

# REST. LOUBET WILL VISIT AFRICA

He Left Paris.

# FETES AT MARSEILLES.

French, Italian and Russian Warships are Now Assembling at Algiers to Do Him Honor.

Paris, April 12.—President Loubet, accompanied by M. Paillet, president of the senate, Foreign Minister Deland, and M. Poincaré, the minister of finance, left Paris this evening for Algiers on his way to Algeria. The president was warmly cheered as, accompanied by an escort, he drove through the city.

After a short stay at Marseilles, the president will be given in Algiers a series of receptions. He will then go to Tunis, where he will be received by the French government and the French people. He will then go to the south of France, where he will be received by the French people.

The president will remain in Algeria for a few days, then he will go to Tunis, where he will be received by the French government and the French people. He will then go to the south of France, where he will be received by the French people.

The French president will embark on the 14th of April for Tunis, where he will be received by the French government and the French people. He will then go to the south of France, where he will be received by the French people.

# MUNYON'S FREE INVITATION

I want every sick person to send me their names and full particulars of their ailments. If you have Rheumatism, don't fail to send for a free trial of my Rheumatism Cure. It will cure you. If you suffer with indigestion or any stomach trouble, be sure and get a free trial of my Dyspepsia Cure. It will enable you to eat what you like and all you like. If you have a cough send for my Cough Cure. If your kidneys are out of order, no matter how serious, my Kidney Cure will prove a blessing. My Headache Cure cures any headache in 7 to 10 minutes. My Diarrhea Cure corrects all bowel complaints in a few hours. No matter what your disease is, write and tell me about your complaint, and I will send you my free literature or you can get them in any drug store.

MUNYON, Phila., Pa.

His resignation Mr. Beck said: "I have been a member of the firm of Sherman & Sterling of New York City and expect to commence my work there on May 1, and shall after that date be a resident of that city. I shall retain my present connection with my Philadelphia law firm. I leave the department with very great regret. My associations have been most pleasant. It is a matter of special pride that in association with Asst. Gen. Day and Special Counsel D. T. Watson I was privileged to take part in the recent merger case."

Mr. Beck was appointed by President McKinley in July, 1906. He had previously been United States attorney for the Eastern district of Pennsylvania. As assistant attorney general he had argued a number of important government cases, among which, in addition to the merger case, may be mentioned the lottery case and the Neely extradition case, in which the power of the United States to govern Cuba after the peace treaty was confirmed.

Mr. Beck's successor has been recommended, but the appointment will not be announced for several days.

Longmont, Colo., P. O. Robbed.

Longmont, Colo., April 12.—Two men dynamited the safe in the postoffice here early this morning, but were surprised by citizens before they could get away with much booty. Only two registered letters were secured and these were later recovered from the men, who were captured in a lumber yard nearby. They were taken to the postoffice and William Morrison and claim they are from Pueblo.

Officers here believe they may have had something to do with the recent holding up of a restaurant there, when two men patrons of the place were shot and killed.

Postoffice Inspector Sullivan thinks the men responsible for the numerous cases of safe-blowing that have occurred in Colorado.

Russian Women Students Revolt.

St. Petersburg, April 12.—The Official Moscow news details of the recent revolt of women students against the new examination regulation of the medical institute. Three hundred and seventeen of the students were reprimanded and twenty-three others severely punished and excluded from the institute. Sixty male students also were expelled for attending a meeting in protest against the punishment of the women. The medical institute and the university were temporarily closed, but now have been reopened.

Gift by Rockefeller.

Lincoln, Neb., April 12.—Officers of the University of Nebraska this afternoon confirmed the report that John D. Rockefeller had offered a gift of \$66,666 for the construction of a university building to cost \$100,000 on the condition that the remaining \$33,333 be given by July 1, 1934. The building is to be used for social and religious purposes.

Competition for American Cotton.

New York, April 12.—Keen competition has been going on for some time between Liverpool and Manchester with regard to the importation of cotton from America, says the Tribune's London correspondent. It is admitted even in Liverpool that Manchester is rapidly becoming a serious rival and that thousands of bales of cotton are now being shipped direct to Manchester instead of via Liverpool. This is, of course, a serious loss to the ship owners in the older port, and they are tempting Manchester spinners to have their cotton forwarded by rail to the mills so as to save Liverpool the dock and town dues and other charges. Manchester is alarmed and the cotton association of that city has drawn the attention of the Master Cotton Spinners' association to what it terms a determined effort on the part of Liverpool to prevent the shipment of American cotton to Manchester. A joint meeting of the two associations will be held shortly with a view to rousing the Liverpool action and endeavor to get the spinners to insist on direct shipment.

