

THE SHORT LINE AND SAN PEDRO

Matters of Conference Are Still
Under Consideration.

BIG QUESTION TO HANDLE.

Some Important Details to be Arranged During Next Two Months—Transfer Is Certain.

There has been no little speculation in railroad and business circles over the fact that the conference of the Short Line and San Pedro officials in that city last week adjourned without making any public announcement of the subject under consideration. That fact has led to the belief on the part of some that the deal between the two roads involving in some way the transfer of that part of the Short Line south of Salt Lake to the San Pedro had fallen through. The "News" is in a position to state that such is not the case and that there has been a suspension of negotiations for the time being. That is to say, there are some important details that will require time and further consideration to work out. It is confidently anticipated that all problems of this character will have been fully solved in the course of the next six weeks or two months and that another conference will take place and the transfer be made on or about the first of the new year.

MAPS APPROVED.

Sections of San Pedro and Castle Valley Surveys Passed Upon.

The United States land office has received two railroad maps that have been duly approved by the department of the interior. They cover the second and third sections of the Castle Valley road, commonly known as the Salina cut-off on the Rio Grande western, and the sections of the San Pedro, Los Angeles and Salt Lake that cross the line between the two roads. With the approval of the secretary of the interior there is now nothing to hinder either road from commencing construction.

GOULD SAT ON MOFFAT.

With the Result There Were No Bonds Floated in New York.

A railroad official who has returned from a trip to Denver states that on September 27th the Denver office of the Missouri Pacific had \$50,000 worth of bonds on the open market, but reports to the contrary notwithstanding, it has been successful in placing a single bond through the regular financial channels in New York. This is owing to George J. Gould and the powerful interests with which he is associated having seen that the bonds were not floated by any big moneyed syndicate. Gould's action is similar to that indulged in by Harriman when the financial avenues were subsequently closed against the San Pedro, the only difference in the two cases being that while Senator Clark is prepared to go down in his pockets to pay for the last bid of the Moffat apparently, the independent where his projected line is concerned.

AGENTS GO EAST.

Nearly All Local Men En Route to Chicago.

Apparently there is a reunion of general agents operating in this territory scheduled in Chicago this week, judging from the number who have been heard into headquarters to wait for a suit on traffic matters. Acting Traffic Manager T. M. Schumacher of the Oregon Short Line is there, so is C. A. Walker of the Chicago & North Western, Richard Nealen of the Burlington and J. E. Ogelsby of the Rock Island also heard tonight's train in response to a wire calling them in. Quite a number of guesses are hazarded as to the true importance of the summons, the general opinion being that the prospective opening of several new railroad offices here is in a measure responsible for the move.

DEUEL NOW THE MAN.

It is asserted that he will be appointed to succeed Ed Dickinson, Denver, Colo., Oct. 28—The Republican today says: Deuel, superintendent of the Colorado division of the Union Pacific railway, with headquarters in Denver, is said to be slated for the position of general manager of the Union Pacific system to succeed Ed Dickinson, its present general manager, who, on Nov. 1, will assume similar duties with the St. Louis and Mexico.

RIO GRANDE MEETING.

Gould Board Re-Elected by R. G. W. Stockholders.

At the annual meeting of the Rio Grande Western Railroad company yesterday afternoon held in the office of W. F. Colton, cashier and assistant secretary of the company, the directors were elected on the board by the substitution of the name of Mortimer L. Schiff for that of his father, Jacob Schiff. There were 154,154 shares of 100,000, which were voted by proxy by Judge Vall of the legal department at Denver and Judge Robert Harkness of this city. The following is the list of directors elected for the ensuing year: George J. Gould, Frank J. Gould, Howard Gould, Robert M. Callaway, E. H. Harriman, Winslow S. Paine, Mortimer L. Schiff, Russell Harding and Edward T. Jeffery.

Railroad Needed.

J. H. Mease, who is in from Mercur, remarks that when the Moffat road gets through to Vernal, he will be ready to return to Utah county. At present there is an over supply of products in that part of the state because there are no opportunities for marketing the same. The people now there are

able to raise more than they can dispose of in the immediate country, and so much to the point that to do so now means a dead loss. But with a road running into the country, there will be a difference immediately. Mr. Mease says that Vernal will be a great shipping center when the northwestern road strikes it.

Wabash Here Nov. 10.

James O. Reber expects to arrive in Salt Lake Nov. 10, when he will open office for the railroad as agent for the Wabash. He retires as traveling passenger and freight agent for the Missouri Pacific at Denver on Saturday when he will go to Wabash headquarters at St. Louis to get his instructions prior to coming to Salt Lake.

What Moffat's Map Shows.

According to the new Moffat railway map, by the time a Rio Grande transfer is made to the San Pedro, the corresponding Northwestern train will be halfway through the mountains en route west, that is, providing both trains are traveling at the same speed; by the time the Rio Grande train reaches Minturn, the other train will be over near the Utah line, and as the southern line train arrives at Westwater, Salt Lake train will be pulling into Salt Lake.

SPRIKE AND RAIL.

