so contradictory that little credence can be given either of them.

STORY OF DESERTION.

Sunday night Mrs. Stout went to the

olice station and told the officers that her husband had deserted her and had taken all her money, amounting to \$5,-

To Frenzied Delight of 7,000 Fanomaniacs; Boston Took the World's Championship.

PITTSBURG WAS SHUT OUT. Hans Wagner, the Great, Was Fanned By Dincen and Latter Was

Given an Ovation.

Boston, Oct. 13 .- The Boston Americans shut out the Pittsburg Nationals today andw won the world's baseball championship, to the almost frenzied delight of 1,000 enthusiasts. While the attendance at all the previous games of the series has been larger than today, the demonstration which followed Dineen's striking out of

which followed Dineen's striking out of Hans Wagner in the ninth equalled any college football game. The world's cham-pions were borne to their dressingrooms on the shoulders of thusands and the cheering lasted many minutes. Thillippi, who was such an enigma to the Bostons in the first few games, es-sayed to pitch for the visitors for the sixth time. He was not only batted hard but he saw his rival. Dineen, carry off the honors by holding the Nationals down to four scattered hits, which, backed up by perfect fielding, prevented a single Pitts-burg man getting farther than third base. Dineen struck out seven men and his support by Criger contributed mat-trially to the success of the game. Chasers Will Line Up for flattle. The first real big game of football this season between local teams is scheduled for Saturday afternoon next between the University of Utah tam and the "Aggies" of Logan, and from all accounts the game will be hard fought. The contract for the contest was signed last night and the only thing to do beween now and then is for the respective elevens to get in good condition. Both aggregations are confi-dent of victory. The Aggies count on their greater weight to defeat the home crowd, and the latter believe they will win because they think they have more speed and know more about the game than their Logan rivals. In the meantime both teams are practising diligently and

Games in Denver. F. E. Schefski, former manager of the Salt Palace saucer track who is now in Denver, writes to a friend in this city that he is about ready to go ahead with the construction of bioyele tracks at Denver and Pueblo. The announcement that Schefski would build tracks in Colo-rado was first made in these columns and Schefski is now following out the plans stated at that time. He has not yet de-cided upon he location of the Denver track, but will do so in a few days, and the nthe work will be rushed through with. He says Denver will prove a good bike town and the outlook is most encour-aging.

Though the home team had men on bases in the first and second innings they did not succeed in gotting a man across the plate until the fourth, when Free-man's long three-bagger and Parent's first base on errors, followed by La-chance's sacrifice and Perris' sharp see-out. Leach received a free pass, followed by by Wagner's smale, which advanced him to third. He was caught a moment later by Criger's three described above. His Coming Battle at

Ogden.

Jack Dean, a Welterweight of San Francisco, Will be Walkerville Boys Next Opponent.

The next event in the roped arena to attract the attention of local fight fans, will take place at Ogden probably the latter part of this month or the first of next. The bout will be between Jack Dean, a welterweight of San Francisco, who is picked as a commer in his class, and Jerry McCarthy, Utah's champion welter and middleweight fighter. This bout has

been on tapis for several weeks, and now t looks like a go. It will be under the

management of S. J. Kelley of the Shamrock Athletic club, and the latter has every assurance that the bout will be of the whirlwind order. The men will fight for 60 per cent of the gross receipts, the loser to take 25 per cent and the winner 75 per cent. The men usus make weight of 145 pounds at 3 o'clock on the after-noon of the contest. The mill will be under straight Marquis of Queensbury rules, but gouging, bithat, kloking and the 'Daily Butt' will not be permitted. Dean is expected to arrive here in a few days. McCarthy began training yester-day afternoon and it will not take him long to round out in his usual good form, despite the fact that Jerry has been a pretty sick man for several days. He has secured a trainer in the person of a well known boxer, who has every quali-fication to put Jerry in good shape. Yes-terday afternoon the two went four rounds of the fastest and hardest slug-ging seldom seen in a training bout. ST. AUGUSTINE, FLA., March 21, 1903. Last fall I caught a bard cold during menstruation which caused inflammation of the uterus and proved very serious to me. I felt a continual burning pain, intense headache, and my stomach frequently refused, food. I lost my good spirits with my health and as the doctor's prescriptions did not help me I decided to try Wine of Cardui. I found that within a week my stomach was toned up and that I could once more enjoy my food. My headaches gradually decreased and the pains I had endured were lessened. I used seven bottles before I felt myself entirely cured. Wine of Cardui is a blessing to sick women and I advise my suffering sisters to take that if they want to get well quick. St. AUGUSTINE, FLA., March 21, 1903. St. Augustion of the uterus and proved inflammation of the uterus and proved to the providence of the uterus and proved inflammation of the uterus and proved is a blessing to sick women and I advise my vice-Punsines, Jewisu Womax's Chun. That Wine of Cardui cures menstrual disorders, bearing down pains, ovarian pains, inflammation and all the troubles arising from female weakness many thousands of women have affirmed. But Wine of Cardui is also a sure preventive of the diseases for which

Any Woman May Have Health.

it is a positive cure and of the terrible maladies which in time become chronic and organic and incurable by any human means. Had Mrs. Gottleib taken Wine of Cardui earlier her cold could not have settled in her vital organs and she would have had no serious trouble at all. But nine out of every ten women are victims of female weakness. Often the trouble is dormant and is only developed by a cold or some unusual strain.

If you are suffering uterine troubles you should not wait another day to begin the Wine of Cardui treatment. Female weakness is a continual menace to your health. Wine of Cardui will drive out all trace of menstrual derangements.

Go to your druggist today and purchase a \$1.00 bottle of Wine of Cardui.