BURNED TO DEATH.

Family Was Asleep When Fire Started.

Indianapolis, Ind., April 12.—Nathan Morris, an attorney, and Frank Haas, the 12-year-old son of Dr. Joseph Haas, were burned to death today, and Mrs. Joseph Haas, Miss Bell Haas, Miss Rose Haas, Louis Haas and Grace Lemon, a governess, were injured by fire that almost destroyed the house of Dr. Joseph Haas.

The fire started from the furnace. The family was asleep on the second floor. Mr. Morris was a brother of Mrs. Haas. From the position of his charred body when found it was evident he was endeavoring to get the family out of the room when overcome by smoke and flames. The body of Frank Haas and the unconscious governess were found on the back stairs. Louis Haas broke his leg by jumping from a window.

Mr. Morris was senior member of the commercial law firm of Morris & Newburger. He was born in California in 1877 and has practiced in Indianapolis since 1877.

Fourth Prize.

Husler's Flour Testimonial Contest.

Salt Lake City, Utah, March 2, 1936.—Messrs. Husler's Milling Co., City—Dear Sirs: Having used your High Patent Flour for ten years, I can say that it is the best flour I have ever used during my married life of forty years. I make the most delicious light bread and biscuits, and anyone doubting will please call for a box of Husler's flour. It will convince them of this assertion. Yours for "High Patent Flour," Mrs. Wyatt Sims, 26 So. 2d. West, City.

# CRIME REIGNS IN BUFFALO

One Boy Killed and a Woman Mortally Wounded.

# TWO SUCCESSFUL SUICIDES

And Two Attempts That Failed—Father in Hands of Police Charged With Killing His Own Son.

Buffalo, N. Y., April 12.—A shooting affray in which a 9-year-old boy was killed and a woman mortally wounded, an attempted murder, two suicides and two attempts at suicide that may result fatally occurred in this city tonight.

Joseph Kwiatkowski, 51 years old, a Polish citizen, is locked up at police headquarters, charged with shooting his landlady and killing his own 9-year-old boy. He formerly conducted an extensive business in one of the city markets. Since the death of his wife a year ago business differences drove him to drink.

Tonight when Kwiatkowski returned home Mrs. Zola Wolinski, his landlady, notified him that he would have to move, whereupon he drew a revolver and began firing, backing out of the house as he did so. Mrs. Wolinski followed him and grappled with him. He pointed the revolver at her breast and fired. She fell to the ground, mortally wounded. Kwiatkowski fired several more shots, one of them striking his own 9-year-old son, killing him instantly.

A large crowd quickly gathered and he retreated into the house, locking the door behind him. When the officers arrived he barricaded the doors and began firing through the windows at them. The officers fired about 20 shots through the windows, but failed to hit him. Kwiatkowski continued to fire until his ammunition was exhausted.

The officers then battered down the front door and found the Pole hiding in a closet. He saved a desperate fight with a stiletto before he finally was overpowered.

George Denning, 55 years old, had been separated from his wife for some time. He called upon her today and tried to induce her to resume marital relations. She refused. He drew a revolver and fired. She fell to the floor in a faint, and believing that he had killed her, Denning ran away. He was found later in the evening in a Salvation Army lodging house. He had taken poison.

Miss Marie Beers, 29 years old, an actress, took morphine today. She is dead.

Bertha Vaughn, 23 years old, swallowed a dose of vitrol. Her condition is critical.

Miss Blanche Murphy, after a quarrel with an unknown man, who disappeared, swallowed a quantity of laudanum.

Storm Destroys Farm Houses.

Lincoln, Ill., April 12.—Three farm residences were destroyed, several persons were injured and grain and machinery were blown away today in the storm that swept over the country four miles west of Lincoln. The families escaped death by rushing to the cellars.

Train Strikes Horse and Buggy.

San Pablo, Cal., April 12.—The Southern Pacific's Oregon train No. 11 struck a horse and buggy near Sledge. 14 miles from San Francisco, injuring three ladies—Miss Mary Fay of Alameda, and the Misses Wilson of Oakland.

Miss Fay's hip was injured, the older Miss Wilson's head and eyes were hurt and the younger Miss Wilson had an arm and her jaw injured and some teeth knocked out.

MILITARY ATTACHES.

Sweeping Changes to be Made at United States Embassies.

Washington, April 12.—With the organization of the general staff of the army, there will be sweeping changes in the ranks of military attaches at United States embassies and legations abroad. Secretary Root intends that the bureau of military information shall be a part of the general staff. None of the officers assigned to duty with the general staff represents the United States in a military attaché abroad. Here are the officers at present on diplomatic duty abroad:

Capt. Floyd W. Harris, the United States military attaché at Vienna, Austria; Andrew Brewster, United States legation at Peking, China, and Seoul, Korea; Lieut. Matthew E. Hanna, United States legation at Havana, Cuba; Capt.

