

## LOCAL AND OTHER MATTERS.

**THEATRICAL.**—The performance last night for the benefit of the ladies passed off excellently, the characters being sustained with spirit and animation. The "Ladies Club" is a sparkling, chatty little comedy; and Kate Denin, Mrs. Bowring, Mrs. M. G. Clawson, Miss Lizzie Platt, Mrs. Alice Clawson, Miss Clive, Messrs. Wilson, Graham, Lindsay, McIntosh and the rest acquitted themselves admirably. In the interlude Mrs. Careless sang beautifully and with great power. "Thou art so near and yet so far." We do not recollect having heard anything finer on our boards, not even by Parepa Rosa. She was loudly encored, and sang in response, "Five o'clock in the Morning." The "Toodles" and the style in which Mr. Margrets and Mrs. Bowring play the leading roles are too well known to need comment. Mr. McKenlie played George Acorn in his usual excellent manner.

Miss Clive's dance and Mr. Harris' stump speech were encored.

This evening "The Pride of the Market," and the fine burlesque of "The Field of the Cloth of Gold" will be presented with the former strong casts, Kate Denin and John Wilson appearing in both pieces. Between them Messrs. Appleby and Harris will give a gymnastic act; and Mr. Williams will dance "Essence of old Virginia."

**COMPLIMENTARY BENEFIT.**—The following correspondence is self-explanatory:

TO MR. AND MRS. JOHN WILSON:

The undersigned hearing that you propose leaving during the next week would respectfully tender you a farewell complimentary benefit on such night as you may designate.

With the best wishes for your success and happiness,

We are respectfully:

SALT LAKE CITY,  
February 12th, '70.

Messrs. Anderson, White, Zabriskie, Walker, Story, Tracy and others:

Gentlemen:—We are in receipt of your kind favor of this date, tendering us a complimentary benefit, previous to our departure from your beautiful city. With thanks for your many kindnesses we will, (with your permission), name Monday evening next, February 14th, when we will have the pleasure of presenting three most attractive plays.

We propose leaving for the East on the 21st, and with best wishes for your future health and prosperity and that of all the inhabitants of Salt Lake City, We remain, yours very respectfully,

KATE DENIN.  
JOHN WILSON.

**PUBLISHED ACT.**—In another column will be found the act legalizing woman suffrage. Its publication brings it into operation as law.

**NEARLY A FIRE.**—At a few minutes past 10 o'clock last night, President Young discovered that the shed, containing the steam engine which runs the DESERET NEWS press, was on fire. He immediately gave the alarm and a number of police officers and a crowd of citizens were quickly on the spot and by their united efforts the fire was soon extinguished, little damage being done.

We tender our acknowledgements to the many present who extended their aid and heartily thank them for the promptness and energy displayed on the occasion, and especially to Bros. William Calder and John Acorn. The cause of the fire is involved in mystery.

A couple of nights ago a fire was discovered at Messrs. Naylor Bros' wagon factory, in the 13th Ward; it was fortunately extinguished before serious damage was done.

**THE JOINT BENEFIT.**—In another place will be found a correspondence on the joint benefit of Mrs. Kate Denin Wilson and Mr. Wilson. We need only direct attention to the bill, which is varied and particularly attractive. A two act comedy, by Madison Morton, new here, with the title, "The Rose of Amlens, or our Wife," will open the performance; to be followed by the "Wandering Boys," in which Miss Emily Denin and Miss Kitten Denin will appear. The "Rough Diamond" will conclude. Kate Denin, Mr. Wilson and full casts will exert their abilities to please and amuse. We must not omit to state that Kate Denin will present a photograph of herself to every lady occupying a dollar or dollar and a quarter seat, as a memento of her visit to this city.

**"CITIZEN'S" LETTER.**—We call attention to the letter of "Citizen," from Echo city, in to-day's paper, in reference to additional mail delinquencies. The more we hear of these irregularities the more they appear to be the result, not of mistakes, neglect or carelessness, but of design. We again ask postmasters to furnish us with authentic particulars on this subject; and say to the public, have a little patience, and in a short time we hope that the evil will be remedied, and the offenders dealt with as they deserve.

HALL ROAD JUNCTION,  
OGDEN CITY.

Ogden City, Dec. 15th, 1869. J. M. SIMMONS.

## FLORENCE

## SEWING MACHINE

In point of labor, there is the same difference between thrashing with a flail, or using a Thrashing Machine, that there is between sewing by hand or using a good Sewing Machine.

Inventive Genius gave to man Things pleasing to the sight, And such as man has often wished: Would make his labors light: Then turned to woman with a smile, And made her heart rejoice, For she in every household sings Its praises with her voice.

'Tis the song, 'Tis the song, In every house wherever 'tis seen, There's a song, There's a song, Of the beautiful Florence Machine.

When woman toiled for daily bread, From early morn till eve, How many eyes were dimmed with tears, How many hearts did grieve! But now she has her "household pet," And one to which she'll cling; For labor is a pleasure now, And she can toil and sing.

'Tis the song, 'Tis the song, In every house wherever 'tis seen, There's a song, There's a song, Of the beautiful Florence Machine.

Is every home, in every land, Its praise is sung aloud, It works alike for rich and poor, The humble and the proud; Is the pride of every lady, And every woman's care, "God bless the Florence Company," Is in every woman's prayer.

'Tis the song, 'Tis the song, In every house wherever 'tis seen, There's a song, There's a song, Of the beautiful Florence Machine.

CHAS. S. HAMMER, Gen'l Agent

The Florence Sewing Machine, has no fancy combinations, or other complicated attachments, it has no uncertain wire coils or wire levers. Its manufacture is conducted by a thoroughly RESPONSIBLE COMPANY, and in purchasing a machine you need have no fear of ever being unable to purchase needles and other findings. The Florence is the ONLY COMPANY that keeps its machines in repair free of charge, no matter when sold or where. It is our ambition to have every Florence Machine give entire satisfaction.

The Florence lays no claim to cheapness, we aim at perfect finish, every machine goes through the company's adjusting room, and must then pass the Inspector's office, before going out to Agents; the least inaccuracy will condemn it.

They are probably the highest priced Machine in the American market, and being built of **REDEN STEEL** by **SKILLED WORKMEN** aided by all the appliances that capital can bring to bear, it is offered at a price commensurate with the value of the article, and can be brought about as honest comparison with its numerous **CASE IRON** competitors as a watch from Jergenson or Jocal, may be compared with the Nickel or Chrome offerings of a Chatham Street Mock Auctioneer.

It is a growing knowledge of these facts that has gained favor so steadily for the Florence Machine, and made them the Universal favorites, wherever prejudice is laid aside and honest comparison made.

That very excellent authority the American Institute, New York, awarded the FIRST PRIZE to the FLORENCE over Thirteen Competitors, and in their report the committee very tersely remarked, "This is better than any of its class known to the Judges."

It may be proper to remark here that the Florence Machine of the present manufacture is vastly improved, and the first of these improved Machines ever offered in Utah are those sold at the Branch Office at Salt Lake.
