

LOCAL AND OTHER MATTERS.

THEATRE.—The entertainment at the Theatre to-night is very good, and should draw a very large assembly. The first piece presented is the romantic and thrilling drama in three acts, "Richard Darvil," in which will appear Messrs. McKenzies, Mackintosh, Teasdale, Evans, Misses Adams, Platt and others. The laughable farce, "Did you ever send your wife to Lake Side," will finish the entertainment.

A LARGE BLOCK OF GRANITE.—A block of granite, for the Temple, weighing nearly five tons, was hauled to the Temple Block today, from the Little Cottonwood quarry. This is the heaviest piece we believe ever hauled from that place.

MARRIED.—In this city, on Thursday, by President Brigham Young, Heber Young, Esq., son of President Young, and Miss Viatic Clayton, daughter of Elder Wm. Clayton.

CHANGE OF TIME.—The time of departure of trains, and the price of travel per mile, on the Utah Central Railroad, have been changed, full particulars of which may be learned by the public on perusing the advertisement in another part of the NEWS.

ERRATUM.—In the local item under the heading "Fourteenth Ward," in yesterday's issue, for \$1,200 read \$2,500.

MARSHALLS.—We are in receipt of several recent numbers of *La Revolution*, a small sheet published at Marseilles, France. We presume they were forwarded by Mr. G. P. Train, as his name figures conspicuously in their pages, in notices of public affairs by him there in relation to the present disastrous position of French affairs.

WILL PREACH.—Elder David Candland will preach in the Thirteenth Ward Assembly Rooms to-morrow evening at six o'clock.

GONE EAST.—John W. Young, Esq., left this city for the East, this morning. During his absence he will probably visit New York, Boston and Philadelphia.

ERROR.—In the notice of the death of the child of Brother Ridges, in Thursday's issue, the name should have read Alma and not Alfred.

CO-OPERATIVE SHEEP HERDING.—Brother M. Slack, writing from Toquerville, on the 16th inst., says:

On the 12th inst., the annual meeting of the stockholders of the Kane county Wool-producing Institution was held at this place. A dividend of twenty-five per cent. of wool, and twenty per cent. of lambs was declared. The Institution is in a flourishing condition, and the sheep are doing remarkably well. At the organization one year ago, sheep, in this district of country, were considerably below par, but by the judicious management of our business agent, J. W. Berry, Esq., their value has been enhanced, at least fifty per cent., and many are anxious to obtain an interest in the Institution. We do not covet the flock of Winter or Summer, and our lambing season has occurred during the mild season of the year.

SALT LAKE CITY,
November 20th, 1870.

Editor News.—As it is not necessary I should reach Indianapolis, to attend the National Convention, until December 20th, and to accommodate some of the Brethren, I have concluded to delay my departure until December 12th. I wish all who have subscribed for bees, fowls or pigs to send me their orders and money prior to December 8th. Of the one hundred stands of bees I am to purchase, eighty are already subscribed for. Money received by Robert Campbell, Historian's office.

Truly yours,
WM. D. ROBERTS.

HO! FOR THE TEMPLE.—It is gratifying to see at the present time so many teams busily engaged in hauling rock, whose destination is the Temple Block. We hope, soon to see, the public works in that locality, in full blast, and the erection of the Temple being rapidly pushed forward. This is a work in which all Latter day Saints have the keenest interest, and its progress to completion will be watched by them with the deepest solicitude. The dedication of a Temple to the Most High will mark an important epoch in the history and development of His kingdom on earth; and we think that matters are shaping to that end much more promisingly now than for many years past. But as the great work proceeds and progresses, it may be expected, that the experience of the future is anything like that of the past, that a general howl will be heard against "Mormonism" and the "Mormons."

"EVERY SATURDAY," for to day, received from the publishers this morning, fully sustains its claim to be considered one of the best illustrated weeklies in the country. It contains finely executed portraits of the Prussian commander Prince Frederick Charles and of the rising French General, Bourbaki; besides other beautiful illustrations of war scenes, and a splendid double page engraving, printed on fine tinted paper, separate from the journal, of the palace at Versailles. The reading matter is choice, varied and plentiful; and all investing ten cents in this number of *Every Saturday* will certainly receive more than their money's worth! It is published by Field's, Osgood & Co., Boston, Mass.

Died:

At American Fork, Nov. 19, James B. Shelly, aged 78 years, 10 months and 12 days. Deceased emigrated from Shropshire, England, with his family, in 1851, and settled in Utah Valley, where he resided up to the time of his death. He was an industrious, honest man, and was respected by all who knew him.—*Com.*

In the 12th Ward of this city, yesterday morning, of illness arising from influenza two weeks ago, Mr. Harriet McKnight, formerly Melson, of Coventry, Warwicksire, England.

