

## ANNIVERSARY OF RED SUNDAY.

Workmen's Council Decides Observation of It Shall Take Form Of General Pacific Strike.

### DELEGATES TO GO ABROAD.

Will Visit France, Germany and England to Thank Workers Who Proposed to Join.

St. Petersburg, Jan. 12.—The Workmen's council, after consultation with the leaders of the other proletarian organizations today, decided that the celebration of the anniversary of Jan. 22 (Red Sunday) should take the form of a general pacific strike for a single day. Delegates were appointed to go to France, Germany and England, as well as other places abroad, for the purpose of thanking the workers of those countries who purpose to join in a general observance of the anniversary.

A three-cornered discussion is in progress between Gen. Martynoff, the Moiva (Jews), and the Novoe Vremya, over the question of the propriety of the Jews. The controversy was precipitated by the publication of an article signed by Gen. Martynoff in which the Jewish soldiers were stigmatized as cowards and in which it was declared that they resorted to every conceivable ruse, even to the extent of mutilating themselves, in order to avoid service.

The article said that those who actually reached Manchuria resigned sickness before every fight, and that the fright of the Jews in battle was enough to shake the morale of an entire regiment. The Jews, the article said, were also guilty of constant desertion, and it was alleged that there were 256 desertions of Jewish soldiers from a single division, as compared with the desertion of eight Christians. In concluding his article, Gen. Martynoff said that the Jew, on account of cowardice and physical weakness, was not fit to be a soldier.

The Moiva took up the cudgel on behalf of the Jews, warmly defending their moral courage and giving them credit for bearing the brunt of the revolutionary struggle, and explaining that any faults that may have shown at the front were born of their desperation in the face of their oppressors. The Novoe Vremya sided with Gen. Martynoff, but acknowledged the abilities of the Jews who, it said, were the real organizers of the Russian revolution. It insisted, however, that while the Jews had furnished brains and arms to the workmen, just as they furnished bombs to the terrorists, they have done little actual fighting.

In continuing its side of the argument, the Novoe Vremya berates those foreigners in the United States and elsewhere "who raise money to buy weapons for the defense of the poor Russian Jews, which in reality are used to fight the government." Then the foreigners blame the government for the harsh measures adopted to quell rebellion.

### BUTTE POLICEMAN SUSPENDED AND JAILED.

Butte, Mont., Jan. 12.—Policeman Clifford McGilvray was suspended from the ranks today and sent to the county jail under arrest as the result of an affray in Main street which for a time threatened a riot. Stepping from a saloon where he had been drinking, the policeman kicked an Irishman in the street. Citizens intervened, whereupon McGilvray attempted to arrest two of them.

McGilvray's brother, John, was drawn into the trouble, and the fight was becoming general when a squad of police arrived and put the McGilvrays and Abe Cohen under arrest. When the trouble between McGilvray and Cohen was renewed at the police station, Patrolman Jackson beat McGilvray into insensibility with the butt of a revolver. Chief Mulholland ordered McGilvray's suspension and arrest.

### ADMIRAL NOEL AT MANILA.

Manila, Jan. 12.—Thousands of people paid their respects to British Admiral Noel, last night, on his flagship, the Diadem. The reception and dinner given to the officers of the British squadron by Acting Gov. De la Rosa was a notable event. The petty officers of the American fleet banqueted the British officers of corresponding rank, 200 being present. Much enthusiasm was manifested for the British admiral. Roosevelt and King Edward were too ill to attend.

## Heart Like a Clock

The pulsation of the heart marks the passage of the blood through the veins, just as the ticking of a clock indicates the flight of moments of time. Palpitation, fluttering or irregular action reveals the fact that the heart is running down—and unless strengthened, is liable to stop at any time under some weakening influence, such as excitement, over-work, or intense mental or physical strain. To regulate the heart action, you should take Dr. Miles' Heart Cure when any symptoms of a weak heart is apparent. It has no equal.

"Sometime ago I had a very severe pain around my heart. I had to try Dr. Miles' Heart Cure. I had not taken it long when I began to feel easier, and so continued, and the medicine entirely cured me. I am very grateful for the great good I received from Dr. Miles' Heart Cure."

