Ogden, Dec. 7.—The school election in Weber county for the selecting of a county board of education was held yesterday. The present members of the school board were re-elected with one exception that was Joseph H. Carver in District No. 4, he lost out by 25 votes, the Republican candidate winning out. The vote as it stands is as follows: District No. 1, Blaylock, 247; district No. 2, Christensen, 209; district No. 3, Stratford, 173; Pife, 161; district No. 4, Robson, 222; Carver, 157; district No. 5, Proyer, 173.

A HAPPY COMBINATION

Of just the right proportion of each of the roots of several indigenous, or native, medicinal plants, or rather of the active, medicinal principles skillfully extracted therefrom by the use of chemically pure glycerine of just the right strength, constitutes Dr. Pierce's Favorite Prescription for the cure of weak, invalid, nervous, "run-down," over-worked women. Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a far better solvent and preservative of the medicinal principles found in our indigenous, or native, medicinal plants, than is alcohol. Believing, as he does, that the use of alcohol, even in small portions, if long continued, works great harm to the human system, he determined not to employ this commonly used agent in making his medicines, but to use pure, triple-refined glycerine instead. His ingredients are not only perfectly harmless but possess intrinsic medicinal properties, being a most valuable demulcent, solvent, nutritive, and tonic, and, as a result, since they are non-alcoholic, Dr. Pierce's Family Medicines belong all by themselves. They are neither patent nor secret medicines, their ingredients are printed, in plain English, on each bottle wrapper.

WHAT OTHERS SAY.

With Dr. Pierce's medicines you don't have to pin your faith wholly to what the manufacturer says of their curative potency as with other medicines. Merely motives, the greed for money, and getting too, to put forth unreasonable claims for their loudly praised—but many times nearly worthless compounds. Especially should the afflicted beware of the "Cheap-Join," free give away, "trial bottle" dodge. It don't pay to trifle with one's health. It should be regarded as too sacred to be experimented with.

THEY STAND ALONE

In having the professional endorsement of scores of eminent physicians and writers, of all the several schools of medical practice, who praise the curative properties of the several ingredients of which they are composed, away beyond all that the makers of these medicines have ever claimed for them. These are the more valuable because in every case written without the author knowing that he was praising articles entering into these popular medicines, the matter being composed for publication in various medical journals and books designed exclusively for professional reading and instruction. The afflicted can, therefore, rely upon such testimony as in every way truthful and trustworthy.

A LITTLE BOOK

has been compiled, made up of brief extracts from many standard medical works, giving, but only in part, some few of the many good things written by leading medical authorities concerning the several native, medicinal roots that enter into the composition of Dr. Pierce's medicines. Any one sending, by postal card or letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting a copy will receive it free by return post.
