Get Your Baskets.—A number of...
...of the old folks' excursion, in...

The Kayaville Celebration.—The...

Unlucky Effect.—Yesterday...
...number of boys from the lower...

...the upper portions of the heads...
...of about half a dozen of them are...
...enlarged by swelling as to render...
...them almost unrecognizable. There...

Camping Out.—Judge Alex. C...

...mile or so up City Creek canyon...
...This change has been made to give...

...his speedy return to physical vigor.

Broken Limb.—Yesterday Mrs...
...Penrose met with a serious...
...accident. In coming out of her resi...
...dence, in the 9th Ward, she acci...
...dentally stepped upon the edge of...
...the water seal, causing her foot to...
...be twisted. The small bone of the left...
...lower limb was broken near the...
...ankle, and the ligament extending...
...to the joint ruptured, causing in...

"Blow for Blow."—The Home...
...Dramatic Club achieved another...
...success in the drama of "Blow for...
...Blow" on Monday night. Miss...
...Ada Dwyer sustained the double...
...character of the twin sisters, with...
...great effect, and exhibited much...
...dramatic ability. The usual stiff...
...ness of the amateur was never ap...
...parent, but she moved and talked...
...like a professional. Her elocutionary...
...training was marked in the dis...
...tinct, syllabic enunciation, which...
...we think the greatest charm to her...
...acting. A little more repose and...
...less facial expressions would have...
...been in our opinion an improve...
...ment, but opinions differ on such...
...matters. Miss Dwyer was loudly...
...applauded and called before the...
...curtain. Miss Birdie Clawson made...
...a most charming Lady Linden, and...
...her graceful, easy manner and per...
...fect naturalness, give her increasing...
...favor with the public. Miss Cla...
...rke sustained her part as the...
...usually does, in a lively, pl...
...quant style, and to the entire...
...satisfaction of the audience. Miss...
...Dunbar exhibited the talent and...
...qualities of a real good actress...
...and we hope to see her often on...
...the boards. Mr. H. M. Wells acted...
...another triumph as the Cockney...
...sport. It was the character of the...
...play. He would shine as a comedian...
...upon any stage. Mr. Spencer made...
...a most thorough villain in make-up...
...looks, gestures and style. Mr. Cim...
...mings performed the part of the...
...sailor baronet in good style; ap...
...peared to great advantage but spoke...
...sometimes with a little too much...
...rapidity; Mr. D. C. Dunbar filled...
...the role of Dr. Grace completely...
...ly, and is deserving of great...
...praise; Mr. Willson did exceedingly...
...well and the other parts were...
...filled to general satisfaction. The...
...Club sustains its reputation and...
...is a credit to the theatre and the...
...Territory.

The Fire Fiend.—Last night three...
...fires were extinguished in their...
...incipency. One was on the premises...
...of Mr. Hewitt, south of Washington...
...Square, where a quantity of hay was...
...set ablaze by a spent rocket from the...
...fireworks display. While the fire...
...was being worked extinguishing the...
...flames several of the long rocket...
...sticks fell in the vicinity, one with...
...in a foot or two of one of the men. The...
...other danger zone by the fire was...
...the consumption of the hay.

About eleven last night the roof of a...
...house in the 9th Ward—near the...
...corner of 3d South and 6th East...
...Streets, was ignited by fire-crackers...
...but the flames were soon extinguish...
...ed, the damage being light.

From a similar cause a fire was...
...started in the house of Hans Young...
...on South Temple St., near 7th East...
...St. The damage amounted to about...
...forty dollars.

Deseret Hospital Association.—All...
...persons who have promised dona...
...tions to the Deseret Hospital As...
...sociation of provisions, furniture...
...crochery ware, or bedding will...
...please deliver them as soon as pos...
...sible at the Hospital building, Fifth...
...East Street, between South Temple...
...and First South Streets, as they are...
...needed immediately. Conveyance...
...committees are requested to report...
...progress to the secretary at the of...
...fice of Woman's Exponent at once.