Nearly all the trains were marked up late today.

Ed Dickinson, general manager of the Union Pacific, is in California. L. H. Parker, superintendent of the Mono route, is spending a few days in Salt Lake.

The Rock Island sent out eleven passengers from Salt Lake through to the east yesterday.

The Utah Construction company has commenced to move its men and outfits from Terminus to Doreness.

Judge Cornish is now in California, straightening out some tangles in the Southern Pacific land grant.

D. R. Gray, general agent for the Harriman line, returned from a business trip to Idaho this morning.

J. N. Reffers, assistant superintendent of the relief department of the Burlington, with headquarters in Chicago, is in Salt Lake today.

No. 75, R. G. W., this morning came in with 24 through passengers on board. The train consisted of 12 cars, including three Pullmans and the same number of coaches.

Michael Parvulescu, who claims the distinction of being the oldest employe on the Sanpete Valley road, has gone to fight to run the tramway for one of the big mining companies.

A special request of the Rio Grande Western will run another train from Park City on Sunday morning. The train will leave at 8:15, when the rate of \$1.50 for the round trip will be in force.

Proctor Denver comes the story of a possible tie-up between the Chicago & Northwestern and the Santa Fe as an effort to the traffic agreement between the Union Pacific and the Chicago, Milwaukee & St. Paul.

A. R. Lingfield, for several years assistant superintendent of telegraph of the Rock Island, yesterday resigned his position, to take effect at once. Mr. Lingfield has several offers under consideration, but will likely locate in New York City.

G. M. Bodegas of Amsterdam, Holland, multi-millionaire and heavy stockholder in the Harriman line, accompanied by his son, arrived in Omaha yesterday on a special Rock Island train, bound on a trip for pleasure and inspection of his numerous railroad and other interests.

Since the announcement of the pending deal between the San Pedro and the Short Line has been published, broadsheet throughout the land the local office of the San Pedro has been inundated with mail from all over the country. One particular gem dated from Astoria, Ore., headed by Atty. C. O. Whitcomb, reads: "I want to go to work on Senator Clark's road; please send me a pass."

The Southern Pacific railroad announced yesterday that beginning Nov. 15, a double daily trans-continental train throughout the land the local office of the San Pedro has been inundated with mail from all over the country. One particular gem dated from Astoria, Ore., headed by Atty. C. O. Whitcomb, reads: "I want to go to work on Senator Clark's road; please send me a pass."

ALL ADVERTISE LORENZ.

Dr. Worthing Says Noted European Doctor May Be Arrested.

Last night's meeting of the Salt Lake Medical society was made lively if not positively interesting, by Dr. Union Worthington, who claimed that Prof. Adolph Lorenz was liable under the laws of the country for practicing without a license. Dr. Worthington also claimed that Prof. Lorenz was getting too much free advertising in his congenial big joint dislocation at the University of Vienna. Dr. Worthington said that Lorenz was a German, and that there is much interest being taken locally in his work.

CANAL PRESIDENTS MEET.

The board of presidents of the different canal companies interested in the Utah Lake pumping plant project held its regular meeting this morning and discussed routine matters, but transacted no business of public importance. The pump, it is understood, are still doing good work, and will continue to be operated as long as the weather will permit.

MANAGERS AT THEIR WITS' ENDS

Party Headquarters Besieged With
Callers All Day Today.

IT WAS A VERY BUSY DAY.

Business of Registering Voters Attended to With Dispatch in All The Districts.

Party managers were at their wits' ends today attending to business connected with the campaign. Both headquarters were besieged with callers, all of whom had questions to ask, requests to make, suggestions to offer and "kicks" to file till you couldn't rest. The old saying, "It never rains but it pours" seems to have been fully exemplified, and it was little wonder that at some points along the line the pathetic paragrapher met with gentle rebuffs and a "don't-bother-me" expression from those who are usually more than ordinarily polite and affable. The business of registering voters was attended to with dispatch in all the districts, and if by nightfall there are any who failed to register and have thus lost the chance to vote at the next election, it will be nobody's fault but their own, for both parties worked with untiring diligence to bring about the best results. It was a busy day for those who had hauled to hire as requisites poured in thick and fast for vehicles to convey voters to and from the places of registration. Another week and the result of the coming election and fretting will be made known.

MORE MEETINGS.

Democratic Assign Speakers to Different Parts of the State.

Democratic meetings are announced by the state committee as follows: Wednesday, Oct. 29—Richfield, Joshua Greenwood, Mat Thomas, W. N. Dusenberry, Richard W. Young, Emma O'Neill and Carl A. Hagedorn. Big Rally Thursday Night.

The Republicans are making great preparations for the rally to be held at the old Exposition building on Thursday night. The hall will be patriotically decorated for the occasion and music will be furnished by a quartet of campaign singers. A band may also be arranged for, although this has not yet been decided. The speakers will be Judge Fishback of Wyoming and possibly Judge Bodin, Rev. P. A. Simpkins, Heber Iverson and others. As the will be Judge Fishback's initial speech in Salt Lake county, it will doubtless prove a drawing card and be the means of making the meeting both enthusiastic and of good proportions.

