

THE ISOLATION HOSPITAL CLOSED

City Health Authorities Abandoned it Several Days Ago.

MUCH SECRECY OBSERVED.

Are Just as Many Cases of "Smallpox" Now as When the Hospital was Established.

The public was somewhat surprised today to learn that the pest house or isolation hospital, had been closed down, the patients all discharged, and the nurse, cook and other help let out. The announcement, however, did not come from the health authorities, and it is now learned that the hospital was broken up on June 15th. The health authorities seem to have endeavored to keep the matter quiet, as reporters calling daily at the department, were not given any information about the move.

There are now in the city more cases of modified "smallpox" than there were when the pesthouse was established, and a good many people cannot understand why there isn't just as much necessity for the institution now as there was then.

The explanation offered by some is that the health officials have at last reached the same conclusion that Dr. Mayo advanced some time ago, and is that this disease is not small pox at all.

The seven cases of "smallpox" now in the city are covered by two flags. While no explanation regarding the action taken has been given out, it is considered possible that the subject may again be presented to the medical society. This may be followed by another vote to determine whether or not the disease is smallpox.

RESORT NOTES.

The Lagoon was visited yesterday by the people of the Fourth ward, who were successful in making it the most enjoyable day of the season at that place thus far. The chief feature of the day was the road race over the Farmington course from Bountiful, a distance of seven miles. The race occurred in the morning, and the participants were: Hyrum Sperry, scratch; Robert McFee, 1 1/2 minutes; Harrison Jenkins, 2; Ernest Brazier, Clarence Erickson and Henry Smith, 3 1/2; and Scott House 4 1/2 minutes handicap.

Ernest Brazier succeeded in securing first place, and the time prize was captured by Hyrum Sperry, who finished third. Smith was second with House, Erickson, and McFee, fourth, fifth and sixth respectively. Several athletic contests were indulged in during the afternoon, and the victors were: Men's foot race, Harrison Jenkins, scratch; Ben Hague, three-legged race; George Sperry and A. M. Welser.

John T. Williams was the man who had the largest family present, while Mrs. Welser was the widow with the most numerous family. Charles Knight was the oldest man present, being 77 years of age, and the oldest married couple were Mr. and Mrs. George Harden. Miss Jane Pickett was voted the most beautiful Fourth warder on the grounds. Joseph H. Freese won his own box of soap, which he offered as a prize in a drawing contest. The singing contest for boys and girls under eight years of age was captured by Rulon Sperry and Alta Burton respectively, and a baseball game between the east and west sides of the ward resulted in a victory for the easterners.

PEDAGOGICAL BASEBALL.

Line-up of the Teams that Will Meet on Monday Afternoon.

Next Monday afternoon, the faculty of the University of Utah are to meet the alumni in a game of baseball. This will be one of the most interesting and amusing events during commencement week. The alumni have always wanted to meet the faculty in a game of this kind, but as the faculty has been in training for some time, they are in good form and for these reasons the game will be hotly contested. The grounds have been especially fitted up for the occasion.

A hospital corps has been organized under the supervision of Dr. Talmage. These will have plenty of saws, axes and amica on the field, so that the wounded will be well taken care of. The game will be called promptly at 4 o'clock on the campus. Senator Joseph L. Hawley, it is claimed, has come from Washington for the special purpose of umpiring the game. The line-up of the respective teams is as follows:

Faculty: L. E. Young, captain; B. T. Lloyd, J. B. Toronto, C. C. Thomas McKay, R. H. Bradford, J. H. Ray, Rayner Wm. M. Stewart, B. P. P. Christensen, T. J. Kingsbury, J. H. D. C. Dunbar, Joseph F. Merrill, C. W. Elbertsen, Benj. Howell, J. C. Oscar Van, C. G. G. Coray, J. C. S. W. Stewart, A. T. Bond, J. C. S. W. Stewart, J. E. Talmage—Hospital steward.

AT HOME AGAIN.

Mr. and Mrs. Harold Russell Back from a Busy Season.

Mr. and Mrs. Harold Russell have settled down at home for the summer, and very glad they appear to be.

der the old roof once more. Both have had an absorbingly busy season. Mrs. Russell especially having covered an immense route reaching from Omaha on the west to London, and all over the Southern States. Speaking of "The Children of the Ghetto," she says: "Although the differences between Mr. Zangwill and the newspapers—largely personal in their character—gave the impression that the play did not succeed, it was very far from being a failure, of course it lost money in London. It was a mistake ever to go there in war time. Everything played to empty benches, and though it was just before Christmas, even many of the stores were closed. They were mourning everywhere for their dead. Had we staid in New York, I verily believe the play would have run the season out, for in spite of the papers, the business grew steadily each night. I think Zangwill a literary genius, and I shall never forget the benefits I received during the month he gave his personal attention to our rehearsals."

Mrs. Russell has been re-engaged for next season by Liebler & Co., the same firm that produced "The Children of the Ghetto."

Mr. Russell said: "I have seen big business in my line, but never anything like that done by Miss Allen in 'The Christian.' Everywhere it was the same story, and really, it grew to be so much of a custom to the orchestra behind the curtain, that it looked odd ever to see them in front. Several times in Chicago, I have seen 500 people in the galleries panned up after a matinee, simply because the crowds which had already assembled at the doors below in readiness for the night performance, refused to let them out. So they had to go down the fire escapes. In St. Louis, Miss Allen took in during one week, \$10,000. That she will do next year is certain. What she will do next year plays, and if they succeed, 'The Christian' will be shelved, at least as far as she is concerned."