All the several branches of the Re...
...lief Societies and Y. L. and Y. M...
...M. I. Associations will please take...
...notice that the monthly donations...
...to the Deseret Hospital Fund com...
...mence with this month, May, 1882...
...and govern themselves accordingly.

E. B. WELLS,
Sec. D. H. Association.

Too Much Morphine.—At twenty...
...minutes after twelve o'clock this...
...morning, Ruth Hollingsworth, alias...
...Dolly Davenport, died in a house on...
...East Temple Street, opposite the...
...Walker House. The cause of her...
...demise was an overdose of mor...
...phine, administered by her own...
...hand. It appears that the deceased...
...had been ailing for some time and...
...was attended by two physicians.

She had been in the habit of using...
...the drug to ameliorate the more dis...
...tressing symptoms of her complaint...
...and this had taken too much. De...
...ceased belonged to the 23rd ward...
...and was 23 years of age.

Another Pistol Accident.—The...
...absolute folly and danger of carry...
...ing concealed loaded fire arms was il...
...lustrated at Kayaville about 7 o'clock...
...last evening. A young man named...
...George Meredith was sitting by a...
...young lady in the Band Hall in...
...that town, at a public gathering...
...when a pistol he carried in his pocket...
...was accidentally discharged. The...
...bullet entered the thigh of a young...
...girl, Miss Kate Rowell, inflicting a...
...very severe wound. Dr. Benedict...
...was summoned and went up to...
...Kayaville to attend the patient.

Burned and Bruised.—Last night...
...while Joseph Johnson, aged 18...
...years, son of Mr. N. Johnson, of the...
...12th Ward, was gazing at the fire...
...works exhibition on Washington...
...Square, he met with a very serious...
...accident. One of the rockets, which...
...had been shot off at an angle, struck...
...him on the upper part of the breast...
...and at the same moment exploded. His...
...clothing was set on fire, which, how...
...ever, was soon extinguished. His breast...
...was not only injured by the force of the...
...blow but badly scorched, and is...
...swollen and painful.

Criminal Carelessness.—The...
...other evening, while Mr. Andrew...
...Harvey, watchmaker, was sitting...
...by the door of his residence, on the...
...15th Ward bench, he was struck on...
...the shoulder by a spent bullet, shot...
...from a fire-arm. Fortunately it must...
...have been fired from a considerable...
...distance, otherwise he would have...
...been very dangerously if not fatally...
...injured. As it is the shooter is...
...branded and painful. Such careles...
...ness in the use of firearms is crimi...
...nal.

Commandable Vigilance.—Chief...
...Engineer Ottlinger, of the Fire...
...Brigade, showed commendable vigi...
...lance yesterday. He and fifteen...
...men were on the watch to respond...
...to any alarm at a moment's notice...
...from daylight yesterday until this...
...morning.

More Carelessness.—Yesterday...
...morning a boy named W. Cas...
...tles and another had been waiting...
...along in the 21st Ward, a large bul...
...let, fired from a gun, struck the...
...ground in close proximity to them. The...
...missile was picked up by one of the...
...boys, who, by the carelessness of...
...some careless person, had a nar...
...row escape from injury or death.

The Fire Cracker Frenzy.—The...
...fire-cracker frenzy was never before...
...carried to such an extreme as dur...
...ing the past two days. Every part...
...of the city was afflicted with it. During...
...the whole of the night of the...
...third it was an intolerable nu...
...isance. Sounds of crack, fz and...
...bang made sleep next to impossible...
...to the afflicted and more sensible...
...citizens.

Sad Bereavement.—This morning...
...at 4 o'clock, Arta George, aged...
...3 years, son of Brother S. E. Marks...
...now on a mission, died of diphtheria.

At 4.15 p.m., Daisy M., his little...
...daughter, succumbed to the same...
...terrible disease. The only remain...
...ing child of Brother and Sister...
...Marks, is a little girl, 9 months old.

The bereaved parents have our sin...
...cere sympathy.