CAME TO MY PLACE:

A RED COW, white under flanks, on roof of tail, white hind legs and fore feet; brand on left shoulder almost illegible, but looks like U or J.
The owner can have her by paying damages, proving property and taking her home.

NEW YORK.

Provisions in Paris.

The *World's* special.—The Paris *Temps* of the 24th says the supply of breadstuffs will last into January, and horse flesh for two months longer. The *Tribune's* special correspondent at St. Petersburg, on Friday writes, the St. Petersburg *Gazette* says that Russia cannot withdraw her declaration. Such a proposition from the English press only compels the pursuance of more activity than before in the realization of the preamble set before her. No one in Russia wishes for war, but all classes would consent to war rather than to a humiliating retraction. Russia is not ready for war and cannot be before Spring. No steps have been taken to place a fleet on the Black Sea or to fortify its coasts.

CINCINNATI.—A lunatic entered St. Xavier's church, to-day, while the priest was at mass, and armed with a long knife, wounded several before he could be secured.

FOREIGN NEWS.

GREAT BRITAIN.

Gortschakoff does not wish War—Ministerial Disunion—A Pitched Battle.

LONDON, 25.—At a Cabinet meeting, to-day, Gortschakoff's reply was read and caused a hot and angry discussion. Without a decision, the Cabinet adjourned till to-morrow; Granville was not present.

The American steamer *Ontario* has left Cowes for Havre, conveyed by two French frigates, with a cargo of 18 million cartridges, 90,000 breach loading muskets, a large number of carbines and pistols and fifty-five cannon; intended for the equipment of the army of the Loire.

A German ship, said to be the *Lord Brougham*, has been captured off Deal, by a French frigate.

The *Times* says the adjournment of the Cabinet was in consideration of Russia's reply to the note from the British government, which reply is an evidence that Russia is not prepared to abide by her original circular or to take instant action. Gortschakoff does not wish war but is averse to the withdrawal of his circular.

It is believed that a pitched battle is going on, to-day, near Amiens.

In an engagement on Wednesday, near Metz, the Germans were defeated and suffered heavy loss. There was fighting all day at Villiers and Britonvieux; no details.

Granville has gone to Windsor Castle to inform the Queen of the impossibility of carrying on the government with a cabinet so irreconcilable and divided as to the policy towards Russia. The tender of his resignation in this issue will upset the ministry and the dissolution of the cabinet can scarcely be prevented.

The *Daily News* says it is asserted that if Otto Russell is seeking the help of Prussia he will not succeed, though Prussia might remain neutral.

PRUSSIA.

Eastern question—Parisians surrendering.

BERLIN, 25.—Parliament is asked for a hundred million 'halers to bring the war to an end.

It is confidently believed here that the Eastern question will end without a rupture of peaceful relations. Russia and Prussia are equally averse to a Congress.

The *Times'* correspondent telegraphs that hundreds of regular troops, who form a part of the garrison of Paris, are daily offering to surrender, and allege that they are starving. Except the sick, they are all sent back.

FRANCE.

VERSAILLES, 25.—In the Hungarian diet Beust said it is inexpedient to make disclosures at present on the Prussian question.

NATIONAL SERIES

STANDARD TEXT-BOOKS

PUBLISHED BY

A. S. BARNES & CO.,

AT THEIR OFFICES,

111 and 113 William St., NEW YORK.

111 State Street, CHICAGO.

PARKER & WATSON'S SERIES.

The lower numbers of the reading series are remarkable for the "word-building system," the high order of the illustrations and the interesting but strictly progressive character of the reading lessons. The higher volumes challenge comparison on account of their eloquent and noble range of selection from standard literature.

The series consists of a Primer and five Readers. The fifth is universally pronounced a literary gem, and by many bought to enrich their libraries.

CLARK'S GRAMMAR

Will eventually supersede all others. No other system makes the study so pre-eminently interesting. It combines the diagram system, taught by Dr. Park at the University, and the interesting object lessons as illustrated by Miss Ida J. Cook at the Teachers' Association, Salt Lake City. It makes the study of Grammar a pleasure instead of a bore.

DAVIES' MATHEMATICS

Are justly called the National Standard. They are used in the great National Schools at Annapolis and West Point, in the Public Schools of the National Capital, have received the quasi endorsement of the National Congress, and are sold more largely and are more popular in every section of the national boundary than any other series.