JOSEPH BREXHEAD, Findlay, Illinois.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

## WOMEN WHO SUFFER

HAVE NEGLECTED TO TRY DR. WILLIAMS' PINK PILLS.

The One Remedy Particularly Suited For the Most Common Feminine Ills.

To women who suffer Dr. Williams' Pink Pills are worth their weight in gold. At special periods a woman needs medicine to regulate her blood-supply or her life will be a round of pain and suffering. Dr. Williams' Pink Pills are absolutely the finest medicine that ever a woman took. They actually make new blood. They are good for men too—but they are good in a special way for women.

"It was three years ago last spring that my health failed me," says Mrs. Arthur Conklin, of No. 5 Caldwell street, Battle Creek, Mich. "I suffered from nervousness and other troubles that, I presume, were caused by the weakness it produced. I had sinking spells, nervous headaches, was weak and exhausted all the time and looked like a walking skeleton."

"My back and limbs would ache almost continually and there were days when I was absolutely helpless from sick headache. I tried one doctor after another but cannot say that they helped me at all. My liver was sluggish and I was troubled some with constipation."

"One day a physician who has now retired from practice met my husband on the street and inquired about my health. He advised my husband to get some of Dr. Williams' Pink Pills for me, said they were a good medicine, better for my trouble than he could put up. I felt better after taking the first box but took six boxes and was entirely cured. As soon as the leucorrhoea was cured, the headaches and other pains stopped. I am entirely cured but I intend to continue to use Dr. Williams' Pink Pills as a spring tonic."

Mrs. Conklin permits the publication of her statement in the hope and belief that it will help suffering women to find the remedy that will cure them. Dr. Williams' Pink Pills actually make new blood. They don't act on the bowels. They don't bother with mere symptoms. They strike straight at the common root of disease. But of course, you must get the genuine pills. Substitutes and imitations never cured anybody. The genuine Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postage on receipt of order, for one box, six boxes for \$2.50, by Dr. Williams' Medicine Co., Schenectady, N. Y.

### SECY. RAYNOLDS OF N. M.

Senate Committee on Territories Considers Charges Against Him.

Washington, Jan. 12.—Charges against James W. Reynolds, nominated by the president as secretary for New Mexico, were considered by the senate committee on territories today and the confirmation will be held up until they can be investigated. He is charged with being an offensive partisan, which did not have any effect on the committee.

Former Delegate Rodney charged him with bulldozing the delegates of the last territorial convention in order to secure the defeat of Rodney for re-nomination.

The serious charges against Reynolds are that when acting as governor he pardoned notorious criminals for political effect; that he had manipulated the office so as to secure large fees, also that he and former Gov. Otero had some unfair means procured lands eight miles on the side of an important stream which they use for a sheep ranch.

The statehood fight enters into the matter to some extent and Reynolds is accused by the faction which is seeking joint statehood with Arizona.

### SUNDAY LAW VALID.

In Minnesota It Applies to Jews as Well as Gentiles.

St. Paul, Jan. 12.—An opinion of the municipal court of Minneapolis holding that the Sunday closing law is equally applicable to Jew and Gentile was upheld by the Minnesota supreme court today.

M. A. Weiss was convicted of selling goods on Sunday. Weiss, who is a Hebrew, claimed that this law is unconstitutional, the constitution providing that no preference shall be given by law to any religion. His Sabbath is Saturday.

The supreme court holds that the "Sunday law is justified as a sanitary measure and as a legitimate exercise of police power."

### YAQUI INDIANS.

Transvaal Copper Co. Will Ask Protection of United States.

Cincinnati, Jan. 12.—At a meeting of the board of directors of the Transvaal Copper company here today it was decided to appeal to the United States government for protection of the lives of the employees of the company and its property from the ravages of the wild Yaqui Indians in the district of Sonora, Mex. Representations are expected to go to President De la Rosa.

Until lately the Yaquis have confined their killings to Mexicans and Spaniards, but within the past few months they have been proceeding against the whites, whom they now also regard as intruders. The Transvaal company is owned by Cincinnati capitalists.

