DEPOT FRANCHISE PROPOSITION

C. E. Loose Offers \$10,000 for Concessions Offered to Railroads for \$200.

RAILROAD SIDE OF QUESTION

Given by Mgr. Wells and Supt. Dalley—Mass Meeting Called For Thursday.

(Special Correspondence.)

PROVO, July 19.—A communication from C. E. Loose was received Friday night by the city council offering to pay the city \$10,000 for the portion of Sixth South street which it is proposed to grant to the railway companies for a union depot for \$200, provided the people vote for it on the 27th. The offer is good for 15 days, and a certified check for \$10,000 accompanied the communication.

Councilman Giles gave notice that he would introduce a bill for an ordinance amending the ordinance granting the franchise to the D. & R. G.

Considerable discussion took place on this offer; but it was decided that the city council had no authority in the matter; it was in the hands of the people as it was directed to be by the court. The recorder was instructed to return the check to Mr. Loose and advise him that the city had no power to dispose of the property under the present status.

The committee on judiciary and the city attorney were asked to represent the council at the Aug. 10th meeting of the Provo Improvement Association, called for the purpose of formulating uniform liquor ordinances or prohibition measures.

The city treasurer reported the following amounts on hand June 30: General fund, \$7,956.01; sinking fund, \$1,950.37; sewer, \$1,743.22; paving, \$2,147.47; library, \$1,824.72; curb and gutter, \$671.68; total, \$17,242.79.

The recorder reported \$3,450.75 collected for licenses for the quarter ending June 30.

Another drinking fountain was ordered placed on the sidewalk near the Wilson hotel.

The appointment of Dr. E. G. Hughes as assistant physician was confirmed. Objections to sidewalk paving on North Fifth West street, district No. 11, were presented. The objectors stated they were not at present able to pay for paving and asked that a graveling district be established. The objectors were owners of 11 lots of property, as against 37 roads for the protestants. Petition was granted and the matter of creating a graveling district was referred to the committee on streets and alleys.

There were no objections from district 11 and the recorder was instructed to advertise for bids.

RAILROAD SIDE OF QUESTION.

PROVO, July 19.—The following letter has been received by Messrs. F. Foutz and G. W. Craig, agents of the D. & R. G. and the S. P. L. & S. L. D. & R. G. companies respectively, setting forth the views of the railroad companies in the much vexing union depot question.

Gentlemen:

As the matter seems to be a misunderstanding on the part of some of the citizens of Provo with reference to the location of the proposed union passenger station, we desire to say that so far as that feature of the matter is concerned the question was definitely settled several years ago, and no other location has been or will be considered than the one selected, namely, at the foot of Third West and Sixth South streets, as designated in the franchise now before the people of your city.

It is a fact well known by the citizens of Provo that in order to reach the Rio Grande passenger station two tracks must be crossed, and to reach the station of the Salt Lake Route, it is necessary to cross the tracks. It is the purpose of the railroad to remedy this undesirable and dangerous condition by erecting a new joint passenger station at the location named above, which will eliminate the necessity of crossing any tracks, thus enabling the public to go to and from the station with absolute safety. It seems to us that every citizen of Provo should be glad to assist the railroads in bringing about this condition, thereby affording your city safe and adequate passenger depot facilities.

We stand ready to proceed with the construction of the proposed new station as soon as the franchise has been approved by your people, and to also improve our facilities for taking care of the freight business, which cannot be done so long as the passenger stations remain in their present locations.

(Signed)
Gen. Mgr. S. P. L. & S. L. R. R. Co. J. C. DALLEY.
Gen. Supt. D. & R. G. R. R. Co. Salt Lake City, July 9, 1909.

MASS MEETING CALLED.

PROVO, July 19.—Citizens who are opposed to the granting of street privileges and other valuable concessions to the railroads without due consideration have called a mass meeting in the opera house Thursday, July 22, for the discussion of the proposition in a friendly manner. Both sides will be represented, so the notice states.

There is every indication that the election will be a lively one. It is said that the opponents of the depot have taken the day the forelock and have employed all the livery rigs in the city, and it is said they will have a number of automobiles down from Salt Lake in addition to those owned here, for the purpose of carrying voters to the polls. It will probably be the most closely contested election ever held in Provo.

There will also be a circus in town on the same day.

STAKE CONFERENCE HELD AT PROVO

Interesting Addresses by Elders John Henry Smith and Heber J. Grant.

(Special Correspondence.)

PROVO, July 19.—The quarterly conference of the Utah stake of Zion, held here yesterday was well attended and an enjoyable and profitable time experienced by all present. Elders John Henry Smith and Heber J. Grant of the council of twelve, were in attendance together with the stake presidency and many of the local authorities.

President L. Holbrook was the first speaker. He welcomed the people, and reported unity among the presiding officers. The efforts for prohibition were reported to be encouraging. Elders Joseph B. Keeler and J. J. Valen reported on the opening hymn, "We thank Thee, O God, for a prophet," and urged a more thorough appreciation of the people. Elder Grant encouraged his hearers in continuous effort in social improvements.

At the afternoon session Presidents Joseph B. Keeler and J. J. Valen were the first speakers. The latter suggested an occasional social service in the meetings of the saints. He referred to a disposition among many to limit their activities to some special work, to which they had been appointed and neglect other Church duties, while an interest in all Church work should prevail.

Elder John Henry Smith, who had attended a funeral in the forenoon, spoke of death as a boon to those who had led a useful life, and pointed out the necessity for always being ready for the final call. Elder Smith spoke of the necessity for better observance of the Sabbath. He also referred to the neglect on the part of the saints to explain the gospel to their business associates, not of the faith. The careful training of children was urged upon the consideration of the saints.

Elder Heber J. Grant encouraged the people to a faithful performance of all duties, and to preach the gospel by example as well as precept. All should have an ambition to improve in their lives, and work for the salvation of the souls of men, than which there is no labor producing more joy. The saints should be as a light set upon a hill and work constantly for the spreading of the gospel, at home and abroad.

The tabernacle choir and the Schubert quartet rendered beautiful vocal selections.