MORE EXPERT TESTIMONY

Doctor Givins, of Idaho, Says Haworth is Sane.

Famous Expert Gives Strong Testimony for the State—Third Week of the Trial Passed.

[SPECIAL TO THE "NEWS"]

Farmington, Davis Co., June 16.—In the Haworth murder case today, the State commenced the introduction of expert testimony by calling Dr. J. W. Givins, of Idaho, the famous expert on insanity. He made a splendid witness. He stated that he had examined Haworth and found his condition normal. The temperature, pulse and reflexes were all normal. This directly contradicts the testimony of Dr. Scott, of Salt Lake, who stated for the defense that Haworth's reflexes were exaggerated.

Dr. Givins also testified as to alcohol insanity. He stated that persons accused of crime frequently feigned insanity, and it was not improbable that a person following such a plan should confess to a crime in order to strengthen the belief in his insanity. As to Haworth, his opinion was that he was perfectly sane and had been all the time.

By agreement, the defense called William Flint of Layton to testify out of order. He said he was passing the Farmers' Union store at Centerville on the night of the murder and saw the body of a witness who had been the report of the shot. This occurred shortly after midnight.

John E. Thurgood was called by the State to impeach J. W. Att. of Salt Lake, who denied, when on the stand as a witness for the defense, that he had talked with Thurgood in regard to the latter being called as a juror. The examination was ruled out on objection and Judge Holapp will hear arguments on the question later.

THE NON SUIT STANDS.

Plaintiff in Case of Guthrie vs Salisbury is Non-Suited.

Before presenting the motion counsel for defendant asked the court to go to the jury, which the court refused to do. Plaintiff will now endeavor to get a new trial. The ground of the non-suit was that plaintiff had failed to show that the Peabody mine had been sold by Gilmer, Salisbury & Co. for any profit.

NATIONAL GUARD NOTES.

City, June 16, 1900.

The members of company B's bicycle club are hereby ordered to report at the State armory Sunday at 10 o'clock a. m. They are also ordered to turn out in full uniform for the purpose of taking a day to Bountiful.

S. H. LUND, Captain Commanding Bicycle club.

The members of company B's bicycle club need not fear wearing the uniform Sunday, as permission has been received from regimental headquarters.

All acceptance of Lieut. Sergt. Davis's challenge must be addressed to his manager, L. E. Gilbert, as the sergeant himself knows nothing of the challenge.

Some individual said he would like to notify the public that company B was not the only company in the city. Company B answers by asking what other company there is, as at last battalion drill B company had 48 men in the ranks, while A company had 9 men, and C company had 30 reported, but several men were excused, which left only 13 in the ranks. Now, people, which is the company? A, B or C? These are all the infantry companies we have in the city.

If company A do no better in the future than she is doing now the result is almost sure to be disbandment, a nine man is considered a disgrace as a company's turn out.

All the line commissioned officers will not have long to wait to have the honor of sitting before the board of examiners, as the examinations begin on the 19th.

Company C sends its best regards to Capt. J. Alford, who lately enlisted in the matrimonial corps, and hopes he gets along as well with his wife as he did with former company D, new company C.

Harry Solvan of company C has applied for a discharge, as his business hinders his attendance at drills.

The commanders of the first battalion wish Capt. Alford many happy years, as he deserves.

Sergt. French of the Signal corps has applied for a discharge, as his business prohibits him from attending to his duties in the guard.

Private Parry of company B went up Parley's canon Friday with the intention of bringing back a load of trout, but the fish seemed to know he was a soldier, as they failed to bite.

Sergt. Cecil of the Signal corps has applied for a discharge, as his business interferes with his drills.

The Signal corps will take a 25-mile bike ride one week from tomorrow. They will be dressed in full marching order and will make quite a showing.

Sergt. Evans of the Signal corps has applied for a discharge, on account of his leaving the State.

The Signal corps continues to hold well attended drills, as at last drill they had 16 men that are at present in the city.

NEWS FROM ADM. KEMPFF.

A Fast Vessel May be Sent from Manila to Tokyo.

Washington, June 16.—Unless telegraphic communication with Admiral Kempff is restored speedily a fast vessel will be ordered to proceed from Manila to Tokyo for news. Secretaries Hay and Root are now in conference with the President regarding the sending of troops to China.

Confer With the President.

Washington, June 16.—Secretaries Hay and Root left the White House at 1 o'clock p. m. They said they had received no official confirmation of the burning of the legations in Peking. They were getting together all the data possible, they stated, and would do whatever the situation seemed to require. Both gentlemen refused to make a further statement.

The conclusion reached at the conference was that if communication with Kempff is not re-established within a reasonable time, forces will be dispatched from Manila to reinforce the American contingent. Preliminary inquiries are being made to see what can be done in the way of preparing an expedition.

An inquiry as to what constituted a reasonable time failed to secure a definite answer, but the impression was conveyed that unless Kempff is heard from by Monday, troops of a naval contingent will be dispatched from Manila.