### MONTREAL HOTEL BURNED.

Montreal, Jan. 12.—A section of the Windsor hotel was destroyed by fire tonight, causing a loss estimated at \$100,000. Only the form in which the building was constructed saved the remainder of the hotel, which is one of the largest in Canada. Heavy brick walls and fireproof doors confined the flames to the section where they originated.

The fire started in the kitchen and destroyed the center square, which included the dining room, grill room, bar and other public rooms.

The guests had plenty of time to remove their belongings and at no time was there anything like a panic. Manager Weidon and Steward Dunn were injured while fighting the fire before the arrival of the firemen. Both men will recover.

### PITTSBURGH LEADER SOLD.

Pittsburgh, Jan. 12.—The Pittsburgh Leader, for 26 years an afternoon independent paper, has been purchased by Atty. John P. Hunter, "in trust," as he says, "for private clients."

The price paid for the plant is understood to be \$125,000. Mr. Hunter, who is one of ex-State Senator William Flynn's attorneys, says the latter is not interested in the deal.

### BIGLOW WILL TESTIFY.

Washington, Jan. 12.—Poultry Biglow was called to the committee at 10:30 next Thursday morning to testify regarding canal conditions.

### ARREST FIGHTING COMMITTEE.

Warsaw, Russia, Jan. 12.—The members of the executive committee of the fighting organization of the local revolutionists were arrested today. At their headquarters the police discovered a secret printing press and a number of death sentences prepared for issuance by the revolutionary tribunal. All the

## WEAVER'S ROOM SAID TO BE BUSTED

Senator Penrose Believed to Have Shelled Him as a gubernatorial Candidate.

### HAS MAJORITY OF DELEGATES.

Those Opposed to Him and State Republican Organization Claim Defeat Is Against Him.

Philadelphia, Jan. 12.—The regular Republicans of Philadelphia held a convention today. Tonight the 43 ward committees met for their annual organization and each chose a man to represent it in the Republican city committee.

In many of the wards Republicans who were prominent in the reform movement were enlisted in the fight, with the result that the "reorganizers" are now in control and the old city organization, of which Israel W. Durham was the leader, is practically out of existence. The city committee elected tonight will meet next Monday, name a new city chairman and otherwise organize the committee. The old committee was led by Durham for ten years.

Of equal importance with the fight for control of the city committee was the election of 114 delegates to represent the Philadelphia state convention which meets in Harrisburg on June 16. This convention will select candidates for governor, lieutenant-governor, secretary of internal affairs and auditor-general.

Of the 114 delegates elected it is claimed that United States Senator Penrose and his friends will control between 70 and 80. Recently a hostile intimant that Mayor Weaver will, as a result of his fight for reform, be urged as a candidate for the gubernatorial nomination and the statement has been made that the delegates from Philadelphia will support his candidacy. The surprising result of today's conventions, it is stated, means that Mayor Weaver is eliminated from consideration for the Republican nomination for governor.

A close friend of Senator Penrose stated tonight that John M. B. Mack, who had been hailed as the new leader of the local Republican organization, to succeed former Insurance Commissioner Israel D. Durham, failed in his effort to elect a delegation from Philadelphia favorable to the candidacy of Mayor Weaver.

Mr. Durham and other friends of Senator Penrose claim that with Mayor Weaver out of the contest for governorship the Philadelphia delegation will, without doubt, be unanimous in the state convention for the candidate Senator Penrose will favor.

On the other hand, those opposed to Senator Penrose and the state Republican organization, claim the delegation elected today will be against all nominees favored by Senator Penrose and his friends. They assert that more than 60 of the 114 delegates are not in sympathy with the Penrose wing of the party.

### STATE OF MISSOURI VS. STANDARD OIL CO.

New York, Jan. 12.—Atty. Gen. Huley of Missouri today recommended the taking of testimony in the suits by which the state of Missouri sues to oust the Standard Oil company of Indiana and other companies from the state of Missouri.

After spending the day up to 3 o'clock in the afternoon in an unsuccessful attempt to have the Rogers hearing completed, Mr. Huley, who intends to return to Missouri Sunday, conferred with Frank Hagerman, attorney for the Standard Oil company, and together they agreed to reopen the hearing immediately.