No Small-pox.—Mr. Thomas Je...
...sop, of Millville, who came down...
...from the Oregon Short Line Rail...
...road on Sunday, informs us that...
...there is no truth in the report that...
...small-pox had broken out in the...
...construction camp. He says there...
...had been a few cases of measles...
...only. Mr. Jesop is a reliable gen...
...tleman, and we are therefore pleased...
...to obtain this statement from him...
...which may be taken as correct.

Then and Now.—Everything is...
...onward, the march of progress is...
...manifested in the matter of shows...
...as well as in other directions. In...
...tearing down an old landmark in...
...Pittsburg lately the workmen came...
...across a show poster of November 1...
...1847:

"The bill announcing its advent...
...was a full-sheet poster, ornamented...
...with several small cuts. Among...
...the attractions offered to the people...
...of Pittsburg, as per poster, was a...
...menagerie consisting of an African...
...lion, a leopard, a tiger, a panther...
...and a live alligator, an American...
...hyena, a black bear, prairie wolf and...
...wonderful cockatoo. The cavalcade...
...consisted of 60 men and 100 horses...
...and a decorated caisson, the most ex...
...tensive show now travelling. Admission...
...25 cents, children 15 cents. For six...
...days only, in front of the American...
...Hotel."

Compare this with the panorama...
...of flaming posters announcing the...
...coming of John Robinson's big show.

The Adamsville Accident.—Dr...
...Strong, the post surgeon at Fort...
...Cameron, has made the following...
...statement regarding the recent ac...
...cident to the late David Pierce:

"David Pierce, a native of Wales...
...was brought to Fort Cameron on...
...June 21st, 1882, for treatment of lac...
...eration of left hand; on examination...
...of the wounded member it was noticed...
...that a dressing of chewing tobacco...
...had been applied to stop bleeding.

The Surgeon, Dr. Strong, called at...
...attention to this fact, but after wash...
...ing and dressing the hand, the man...
...appeared so comfortable that no fur...
...ther attention was paid to the mat...
...ter until Saturday morning, when...
...the arm which had hitherto been...
...doing very well, showed un...
...mistakable signs of irritation, being...
...very much swollen and the patient...
...very much prostrated. On Sunday...
...Dr. Christian, (a Beaver, was called...
...in consultation and every possible...
...means of restoration employed with...
...without success. From this time...
...the patient gradually sank, passing...
...into a state of coma and convulsions...
...and dying Monday at 9.30 a.m.,...
...with all the signs of narcotic poison...
...ing. Upon examining the hand it...
...was found to be only moderately in...
...flamed, thus pointing to tobacco...
...poisoning as the undoubted cause of...
...death."

FROM "THE TIMES."

Editor of the Times—I have been...
...watching the correspondence in...
...your paper for the past few weeks...
...with much interest. Having been...
...in the practice of medicine for many...
...years, I have learned to have no...
...confidence in the many proprietary...
...medicines which are on the market...
...and it was through the excellent...
...recommendation given by Dr. Bates...
...and the knowledge I had of his...
...clinical that ever led me to lay aside...
...my long existing prejudice, to try...
...the only wonderful remedy, named...
...Kendall's Spanish Cure, which I find...
...so many of your readers have also...
...found to be so valuable. Rheuma...
...tism has afflicted me for years, and...
...with all the skill I have professed...
...to have in treating others I found...
...myself entirely. After suffering for...
...years the difficulty became located...
...in my hip and nothing that I could...
...do seemed to affect it until I began...
...to use Kendall's Spanish Cure, which...
...has cured me completely. In all...
...my experience as a physician I have...
...never been able to make any com...
...pound which penetrates so thoroug...
...hly and works so admirably in re...
...solving the standing ailments, and...
...at the same time hardly produces...
...any irritation of the skin. It has...
...done such wonders with me, that I...
...have the utmost confidence in its...
...efficacy, and can recommend it with...
...the confidence that the proprietors...
...do not claim too much for it.

Respectfully,
J. H. FORTNER, M. D.
