## LOCAL AND OTHER MATTERS.

WEDNESDAY'S DAILY JULY 6.

**Information Wanted.**—Information wanted of William Gilbert, a son of Kentucky, formerly a soldier in the Mexican war, and who is supposed to be living at present in the Territory. He would now be in the neighborhood of 60 years of age. Any information relating him will be thankfully received at this office.

**A Useful Work.**—"The Throat in Relation to Singing," is the title of a valuable, complete and instructive series of articles on the throat singing, by Dr. Whitfield Ward. Published on fine paper and beautifully illustrated, and can be had at D. O. Calder's music warehouse, at the low price of 40cts. Any singer should purchase a copy and study its contents thoroughly.

**Broken.**—A young man named Manuel D. Smith, of Paria, at present residing with Mr. Jenkins, of the 4th ward of the city, had his leg broken yesterday morning while riding a horse driving several others up from the south of the city. The horse was near the corral and they made a sudden turn to the driver, who being an experienced rider, suddenly wheeled the horse to intercept them; the instant the animal's balance slipped all to the ground with Mr. Smith's leg underneath. The limb fractured between the knee and the hip. He received prompt attention and is getting along favorably.

**Ported Fraud.**—A man named Anderson, from Salina, at this office yesterday, and stated as follows: Some time ago a contractor in Salina posted up around that town that 300 men were wanted to work in Salina, at the rate of \$2 per day. A number responded to the advertisement, and went into the canyon where they were informed by their employer that they would only be paid \$1.75 per day. Being placed at a disadvantage they thought it wiser to submit and lose their labor and journey expenses, by resending them and accordingly went to the canyon for their return home, only to find that the time-checks they had drawn from the contractor had been deducted for the time they had drawn from the canyon. They then returned to Salina and cashed them. Here they were again charged for the goods they had received in the canyon, the cost was withheld from the time-checks. The above is the statement of Mr. Anderson's statement which we publish at his request, submitting other names until we receive more of the affair which, if it deserves official investigation.

**Other Body Found.**—The day we published an item to the effect that the body of the older brother Cooper boys, drowned in the Jordan River on the 26th inst., was found floating on the water near Pettit's. Since then, the body of the other has been kept in the river, Mr. Cooper being kept by various persons from time to time. The search was prosecuted as far down the river as the White Bridge, about 7 miles below the White Bridge. All was in vain, however, for no trace of the body could be found. It was determined to start out to-morrow morning on a general search, by the Cooper boys and others, and go down the

river bank all the way to the Lake. In the meantime, the father started out this morning to go down to the river to watch. He had reached Lorenzo Pettit's, when a boy about 14 years of age came to the house with the welcome tidings that the body had been found last night, lodged in the stream, about two miles below Winegar's, by some men crossing the river on their return from work. The news was carried to the Sixth Ward store, at first, from which place the boy was dispatched to Pettit's to inform Mr. Cooper. The father, after getting a coffin, immediately started off for Winegar's, calling at this office on the way to inform us of the discovery.

The other body was so much swollen and disfigured that it was unrecognizable even to the parents, who could but suppose it to be their elder son, from the stature. The body found last night is certain to be even in a more advanced stage of decomposition. It is designed to place the remains in the coffin and convey them at once to the cemetery. Mr. Cooper desires to express his heartfelt thanks to all, who have in any way assisted him in his labors to find his lost boys, or have manifested sympathy for himself and family in their heavy affliction.

Since Mr. Cooper's visit, we have learned that the body was discovered by Thomas Winegar, in a very decomposed condition, and was taken care of by him until the arrival of the father with the coffin. The burial took place to-day as expected. The name of the deceased was Thomas.

FROM THURSDAY'S DAILY JULY 7.

**Both Twins Dead.**—Last evening we published a birth notice of twin boys, born yesterday morning to the wife of Elder Carl C. Asmussen, and that one of them died two hours afterward, while the mother and the surviving babe were progressing finely. We regret to chronicle the fact that the other little one expired several hours afterward, leaving the parents bereft of both their newly acquired treasures. The mother is getting along favorably. We trust her improvement will be rapid, and we deeply condole with the family in this dual loss.