A. V. Jockel, a former bookkeeper and sub-station manager for the Standard Oil company, was recalled to the witness stand. He testified that on his way to Oklahoma City he was stopped at the Waters-Pierce company's office in St. Louis and received instructions from the Standard Oil office at 25 Broadway, New York.

Mr. Jockel, on cross-examination, said that the term of his employment in Oklahoma as bookkeeper for the Waters-Pierce company was ten years. He had stopped in St. Louis to see Mr. Tinsley, according to instructions given him by R. H. McNaull, an 26 Broadway. He said that at 26 Broadway Mr. McNaull instructed him to take a letter to Mr. Tinsley, who he said must not let it be known in Oklahoma City that he had formerly been a Standard Oil employee.

"You were not paid a salary by the Standard Oil company of New Jersey while working in Oklahoma City, were you?" Mr. Hagerman asked.

"I was not. My salary commenced with the Waters-Pierce company when I got to Oklahoma City on December 1."

### THE VALUE OF CHARCOAL.

Few People Know How Useful It Is In Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose. Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities that collect in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables. Charcoal restores the complexion and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow Charcoal, and other harmless antiseptics in tablet form or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved complexion, sweet breath and purer blood, and the beauty of it is that no possible harm can result from their continued use, but on the contrary great benefit.

A Buffalo physician in speaking of the benefits of charcoal says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the lozenges are greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I got more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

## INTERESTING FACTS For Nearly Every Man, Woman Or Child.

A short time ago we published an article recommending to our readers the new discovery for the cure of Dyspepsia, called Stuart's Dyspepsia Tablets, and claim then that the remedy was wonderful curative properties of the remedy have been abundantly sustained by the facts. People who were cautious about trying new remedies advertised in the newspapers and were finally induced to try Stuart's Dyspepsia Tablets a trial were surprised and delighted at the results. In many cases a single package effected but 50 cents at any drug store made a complete cure and in every instance the most beneficial results were reported. From a hundred or more received we have space to publish only a few of the latest but assure our readers we receive so many commendatory letters that we shall publish each week a fresh list of genuine unrefuted testimonials and never publish the same one twice.

From James Yemmelster, La Crosse, Wis.: Stuart's Dyspepsia Tablets are doing me more good than anything I ever tried and I was so pleased at results that I gave away several boxes to my friends who were also benefited.

From Jacob Anthony, Portmurray, New Jersey: I have taken Stuart's Dyspepsia Tablets with the best results. I had Dyspepsia for 6 years, and had taken a great deal of medicine, but the Tablets seem to take right a hold and I feel good. I am a farmer and lime burner, and I heartily recommend to everyone who has any trouble with his stomach to use these Tablets.

From Mrs. M. K. West, Preston, Man.: I have received surprisingly good effects from using Stuart's Dyspepsia Tablets. I gave one-half of my last box to a friend who also suffered from indigestion and she had the same good results.

From Mrs. Agnes K. Ralston, Cadillac, Mich.: I have been taking Stuart's Dyspepsia Tablets and I am very much better, and feel very grateful for the great benefit I have received in so short a time. Stuart's Dyspepsia Tablets are a certain cure for all forms of indigestion. They are not claimed to be a cure-all, but are prepared for stomach troubles only, and physicians and druggists everywhere recommend them to all persons suffering from indigestion, sour stomach, flatulence, heartburn, bloating or wind on stomach and similar disorders.

any one in Oklahoma that he had been employed by the Standard Oil company, other than former employees, of the Standard Oil who he knew of the fact.

The witness said that when Manager Elbe at Oklahoma City told him the Standard Oil company had secured control of the Waters-Pierce company through a deal with the Standard Oil company, he was present to hear the conversation.

Jockel said he got \$324 per year salary with the Standard at Newark and \$1,200 in Oklahoma City with the Waters-Pierce company.

Asked about a criminal charge made against him, Mr. Jockel said it was brought in June, 1904, in a police court case. He said he had subsequently made an application for a bond to a surety company in this city.

"And because of not getting the bond you had to quit your position in Oklahoma City," continued the lawyer.

"That was one reason, and the other was that I wanted to get back to my folks in a civilized country."

