

## SPECIAL BUSINESS NOTICES

### SELF-BINDERS.

Having witnessed the operations of the WALTER A. WOOD SELF-BINDING HARVESTER, on the Brigham City Co-operative Farm, we think for lightness of draft, ease of management and manner of work, it is far ahead of any machine we have ever seen, and pronounce it a decided success.

The above-mentioned machine was sold on the spot—L. Snow, L. Swenson, Jr., O. G. Snow, Wm. L. Swenson, N. A. Nelson, James May, Ephraim Jensen, N. Jensen, C. P. Christensen, Ole J. Peterson, P. Christensen.

### A Field Trial.

The Walter A. Wood Self-Binder will be in the field of Main Well, one and a half miles south of the City, on the State Road, on Thursday, the 23d inst., at three p. m., and I ask all competing self-binders to be present to participate in a friendly trial as to the best work, lightness of draft, simplicity in construction and ease of management.

A committee of five persons will be selected on the field to decide as to the superiority of the contesting machines.

DAILY ABUTIONS WITH GLENN'S EXTRACT SOAP will banish the most obstinate eruption and render the cuticle wonderfully clear and smooth. It is, in fact, an absolute remedy. It is peculiarly acceptable to the gentle sex on account of its beautifying action upon the complexion, from which it removes every blemish arising from impurities of the blood or from the action of the sun and wind. Ladies going to the sea side or any of our inland watering places cannot have a better protective against tan and freckles than this admirable clarifier of the skin, and it will be found to add materially to the benefits derivable from sea bathing. As a deodorizer and disinfectant of clothing or linen used in a sick room, it is also thoroughly efficient. Sold by all druggists.

### LOCAL AND OTHER MATTERS.

#### MISSIONARY MEETING.

All Home Missionaries of this Stake are particularly requested to meet at the Council House, on Friday evening, the 25th inst., at half past 7 o'clock.

ANGUS M. CANNON, DAVID O. CALDER, JOSEPH E. TAYLOR, Presidency of the Stake.

#### No Paper.—To-morrow being Pioneer Day, all hands at this Office will suspend labor, and the News will not be issued again till Thursday afternoon.

#### From the North.—President

Masses Thatcher, Superintendent George W. Thatcher and Colonel Thomas E. Ricks came to the city, from Cache, on last evening's train.

#### Returned.—Mr. John T. Cairns

returned last night from a visit to Logan, where he spent a week for the benefit of his health, which has been somewhat feeble of late. He feels better after his "out."

#### Harvesting.—The good people of

Cache Valley have commenced the work of gathering a more than ordinarily bountiful harvest. The weather in that section is nearly as hot, in the middle portion of the day, as it is here.

#### Water Glass.—We have frequently

drawn attention to the importance of utilizing the native rocks and minerals of Utah. We believe the manufacture of "water glass," or silicate of soda could be made peculiarly successful and its introduction would be generally beneficial to the community. In close proximity to this city there is an abundance of silica in granulated form, as if nature had prepared it for special use. We are pleased that some progressive manufacturing chemists are giving the subject attention and anticipate making, in due time, cements, fire-proof paints, artificial stone and other generally useful products of the silica of soda.

#### Base Ball.—The match game of

yesterday, between the Deserets of this city, and the Red Stockings of Cheyenne, resulted to the latter in a severe defeat. The score was 15 to 7; rather an unexpected result, from what we have heard of the excellence and skill of the Wyoming champions. However, the next trial may result differently, and familiarity with the grounds being always a consideration of which a stranger nine should have the benefit. Besides, Mr. Topping, their pitcher, was unwell and his place was filled by Mr. Murray.

#### The Cheyennes bring with them

a reputation for being fine players; we hope to see this sustained by their playing, to-morrow afternoon, when the second game of the series will take place.

#### Drowned.—Correspondence from

St. Charles, Bear Lake County, Idaho, gives an account of the death, by drowning, near that place, on July 12, of William Neilson, a boy, about 10 years of age.

#### In company with two smaller

boys, he went to the outlet of Bear Lake, about three miles from St. Charles, and entered the water to bathe. The two boys had advanced from the shallow water to where it was about nine feet deep, and went under. He arose twice to the surface, but going down the third time, was seen no more. His companions hastened to the settlement with the news of the fatal occurrence, and Bishop J. A. Hunt, his counselor and several others immediately turned out to search for the body. Early on the morning of the 20th, it was found, and a coroner's jury rendered a verdict of accidental drowning, in accordance with the facts described.