T. Bentley, United States embassy at Paris, France; Capt. William S. Biddle, Jr., United States embassy at Berlin, Germany; Maj. Oliver E. Wood, United States legation at Tokio, Japan, and Capt. Edward H. Caspart, United States embassy at London, England.

In conformity with Secy. Root's policy these officers will probably be relieved by officers who have been assigned to duty on the general staff. Most of them are independently wealthy and had such influence that it was comparatively easy for them to obtain pleasant foreign duty. A request to be relieved from his present duty has been received from Capt. Caspart, who is probably the best known military attaché in the service. Capt. Caspart is a son of President Caspart of the Pennsylvania road and is comparatively wealthy.

Capt. W. S. Biddle, military attaché at Berlin, is a son of William S. Biddle of Philadelphia. He is well known socially in his native city and New York. Capt. Mott, military attaché at Paris, is a member of a well known New York family. Capt. Harris, military attaché at Vienna, is said to be the wealthiest officer in the army.

ANTI-TRUST LEAGUE.

Congratulates Atty-Gen. Knox on Enforcement of the Law.

Washington, April 12.—The executive committee of the American Anti-Trust league, through its secretary, H. H. Martin, has sent Atty. Gen. Knox a letter, in which it congratulates the department of justice, of which the league considers its director in enforcing the Sherman anti-trust act, on "the conspicuous successes its efforts have achieved in securing a vital and far-reaching judicial interpretation of the act of 1890."

The letter then declares it is especially necessary that the injunction obtained be followed up if its benefits are to realize the purpose of the act. The officers and individuals who form the Northern Securities company. The attorney general is also urged to institute "proceedings, both civil and criminal, against the anthracite coal trust."

GOULD ON THE WEST.

Returns from His Tour of Inspection and Reports Good Conditions.

Lake Wood, N. J., April 13.—After a careful survey of conditions in the west, George J. Gould, who has returned from a trip over the Missouri Pacific and Wabash lines, has reported that the present era of prosperity, which the west is enjoying, will continue for at least another year.

Mr. Gould said: "I have never seen wheat look as well as it does today. It is a bit too early to speak of corn or cotton, but as the soil is thoroughly watered, the crops ought to thrive amazingly. The railroads won't have any trouble in moving the great wheat crop, but I think we will all be short cars in the fall if there is a big corn crop."

"The physical condition of the western roads was never better than it is now."

"I heard no talk of money shortage while I was in the west. The banks are holding their own balances in their vaults, and they won't have to draw on New York's treasury to move cash, and from what I saw I believe that this practice of drawing on New York, as it is called, will be an uncommon occurrence in the future. The western bankers have their money to lend to their own people, unless money should get so high in Wall street as to make it profitable to send it east. From all indications I can see a full year of prosperity ahead for the west."

Mr. Gould referred to the St. Louis exposition in very enthusiastic terms. He visited the grounds twice and was very much impressed with the fair. He saw "I think it will be the finest fair ever held," he said. "Two things in connection with the fair need to be brought to the attention of the people of St. Louis. One is that the city has not awakened to the great need of adequate hotel facilities. Another important thing is the lack of adequate transportation facilities to and from the fair grounds. St. Louis seems to have done absolutely nothing in this matter."

Killed His Wife.

Holyoak, Mass., April 13.—Narcisse Gagnon, aged 38, while insane, killed his wife at his home last night and cut his own throat with a razor. The man had recently been sent to the asylum. It is thought that he became angry with his wife for some reason and struck her with a flat-iron, breaking her skull, and then cut her throat with a bread knife.

Italian Shoots Three Men.

Hartford, Conn., April 13.—Dominic Pacifico, an Italian, 38 years old, shot three men in this city last night. Andrew Halpin was shot in the abdomen and will probably die. Jeremiah Condon was shot in the top of the head. The bullet was extracted. Thomas Fitzgerald, who returned from the Philippines, grabbed the Italian and was shot in the shoulder. According to witnesses Halpin's argument with the Italian was over a woman who came along on a bicycle, jumped off and began shooting. He was found a half hour later lying in a closet in a house near the scene of the shooting. He claims that four men attacked him. Richard Powers was shot in the leg. Andrew Brewster, United States legation at Peking, China, and Seoul, Korea; Lieut. Matthew E. Hanna, United States legation at Havana, Cuba; Capt.