The witness explained that the National Conitit and Cable company had accused him of taking \$100 and that he had been two days in jail as a result. Mr. Jockel denied with emphasis, however, that he had received or taken money.

The witness asserted again that the major portion of the barreled oil handled by the Walters-Pierce company in Oklahoma City came from the Standard Oil properties.

Further testimony will be taken tomorrow afternoon, pending a hearing in court in the matter of compelling H. H. Rogers to testify.

### VANDIVER TO DROP SUIT.

St. Louis, Jan. 12.—After a lengthy conference with F. W. Lermann, special counsel retained by the Missouri Insurance department, State Supt. of Insurance W. D. Vandiver today said his suit to oust the New York Life Insurance company from doing business in Missouri probably would be dropped as a result of the retirement of President McCall and the restoration of the \$235,000 given to Attorney Hamilton for legal services.

### CONCEDES JUSTICE OF IT.

"The New York Life," said Mr. Vandiver, "has conceded the justice of the position taken by my department. Its trustees at a recent meeting carried out practically all the requirements set forth in my letter to them some time ago."

"Recently the company instituted injunction proceedings in the Federal court to restrain me from revoking its charters. The proceeding will also be withdrawn as a matter of course."

### SIBERIAN SITUATION BAD BUT WORST IS OVER.

St. Petersburg, Jan. 13, 1:35 a. m.—The first advice received by the government from Siberia since the restoration of telegraphic communication shows that the most critical conditions prevailed here during the recent strike, but that now, with the arrival of reliable troops from Manchuria, the worst is over.

Owing to the interruption of communication the local governors were aware that authority to declare martial law had been conferred on them by the emperor's ukase. The paltry military forces at their disposal were in open revolt with the strikers and many of them were revolutionists, thus preventing energetic measures being taken to restore the imperial authority, which was practically non-existent for many days.

Divisions under Gen. Sukhotin have now arrived and taken possession of Irkutsk, Omak, Krasnoyarsk and other cities, and are arresting the leaders of the insurgents and disarming the unreliable troops.

The first telegram arriving from Irkutsk was a frantic appeal from the financial agent there for some one to take over the administration of the city, the vice governor, the chief of police and all his other superior officers having been killed or wounded during the insurrection.

He reported that for several days the revolutionists were in control of the entire town except the administration building, and that this was only because of the devotion of the cadets of the military school who swore on the colors to fight to the death against the revolutionists.

Krasnoyarsk was also for several days in the hands of insurgents, who elected a revolutionary government and exacted an oath of allegiance from all citizens.

### BANKERS SUSPEND.

Pittsburg, Jan. 12.—E. P. Jenks & Co., bankers and brokers of this city, with 30 branches in nearby towns, tonight announced their suspension from business. The liabilities are said to be about \$100,000. Inability to collect margins is the cause.

Dangers of a Cold and How to Avoid Them.

More fatalities have their origin in or result from a cold than from any other cause. This fact alone should make people more careful as there is no danger whatever from a cold when it is properly treated in the beginning. For many years Chamberlain's Cough Remedy has been recognized as the most prompt and effective medicine in use for this disease. It acts on nature's plan, loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by all druggists.

## EXAMINATION OF HARRY ORCHARD.

Begun This Morning and Will be Conducted Behind Closed Doors.

### HIS ATTY. SURE OF RELEASE.

Man Charged With Murder of Ex-Gov. Stuenenberg in First Class Spirits And Has a Good Appetite.

Boise, Ida., Jan. 12.—There was no further postponement of the preliminary examination at Caldwell of Harry Orchard, charged with the murder of ex-Gov. Frank Stuenenberg. The examination will be held, beginning at 10 o'clock tomorrow morning, in the office of Probate Judge Church. Atty. Miller, for the defense, has announced his determination to take advantage of his statutory privilege to exclude from the examination the general public. James H. Hawley of Boise has been secured by the state to assist in the prosecution, also W. A. Stone of Caldwell. They will both be present at the preliminary hearing tomorrow. Fred Miller, Orchard's attorney, states he is confident he will be able to prove Orchard innocent. They have the wrong man, he says.