#### Groceries vs. Dry Goods.—The

base ball match between the grocery and dry goods departments of Walker Bros., will come off on the 24th, in Walker Bros' field, 2 blocks south of the Fourth Ward school house. The game will be called at 8 a. m. No charge will be made for admission.

#### Sunstroke.—The Ogden Junction

chronicles a case of sunstroke which occurred on Sunday, in Ogden Canyon. The victim was a lady.

### The Primaries.—The primaries

for the election of delegates to the County Convention, to be held next Saturday, convened in the several precincts of Salt Lake City, last evening, commencing at eight o'clock.

#### First Precinct.—Alderman Adam

Spier was elected chairman and Councillor I. Brockbank secretary of the meeting. The following delegates were elected:

J. Booth, J. Jensen, J. Eardley, J. Sheldermine, W. W. Ritter, J. Harvey and S. H. B. Smith.

#### Alternates: Thomas Jack, Jake

Husser, Thomas Maycock, John Needham, Dr. Crockett, Wm. Fuller and James A. Wood.

#### Second Precinct.—Samuel H.

Hill was chairman and T. E. Taylor secretary. Delegates elected: James Moyle, Jesse West, John Page, Jr., George H. Taylor, David McKenna, Mrs. Sarah M. Kimball and Mrs. M. I. Horne.

#### Joseph Horne was nominated for

justice of the peace and Alexander Burt for constable for the precinct. Third Precinct.—A. H. Raleigh was called to the chair and Silas T. Smith elected secretary.

#### On motion, each ward was given

the privilege of nominating its own delegates, and the following persons were chosen: James W. Phippen, Peter Reid and Henry Emery for the 10th Ward; N. Groesbeck and John Tingey for the 17th Ward; Wm. C. Neal, Henry Arnold and Alfred Solomon for the 19th Ward.

#### Alternates: Theo. McKean, Edw. T.

Schoenfeldt, Diana Reid, Mrs. Hannah T. King, Mrs. S. M. Heywood, Wm. Ridd, Mrs. Harriet C. Morris and John South.

#### Fourth Precinct.—Bishop John

Sharp was elected chairman and Charles W. Stayner secretary of the meeting.

John Sharp, John T. Cairns, Geo. Quinn, George Romney and Robert Aveson were elected delegates;

Geo. Reynolds, Henry C. Fowler, John Tuddenham and Thomas C. George were chosen alternates.

#### W. L. N. Allen was nominated

for justice of the peace and B. Y. Hampton constable for the precinct.

#### Fifth Precinct.—Judge Z. Snow

was elected chairman, and George Goddard secretary.

Three delegates were chosen from each bishop's ward in the precinct, and the choice rested on Francis Armstrong, Robert Morris and Mrs. Mary Freeze, and Joseph H. Fell, alternate for the Eleventh Ward. For the Twelfth, Thomas V. Williams, William J. Hooper and John R. Winder; Mrs. P. C. Staines alternate. For the Thirteenth; Milton Atwood, Henry A. Woolley and Mrs. Emmeline B. Wells; Hamilton G. Park, alternate.

#### A. C. Pyper and C. H. Crow were

nominated respectively for justice of the peace and constable for the Fifth precinct.

#### An Excellent Country.—Elder

August Wilcken has written to Brother Charles Sansom, giving a description of the portion of country on Salt River, Arizona, recently colonized by the Latter-day Saints.

He was delighted to find the country so prolific and fruitful. The Mexicans in that section have only been there about six or seven years and have splendid fields. He expresses the opinion that the "Mormons" will soon be able to surpass them, else they will not be deserving of the name they bear. He found Brother Jones, the few brethren with him, and about 300 Pima Indians busy harvesting. Although the ground had been plowed with a wooden implement and some of it harrowed with brush, good crops were raised.

#### Brother Wilcken also describes the

labors and progress of Bro. Crismon and party, located about four miles farther up the river, but we have heretofore published a similar statement, in a communication of Brother Gibbons. In the part where the ancient canal, called the Montezuma Ditch, is located, pieces of pottery and cement are everywhere scattered.

