DESERET EVENING NEWS: TUESDAT

BIG FIGHT COMES ON FRIDAY NIGHT.

Dick Hyland and Young Corbett Are Now in Fine Trim For Bout.

BOTH ARE GOING BACK EAST.

If Weather Man Will Give a Warm, Clear Evening There Will be a Big Crowd at Ringside.

Local fight fans can see nothing in the future beyond next Friday evening when Dick Hyland and Young Corbett will take a twenty-round journey via the Queensbury route. The event is one of the biggest of its kind since Battling Nel son trailed the colors of one Spider Welch into the dust and rosin down at the Salt Palace. That fight was indoors. This one is to be in the bike arena, hence the appeal for good weather,

BOTH IN GOOD SHAPE.

Both boxers are in tip-top shape, ac cording to the statement of managers, trainers and fighters. The contest is to be to a decision, with no loafing allowed, ac-

trainers and ngheek. The contest is to be to a decision, with no loading allowed, ac-cording to the management. Hyland says he will beat Corbett before the fifteen commencement gong sounds. Corbett says he will beat Hyland in gig time. If both try to keep their word what a slashing is due for someone! They have let up on their strenuous work. Hyland is down to weight and Cor-bett and his trainer promise to be there O. K. by weighing in time. The sale of seats has been going on for dvance sale. Every indication points to a big crowd. The fans have not seen a queensbury argument for some time and they are hungry for a contest between cod men like Corbett and Hyland. After the contest both fighters will prob-she go east. The ex-campion has receiv-ed an offer to fight in New York. The game is picking up there and considerable money is in sight for the successful fight-er. Hyland has a good offer to go to Chi-cago and swap wallops with some good man the promoters propose to dig up for him. But the fans care nothing for what the boys are going to do after Friday night. All they are interested in is doings on that date.

The first symptom is usually a little sore or blister, whose appearance does not indicate that deeper down, in the blood, a treacherous and deadly

poison has found its way to corrupt and vitiate the entire circulation, and later to disease the body with the most loathsome and hateful symptoms. Unless one has experienced or witnessed the terrible results of Contagious Blood Poison, no idea of its effects can be formed.

When the blood has become fully inoculated with the virus, the mouth and throat ulcerate; glands in the neck and groin swell, and sometimes burst, forming ulcers; the hair comes out; copper colored spots appear on the body; and where the disease is allowed to remain in the system it penetrates deeper and deeper, until it affects the bones, causing them to decay, and makes a complete physical wreck of its unfortunate victim.

Not only the first one who contracts the disease must suffer, but it is transmitted through the blood from generation to generation, and innocent lives are blighted and diseased by this monster poison. No other disease is so highly contagious as blood poison; in the most trivial manner it may be contracted by innocent persons. Many have been inoculated with

the virus, and suffered the disastrous and I was treated for two years by blood specialists, who treated me with mercury for Blood Poison, with no good destructive effects of the poison, by a friendly results, so I gave them up and started to uso S. mask or shut the disease up in the system for awhile; as soon as they are left off the symptoms return in all their hideousness, and the sufferer finds he has wasted valuable time, and, in addition, ruined his health with these harmful drugs.

S. S. S. is the antidote for Contagious Blood Poison-the only remedy that is able to get at the root of the disease and force out every particle of the poison, so that there are never any signs of its return. It can be used and a perfect cure of the disease made in the privacy of your own home. Sufferers from this disease can be their own doctors, and the forty years of cures made by this remedy assures them that the treatment is in every respect the proper one, and that its use, together with any suggestions as to local treatment which will be furnished by our physicians free of charge, will cure the trouble perma nently and privately. S. S. S. is made entirely of purifying, healing roots, herbs and

barks. We offer a reward of \$1,000 for proof that it contains a particle of mineral in any form. S. S. S. goes down to the very root of the trouble, and by driving out the last trace of the poison, and making the blood pure and strong, cures the disease thoroughly and with certainty. S. S. S. will also remove the effects of any mineral treatment that may have been previously used. Our "Home Treatment" book on this disease

is a complete guide for treating the trouble. It contains instructions for the different stages of the disease, and also advice about the local treatment that will be the most helpful in effecting a cure. This book, together with any special medical advice desired, will be sent free by our physicians, to all who write.