### HIS ATTY. IS CONFIDENT.

A Herald special from Boise says: James McParlan, the Pinkerton manager from Denver, makes an interesting statement respecting J. J. Sullivan, the Denver attorney who stopped to see Harry Orchard at Caldwell. Sullivan, he says, is not a criminal lawyer, but has large civil business, attending to the interest of a number of prominent Colorado mining men in Nevada and other points. He is a man of much ability, and is a graduate of Harvard. When he settled in Denver he was given a position in the office of Wolcott & Valle, and afterwards set up for himself. During his residence there Mr. McParlan has seen much of him and looks upon him as a man of first-class ability. Nobody would think of employing him in a criminal case, he says, as his forte is the civil law.

The famous detective has a theory respecting the reason for Sullivan's visit to Caldwell, but it does not involve any connection with the case of the man accused of the murder. His theory is correct, he says Sullivan wished to see Orchard for a purpose having no connection whatever with the charge lodged against him. Capt. Swain, in charge of the detective work, states he has reason to believe the defense in the Orchard case will attempt to prove an alibi.

Joseph Hutchinson is the only Boise witness to be called by the prosecution in the preliminary, and it is hinted that his testimony will be the most important to be offered. Against Orchard, Mr. Hutchinson was one of the first men on the scene of the tragedy. He worked hard and faithfully to solve the mystery of the murder, and accumulated the first evidence of any weight against Orchard. It was by his advice that Orchard was first detained and finally arrested on a definite charge, and it was through Mr. Hutchinson's efforts that the suspect's room was searched and his effect examined.

Sheriff Nicholas has been very much annoyed by the occasional rumors that Orchard would probably be taken to Boise for safe keeping. He says that he is the only officer working on the case who is under bond; that he is directly responsible for the custody of the prisoner, and that, such being the case, he is going to insist on keeping Orchard where he can watch him.

Orchard is reported to be seemingly in first-class spirits. The approach of his examination seems to have no effect toward making him nervous or gloomy. Whether or not he realizes the amount of incriminating evidence against him is not known, but he still persists in his innocence will be finally proven. Jail life seems to agree with him, physically. He has lost no flesh since his confinement. His appetite is good and he seems to relish what is set before him.

### GREENE AND GAYNOR.

Their Petition to be Released from Custody Denied.

Savannah, Ga., Jan. 12.—Judge Speer, in the federal court this morning immediately upon its convening, read his opinion upon the special plea of counsel of Greene and Gaynor, to the jurisdiction of the court. This opinion was adverse to the defendants, whose petition that they be discharged from custody was denied.

After citing many authorities, said: "Our conclusion is that the extradition was amply authorized by the treaty, that the prisoners were extradited for alleged crimes indictable in both the United States and the United Kingdom of Great Britain and Ireland, that the language of the present indictment is in all substantial respects adequate to secure their constitutional rights to full information of all charges against them and accord them a fair and righteous trial. So far as the indictment goes the plea must be overruled and disallowed."

The defense demurred to this ruling and was overruled.

### NEW HYMN BOOK AND PSALMODY.

A new edition of the L. D. S. Hymn Book (the twenty-fourth), revised under the direction of the Church authorities, has just been issued by the Deseret News. Many improvements will be observed. The names of the authors, as far as they could be ascertained, have been appended to each hymn. Special type was selected for the edition, to secure a large, plain and bold print, without increasing the size of the book. Thirteen new selected hymns have been added to the collection, among which are "Onward, Christian Soldier," "Peace Be Still," "Rock of Ages," "Abide With Me," the two National anthems, "America" and "The Star Spangled Banner," and several others.

### NEW PSALMODY.

A new edition of the L. D. S. Psalmody has been issued to correspond with the revised Hymn Book. It also contains the music for the additional thirteen hymns. New notes have been made throughout. The book, though enlarged in its number of pages, has been somewhat reduced in form, making it more convenient for choir use. The price has also been reduced in the various binds, as follows: Cloth, \$1.25; half leather, \$1.50; limp leather, \$1.75; and full morocco gilt, \$2.50. Both Hymn Book and Psalmody are now ready at the Deseret News Book Store.