**Pratt Family Reunion.**—Some time ago we announced the fact that a movement was in contemplation for a grand family reunion of the descendants and connections of Apostles Parley and Orson Pratt. We are pleased to note that active steps are being taken toward its accomplishment. Elders Parley P., Milando, and Lorus Pratt, the former a son of the late Apostle P. P. Pratt and the others the sons of Apostle Orson Pratt, are the committee on invitations, which are being issued to the relatives of Anson, William, Parley P., Orson and Nelson Pratt, to attend the reunion, which will be held in this city, on the day following the close of the next Semi-annual Conference, in the 16th Ward Assembly Rooms, at 10 o'clock in the morning. The programme for the entertainment will consist of speeches, essays, songs, music, dancing, etc., and each one invited is requested to bring all items, as far as possible, pertaining to his family records. We have no doubt that the Reunion will be a grand and enjoyable affair. It is a commendable project and we wish it every possible success.

FROM FRIDAY'S DAILY, JULY 8.

**Obsequies.**—The funeral services over the remains of the little son of Brother T. B. Lewis, who died of whooping cough last Tuesday morning, were held yesterday afternoon, at the family residence. This death made the third in the family since April. We extend our heartfelt sympathy to the bereaved parents.

**Normals.**—The Board of Examination of Salt Lake County will meet with applicants, who desire the appointment as normals the ensuing year, on Saturday, July 30th in the 20th district schoolhouse, at 10 o'clock a. m., and from the number of applicants will select eight, the amount apportioned this county.

T. B. LEWIS,  
County Superintendent.

**The Immigrants.**—The company of Saints now on the way to this city, is one of the largest that has crossed the ocean for a long time. The following telegram was received at 8.45 this morning:

New York, July 7, 1881.

Editor Deseret News:

Seven hundred and seventy-five Saints landed at Castle Gardens this afternoon. All well. Leave (for the west) to-morrow at 3 p. m. SAMUEL ROSKELLEY.

We have since learned that Peter Romer, one of the company, is detained at New York by sickness.

**Broken Arm.**—The Ogden Herald of Thursday has the following:

Yesterday morning, Mr. R. Burt, a resident on the road from here to Riverdale, was putting up some buildings assisted by a son. While the latter was handing a heavy rafter to his father, the strong wind prevailing at the time blew the timber out of his hand. It unfortunately happened to fall on a little six-year old boy of Mr. Burt's who was playing close by. The wood broke the lad's right forearm, and Dr. John Driver was at once called for. This gentleman set the injured limb and attended to the case otherwise, so that the patient is resting well by this time, and is in a fair way to speedy recovery.

FROM SATURDAY'S DAILY, JULY 9.

**The Immigrants.**—The following telegram was received at 3 p. m. to-day:

NEW YORK, July 9, 1881.

President John Taylor:

Bishop Roskelley and company left Jersey City, yesterday, at 4 o'clock. Several joined the company in New York. All well.

JAS. H. HART.

**Trenton Topics.**—E. H. writes from Trenton, a new settlement in Cache Valley, on the 5th inst:

Dry farming is a success this year. Grain will soon be ripe, and promises are fair for a good crop.

More settlers are wanted. Plenty of good land untaken, and an abundance of water in Bear River.

An office has recently been opened there, and Trenton will henceforth be heard from occasionally.

**Sudden Death.**—A sudden death occurred on Thursday in the family of Bishop Peterson, of the Second Ward. His son, a bright, healthy little fellow, who had attended the morning's fast meeting with his father, while playing with some other children, suddenly rolled over and expired in an instant. Dr. Benedict was summoned, but was unable to account for the extraordinary occurrence. The child seemed to be in perfect health. It was a sad blow, and the bereaved parents are the objects of much sympathy.

**Hennefer Notes.**—Hennefer had a quiet but pleasant celebration of the 4th. The Declaration was read by Master Wm. Ure, and an oration was delivered by James Ure.

The health of the people is generally good.

Sunday and day schools are in good running order.

Promises are flattering for a heavy harvest. Potatoes have been hurt some by frost.

Water is troublesome, from the Weber falling so fast.

