

OGDEN. Don't be Bald

One of Our Readers Tells How She Obtained a Marvelous Growth of New Hair by the Use of a Simple Home Remedy After Hair Specialists and Tonics Had All Failed.

I had what most people would call a beautiful head of golden hair. I prided myself on it, and I considered it my chief attraction. Suddenly it began to come out rapidly, and at times I had intense itching of the scalp. Physicians and hair specialists said my case was one of dandruff, and they gave me all sorts of treatments, but nothing did the slightest good. On the contrary, my hair seemed to come out even faster, and I was now fearful I should become entirely bald. In my despair a friend told me of an Ecuador herb which he said would positively grow hair on any head where the hair roots were not entirely gone, and he said the natives of the country where it grew were famous for their beautiful long hair. Upon medical advice I combined this herb with Bay Rum and Menthol Crystals and immediately began its use. In three applications it entirely stopped the intense itching of my scalp, and in a very short time it not only stopped my falling hair, but I noticed an abundance of new hair coming in. In less than one month my hair was longer, thicker and more beautiful than ever. All due to this marvelous hair-growing herb. A lady to whom I gave the formula used it on her daughter, and she says that it made her hair grow five inches in less than a month. Doctors to whom I have shown it say it is the only thing which will actually grow the hair. Therefore I think the people ought to have it. At first I thought I would keep it a secret and sell the secret; but when I think how I suffered and how badly I needed it, and how hundreds of others must need it the same as I did, I feel I ought to give it to the world. Therefore I authorize this paper to publish the formula, which is as follows: Bay Rum, 1 oz.; Lavona de Compose, 2 oz.; Menthol Crystals, 1/2 dr.; To-Kalon Perfume, one to two teaspoonsful. Ask your druggist for an 8 oz. bottle containing 1 oz. of Bay Rum, then put in the Menthol Crystals and the Perfume. Next add one-half of the bottle of Lavona de Compose, let it stand six to eight hours and add the remainder of the Lavona de Compose. Always buy the Lavona de Compose in a 2-oz. sealed bottle, as this preparation contains the juice of the Ecuador herb mentioned above, and it loses its strength if unsealed. Apply the preparation at night, and morning and rub well into the scalp. If properly used it will soon produce most astonishing results. Be careful not to get it on the face or neck. Apply to the body where you do not want to produce hair.—Adv.

POLITICAL MUDDLE AT HUNTSVILLE CITY

OGDEN, Nov. 12.—The people of Huntsville, in Ogden valley are perplexed over the question of their political status, and the matter will have to be decided by the courts. The vexed problem is whether Huntsville is or is not a city. This was up for settlement at the recent election on a vote to disincorporate, but the result was left in uncertainty because so few voted to disincorporate. About a month ago a majority of the taxpayers of the little city presented a petition to the district court asking permission to vote on the matter of disincorporating the city at the recent election. Judge Howell issued an order instructing the city recorder of Huntsville to prepare the voting machine in such a manner as to enable the voters to express themselves on the matter by voting "yes" or "no." When the vote was counted on the night of the election the judges found that 33 votes had been recorded in favor of disincorporation and 22 votes had been recorded on the negative side of the question, notwithstanding the fact that the entire vote cast totaled 73. Eleven votes had to be disregarded, because they were found to be recorded in blank. The other six votes could not be accounted for. The judges believed that the machine had been looked when the polls opened in such a manner that it was impossible to leave the voting booth until a vote on the question had been recorded, but in this they erred. The knotted problem which now confronts the people of Huntsville is whether or not they are living under municipal laws or are governed by the county officials in the same manner as other settlements of the state which are not incorporated. The statute of the state requires that a majority of the total vote cast at a regular election must be in favor of disincorporation before such an action can be declared legal. As 33 votes lack considerable

being a majority of the total vote, it now looks that Huntsville will be a city until another election is held. The city council held a meeting and by a vote of three to two decided to pass the problem of their existence to the district court to decide. Until such a decision is rendered, A. J. Anderson, the recently elected mayor and the other city officials will not know whether they are officials or just private citizens.

POLICE COURT CASE

OGDEN, Nov. 12.—In police court Thursday morning, E. J. Snodgrass was arraigned on the charge of drunkenness, to which he pleaded not guilty. His case was continued for further evidence and in the meantime he will remain in jail.