Republican Meetings.

The Republicans announce meetings for tomorrow night as follows: Plymouth, Boxelder county, B. H. Jones and others; Clarkston, Cache county, George A. Smith and Carl A. Hagedorn; Clayton, Davis county, James T. Hammond and John Nicholson; Orangeville, Emery county, Col. A. R. Hayes and D. H. Thompson; Panguitch, Garfield county, Joseph Howell and Col. George B. Squires; Millard county, H. S. Tanner; Platte county, P. E. Jensen and John Bowman; Sanpete county, H. P. Nelson and others; Richfield, Panguitch, George A. Smith and Carl A. Hagedorn; A. B. Irvine; Sandy, Salt Lake county, James H. Anderson; Murray, Judge Fishback, Senator Kearns and Elmer H. Jones; Monroe, Sevier county, P. F. Christensen and D. Livingston.

Meetings at Murray.

The Democrats held two meetings at Murray last evening, and from all reports they were enthusiastic meetings. The first meeting was held in the opera house and was packed to overflowing, while the other took place in the schoolhouse not a great distance away. The speakers at the opera house were Judge Powers, P. J. Gregory, P. B. Stephens, O. P. Whitney and Moses Thatcher. At the other meeting Judges Powers and Henderson and Frank B. Stephens were the speakers. The Fort Euclid band and a music quartet composed of Messrs. A. L. and H. W. Vincent, W. B. Bywater and G. W. Timpon furnished the music for both meetings. D. W. Moffat presided at the opera house and Heber I. Saunders did similar service at the schoolhouse.

POLITICAL POINTERS.

Have you registered? If not, do so before 9 o'clock.

Joe Monson of Cache was a caller at Democratic headquarters yesterday afternoon. He says his location is just as Democratic as ever.

The Republicans held a great rally at Farmington last evening. The speaker was Judge Fishback of Wyoming who waxed eloquent in his exposition of Republican principles. David Lee, a local Republican, followed him by the Farmington Glee club. This was Judge Fishback's first appearance in Utah and he made a most favorable impression. The judge speaks at Eureka tonight.

UTAH BAND HOME.

First Infantry Boys Return From Idaho Fair.

The First Infantry band returned last night from Boise, after a pleasant and profitable time. The boys are pleased with the cordiality of their reception, but say they were hoodooed at first by the band which was taken on account of this to be a regular army band. Now Idaho people appear adverse to any individual or aggregation wearing the United States uniform, but the boys managed to get over this in due time, and received many compliments on their performance. The band says they highly enjoyed the organization, the Statesman going so far as to say: "The band, whose full strength is really 60 men, is represented here by just one-half of their number, the full complement being too great to take on the road, for even Sousa carried only 46 musicians. However, the audience was amply satisfied with the selections, and it is safe to assume that the band has established a reputation second to none ever heard here." The band has 20 members, but then it is large enough for regimental purposes. The band did not get back Sunday morning, but remained over to give a Sunday night concert in Boise; but next Sunday night, at the Grand theater, a regular schedule of concerts will be re-commenced. A valuable addition to the organization is Daniela, who made such a shining mark here as the baritone of Satriano's band, and who proposes to locate in this city. Banding is a fine trombone player, and his red section is just what he wants.

MINING CASE BEING ARGUED.

Arguments in the big mining case now being heard in the Federal court, were begun this morning and continued during the day. Judge Hites for the defense made the opening address, and was followed by Judge Dickson, with Henry J. Hites looking for the interest of the other side. The court will likely take the case under advisement.

THE GATEWAY TO CONSUMPTION.

Often begins with a cold in the head, but it never stops there. The tendency is always from bad to worse. The simple cold becomes a protracted, stubborn one, while the discharge from the nose grows more profuse and offensive. The inflammation extends to the throat and bronchial tubes, causing hoarseness, a tickling sensation and an aggravating cough. The foul matter that is continually dropping back into the throat finds its way into the stomach, resulting in a distressing form of dyspepsia, nausea, and loss of appetite and strength. The gateway to the blood, and all the membranes of consumption, are infected, and what was supposed to be purely a local disease has become constitutional, deep seated and chronic. Sprays, washes, powders, salves and other remedies give only temporary relief, and the disappointed and disgusted patient finally gives up in despair and declares catarrh incurable. The only way to get rid of catarrh permanently is to treat it through the blood. The system must be toned up and all impurities removed from the blood, and this S. S. S. does promptly and thoroughly. It expels from the circulation everything of an irritating, poisonous character, allowing the inflamed membranes to heal when the mucous discharges cease, and the damage done to the health is soon repaired. S. S. S. keeps the blood in such a healthy, vigorous condition that cold, damp weather or sudden changes in the temperature are not so apt to bring on catarrhal troubles. S. S. S. is a vegetable medicine unequalled as a blood purifier, and the best of all tonics—just the remedy needed to thoroughly and effectually cure catarrh. The Swift Specific Co., Atlanta, Ga.