W. G. Brewer sends the above items, under date of the 6th inst.

**Album of Salt Lake City.**—Mr. James Dwyer, the popular bookseller, has on hand at his establishment a supply of elegant albums, containing fine views of the principal streets and buildings of Salt Lake City. The front picture is of the city, looking south-east, with the Wasatch Mountains in the background; then follow successively East Temple Street, Temple Block with Tabernacle and unfinished Temple, the Assembly Hall, Design of Salt Lake Temple, Zion's Co-operative Mercantile Institution, Deseret Bank Building, Walker House, Continental Hotel, City Hall, Theatre, Methodist Church, Saint Paul's Episcopal Chapel, Residence of the late President Brigham Young, including Lion House (partially), the Church Offices, Bee-hive House and the

Eagle Gate, the Gardo House, Mayor Little's Residence, St. Mark's School, Presbyterian Church, and Great Salt Lake at the Black Rock bathing resort. At the back of the book is a series of short articles descriptive of each of the foregoing collection. They are a cluster of gems, very valuable and convenient to tourists as well as to local residents. Every house should have one of these albums. The work was done in Munich, by a German artist who passed through here some time ago, and whom Mr. Dwyer employed to prepare this fine series of views.

**County Central Committee.**—Pursuant to the call heretofore published, a meeting of the People's Central Committee for Salt Lake County, was held at noon to-day, in the Council House. The meeting was called to order by the chairman Hon. John Sharp, and the roll was called by the Secretary, Theodore McKean Esq. Quorum present.

It was moved and carried that the Salt Lake County Convention be held at the County Court House, on Saturday, July 23, 1881, at 11 a. m.

On motion it was decided that primary meetings be held in the several County precincts, on Monday evening, the 18th inst., at 8 p. m., for the purpose of electing delegates to attend the County Convention. It was also decided that the basis of representation in the several precincts should be the same as last year. The Act relating to the apportionment of legislative representation, passed at the last session of the Legislature, associated Salt Lake County with Tooele and Davis Counties in the nomination of Councilors to the Legislature, and with Davis and Morgan Counties, for the nomination of representatives. Accordingly a motion was made and carried, that Davis County be respectfully invited to send five delegates and Tooele County five delegates, to meet 32 delegates from Salt Lake County in a Council District Convention, to be held July 23, at 12 m., in the County Court House, for the purpose of putting in nomination four Councilors to the Legislative Assembly.

A motion was also made that a representative district convention, composed of 39 delegates, be called to meet at the Court House, on the same day, at 12.30 p. m., and that Davis County be respectfully invited to send five delegates and Morgan County two delegates, to meet with 32 delegates from Salt Lake County, to place in nomination six representatives to the Legislative Assembly. This motion was carried, after which the meeting adjourned sine die.

For the benefit of our readers, and as a reminder to the officers of the several counties, we append the first two sections of the law passed by the Legislature of 1880, in relation to legislative apportionment:

Sec 1. Be it enacted by the Governor and Legislative Assembly of the Territory of Utah: That at the General Election, in the year eighteen hundred and eighty-one (1881), and biennially thereafter, Cache and Rich Counties shall elect one Councilor to the Legislative Assembly; Box Elder and Weber Counties, one; Wasatch, Uintah, Summit and Morgan Counties, one; Salt Lake, Davis and Juab Counties, two; Sanpete, Sevier and Emery Counties, one; Millard, Beaver, Iron and Piute Counties, one; Washington, Kane and San Juan Counties, one.

Sec. 2. At the General Election in the year eighteen hundred and eighty-one (1881), and biennially thereafter, Cache and Rich Counties shall elect two Representatives to the Legislative Assembly; Box Elder, one; Weber County, two; Wasatch and Uintah Counties, one; Summit County, one; Morgan, Salt Lake and Davis Counties, six; Tooele County, one; Utah and Juab Counties, four; Sanpete, Sevier and Emery Counties, two; Millard County, one; Beaver and Piute Counties, one; Iron and San Juan Counties, one; Washington and Kane Counties, one.

As will be seen above, it was in accordance with this apportionment, which supersedes that of the former law, that action was taken at to-day's meeting.