S. L. & O. CROSSINGS

OGDEN, Nov. 12.—Work on the overhead crossing of the Salt Lake and Ogden railroad is progressing rapidly, and the concrete abutments and retaining walls are being constructed by large gangs of men. There are to be two crossings, one at the corner of Thirty-second street and Wall avenue and the other at the intersection of the tracks of the Union Pacific and the Salt Lake & Ogden railroads. The steel spans will be on hand as soon as the houses are constructed and it will not be long before the surface crossing of the Union Pacific tracks will be abandoned.

YOUTHFUL DESPERADOES

OGDEN, Nov. 12.—Fred Bremer and Ed Stewart, two juveniles of the city, were arrested by officers of the juvenile court on Wednesday for disposing of stolen property and for delinquency in reporting to the court. When searched it was found that they were both heavily armed with pistols, knives, cartridges, masks, watches and skeleton keys. Their homes were visited and in Bremer's trunk were found other pistols and watches.

The boys have been watched by the juvenile officers for some time past, and when Stewart failed to report at the regular time, the officers started to investigate and found that he was on a trip into Cache county with Bremer and further inquiry disclosed the fact that things missing in Ogden had been disposed of by a couple of lads answering the description of these two boys. The officers are inclined to think that

there are other boys associated with them and that it is likely grown men are among their accomplices. They will be charged with larceny and tried before the juvenile court.

SENATOR LAPOLETTE LECTURE

OGDEN, Nov. 12.—Senator Robert M. LaFollette comes to the Weber auditorium Monday evening as the second lecturer on the course. The senator comes directly from Los Angeles and Ogden is the favored city, since Mr. LaFollette lectures in no other Utah city.

RACE HORSES ATTACHED

OGDEN, Nov. 12.—A number of race horses have been taken by the sheriff from their owners at the local track and the animals will be held pending the settlement of various feed and other bills contracted by the horsemen. The life of a race-track man is not all roses as will be seen from this fact, and when horses continue to lose, no money is realized by their owners and the officers of the law are called upon to take a hand in the matter. It is rumored that

several more horses will be gathered in by the sheriff in the next day or so unless their owners make a winning bid and pay off their obligations.

BOOKMAKER SKIPS

OGDEN, Nov. 12.—Gay Mack, a bookmaker has left the city without telling his friends where he was going and they are very anxious to learn his present address. They have secured the aid of Detective Pender and every effort is being made to locate Mr. Mack. It is thought that he took about \$500 with him in his sudden flight which does not really belong to him, but which had been loaned by his friends for the purpose of carrying on the bookmaking business.

DEATH FROM TUBERCULOSIS

OGDEN, Nov. 12.—Ellen Nordquist died Thursday morning at 4 o'clock at the family residence, 341 Seventh street, of tuberculosis. She was born at Harrieville, Aug. 9, 1887, and leaves a brother, one sister, mother and step-father, Mr. and Mrs. August Pateron. A sister of the deceased, Mrs. Newey, died about a year ago. Funeral will be held at 2 p. m. Monday from Lynn ward meetinghouse.

OGDEN BRIEFS

An 11-pound boy has arrived at the home of Mr. and Mrs. M. Charles Wood at 2835 Adams avenue.

Mrs. A. Watson of Salt Lake came to Ogden today to accompany her husband back to his home. Watson, according to his wife, left his home while temporarily deranged. An officer met him at the depot and held him until the arrival of his wife from Salt Lake.

Box car thieves broke into a Rio Grande box car some time yesterday and stole 10 pairs of the finest shoes in the car. The police were notified by the railroad authorities, but no clue to the missing goods has yet been obtained.

GARDNER DAILY STORE NEWS
MAIL ORDERS PROMPTLY FILLED

Weather Forecast: Generally Fair Tonight and Saturday.

MODERATE CLOTHES are perhaps, no better than some other first-class makes. Neither are there any BETTER clothes than MODERN CLOTHES. We do know that they are better than the average one-at-a-time tailored-to-order suit. No question about that. They are more stylish. They fit better. They are more skillfully tailored. The material is better. MODERN CLOTHES are the result of years' of "knowing how."

Winter Suits, \$12 to \$40.