For agricultural purposes the Salt River country can scarcely be excelled, but it is not favorable to stock raising. But all the stock needed for a farm can be kept easily, as lucerne flourishes and can be cut from six to eight times a year. On the Gila and San Pedro Rivers, however, immense herds of stock could be sustained.

The writer also describes the location of Brother P. C. Merrill and company as very desirable. The latter had finished cutting their grain and were engaged in stacking it. They had purchased a saw mill, which they intended erecting about twenty-two miles further up the river. Several good mines had been opened south of the colony, which were expected to afford an excellent market for the lumber made by the brethren, at from \$50 to \$80 a thousand, at the mill.

#### Elders Wilcken and Tryjo ex-

pected to go into Mexico in the fall, on a preaching mission. They are very desirous that the Lord should bless their labors, by causing many to embrace the gospel and to gather to the location established by Elder Merrill and company.

#### Fatal Result.—M. Garf, the German

gentleman who was injured a few days since, by being thrown from a horse, while on his way to Camp Douglas, died on Sunday evening. Dr. Hamilton held a post mortem examination yesterday, and pronounced the cause of death to be fatty degeneration of the heart, superinduced by the injuries he received, as heretofore mentioned. The remains are to be sent to Germany, to the relatives of the deceased.

#### Groceries vs. Dry Goods.—The

base ball match between the grocery and dry goods departments of Walker Bros., will come off on the 24th, in Walker Bros' field, 2 blocks south of the Fourth Ward school house. The game will be called at 8 a. m. No charge will be made for admission.

#### Sunstroke.—The Ogden Junction

chronicles a case of sunstroke which occurred on Sunday, in Ogden Canyon. The victim was a lady.

### The Gardens.—A large number

of people purpose spending to-morrow at Fuller's Hill, which is a very pleasant place for recreation and amusement.

#### Lake Side.—We are requested to

admonish those purposing to go to Lake Side, to-morrow, with the 5th and 6th Wards Sunday Schools excursion party, to be at the depot in good time. The train will leave at 7 a. m.

#### Departure Postponed.—A private

dispatch has been received by Elder Joseph F. Smith, stating that no vessel of Golden & Co's line will sail from New York for several weeks. In consequence of this, Elder John Nicholson and accompanying party of missionaries and visitors, for Europe, will not leave for England till on or about August 15th.

#### To-morrow.—To-morrow after-

noon, the grand matinee at the Theatre for which grand preparations have been made, will be the great attraction of the city. Pioneer's day is a general holiday and the children will all expect a treat. Take them to the matinee to see the Fairy Fountain, hear the concert, and be highly amused with the "Shadow Pantomime." The proceeds will go for the benefit of the New Tabernacle. The building committee are working indefatigably for the public interest, and every dollar paid in at the matinee will help to relieve their hands and accomplish great good. See programmes and go to the matinee.

#### Pioneer Day.—To-morrow will be

the Twenty-fourth of July, the anniversary of a most memorable event in the history of the Latter-day Saints. Thirty-one years ago, on that day, the Pioneers of the great West, headed by the late President Brigham Young, entered the Valley of the Salt Lake. That brave band traversed the western wilds on their journey hither under most disadvantageous circumstances, and suffered great hardships. Directed by the guiding hand of the Almighty, they sought out and made a new road for 550 miles, and followed a treacherous trail nearly 400 miles.

The advent of the Pioneers was the foundation of mighty results that have been developing from that time to the present. This not only applies to the opening up to thrifty population and the march of progress of Utah and surrounding Territories, but nearly the entire country from the Missouri to the Pacific Coast. That fearless and intrepid little company were not only the Pioneers of Utah, but of the entire West. To-morrow is the anniversary of a day that should be observed and kept in remembrance while time endures. Parents should instruct their children in regard to the early settlement of these fruitful and blooming valleys, that they might be acquainted with the mighty work accomplished, under the blessing of God, by their fathers.

#### DIED.

In Harrison, Weber County, July 17th, 1879, NEPHI, son of Peter and Mary Ann Stephenson, aged 5 years, 8 months and 25 days.

Deceased was born in Huntsville, Weber County, Utah, October 17th, 1867. This is the third death in this family in one month. The funerals were held in the meeting-house, the minister and others spoke words of comfort and sympathy. The whole community joined in sorrow for the sad bereavement of the respected family.—Ogden Junction.
