-day, Baron Holstein denied that Bismarck commissioned him to watch Von Arnim; the accused had stated that he would not resign, and the foreign office would not place him on the retired list because he held documents which compromised Bismarck.

With the examination of this witness the testimony closed. The prosecutor made a speech for the crown. He declared the accused guilty of bad faith and that his statements were unworthy of credit. He argued that the Count had purposely abstracted the documents, and never had any intention to return them. The revelations communicated show that he used weapons for a campaign against Bismarck; but the accused retreated almost before the attack commenced. The echo of the assassin's shot at Kissingen was too much for him. The offence was without extenuation, and was aggravated by the mask of the accused. "Nevertheless," continued the prosecutor, "the government would refrain from demanding a deprivation of his civil rights."

Herr Holtzendorf, counsel for the defense, argued that even if all the charges were admitted acquittal was unavoidable on purely legal grounds. It could not be maintained that the crown had any proprietary right in the missing documents, and the accused, in his conflict with Bismarck, considered that he was defending his honor.

GREAT BRITAIN.

Indignation in France.

LONDON, 14.—Intense feeling has been aroused in France by some of the papers read in the Arnim trial. One dispatch especially, in which Bismarck says he cannot but wish to see France weak, and deemed it unadvisable to strengthen her by contributing to establish a monarchical government, causes intense indignation.

TO THE PUBLIC.

We desire to inform the public that we have now on hand a full and complete stock of Fall Clothing, Gents' Furnishing Goods, Hats, etc. The Clothing Department is supplied from our own manufactory in New York, which enables us to sell from 10 to 15 per cent. less than any other house in this city.
