

OGDEN

MRS. FRANK STROEBE

I was a nervous wreck.
I felt no desire to live.

REMARKABLE RECOVERY, THANKS TO PE-RU-NA.

Mrs. Frank Stroebe, R. F. D. 1, Appleton, Wis., writes:

"I began using Peruna a few months ago when my health and strength were all gone, and I was nothing but a nervous wreck, could not sleep, eat or rest properly, and felt no desire to live.

"Three bottles of Peruna made me look at life in a different light, as I began to regain my lost strength. While my recovery took nearly four months, at the end of that time I was better than I ever had been before. I had a splendid color and never weighed more in my life.

"I certainly think Peruna is without a rival as a tonic and strength builder, and it has my endorsement."

This lady entirely recovered from a nervous breakdown. She did not go away to a sanitarium, and spend hundreds of dollars for a cure. She just staid at home, took Peruna, and in a few months she was as well as ever.

What more could be expected of any remedy?

S.S.S. NATURE'S PERFECT TONIC

There is scarcely any one, no matter how vigorous and healthy, who does not need a tonic sometimes. Little physical irregularities upset the system, the appetite fails, digestion is poor, the body feels tired and worn out, and other unpleasant symptoms give warning that the system is disordered and needs assistance to ward off, perhaps, some serious sickness or ailment. S. S. S. is recognized everywhere as the best of all tonics, nature's medicine, made entirely of healing, cleansing, invigorating roots and herbs, a systemic remedy without an equal. S. S. S. has the additional value of being the greatest of all blood purifiers. It re-establishes the healthy circulation of the blood, rids the body of that tired, worn-out feeling, improves the appetite and digestion, and brings about a return of health to those whose systems have been weakened or depleted. S. S. S. acts more promptly and pleasantly than any other medicine, and those who are run down in health should commence its use at once. It will thoroughly purify the blood and tone up the system. S. S. S. is admirably suited for a systemic remedy because it is free from minerals; it may be used without harmful results by persons of any age, and has no unpleasant effects ever follow.

VOTE FOR SCHOOL BONDS.

Judge Rolapp Gives Reasons Why Proposition Should Prevail.

Ogden, July 4.—A representative of the Deseret News, who interviewed Judge H. H. Rolapp, secretary of the Amalgamated Sugar company on the question of the forthcoming high school bond election, found the judge emphatically in favor of the proposition. He stated furthermore that in his opinion the people this time would vote strongly in favor of the bond issue, as the present high school building is inadequate, there not being sufficient room for chemical, physical, and other laboratories. Neither is there room in the domestic science department, the art, manual training classes, the cloak room and the library.

Judge Rolapp said that there was every reason why the proposition ought to carry. He thought many people who voted against the issue before, would now take a new view of the matter, especially as Hon. Fred J. Kiesel's gift of \$25,000 for the lot, was given on the condition that the bonds be issued to construct the building. If the bonds are not issued, Mr. Kiesel's handsome gift will be withdrawn.

The present building is little more than a fire trap. The actual increase in the attendance amounts to 250 per year while the present attendance is 1,700, while not more than 355 ought to be seated in the building.

The Retail Merchants' association has also put itself on record as favoring the issuance of bonds for high school purposes. At a meeting of the association Thursday evening a resolution to this effect was adopted. A vote of thanks was also extended to Mr. and Mrs. Fred J. Kiesel for the gift of a site for a high school to the city.

WAS CASE OF SUICIDE.

The information was given out last evening by City Physician Browning that in his opinion E. T. Spencer, the man who was found dead in bed at the Healy hotel Thursday night, committed suicide. He gives as his reason the finding of burns on the lips of the dead man which he says was caused by carbolic acid. A further investigation will be conducted by the authorities today.

ROCKLAND, IDAHO.

STAKE CONFERENCE.

Splendid Dry Farm Propositions Yet Open to Settlement.

Special Correspondence.

Rockland, Oneida Co., Ida., July 2.—Quarterly conference of the Pocatello stake was held here Saturday and Sunday, June 27 and 28. Four sessions in all were held and on Sunday evening a large crowd of farmers gathered to look at the stake and to see the visiting elders were Rudger Clawson and George F. Gibbs of Salt Lake.

Saturday afternoon the afternoon meeting the conference visitors were taken for a drive to the dry farms. Several thousand acres of land tributary to Rockland is now being successfully farmed. All this has been accomplished in the last five years. A few years ago settlers fled on government land for homesteads. They were laughed at by old settlers who told them they were crazy to think of such a thing as trying to raise crops without irrigation. But a look at their farms today will prove that they made no mistake in settling here.

There are still places of government land near here, and reasonably good claims can be found from five to seven miles out. This year's crop of fall wheat is the most promising of any yet planted, there being a good stand of a dark healthy color.

Building operations are rather quiet at present, but with the prospect of the largest crops ever grown here many ranchers are planning on extensive improvements this fall.

DOCTORS OF KNOWN RELIABILITY and SKILL

Sick people should remember that a mistake in selecting their physician cannot be reckoned by the MONEY LOSS ALONE—for in serious ailments if a mistake is made there may not be time to RECTIFY THE ERROR.

Be Right. You May Not Have a Second Chance.

Disease does not wait—and people who try that one doctor and then another must remember THEY MAY NEVER HAVE THE SECOND CHANCE, and should be sure THE FIRST TIME that the physician selected is the most competent and most successful doctor procurable, regardless of his charges.

How to tell the Fraud from the Reputable Specialist.

Everybody who needs Medical Aid would select the best doctor if they knew HOW, but where every fraud and false claim as much skill as the Honest, Experienced Specialist they find it hard to select the best—to tell the truth from the false.

HERE IS THE TEST—APPLY IT.

If a doctor will deceive you in his advertising he will deceive you in his office. If he makes statements that are palpably false and misleading, BEWARE OF HIM, for he will surely treat you the same way. If you are impressed with the claims put forth by ANY Physician, Specialist, Company, Institution or Firm, READ EVERY LINE IN SUCH ANNOUNCEMENT. Ask yourself if every statement is TRUE—ask yourself if every statement made is REASONABLE—ask yourself if the claims made are such as are recognized as true and possible by the Medical Profession. If a whole, and if you find that claims are made that are untrue, unreasonable or utterly impossible, THEN REMEMBER THAT THE MAN WHO MAKES SUCH UNTRUE AND IMPOSSIBLE CLAIMS is unworthy your belief, and all statements he or they make are likewise unworthy your belief.