# ENGINES CRASH INTO EACH OTHER

Result is Four People Dead, Two Dying.

# LOCOMOTIVES INTERLOCKED

Remained on Track—Post and Baggage Cars Went Over Embankment Into the Lake.

Halifax, N. S., April 12.—Four persons killed, two fatally hurt, at least one missing and several others slightly injured, is the record of a head-on collision on the Inter-Colonial railway, which occurred just before midnight last night near Windsor Junction, 17 miles from Halifax.

DEAD.

Express Driver William Wall. Express Fireman Michael Oakley. Freight Fireman Hill. Freight Brakeman Thorp.

FATALLY INJURED.

Freight Driver Copeland. A tramp named McCreary.

The trains in collision were the Canadian Pacific railway express from Montreal and Boston for Halifax and a fast freight from Halifax for Montreal. The conductor and driver of the freight had orders to take the siding at Windsor Junction and let the express cross, but for some unknown reason Driver Copeland of the freight ran past the junction on the main line and met the express two miles beyond. It is thought that Copeland may have lost control of his train, which was made up of 75 cars. The freight was running 25 miles an hour and the express which was two hours late was traveling about 45 miles an hour.

Both trains were hauled by new and powerful locomotives and they crashed together on a level piece of road skirting a lake. The engine crew of the express and Fireman Hill of the freight died almost immediately after the crash and Brakeman Thorp was instantly killed. The locomotives locked together and remained on the track. The postal and baggage cars went over the embankment down into the lake. Two railroad mail clerks in the postal car were shaken up. Their car landed right side up and began to fill with water, but they escaped by climbing through the window.

Driver Wall of the express was caught in the mass of twisted iron and was sealed to death by escaping steam. Fireman Oakley was thrown or jumped from the cab and was drowned in the lake, where his body was found in six feet of water. Fireman Hill was burned to death. Another brakeman of the freight train is missing, and the lake is being dragged for his body.

HOLD UP IN CHICAGO.

Three Masked Men Rob Passengers On a Street Car.

Chicago, April 12.—Three masked men held up a streetcar near Garfield Park in this city at an early hour today and robbed seven passengers, the conductor and motorman of about \$100, a gold watch and some jewelry.

The highwaymen boarded the car near Sacramento avenue. One kept guard on the front platform, one on the rear, while the third entered the car and at the point of a revolver forced the occupants to give up their valuables. The only woman on the car fell on her knees, praying for mercy.

The matter was not reported to the police for several hours and no clue has been found to what is the boldest hold-up of the kind in this city since October, 1895.

Earliest American Civilization.

San Francisco, April 13.—The earliest American civilization, far antedating the generally accepted limits of pre-Columbian cultures, has been traced in Peru by Dr. Max Uhle, director of the anthropological excavations and explorations of the University of California in that country. Where, heretofore, Inca tradition had led scientists to believe that Peruvian civilization extended back only a few centuries before the coming of the Spaniards, the archaeological work of Dr. Uhle has established the fact that a great civilization flourished 2,000 years earlier, at the least estimate, and that a cultured race of higher development than the Incas, was in existence before the Trojan war.

This remarkable discovery follows as a result of the studies made in the two expeditions which Dr. Uhle led in recent years at the expense of Mrs. Phoebe Hearst and under the auspices of the University of California.

# Woman's Nightmare

No woman's happiness can be complete without children; it is her nature to love and want them as much as so as it is to love the beautiful and pure. The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of Mother's Friend so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful remedy is always applied externally, and has carried thousands of women through the trying crisis without suffering.

# Thirty Years of Severe Heart Trouble.

Obtained No Relief Until I Tried

Dr. Miles' Heart Cure—It Cured Me.

I have the record of Dr. Miles' Heart Cure. I was a general public health officer and learned to know that heart disease is curable. Fluttering, palpitations, shortness of breath and heart trouble appear before its magic influence. It was a case of heart and blood trouble.

My case was one of long standing. As I was in life as my thirty-sixth year, or more, I was a general public health officer and learned to know that heart disease is curable. Fluttering, palpitations, shortness of breath and heart trouble appear before its magic influence. It was a case of heart and blood trouble.

I could obtain no permanent relief. I spent much money in procuring medical advice, and I took several bottles of Dr. Miles' New Cure for the Heart. I found the remedy until my heart was cured.

I am now past 70 years of age. I feel as well as I ever did. I have also taken Dr. Miles' Nerve and Liver Pills. Anti-Serf. The Anti-Serf Flaxseed with good results. I am a general public health officer and learned to know that heart disease is curable. Fluttering, palpitations, shortness of breath and heart trouble appear before its magic influence. It was a case of heart and blood trouble.
